## INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2013-14 consists of two Parts, Part I and Part II.

### **PART I**

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- | **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- | **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- | **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- | **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- | **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

### **PART II**

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

## GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2013-14 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Thursday, December 18, 2014**. Part II of the Report is due to the Department by **Friday, February 13, 2015**. Both Part I and Part II should reflect data from the SY 2013-14, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

## TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2013-14 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2013-14 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

**2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)**

This section collects data on Title I, Part A programs.

**2.1.1 Student Achievement in Schools with Title I, Part A Programs**

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

**2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)**

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	37,224	S	44.20
4	36,482	S	36.30
5	30,572	S	43.80
6	17,464	S	46.00
7	9,966	S	40.20
8	8,419	S	30.50
High School	6,097	S	35.70
Total	146,224	S	41.00
<b>Comments:</b>			

**2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)**

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	37,206	S	35.60
4	36,452	S	39.40
5	30,549	S	42.50
6	17,433	S	38.90

**2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)**

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	13,834	S	56.20

Total	52,940	S	55.90

**Comments:**

**2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)**

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	13,819	S	47.20
4	13,835	S	50.80

**Comments:**

**2.1.2 Title I, Part A Student Participation**

The following sections collect data on students participating in Title I, Part A by various student characteristics.

**2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs**

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

<b>Special Services or Programs</b>	<b># Students Served</b>
Children with disabilities ( <i>IDEA</i> )	60,648
Limited English proficient students	19,631
Students who are homeless	17,901
Migratory students	243
<b>Comments:</b> The increase in values reported from 12-13 to 13-14 is due to the increase of Schoolwide buildings. This data was also resubmitted to reflect the most recent correct data.	

**2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group**

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

<b>Race/Ethnicity</b>	<b># Students Served</b>
American Indian or Alaska Native	1,877
Asian	4,375
Black or African American	108,640
Hispanic or Latino	28,068
Native Hawaiian or other Pacific Islander	867
White	238,651
Two or more races	10,702
Total	393,180
<b>Comments:</b> The increase in values reported from 12-13 to 13-14 is due to the increase of Schoolwide buildings. This data was also resubmitted to reflect the most recent correct data.	

**2.1.2.3 Student Participation in Title I, Part A by Grade Level**

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2	0	0	0	76	76
Age 3-5 (not Kindergarten)	899	18,933	84	62	19,978
K	4,348	47,775	99	38	52,260
1	5,477	49,294	148	55	54,974
2	5,313	46,321	146	70	51,850
3	4,356	43,795	102	91	48,344
4	4,217	42,518	114	99	46,948
5	3,359	35,655	87	109	39,210
6	2,426	21,042	38	182	23,688
7	882	12,379	10	210	13,481
8	816	12,056	19	309	13,200
9	124	8,606	0	383	9,113
10	92	7,190	0	411	7,693
11	83	5,796	0	318	6,197
12	63	5,860	0	241	6,164
Ungraded	0	0	0	4	4
TOTALS	32,455	357,220	847	2,658	393,180

**Comments:** The increase in values reported from 12-13 to 13-14 is due to the increase of Schoolwide buildings. In addition, in 13-14 Missouri implemented an automated system of collecting all of this information. This data was also resubmitted to reflect the most recent correct data.

**2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services**

The following sections collect data about the participation of students in TAS.

**2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services**

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

<b>TAS instructional service</b>	<b># Students Served</b>
Mathematics	3,840
Reading/language arts	16,136
Science	0
Social studies	0
Vocational/career	0
Other instructional services	0
<b>Comments:</b> Missouri did not have students that received Science instructional services through a TAS program funded by Title I, Part A.	

**2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services**

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

<b>TAS Support Service</b>	<b># Students Served</b>
Health, dental, and eye care	689
Supporting guidance/advocacy	775
Other support services	4,362
<b>Comments:</b>	

**2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)**

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	513.34	
Paraprofessionals <sup>1</sup>	137.31	99.90
Other paraprofessionals (translators, parental involvement, computer assistance) <sup>2</sup>	8.05	
Clerical support staff	0.00	
Administrators (non-clerical)	0.70	
<b>Comments:</b>		

**FAQs on staff information**

- a. *What is a "paraprofessional?"* An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
1. Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
  2. Providing assistance with classroom management, such as organizing instructional and other materials;
  3. Providing assistance in a computer laboratory;
  4. Conducting parental involvement activities;
  5. Providing support in a library or media center;
  6. Acting as a translator; or
  7. Providing instructional services to students.
- b. *What is an "other paraprofessional?"* Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. *Who is a qualified paraprofessional?* A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>

<sup>1</sup> Consistent with ESEA, Title I, Section 1119(g)(2).

<sup>2</sup> Consistent with ESEA, Title I, Section 1119(e).

**2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs**

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

Paraprofessional Information	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals <sup>3</sup>	1,221.00	97.00
<b>Comments:</b>		

<sup>3</sup> Consistent with *ESEA*, Title I, Section 1119(g)(2).

**2.1.4 Parental Involvement Reservation Under Title I, Part A**

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2013 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

<b>Parental Involvement Reservation</b>	<b>LEAs that Received a Federal Fiscal Year (FY) 2013 (School Year 2013-14) Title I, Part A Allocation of \$500,000 or less</b>	<b>LEAs that Received a Federal fiscal year (FY) 2013 (School Year 2013-14) Title I, Part A Allocation of more than \$500,000</b>
Number of LEAs*	455	101
Sum of the amount reserved by LEAs for parental Involvement	480,208	3,260,519
Sum of LEA's FY 2013 Title I, Part A allocations	72,833,967	144,631,705
Percentage of LEA's FY 2013 Title I, Part A allocations reserved for parental involvement	0.66	2.25

\*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2013 Title I, Part A allocation.

**In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2013–2014.**

This response is limited to 8,000 characters.

During school year 2013-2014, LEAs used their Title I.A set-aside for parental involvement for parent meetings, materials and supplies for literacy activities, school/home parent liaison, professional development for parent liaisons, Parent Advisory Committee meeting, parent newsletters, and educational resources for the Parent Resource Center (books, videos, etc.).

**2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)**

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2013 through August 31, 2014. This section is composed of the following subsections:

- | Population data of eligible migrant children
- | Academic data of eligible migrant students
- | Data of migrant children served during the performance period
- | School data
- | Project data
- | Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period. For example, a child who turns 3 during the performance period would only be performance in the "Age 3 through 5 (not Kindergarten)" row.

**2.3.1 Migrant Child Counts**

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2013 through August 31, 2014. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count*.

**Note:** In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

**FAQs on Child Count:**

1. *How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2012 - August 31, 2013), youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
2. *How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters.

**Comments:** The SEA has no reservations as to the accuracy of the child count.

**2.3.1.1 Category 1 Child Count (Eligible Migrant Children)**

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2013 through August 31, 2014. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include:

- | Children age birth through 2 years
- | Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- | Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

**Comments:** Missouri does not have any students who were considered ungraded. Missouri has a small number of number of migrant students which will cause fluctuations from year to year.

**2.3.1.1.1 Category 1 Child Count Increases/Decreases**

In the space below, explain any increases or decreases from last year in the number of students reported for Category 1 greater than 10 percent.

The response is limited to 8,000 characters.

**Comments:** Missouri has a small number of number of migrant students which will cause fluctuations from year to year. The Category 1 Count did not have an increase of greater than 10 percent.

**2.3.1.1.2 Birth through Two Child Count**

In the table below, enter the unduplicated statewide number of eligible migrant children from birth through age 2 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2013 through August 31, 2014.

Age birth through 2	54

**Comments:** Missouri has a small number of number of migrant students which will cause fluctuations from year to year.

**2.3.1.2 Category 2 Child Count (Eligible Migrant Children Served by the MEP During the Summer/ Intersession Term)**

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2013 through August 31, 2014. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- ┆ Children age birth through 2 years
- ┆ Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- ┆ Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- ┆ Children who received only referred services (non-MEP funded).

**2.3.1.2.1 Category 2 Child Count Increases/Decreases**

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

**Comments:** Missouri did not have an increase of Greater than 10% for Category 2.

**2.3.1.2.2 Birth through Two Eligible Migrant Children Served by the MEP During the Summer/Intersession Term**

In the table below, enter the unduplicated statewide number of eligible migrant children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2013 through August 31, 2014. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

**2.3.1.3 Child Count Calculation and Validation Procedures**

The following questions request information on the State's MEP child count calculation and validation procedures.

**2.3.1.3.1 Student Information System**

In the space below, respond to the following questions: What system did the State use to compile and generate the Category 1 child count for this performance period? Please check the box that applies.

<b>Student Information System</b>	<b>(Yes/No)</b>
NGS	<u>No</u>
MIS 2000	<u>No</u>
COEStar	<u>No</u>
MAPS	<u>No</u>
Other Student Information System. Please identify the system:	<u>Yes</u>
Missouri uses MSSQL 2008 Database Server to compile and generate the total number of students for Category 1. Each Category 1 child count was calculated by their age and grade using the MSSQL 2008 Database Server. The Category 1 child count data was entered into the MSSQL 2008 Database Server from each child's Certificate of Eligibility (COE). The COE's were verified by the recruiter, supervisor of identification and recruitment, and state migrant director. Missouri queried the migrant database to ensure that the children counted were eligible, between the ages of 3-21, resided in the state at least one day during the reporting period, and were only counted once. Missouri accounted for those children who were two years old in the previous reporting period by entering all COEs in the migrant database regardless of age and when the query was run for the current reporting period it would have included those children.	

<b>Student Information System</b>	<b>(Yes/No)</b>
Was the Category 2 child count for this performance period generated using the same system?	<u>Yes</u>

If the State's Category 2 count was generated using a different system than the Category 1 count please identify the specific system that generates the Category 2 count.

The response is limited to 8,000 characters.

The State's Category 2 count was generated using the same system as the Category 1 Count.

**2.3.1.3.3 Methods Used To Count Children**

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period . In particular, describe how the State includes and counts only:

- | The unduplicated count of eligible migrant children, ages 3-21. Include children two years of age whose residency in the state has been verified after turning three.
- | Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity)
- | Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31)
- | Children who – in the case of Category 2 – were serviced for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods
- | Children once per age/grade level for each child count category

The response is limited to 8,000 characters.

Each child count was calculated by their age and grade using the MSSQL 2008 Database Server. The child count data was entered into the MSSQL 2008 Database Server from each child's Certificate of Eligibility (COE). The COE's were verified by the recruiter, supervisor of identification and recruitment, and state migrant director. After initial identification, all school districts in the state with migrant children residing in their and those districts are required to verify the children are still residing within the district boundaries. The State of Missouri MEP has developed an on line system that presents all LEAs with information pulled from the state database with the names and student identification numbers to ensure an accurate child count. School district personnel are then required to make any changes or updates to the records and submit the file back to the state MEP. The data is then reviewed and checked by the either the State Migrant Director or the data coordinator. The on line system provides an alphabetical listing of eligible children, ages 3-20 who, within three years of making a qualifying move, resided in the LEA boundaries for one or more days during the period from September 1, 2012 -August 31, 2013. The unduplicated count is run by name, Student ID, and birth date. For the summer count, students are included into the system. Districts are also required to maintain documentation of services provided on-site. These are reviewed as part of the program reviews conducted by the Grants and Resources section of the Office of Quality Schools. The regular term unduplicated report pulls unduplicated students using the following fields: student identification number, student name, birth date, QAD, residency date, enrollment date, EOE date, withdrawal date. The report pulls students who had a QAD within last three years. We then review the report and check for termination codes and graduates. We also verify with districts on 12th graders not graduated. Next we pull a report for unduplicated birth through 2 year olds using the same fields to provide the unduplicated birth through two count. The state migrant database has built in reports that look for duplication. When duplication occurs, our state data coordinator examines the COE data to make clarifications and deletes redundant files if necessary. If additional clarification is needed, Missouri MEP staff contact the district or family directly to resolve whether the data reflects two separate students or is duplicate information for the same student. All duplicates are identified and removed (or merged, if appropriate) in the state migrant database, so they do not appear in the final eligible student list or eligible student count reports. Missouri MEP staff run additional queries to find students or COEs that are flagged as ineligible, inactive or not determined. The final eligible student list is edited so it does not include students who are flagged as pending, inactive or ineligible. Missouri MEP staff double check the final eligible student list against the final count report to verify that the number of students on each report is identical.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every ED*Facts* data file (see the Office of Migrant Education's CSPR Rating Instrument for the criteria needed to address this question)?

Missouri ensures that the system that transmits migrant data for the performance period to the Department accurately accounts for all migrant children in every Ed*Facts* file by cross-referencing eligible migrant students for the performance period from our migrant COE database with our student information system. Those students identified as eligible migrant children in our migrant database are then reported as migrant students in Ed*Facts* files.

In addition, we have implemented a new report which allows us from migrant COE system to pull an EDEN Report at any time to review for accuracy and a report that cross references our migrant COE database to our student information system.

<b>Use of MSIX to Verify Data Quality</b>	<b>(Yes/No)</b>
Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?	Yes

If MSIX is utilized, please explain how.

The response is limited to 8,000 characters.

All recruiters have access and are trained in the use of MSIX. Recruiters use MSIX to gather information prior to interviews. State data entry personnel also use MSIX to verify names and to communicate with other states/schools when a child leaves Missouri for another state. State Director uses MSIX to communicate with recruiters about possible students who were not identified in Missouri but were reported by others states to have been working in Mo.

**2.3.1.3.4 Quality Control Processes**

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	<u>Yes</u>
Does the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	<u>Yes</u>
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initiated by the recruiter's supervisor and/or other reviewer(s)]?	<u>Yes</u>
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	<u>Yes</u>
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	<u>Yes</u>
Does the SEA review student attendance records at summer/inter-session projects to verify that the total unduplicated number of eligible migrant students served in the summer/intersession is reconciled with the Category 2 Count ?	<u>Yes</u>
Does the SEA have both a local and state-level process for resolving eligibility questions?	<u>No</u>
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	<u>Yes</u>
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	<u>Yes</u>

The number of eligibility determinations sampled for which a re-interview was completed.	40
The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible.	39

Describe any reasons for non-response in the re-interviewing process.

The response is limited to 8,000 characters.

Procedures	Yes/No
What was the most recent year that the MEP conducted independent prospective re-interviews (i.e., interviewers were neither SEA or LEA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)?	<u>None</u>
Was the sampling of eligible children random?	<u>No</u>
Was the sampling statewide?	<u>No</u>

**FAQ on independent prospective reinterviews:**

- a. *What are independent prospective re-interviews?* Independent prospective re-interviews allow confirmation of your State's eligibility determinations and the accuracy of the numbers of migrant children in your State reports. Independent prospective interviews should be conducted at least once every three years by an independent interviewer, performed on the current year's identified migrant children.

If the sampling was stratified by group/area please describe the procedures.

The response is limited to 8,000 characters.

No independent review conducted during reporting period.

Please describe the sampling replacement by the State.

The response is limited to 8,000 characters.

The Missouri Department of Elementary and Secondary Education - Migrant Education and English Language Learning and regional recruiters determine the accuracy of recruitment by conducting a quarterly random sample of families by telephone. During the months of February, May, August, and November, 30 COE's are randomly selected from the previous two months. A recruiter that was not involved in the initial certification follows up on the COE's by telephone or in person, when necessary, to validate the information on the original COE. The recruiter must complete 10 interviews out of this sample and report the results to the Missouri Migrant Education and English Language Learning central office within 60 days of receiving the COE's. Any discrepancies are resolved with all staff involved. Adjustments are made and records of each re-interview are kept on file. Children who are found ineligible are removed from the MEP. The LEA is immediately notified that the child is no longer eligible for the MEP. Recruiters and the central office work with LEA's to maintain ongoing communication with migrant families and to notify families of students deemed ineligible for the MEP.

Obtaining Data From Families	Yes/No
Was there a protocol for verifying all information used in making the original eligibility determination?	<u>Yes</u>
Were re-interviewers independent from the original interviewers?	<u>Yes</u>

If you did conduct independent re-interviews in this reporting period, describe how you ensured that the process was independent.

The response is limited to 8,000 characters.

Independent re-interviews were done in 2012, prior to the performance period.

In the space below, refer to the results of any re-interview processes used by the SEA, and if any of the migrant children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

The response is limited to 8,000 characters.

One child was found to be ineligible because the parents could not verify the original information given to the recruiter.

In the space below, please respond to the following question:

Does the state collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?

Yes

**2.3.3 Services for Eligible Migrant Children**

The following questions collect data about MEP services provided to eligible migrant children during the performance period.

Eligible migrant children who are served include:

- Migrant children who were eligible for and received instructional or support services funded in whole or in part with MEP funds.
- Children who continued to receive MEP-funded services during the term their eligibility ended.

Do not include:

- Children who were served through a Title I **Schoolwide Program** (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were served for one additional school year after their eligibility ended, if comparable services were not available through other programs
- Children who were in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section (1304(e)).

**FAQ on Services:**

*What are services?* Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

#### FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

**2.3.6 School Data - During the Regular School Year**

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

**2.3.6.1 Schools and Enrollment - During the Regular School Year**

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

<b>Schools</b>	<b>#</b>
Number of schools that enrolled eligible migrant children	144
Number of eligible migrant children enrolled in those schools	559

**2.3.6.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs (SWP) – During the Regular School Year**

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

<b>Schools</b>	<b>#</b>

<b>Comments:</b> MEP funds were not consolidated in Schoolwide Programs.	

### 2.3.7 MEP Project Data

The following questions collect data on MEP projects.

#### 2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **served** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Served in the Projects
Regular school year - school day only	12	121
Regular school year - school day/extended day	4	81
Summer/intersession only	1	32
Year round	3	221

**Comments:** MEP services were provided by three programs during the regular school year and summer/intersession term which increased our year round number of migrant children served in project and decreased our regular school year - school day only migrant children served. Based on information gathered during the development of Missouri's Comprehensive Needs Assessment, a determination was made to increase the minimum number of migrant children needed to receive a Title I.C subgrant. School districts with small numbers of Migrant students were targeted for services delivered by our state-funded Migrant Instructional Specialist.

#### FAQs on type of MEP project:

- a. *What is a project?* A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

**2.3.8 MEP Personnel Data**

The following questions collect data on MEP personnel data.

**2.3.8.1 MEP State Director**

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

<b>State Director FTE</b>	0.50
<b>Comments:</b>	

**FAQs on the MEP State director**

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a statewide basis.

**2.3.8.2 MEP Staff**

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Job Classification	Regular School Year		Summer/Intersession Term		Performance Period
	Headcount	FTE	Headcount	FTE	Headcount
Teachers	8	2.20	10	10.00	
Counselors	0	0.00	0	0.00	
Non-qualified paraprofessionals	0	0.00	0	0.00	0
Qualified paraprofessionals	8	2.20	10	10.00	18
Recruiters	5	5.00	1	1.00	
Records transfer staff	2	1.00	2	2.00	
Administrators	1	1.00	0	0.00	
<b>Comments:</b>					

**Note:** The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

**FAQs on MEP staff:**

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
  1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Section 1119(c) and (d) of ESEA).
- f. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- g. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- h. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

**2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)**

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- | Report data for the program year of July 1, 2013 through June 30, 2014.
- | Count programs/facilities based on how the program was classified to ED for funding purposes.
- | Do not include programs funded solely through Title I, Part A.
- | Use the definitions listed below:
  - | **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - | **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - | **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
  - | **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - | **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - | **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

**2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1**

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

**2.4.1.1 Programs and Facilities - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	0
Juvenile detention	0	0
Juvenile corrections	37	180
Adult corrections	4	283
Other	0	0
Total	41	////////////////////
<b>Comments:</b>		

**FAQ on Programs and Facilities - Subpart 1:**

*How is average length of stay calculated?* The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

**2.4.1.1.1 Programs and Facilities That Reported - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

**2.4.1.2 Students Served – Subpart 1**

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

**FAQ on Unduplicated Count:**

*What is an unduplicated count?* An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013 through June 30, 2014.

**2.4.1.3.1 Transition Services in Subpart 1**

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are legally permitted to track student outcomes after leaving the program or facility by entering Yes or No. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment. If not, provide more information in the comment field.

**FAQ on facilities collecting data on student outcomes after exit:**

If only some, but not all, facilities in the State are legally permitted to collect data on student outcomes after exit, enter 'yes' for the first question and provide a comment indicating why some facilities are unable to collect these data.

**2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit**

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately as appropriate. For "Enrolled in their local district school" use the "90 days after exit" columns to provide the number of students who enrolled, or planned to enroll, in their local district school after exit.

**2.4.1.6 Academic Performance – Subpart 1**

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 1 in reading and mathematics.

**2.4.1.6.1 Academic Performance in Reading – Subpart 1**

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading pre-and post-testing. Students should be reported in only one of the four change categories.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2013, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

**2.4.2.6 Academic Performance – Subpart 2**

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 2 in reading and mathematics.

**2.4.2.6.1 Academic Performance in Reading – Subpart 2**

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading pre- and post-testing. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2013, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention Facilities</b>	<b>Juvenile Corrections Facilities</b>	<b>Other Programs</b>
Long-term students with negative grade level change from the pre- to post-test exams	0	50	0	5	0
Long-term students with no change in grade level from the pre- to post-test exams	S	30	15	25	0
Long-term students with improvement up to one full grade level from the pre- to post-test exams	S	110	4	18	0
Long-term students with improvement of more than one full grade level from the pre- to post-test exams	S	39	26	6	0
<b>Comments:</b> Other is verified and zeros are correct.					

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013, through June 30, 2014.

*Is reporting pre-posttest data for at-risk programs required?* No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.4.2.6.2 Academic Performance in Mathematics – Subpart 2**

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention Facilities</b>	<b>Juvenile Corrections Facilities</b>	<b>Other Programs</b>
Long-term students with negative grade level change from the pre- to post-test exams	S	45	S	6	S
Long-term students with no change in grade level from the pre- to post-test exams	S	29	18	25	S
Long-term students with improvement up to one full grade level from the pre- to post-test exams	S	95	7	17	S
Long-term students with improvement of more than one full grade level from the pre- to post-test exams	S	37	20	9	S
<b>Comments:</b> Other is verified and zeros are correct.					

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013, through June 30, 2014.

*Is reporting pre/post-test data for at-risk programs required?* No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.9 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)**

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

**2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds**

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

<b>Purpose</b>	<b># LEAs</b>
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	0

**2.9.2.1 Goals and Objectives**

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

Missouri adopted goals 1, 2, 3, and 5 for the RLIS program. Missouri did not collect data on its RLIS LEAs' progress towards their goals.

Performance Goal 1: By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

Performance Goal 2: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

Performance Goal 3: By 2005-2006, all students will be taught by highly qualified teachers.

Performance Goal 5: All students will graduate from high school.

Below reflects the schools and districts Adequate Yearly Progress (AYP) data:

2003-2004 - 82 LEAs received RLIS grant, 15 LEAs met AYP, 67 LEAs did not meet AYP, 243 buildings, 93 buildings met AYP, and 150 building did not meet AYP.

2004-2005 - 51 LEAs received RLIS grant, 29 LEAs met AYP, 22 LEAs did not meet AYP, 157 buildings, 103 buildings met AYP, and 54 buildings did not meet AYP.

2005-2006 - 57 LEAs received RLIS grant, 22 LEAs met AYP, 35 LEAs did not meet AYP, 177 buildings, 88 buildings met AYP, and 89 buildings did not meet AYP.

2006-2007 - 60 LEAs received RLIS grant, 23 LEAs met AYP, 37 LEAs did not meet AYP, 186 buildings, 140 buildings met AYP, and 46 buildings did not meet AYP.

2007-2008 - 74 LEAs received RLIS grant, 6 LEAs met AYP, 68 LEAs did not meet AYP, 247 buildings, 109 buildings met AYP, and 138 buildings did not meet AYP.

2008-2009 - 93 LEAs received RLIS grant, 7 LEAs met AYP, 86 LEAs did not meet AYP, 322 buildings, 102 buildings met AYP, and 220 buildings did not meet AYP.

2009-2010 - 85 LEAs received RLIS grant, 2 LEAs met AYP, 83 LEAs did not meet AYP, 290 total buildings, 84 buildings met AYP, and 206 buildings did not meet AYP.

2010-2011 - 92 LEAs received RLIS grant, 6 LEAs met AYP, 86 LEAs did not meet AYP, 335 total buildings, 199 buildings met AYP, and 136 buildings did not meet AYP.

2011-2012 - 105 LEAs received RLIS grant. According to our state's ESEA Flexibility waiver request, our state did not make AYP determinations for SY 2011-12.

2012-2013 - 100 LEAs received RLIS grant. According to our state's ESEA Flexibility waiver request, our state did not make AYP determinations for SY 2012-13.

2013-2014 - 108 LEAs received RLIS grant. According to our state's ESEA Flexibility waiver request, our state did not make AYP determinations for SY 2012-13.

**2.10 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)****2.10.1 State Transferability of Funds**

**2.11 GRADUATION RATES**<sup>4</sup>

This section collects graduation rates.

**2.11.1 Regulatory Adjusted Cohort Graduation Rates**

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2013-14). Below the table are FAQs about the data collected in this table.

**Note:** States are not required to report these data by the racial/ethnic groups shown in the table below; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that have been mapped from the major racial and ethnic groups identified in their workbooks, to the racial/ethnic groups shown.

Student Group	Graduation Rate
All Students	87.30
American Indian or Alaska Native	83.00
Asian or Pacific Islander	90.00
<i>Asian</i>	91.00
<i>Native Hawaiian or Other Pacific Islander</i>	84.00
Black or African American	74.80
Hispanic or Latino	80.00
White	90.40
Two or more races	87.00
Children with disabilities ( <i>IDEA</i> )	75.30
Limited English proficient (LEP) students	64.00
Economically disadvantaged students	80.40

**FAQs on graduation rates:**

*What is the regulatory adjusted cohort graduation rate?* For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf>.

The response is limited to 8,000 characters.

<sup>4</sup> The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

## 2.12 LISTS OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States with approved ESEA Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED Facts and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

### 2.12.1 List of Schools for ESEA Flexibility States

#### 2.12.1.1 List of Reward Schools

**Instructions for States that identified reward schools<sup>5</sup> under ESEA flexibility for SY 2014-15 :** Provide the information listed in the bullets below for those schools.
