## INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2013-14 consists of two Parts, Part I and Part II.

### **PART I**

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- | **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- | **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- | **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- | **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- | **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

### **PART II**

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

## GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2013-14 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Thursday, December 18, 2014**. Part II of the Report is due to the Department by **Friday, February 13, 2015**. Both Part I and Part II should reflect data from the SY 2013-14, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

## TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2013-14 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2013-14 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

**2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)**

This section collects data on Title I, Part A programs.

**2.1.1 Student Achievement in Schools with Title I, Part A Programs**

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

**2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)**

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	11,325	S	69.30
4	11,015	S	71.10
5	9,921	S	69.70
6	7,103	S	63.90
7	3,886	S	51.70
8	3,882	S	47.10
High School	1,423	S	33.00
Total	48,555	S	64.70
<b>Comments:</b>			

**2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)**

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	11,258	S	73.00

**2.1.2 Title I, Part A Student Participation**

The following sections collect data on students participating in Title I, Part A by various student characteristics.

**2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs**

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

<b>Special Services or Programs</b>	<b># Students Served</b>
Children with disabilities ( <i>IDEA</i> )	21,921
Limited English proficient students	13,051
Students who are homeless	1,787
Migratory students	1,934
<b>Comments:</b>	

**2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group**

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

<b>Race/Ethnicity</b>	<b># Students Served</b>
American Indian or Alaska Native	3,290
Asian	2,344
Black or African American	9,767

**2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services**

The following sections collect data about the participation of students in TAS.

**2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services**

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

<b>TAS instructional service</b>	<b># Students Served</b>
Mathematics	1,923
Reading/language arts	4,790
Science	5
Social studies	0
Vocational/career	0
Other instructional services	567

**2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services**

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

<b>TAS Support Service</b>	<b># Students Served</b>
Health, dental, and eye care	306
Supporting guidance/advocacy	337
Other support services	332

**2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)**

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	147.37	
Paraprofessionals <sup>1</sup>	50.89	100.00
Other paraprofessionals (translators, parental involvement, computer assistance) <sup>2</sup>	0.00	
Clerical support staff	2.03	
Administrators (non-clerical)	4.03	
<b>Comments:</b>		

**FAQs on staff information**

- a. *What is a "paraprofessional?"* An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
1. Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
  2. Providing assistance with classroom management, such as organizing instructional and other materials;
  3. Providing assistance in a computer laboratory;
  4. Conducting parental involvement activities;
  5. Providing support in a library or media center;
  6. Acting as a translator; or
  7. Providing instructional services to students.
- b. *What is an "other paraprofessional?"* Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. *Who is a qualified paraprofessional?* A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>

<sup>1</sup> Consistent with *ESEA*, Title I, Section 1119(g)(2).

<sup>2</sup> Consistent with *ESEA*, Title I, Section 1119(e).

**2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs**

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

<b>Paraprofessional Information</b>	<b>Paraprofessionals FTE</b>	<b>Percentage Qualified</b>
Paraprofessionals <sup>3</sup>	2,537.50	99.30
<b>Comments:</b>		

<sup>3</sup> Consistent with *ESEA*, Title I, Section 1119(g)(2).

**2.1.4 Parental Involvement Reservation Under Title I, Part A**

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2013 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

<b>Parental Involvement Reservation</b>	<b>LEAs that Received a Federal Fiscal Year (FY) 2013 (School Year 2013-14) Title I, Part A Allocation of \$500,000 or less</b>	<b>LEAs that Received a Federal fiscal year (FY) 2013 (School Year 2013-14) Title I, Part A Allocation of more than \$500,000</b>
Number of LEAs*	232	17
Sum of the amount reserved by LEAs for parental Involvement	16,100	614,099
Sum of LEA's FY 2013 Title I, Part A allocations	17,013,821	45,311,084
Percentage of LEA's FY 2013 Title I, Part A allocations reserved for parental involvement	0.09	1.36

\*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2013 Title I, Part A allocation.

**In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2013–2014.**

This response is limited to 8,000 characters.

### 2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2013 through August 31, 2014. This section is composed of the following subsections:

- ┆ Population data of eligible migrant children
- ┆ Academic data of eligible migrant students
- ┆ Data of migrant children served during the performance period
- ┆ School data
- ┆ Project data
- ┆ Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period. For example, a child who turns 3 during the performance period would only be performance in the "Age 3 through 5 (not Kindergarten)" row.

#### 2.3.1 Migrant Child Counts

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2013 through August 31, 2014. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count*.

**Note:** In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

#### FAQs on Child Count:

1. *How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2012 - August 31, 2013), youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
2. *How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters.

#### 2.3.1.1 Category 1 Child Count (Eligible Migrant Children)

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2013 through August 31, 2014. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include:

- ┆ Children age birth through 2 years
- ┆ Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- ┆ Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2013 through August 31, 2014. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- ┆ Children age birth through 2 years
- ┆ Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- ┆ Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- ┆ Children who received only referred services (non-MEP funded).

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

**Comments:** The total reported in the 12-13 year included instructional services only. The total reported for the 13-14 year includes instructional and support services provided during the Summer/Intersession term to meet the needs of the migrant children & youth.

**2.3.1.2.2 Birth through Two Eligible Migrant Children Served by the MEP During the Summer/Intersession Term**

In the table below, enter the unduplicated statewide number of eligible migrant children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2013 through August 31, 2014. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

- ┆ Children who received only referred services (non-MEP funded).

**2.3.1.3 Child Count Calculation and Validation Procedures**

The following questions request information on the State's MEP child count calculation and validation procedures.

**2.3.1.3.1 Student Information System**

In the space below, respond to the following questions: What system did the State use to compile and generate the Category 1 child count for this performance period? Please check the box that applies.

<b>Student Information System</b>	<b>(Yes/No)</b>
NGS	<u>No</u>
MIS 2000	<u>Yes</u>

Other Student Information System. Please identify the system:	<u>No</u>

<b>Student Information System</b>	<b>(Yes/No)</b>
Was the Category 2 child count for this performance period generated using the same system?	<u>Yes</u>

If the State's Category 2 count was generated using a different system than the Category 1 count please identify the specific system that generates the Category 2 count.

The response is limited to 8,000 characters.

**2.3.1.3.3 Methods Used To Count Children**

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period . In particular, describe how the State includes and counts only:

- | The unduplicated count of eligible migrant children, ages 3-21. Include children two years of age whose residency in the state has been verified after turning three.
- | Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity)
- | Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31)
- | Children who – in the case of Category 2 – were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods
- | Children once per age/grade level for each child count category

The response is limited to 8,000 characters.

The Nebraska Department of Education utilizes an agency-wide data governance structure which includes a team approach to ensure all data reported to the USDE is timely and accurate. The data team meets monthly to discuss upcoming data reports and requirements. As a result, improvements continue to be made to data processes and procedures. For both the EDEN File 121 and EDEN File 122 (migrant child count) reports were created using a firebird database system and structured query language. These stored procedures are reviewed and updated each year to align with EDEN file specifications and saved within the Migrant System (MIS2000) programming to generate consistent reports over time. In addition, Firebird procedures aligned with the EDEN file specifications are stored within the Migrant System to ensure an accurate child count for the Category 1 and Category 2 reports. The reports generated are set up in a way that it automatically calculates eligibility based on age 3-21 (and has not graduated from high school or attained a GED). A QAD and/or residency date, enrollment dates, withdrawal dates within the 36 months period to assure that only children meeting these criteria are included. When a child is entered into the MIS2000 system, each child is assigned a unique student identification number assigned by MIS2000 which assures that the child is only counted one in both Category 1 and Category 2 child counts. For all children/youth identified from September 1, 2013, through August 31, 2014 residency validation was based from the residency date listed on the COE. For eligible children/youth who resided in the State for at least one day were validated through school records or through validation process by which recruiters or liaisons visited with families to validate residency. To prevent duplication of records in the MIS2000 system, data entry staff perform a child search process within the MIS2000 system before data from a COE is entered into the MIS2000 system. The data entry staff has the capability to run "check for duplicates" reports within MIS2000. If a child has two history lines in the Migrant System for the same time period, only one line is counted per ID number. MEP staff also query the Migrant database to ensure records are up to date, accurate, and unduplicated. Districts have the ability to create reports and export student data into Excel as a means to verify data and make corrections within the Migrant system if necessary.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every ED Facts data file (see the Office of Migrant Education's CSPR Rating Instrument for the criteria needed to address this question)?

Within the Nebraska Student and Staff Reporting system (NSSRS) students are assigned a unique identifying number when enrolled in a Nebraska district or entered into the Migrant System (MIS2000). This unique identifying number and EDEN report specifications are used to ensure that all migrant children are counted for in every EdFacts file. NDE data department staff provide migrant staff every EDEN file to review for data accuracy and validate with signature prior to submission to EdFacts.

<b>Use of MSIX to Verify Data Quality</b>	<b>(Yes/No)</b>
Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?	No

If MSIX is utilized, please explain how.

The response is limited to 8,000 characters.

**2.3.1.3.4 Quality Control Processes**

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	<u>Yes</u>
Does the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	<u>Yes</u>
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initialed by the recruiter's supervisor and/or other reviewer(s)]?	<u>Yes</u>
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	<u>Yes</u>
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	<u>Yes</u>
Does the SEA review student attendance records at summer/inter-session projects to verify that the total unduplicated number of eligible migrant students served in the summer/intersession is reconciled with the Category 2 Count ?	<u>Yes</u>
Does the SEA have both a local and state-level process for resolving eligibility questions?	<u>Yes</u>
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	<u>Yes</u>
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	<u>Yes</u>

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

Results	#
The number of eligibility determinations sampled.	140
The number of eligibility determinations sampled for which a re-interview was completed.	51
The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible.	51

Describe any reasons for non-response in the re-interviewing process.

The response is limited to 8,000 characters.

Previous re-interview studies have concluded that non-response rates are largely due to qualifying families' mobility factor since migrant families and individuals are highly mobile due to the nature of their work. However, non-response was not an issue during this independent re-interview process.

Procedures	Yes/No
What was the most recent year that the MEP conducted independent prospective re-interviews (i.e., interviewers were neither SEA or LEA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)?	<u>SY2013-14</u>
Was the sampling of eligible children random?	<u>Yes</u>
Was the sampling statewide?	<u>Yes</u>

**FAQ on independent prospective reinterviews:**

- a. *What are independent prospective re-interviews?* Independent prospective re-interviews allow confirmation of your State's eligibility determinations and the accuracy of the numbers of migrant children in your State reports. Independent prospective interviews should be conducted at least once every three years by an independent interviewer, performed on the current year's identified migrant children.

If the sampling was stratified by group/area please describe the procedures.

The response is limited to 8,000 characters.

The sampling was not stratified.

Please describe the sampling replacement by the State.

The response is limited to 8,000 characters.

In order to draw a systematic random sample for this year's study, Nebraska ID&R personnel determined the sampling interval by dividing the number of children anticipated to be enrolled by the number of re-interviews needed to be attempted (140) in order to collect 51 completed responses. The sampling universe for this re-interview process was all Nebraska MEP children, ages 3 to 21, who were eligible for services in the state during the 2013-14 school year. For this type of re-interview study, Nebraska MEP drew a systemic random sample that is separate from the annual rolling re-interview samples. An over-sample of 89 eligible MEP children was drawn from the same sampling universe to account for non-response rates. In all cases, the initial sample population was exhausted for interview purposes before the over-sample population was re-interviewed.

Obtaining Data From Families	Yes/No
Was there a protocol for verifying all information used in making the original eligibility determination?	<u>Yes</u>
Were re-interviewers independent from the original interviewers?	<u>Yes</u>

If you did conduct independent re-interviews in this reporting period, describe how you ensured that the process was independent.

The response is limited to 8,000 characters.

In order to implement the required 2013-14 independent re-interview process, Nebraska MEP joined a consortium of five MEP States (Kansas, Nebraska, New York, Iowa and Massachusetts) to integrate human and financial resources, deliver the re-interviewing protocol and assess the findings from each State.

Nebraska MEP hired three independent re-interviewers from participating consortium States' MEP programs. The qualified independent re-interviewers had over five years of experience working with the MEP program, were knowledgeable of program child eligibility requirements, were experienced MEP recruiters and were trained on conducting re-interviews using the "Re-Interview Questionnaire" developed by the 1308 ConQIR Grant. Re-interviews were conducted face-to-face with the exception of 10 phone interviews, and the re-interviewers had never met nor previously interviewed any of the children re-interviewed during the process.

The results of all 51 re-interviews conducted in Nebraska were then reviewed by a team of ID&R Eligibility Specialists from two of the participating consortium States. These specialists (Mike Toole, Kansas, and Will Messier, New York) conducted a meeting in Charleston, SC, on January 22, 2014, to review the results of the Nebraska re-interview data and make eligibility rulings as a result.

In the space below, refer to the results of any re-interview processes used by the SEA, and if any of the migrant children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

The response is limited to 8,000 characters.

Out of the 140 attempted re-interviews, 51 MEP children were re-interviewed and 51 MEP children were found to be eligible.

No ineligible migrant children were found; thus, no corrective action or improvements were necessary. Based on the results of this study, the Nebraska Migrant Education Program will continue to conduct annual rolling re-interviews as part of its MEP quality control procedures. Current ID&R trainings are based on the national Title I, Part C, Non-regulatory Guidance and its Regulations. Nebraska MEP will maintain its current ID&R trainings pursuant to OME national standards in order to sustain not only the State's high standards in regards to eligibility accuracy but also to advance OME's recruitment initiatives.

In the space below, please respond to the following question:

Does the state collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?	<u>Yes</u>

### 2.3.3 Services for Eligible Migrant Children

The following questions collect data about MEP services provided to eligible migrant children during the performance period.

Eligible migrant children who are served include:

- Migrant children who were eligible for and received instructional or support services funded in whole or in part with MEP funds.
- Children who continued to receive MEP-funded services during the term their eligibility ended.

Do not include:

- Children who were served through a Title I **Schoolwide Program** (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were served for one additional school year after their eligibility ended, if comparable services were not available through other programs
- Children who were in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section (1304(e)).

#### FAQ on Services:

*What are services?* Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

#### FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

**2.3.6 School Data - During the Regular School Year**

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

**2.3.6.1 Schools and Enrollment - During the Regular School Year**

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

<b>Schools</b>	<b>#</b>
Number of schools that enrolled eligible migrant children	464
Number of eligible migrant children enrolled in those schools	3,802
<b>Comments:</b>	

**2.3.6.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs (SWP) – During the Regular School Year**

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

<b>Schools</b>	<b>#</b>
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
<b>Comments:</b> These should both be 0's, the numbers are not feeding over.	

### 2.3.7 MEP Project Data

The following questions collect data on MEP projects.

#### 2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **served** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Served in the Projects
Regular school year - school day only	0	0
Regular school year - school day/extended day	7	568
Summer/intersession only	0	0
Year round	14	3,661
<b>Comments:</b>		

#### FAQs on type of MEP project:

- a. *What is a project?* A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

**2.3.8 MEP Personnel Data**

The following questions collect data on MEP personnel data.

**2.3.8.1 MEP State Director**

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

<b>State Director FTE</b>	1.00
<b>Comments:</b>	

**FAQs on the MEP State director**

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a statewide basis.

**2.3.8.2 MEP Staff**

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Job Classification	Regular School Year		Summer/Intersession Term		Performance Period
	Headcount	FTE	Headcount	FTE	Headcount
Teachers	67	7.74	59	38.82	114
Counselors	8	4.56	1	0.50	3
Non-qualified paraprofessionals	7	2.40	14	12.40	20
Qualified paraprofessionals	27	8.60	33	25.60	57
Recruiters	17	11.26	15	10.55	17
Records transfer staff	15	8.07	12	7.37	15
Administrators	9	3.99	7	3.45	9

**Comments:** Counselor numbers are incorrect - we will have correct numbers at the time of the correction window.

**Note:** The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

**FAQs on MEP staff:**

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
  1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Section 1119(c) and (d) of ESEA).
- f. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- g. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- h. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

**2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)**

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- | Report data for the program year of July 1, 2013 through June 30, 2014.
- | Count programs/facilities based on how the program was classified to ED for funding purposes.
- | Do not include programs funded solely through Title I, Part A.
- | Use the definitions listed below:
  - | **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - | **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - | **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
  - | **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - | **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - | **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

**2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1**

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

**2.4.1.1 Programs and Facilities - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	1	100
Juvenile detention	0	0
Juvenile corrections	3	173
Adult corrections	1	365
Other	0	0
Total	5	////////////////////
<b>Comments:</b>		

**FAQ on Programs and Facilities - Subpart I:**

*How is average length of stay calculated?* The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

**2.4.1.1.1 Programs and Facilities That Reported - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	1
Juvenile Detention	0
Juvenile Corrections	3
Adult Corrections	1

**2.4.1.2 Students Served – Subpart 1**

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

**Comments:** Subpart 1 is only Neglected, Juvenile Corrections and Adult Corrections.

**FAQ on Unduplicated Count:**

*What is an unduplicated count?* An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013 through June 30, 2014.

**2.4.1.3.1 Transition Services in Subpart 1**

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are legally permitted to track student outcomes after leaving the program or facility by entering Yes or No. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment. If not, provide more information in the comment field.

Transition Services	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Are facilities in your state permitted to collect data on student outcomes after exit ? (Yes or No)	Yes	NA	Yes	Yes	NA
Number of students receiving transition services that address further schooling and/or employment.	24		349	27	

This response is limited to 4,000 characters.

**Comments:** Subpart 1 services are not provided for Juvenile Detention. Juvenile Detention is served in Subpart 2. Some are not able to track through the data system in the facility. Plans for improving transition collections are underway by state agencies. State level system does not collect all exit data, meeting with the probation department to capture exit data for reporting. Some data is received from social worker/probation workers or school re-enrollment from the district.

**FAQ on facilities collecting data on student outcomes after exit:**

If only some, but not all, facilities in the State are legally permitted to collect data on student outcomes after exit, enter 'yes' for the first question and provide a comment indicating why some facilities are unable to collect these data.

**2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit**

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately as appropriate. For "Enrolled in their local district school" use the "90 days after exit" columns to provide the number of students who enrolled, or planned to enroll, in their local district school after exit.

Outcomes	Neglected Programs		Juvenile Detention		Juvenile Corrections		Adult Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit

Enrolled in job training courses/programs	S	S			S	8	12	S		
Obtained employment	S	S			S	21	S	4		

This response is limited to 4,000 characters.

**Comments:** Neglected students are counted as enrolled in their local school district while they are in the facility. District has confirmed that the neglected youth re-enrolled in the local district. Some agencies collected exit data, some did not have data system to collect exit data. Two juvenile corrections and adult corrections are their own district, thus lower number of students enrolled while in facility.

**2.4.1.6 Academic Performance – Subpart 1**

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 1 in reading and mathematics.

**2.4.1.6.1 Academic Performance in Reading – Subpart 1**

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading pre-and post-testing. Students should be reported in only one of the four change categories.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2013, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>Neglected Programs</b>	<b>Juvenile Detention</b>	<b>Juvenile Corrections</b>	<b>Adult Corrections</b>	<b>Other Programs</b>
Long-term students with negative grade level change from the pre- to post-test exams	S		76	24	
Long-term students with no change in grade level from the pre- to post-test exams	S		24	4	
Long-term students with improvement up to one full grade level from the pre- to post-test exams	S		93	5	
Long-term students with improvement of more than one full grade level from the pre- to post-test exams	S		96	32	
<b>Comments:</b> Additional Explanation: In year 13-14, there was a decrease in the number of long term students in juvenile corrections. The decrease was due to fewer court placements to state correction facilities due to NE juvenile justice reform legislation. There was an increase in the number of students who exited the neglect program placement before 13-14 post testing was completed. Original Response: Subpart 1 is only Neglected, Juvenile Corrections and Adult Corrections.					

**FAQ on long-term students:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013 through June 30, 2014.

**2.4.1.6.2 Academic Performance in Mathematics – Subpart 1**

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>Neglected Programs</b>	<b>Juvenile Detention</b>	<b>Juvenile Corrections</b>	<b>Adult Corrections</b>	<b>Other Programs</b>
Long-term students with negative grade level change from the pre- to post-test exams	4		86	18

Long-term students with improvement up to one full grade level from the pre- to post-test exams	S		55	7	
Long-term students with improvement of more than one full grade level from the pre- to post-test exams	0		116	28	
<b>Comments:</b> Subpart 1 is only Neglected, Juvenile Corrections and Adult Corrections.					

**2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2**

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

**2.4.2.1 Programs and Facilities – Subpart 2**

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

**FAQ on average length of stay:**

*How is average length of stay calculated?* The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

**2.4.2.1.1 Programs and Facilities That Reported - Subpart 2**

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (IDEA), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

**Comments:** Additional Explanation: An increased number of students are reported as earning course credit after exit as all 4 centers reported exit data in 13-14 as compared to only 1 center reporting exit data in 12-13 year's reporting.

Original Response: Some facility data systems are not able to collect all exit outcome data for accepted or enrolled in post-secondary education, obtained employment, or enrolled in job training courses/programs. State system does not collect all data for exit outcomes. NDE Data meetings in process to assist in capturing exit data.

**2.4.2.6 Academic Performance – Subpart 2**

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 2 in reading and mathematics.

**2.4.2.6.1 Academic Performance in Reading – Subpart 2**

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading pre- and post-testing. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2013, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention Facilities</b>	<b>Juvenile Corrections Facilities</b>	<b>Other Programs</b>
Long-term students with negative grade level change from the pre- to post-test exams			26		
Long-term students with no change in grade level from the pre- to post-test exams			24		
Long-term students with improvement up to one full grade level from the pre- to post-test exams			25		
Long-term students with improvement of more than one full grade level from the pre- to post-test exams			38		
<b>Comments:</b> Subpart 2 is Juvenile Detention only.					

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013, through June 30, 2014.

*Is reporting pre-posttest data for at-risk programs required?* No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.4.2.6.2 Academic Performance in Mathematics – Subpart 2**

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention Facilities</b>	<b>Juvenile Corrections Facilities</b>	<b>Other Programs</b>
Long-term students with negative grade level change from the pre- to post-test exams			12		
Long-term students with no change in grade level from the pre- to post-test exams			35		
Long-term students with improvement up to one full grade level from the pre- to post-test exams			27		
Long-term students with improvement of more than one full grade level from the pre- to post-test exams			41		
<b>Comments:</b> Subpart 2 is Juvenile Detention only.					

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2013, through June 30, 2014.

*Is reporting pre/post-test data for at-risk programs required?* No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.9 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)**

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

**2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds**

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEAs
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	0
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	0
Educational technology, including software and hardware as described in Title II, Part D	1
Parental involvement activities	0
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	0

**2.11 GRADUATION RATES**<sup>4</sup>

This section collects graduation rates.

**2.11.1 Regulatory Adjusted Cohort Graduation Rates**

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2013-14). Below the table are FAQs about the data collected in this table.

**Note:** States are not required to report these data by the racial/ethnic groups shown in the table below; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that have been mapped from the major racial and ethnic groups identified in their workbooks, to the racial/ethnic groups shown.

Student Group	Graduation Rate
All Students	89.70
American Indian or Alaska Native	69.00
Asian or Pacific Islander	78.00
<i>Asian</i>	78.00
<i>Native Hawaiian or Other Pacific Islander</i>	77.00
Black or African American	81.00
Hispanic or Latino	82.80
White	92.80
Two or more races	87.00
Children with disabilities ( <i>IDEA</i> )	72.00
Limited English proficient (LEP) students	60.00
Economically disadvantaged students	82.40

**FAQs on graduation rates:**

*What is the regulatory adjusted cohort graduation rate?* For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf>.

The response is limited to 8,000 characters.

<sup>4</sup> The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

## 2.12 LISTS OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States with approved ESEA Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED Facts and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

### 2.12.1 List of Schools for ESEA Flexibility States

#### 2.12.1.1 List of Reward Schools

**Instructions for States that identified reward schools<sup>5</sup> under ESEA flexibility for SY 2014-15 :** Provide the information listed in the bullets below for those schools.

- | District Name
- | District NCES ID Code
- | School Name
- | School NCES ID Code
- | Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- | Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- | Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- | Whether the school met the 95 percent participation rate target for the mathematics assessment
- | Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- | Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- | If applicable, State-specific status in addition to reward (e.g., grade, star, or level)
- | Whether the school was identified as a high progress or high performing reward school
