| Question Number | Issue Description |
|------------------------|---|
| 1.9.1.1; 1.9.1.2 | The number of homeless children/youth enrolled by grade reported in Section 1.9.1.1 does not equal the number of homeless children/youth by primary nighttime residence. In SY2015-16, Arizona allowed LEAs to use "unknown" as a primary nighttime residence type which is not a permitted value allowed in 1.9.1.2. Thus, the total number of homeless children/youth enrolled in 1.9.1.2 is less than the total reported in 1.9.1.1. |
| 1.9.3 | The number of homeless enrolled students who took an assessment and received a valid score in SY2015-16 is significantly less than the prior year. Arizona indicated that the reporting of homeless students was adversely affected by a transition to a new student data system |
