On-Line Alaska School Information System

**DATA HANDBOOK FOR
SCHOOLS AND DISTRICTS**

August 26, 2005

CONSIDERATIONS FOR FALL 2005

1) Correspondence students that live outside of the state of Alaska are not eligible for funding unless the student was present and living in Alaska last year.

4 AAC 09.015(k) is amended to read:

(k) A correspondence program student living outside of this state is not eligible for school funding under AS 14.17. [UNLESS THE STUDENT WAS PHYSICALLY PRESENT AND RESIDING WITHIN THIS STATE IN THE PRECEDING SCHOOL YEAR.] (Eff. 1/15/87, Register 101; am 12/13/87, Register 104; am 8/5/90, Register 115; am 6/2/95, Register 134; am 12/30/98, Register 148; am 7/22/99, Register 151; am 8/9/2002, Register 163; am __/__/__, Register __)

Authority: AS 14.07.060 AS 14.07.060 AS 14.17.410 AS 14.17.420 AS 14.17.430 AS 14.17.500 AS 14.17.600 AS 14.17.920

2) The date for determining school age has changed from August 15 to September 1.

House Bill 338 provides that a child must reach the age of six on or before September 1 to be considered school age, but allows a local school board to delegate to the chief school administrator the authority to admit a student under school age if the student meets minimum standards. The change of school age is to make Alaska consistent with many other states, and to make it easier on Alaska's transient population.

HOUSE BILL NO. 338

"An Act relating to attendance at public school; and providing for an effective date."
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

* **Section 1.** AS 14.03.080(c) is amended to read

(c) A child under school age may be admitted to the public school in the school district of which the child is a resident at the discretion of the governing body of the school district if the child meets minimum standards prescribed by the board evidencing that the child has the mental, physical, and emotional capacity to perform satisfactorily for the educational program being offered. A district's educational program must prescribe that under school age students advance through the curriculum or grade level by the following school year. **A governing body may delegate the authority granted under this subsection to the chief school administrator of the school district.**

Sec. 2. AS 14.03.080(d) is amended to read:

(d) A child who is five years of age **on or before September 1** [AUGUST 15] following the beginning of the school year, and who is under school age, may enter a public school kindergarten.

Sec. 3. This Act takes effect July 1, 2004.

3) The "Multi-Ethnic" category has been added to the list of Race/Ethnicity Codes.

4 AAC 06.830. Subgroups. (Multi-Ethnic Students will now be identified for AYP purposes).

4 AAC 06.899. Definitions. (Defines "Multi-Ethnic Students").

CONSIDERATIONS FOR FALL 2005 (Continued)

4) The date for identifying students with disabilities for the Special Education Child Count has changed to October 1 of each year. Since October 1 falls on a Saturday this year please use Monday, October 3 as the count date this year.

5) Please be aware that changes to *Field 17 - Special Education Placement* are coming this year. The data collection form has not yet received OMB clearance. The new codes are expected to be approved soon and will become effective immediately. We will communicate to school districts as soon as we are instructed to use the new codes.

Note: If the new codes are approved before the count period begins then we are required to implement them immediately.

The new code set for Special Education Placement is included as Appendix C. The code descriptions are included as Appendix D.

Below is the communication that has been sent to District Special Education Directors:

Special Education Directors and Student Data Managers,

It has come to my attention that OSEP (Office of Special Education Programs) has redefined the environments (also called placements) for all 3-5 year old children receiving special education services. Although they intended to have us report on these new environments this year, the data collection form has not yet received OMB clearance. It is rumored that OMB has received a lot of negative public comment about the very quick timeline for implementing these new definitions. I expect the form to clear OMB by mid-September, but do not know if they will require us to report on the new or old environments for this year. The purpose of this note is to let you know that these changes are coming (most likely this year, but possibly not until next year). If you will need to start changing your system now, I would recommend that you add a new data field for the new codes without removing the old codes. Until we know which codes will be required for this year's reporting, DO NOT remove the old codes from your system. I will notify you the minute I hear that the form has received OMB clearance. At that time I will know which codes we will be collecting in the 2005-06 OASIS data collection in October. Thank you for your patience in this matter.

The attached file shows the new definitions from the Draft OSEP document and codes that we will be using once they go into effect.

Data Transmission Procedures

1. Districts must submit a complete set of data elements defined in this data dictionary for each student for whom Foundation Funding is being sought from the Department of Education and Early Development.
2. **4 AAC 07.060 (a) (7) now states that the AK Student Identifier must appear in each electronic record containing student-level information that is reported to the department. This number replaces the Social Security Number that was previously collected in the Student Identifier Field (Field 1). Please see Appendix B to view the specific regulation.**
3. To accommodate the different computer systems extant in Alaska and facilitate data reporting, districts will have two file format options for reporting data:
 - fixed length, CR between each record
 - variable-length comma or tab delimited, CR between each record
 - other formats may be acceptable (call Erik McCormick @ 465-8686)
4. Acceptable media are:
 - floppy disks (3.5 in.)
 - Zip Drive Diskettes
 - CD ROM.
 - If FTP data transmission is to be used, data must be encrypted using PGP or another encryption routine acceptable to the Department of Education. Data must be transmitted in binary format.
4. Districts using Apple MacIntosh computer systems must provide data in a DOS file format on DOS formatted media.

	09	Ninth grade	
	10	Tenth grade	
	11	Eleventh grade	
	12	Twelfth grade	
12	FTE Enrollment Level (FTE Percent)	Number	4/4
	This is the full-time or part-time enrollment status of the student expressed in full-time equivalent (FTE) percentage. The FTE reported is for the <i>most recent</i> 20-day Foundation Formula count period as specified by AS 14.17.600. The decimal must be included.		
	<u>Example</u>		
	1.00	(full time)	
	0.75	(3/4 time)	
	0.50	(1/2 time)	
	0.25	(1/4 time)	
13	Days in Membership During Student Count Period	Number	2/2
	This is the total number of Days in Membership that the student was enrolled in the district during the most recent 20-day Foundation Formula count period as specified by AS 14.17.600 (in whole numbers) The count period starts on Monday, October 3rd and ends on Friday, October 28th.		
14	Intensive Level of Funding (Special Education)	Yes/No	1/1
	This code indicates whether the student is claimed for special education funding at the Intensive level		
	<u>Code</u>	<u>Description</u>	
	Y	Student is claimed for Intensive Funding	
	N	Student is not claimed for Intensive Funding

Appendix B: [4 AAC 07.060. Student records](#)

Statute text

- (a) Each district shall maintain for each student a cumulative record consisting, at a minimum, of the following:**
- (1) subjects student has taken;
 - (2) grades earned and an explanation of the grading system used;
 - (3) units of credit earned;
 - (4) attendance records;
 - (5) scores student has recorded on standard tests taken; and
 - (6) records of required immunizations and physical examinations and other health-related matters required by state law or district policy or bylaws; and
 - (7) beginning August 31, 2002, a unique 10-digit individual student identification number issued by the department; the student identification number must appear in each electronic record containing student-level information that is reported to the department; the student identification number must appear on each student examination booklet administered under 4 AAC 06.712, 4 AAC 06.730, 4 AAC 06.737, and 4 AAC 06.755.**

Appendix C: New Special Education Environment Codes (3-5)

17	Special Education Environment	Number	2/2
If OMB clears the new OSEP form, these codes (20-27) will replace the old 3-5 year old codes (01-08).			
<u>Code</u>	<u>Description</u>		
Codes 01 - 08 are for children ages 3-5 only. See Appendix X for detailed definitions.			
20	Regular Early Childhood Program at <u>least 80%</u> of time		
21	Regular Early Childhood Program <u>40% - 79%</u> of time		
22	Regular Early Childhood Program <u>less than 40%</u> of time		
23	Attending Special Ed. Program in a <u>Separate Class</u>		
24	Attending Special Ed. Program in a <u>Separate School</u>		
25	Attending Special Ed. Program in a <u>Residential Facility</u>		
26	Not Attending Regular or Special Ed. Program, but receiving services at a <u>Service Provider Location</u>

05	Residential Facility		
06	Separate School		
07	Itinerant Service Outside The Home (Optional)		
08	Reverse Mainstream Setting (Optional)		
Codes 09 - 18 are for children ages 6-21 only.			
09	Special Education Outside Regular Class Less Than 21% Of Day		
10	Special Education Outside Regular Class At Least 21% Of Day And No More Than 60% Of Day		
11	Special Education Outside Regular Class More Than 60% Of Day		
12	Public Separate School Facility		
13	Private Separate School Facility		
14	Public Residential Facility		
15	Private Residential Facility		
16	Homebound/Hospital		
17	Served in a Correctional Facility		
18	Enrolled in private school and not placed or referred by public agency		

This code represents the environment in which children with disabilities have been placed for educational services. Include this code for every child receiving Special Education services as indicated by Field #17.

Appendix D: New Environment Codes for 3-5 Year Old Special Education Students

When reporting educational environments for children ages 3 through 5, use the following decision rules to determine which environment to use when reporting each child. Remember, these codes are age based so if the child is 3-5 years old on October 3, one of these codes must be used even if they are in kindergarten. If they are 6-21 years old on October 3, please refer to the other set of environment (placement) codes (9-18). These codes are not part of this document but are in the OASIS Handbook.

1. The first factor to consider is whether the child is attending a regular early childhood program, as defined below. If so, report the child in code 20, 21 or 22. Report the child in one of these environments even if the child receives special education services in other environments. Refer to the instructions in the section below to determine which of percent of time category is appropriate.

Early childhood program. A program that includes at least 50 percent nondisabled children. Early childhood programs include, but are not limited to:

Head Start;

kindergarten;

reverse mainstream classrooms;

private preschools;

preschool classes offered to an eligible pre-kindergarten population by the public school system; and

group child care.

Attendance at an early childhood program need not be funded by IDEA, Part B funds.

2. If the child does not attend a regular early childhood program or kindergarten, the next factor to consider is whether the child attends a special education program, as defined below. If so, report the child in codes 23, 24 or 25 according to the location of the special education program. Report the child in one of these environments even if the child also receives special education at home or in a service provider location.

Special education program. A program that includes 49% or more children with disabilities. Special education programs include, but are not limited to, special education and related services provided in:

special education classrooms in regular school buildings;

special education classrooms in child care facilities, hospital facilities on an outpatient basis, or other community-based settings;

special education classrooms in trailers or portables outside regular school buildings;

separate schools; and

residential facilities.

3. If the child does not attend a regular early childhood program or a special education program, the next factor to consider is whether the child receives some or all of his/her special education services in the home. If the child receives any of his/her special education services in the home, report the child in code 27.
4. If the child does not receive any special education services in the home, report the child in code 26.

Calculating Time in Regular Early Childhood Programs

When determining whether to report a child in code 20, 21 or 22, you must calculate the percentage of time the child spends in a regular early childhood program. The numerator for this calculation is the amount of time per week the child spends in a regular early childhood program. The denominator for this calculation is the *total number of hours the child spends in a regular early childhood program PLUS any time the child spent receiving special education and related services outside of a regular early childhood program*. The result is multiplied by 100. For example,

- If the child attends a regular early childhood program 6 hours a week and receives special education and related services in a special education program for an additional 4 hours a week, report the child in A2, in the regular early childhood program 40% to 79% of time ($6 \div 10 = .60 * 100 = 60\%$). Include in the denominator any time spent receiving special education in the special education program. This is true even if the child receives little or no special education in the early childhood program.
- If the child attends a regular early childhood program 6 hours a week and receives 1 hour of special education and related services at home and an additional half hour of special education and related services at a service provider location, report the child in A1, in the regular early childhood program at least 80% of time ($6 \div 7.5 = 0.8 * 100 = 80\%$).
- If a child is pulled out of the regular early childhood program to receive special education, this is considered time *outside* the regular early childhood program. Include this time in the denominator but not the numerator of the calculation. For example, if a child attends a regular early childhood program for 6 hours a week, and is pulled out of that environment for 2 hours each week to receive speech instruction, report the child in A2, in the regular early childhood program 40% to 79% of time ($4 \div 6 = .67 * 100 = 67\%$).

All Codes and their definition:

- Code 20 In the regular early childhood program at least 80% of time. Attends an early childhood program and are in the early childhood program for at least 80% of time (see Instructions for Calculating Time in Regular Early Childhood Programs).
- Code 21 In the regular early childhood program 40% to 79% of time. Attends an early childhood program and are in the early childhood program for no more than 79% but no less than 49% of time (see instructions for Calculating Time in Regular Early Childhood Programs).
- Code 22 In the regular early childhood program less than 40% of time. Attends an early childhood program and are in the early childhood program for less than 40% of time (see instructions for Calculating Time in Regular Early Childhood Programs).
- Code 23 Separate class. Attends a special education program in a class with less than 50% nondisabled children. (Do not include children who also attended a regular early childhood program. These children should be reported in codes 20, 21 or 22.)

- Code 24 Separate school. Receives education programs in public or private day schools designed specifically for children with disabilities. (Do not include children who also attended a regular early childhood program. These children should be reported in codes 20, 21 or 22.)
- Code 25 Residential facility. Receives education programs in publicly or privately operated residential schools or residential medical facilities on an inpatient basis. (Do not include children who also attended a regular early childhood program. These children should be reported in codes 20, 21 or 22.)
- Code 27 Home. Receives special education and related services in the principal residence of the child's family or caregivers, and does not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility. Include children who receive special education both at home and in a service provider location.
- Code 26 Service provider location. Receives all of their special education and related services from a service provider, and does not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility. For example, speech instruction provided in:
- private clinicians' offices,
 - clinicians' offices located in school buildings,
 - hospital facilities on an outpatient basis, and
 - libraries and other public locations.

Do not include children who also received special education at home. Children who received special education both in a service provider location and at home should be reported in the home category.
