

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

JUN 17 2009

Honorable Bert Schulte
Commissioner of Education
Missouri Department of Elementary
& Secondary Education
205 Jefferson Street, 6th Floor
Jefferson City, Missouri 65102

Dear Commissioner Schulte:

During the week of March 30-April 3, 2009, a team from the U. S. Department of Education's (ED) Student Achievement and School Accountability Programs (SASA) office reviewed the Missouri Department of Elementary and Secondary Education's (MDESE) administration of the Title III program authorized by the Elementary and Secondary Education Act of 1965 (ESEA), as amended. Enclosed is a report based upon the review of the Title III program.

The enclosed report contains a listing of the critical monitoring elements for the Title III program, a description of the scope of the monitoring review, and the findings, required corrective actions, and recommendations that the team cited as a result of the review. The MDESE has 30 business days from receipt of this report to respond to all of the compliance issues contained herein. ED staff will review MDESE response for sufficiency and will determine which areas are acceptable and which will require further documentation of implementation. ED will allow 30 business days for receipt of this further documentation if required. ED recognizes that some corrective actions may require longer than the prescribed 30 days, and in these instances ED will work with MDESE to determine a reasonable timeline. In those instances where additional time is required to implement specific corrective actions, MDESE must submit a request for such an extension in writing to ED, including a timeline for completion of all related actions.

Each State that participates in an onsite monitoring review and that has significant compliance findings in one or more of the programs monitored will have a condition placed on that program's grant award specifying that the State must submit (and receive approval of) documentation that all compliance issues identified in the monitoring report have been corrected. When documentation sufficient to address all compliance areas has been submitted and approved, ED will then remove the condition from your grant award.

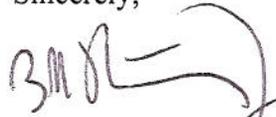

Page 2 - Honorable Bert Schulte

Please be aware that the issues presented in the enclosed report reflect the status of compliance in Missouri at the time of SASA's onsite review. Missouri may receive further communication from ED that will require it to address noncompliance occurring prior or subsequent to the onsite review.

The ED team would like to thank Craig Rector and his staff for their hard work and the assistance they provided prior to and during the review in gathering materials and providing access to information in a timely manner. The ED team was impressed with the efforts of the State's staff to implement the many requirements of the Title III program.

We look forward to working further with the State's staff to resolve the issues contained in this report and to improve the quality of the Title III program in Missouri.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Zollie Stevenson, Jr.', with a stylized flourish at the end.

Zollie Stevenson, Jr., Ph.D.

Director

Student Achievement and

School Accountability Programs

Enclosure
