

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

FEB 25 2014

Honorable Rob Saxton  
Office of Deputy Superintendent of Public Instruction  
Oregon Department of Education  
255 Capitol Street, NE  
Salem, Oregon 97310-0203

Dear Superintendent Saxton:

The U.S. Department of Education's (ED) Student Achievement and School Accountability Programs (SASA) office reviewed the Oregon Department of Education's (ODE) administration of the Title III program authorized by the Elementary and Secondary Education Act of 1965 (ESEA), as amended, during the week of September 10-13, 2013. Enclosed is a report based upon the review of the Title III program.

The report includes a brief description of the scope of the monitoring review, recommendations and findings, and required corrective actions resulting from the review. The ODE has 30 business days from receipt of this report to respond to all findings cited in the report. ED will review the State's response to determine if all findings have been addressed sufficiently and request additional information, if necessary. ED will allow 30 business days for the State to submit additional information or work with the State to identify a reasonable timeline that allows the State to address and correct all findings. A State that has significant unresolved findings or findings that are repeated from one monitoring review to the next may have a condition placed on its grant award.

Please note that the findings cited in the report reflect the status of compliance in Oregon at the time of the onsite review.

The ED team would like to thank the ODE for their hard work and assistance before and during the review. We look forward to continuing to work with you and your staff to address the needs of English language learners.

Sincerely,

Monique M. Chism, Ph.D.

Director

Student Achievement and

School Accountability Programs
