The Honorable Randall I. Dorn
State Superintendent of Public Instruction
Office of the Superintendent of Public Instruction
P.O. Box 47200
Olympia, Washington 98504

Dear Superintendent Dorn,

On November 25–26, 2013, a team from the U. S. Department of Education’s (ED’s) Office of Elementary and Secondary Education and Office of Special Education Programs conducted Part B monitoring of the Washington Office of the Superintendent of Public Instruction’s (OSPI’s) implementation of its approved ESEA flexibility request. Part B monitoring aims to continue the collaborative relationship begun during the request approval process, provide ED with a deeper understanding of each State educational agency’s (SEA’s) goals and approaches to implementing ESEA flexibility, and ensure that the SEA has the critical elements of ESEA flexibility in place to continue implementation of its plan.

The review focused on the following ESEA flexibility elements:

- SEA Systems and Processes, including Monitoring, Technical Assistance, Data Collection and Use, and Family & Community Engagement and Outreach
- Transitioning to and Implementing College- and Career-ready Standards
- Adopting English Language Proficiency Standards
- Developing and Administering High-Quality Assessments
- Developing and Administering Alternate Assessments
- Developing and Administering English Language Proficiency Assessments
- Annually Reporting College-going and College-credit Accumulation Rates
- Developing and Implementing a State-Based System of Differentiated Recognition, Accountability, and Support
- Reward, Priority, Focus, and Other Title I Schools
- State and Local Report Cards; and
- Teacher and Principal Evaluation and Support Systems.

Enclosed is a report based upon this review. The report includes highlights of OSPI’s implementation of ESEA flexibility and, for each indicator, a snapshot of OSPI’s progress in implementing ESEA flexibility. If appropriate, the report also includes “next steps” that were discussed with the SEA during an exit conference conducted on December 16, 2013 to ensure that OSPI implements flexibility consistent with its approved request and the timelines and principles of ESEA flexibility. OSPI should respond to the “next steps” through the ESEA flexibility extension process. This report will be posted on the ESEA flexibility website.
