Consolidated State Plan
Peer Review Criteria
PEER REVIEW PROCESS

ESEA SECTION 1111(a)

- The Secretary must establish a peer review process to assist in the review of State plans
- The purpose of the peer review process is to:
  - Maximize collaboration with each State
  - Promote effective implementation of the challenging State academic standards through State and local innovation
  - Provide transparent, timely, and objective feedback to States designed to strengthen the technical and overall quality of the State plans
PEER REVIEW PROCESS

- Peer reviewers will conduct an objective review of State plans and out of respect for State and local judgments, with the goal of supporting State and local-led innovation and providing objective feedback on the technical, educational, and overall quality of a State plan, including the validity and reliability of each element of the plan (ESEA Section 1111(a)(4)(c)).

- Peer reviewers will make recommendations to the Department to inform our review of each State’s plan.
PEER REVIEW CRITERIA

PORTIONS OF THE PLAN PEER REVIEWED

- The Department has issued Consolidated State Plan Peer Review Criteria for programs that are being peer reviewed (i.e., Title I, Part A; Title III, Part A; and McKinney-Vento)
- All other programs will be reviewed by Department staff
- The Department will not issue review criteria for the other covered programs but encourages States to thoughtfully consider whether they have addressed each component of each requirement
PEER REVIEW CRITERIA

- Consolidated State Plan Peer Review Criteria are intended to:
  - Support States as they develop their consolidated State plans
  - Inform peer reviewers as they evaluate each consolidated State plan
PEER REVIEW CRITERIA

HOW TO USE THE PEER REVIEW CRITERIA

- **Consolidated State Plan Peer Review Criteria** outlines required elements in order to help an SEA ensure that it is fully addressing the applicable statutory and regulatory requirements in its State plan.

- We encourage an SEA to use the peer review criteria when developing responses to the requirements in the Consolidated State Plan Template for the peer reviewed programs (i.e., Title I, Part A; Title III, Part A; and McKinney-Vento).
PEER REVIEW CRITERIA

HOW TO USE THE PEER REVIEW CRITERIA

- If an SEA has provided insufficient information for peer reviewers to determine whether any question is fully addressed, peer reviewers will determine that the SEA has not fully addressed that requirement and indicate what additional information or clarification may be needed.

- A description or information to some questions are required only if the specific circumstances addressed in the question are applicable to the SEA submitting the consolidated State plan (e.g., if the SEA establishes an extended-year adjusted cohort graduation rate in addition to a four-year adjusted cohort graduation rate in item A.4.iii.b.2).
PEER REVIEW CRITERIA

OUTCOMES OF THE PEER REVIEW PROCESS

- Peer review notes will serve as recommendations to the Department staff to inform our review of each State’s plan.
- After the peer review is completed, each State will receive:
  - Peer reviewer notes on peer reviewed ESEA programs in the State’s plan, i.e., Title I, Part A and Title III, Part A
  - Peer reviewer notes for McKinney-Vento
  - Communication regarding areas that must be addressed prior to approval
