STATE PLAN
PEER REVIEW CRITERIA

The Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act

U.S. Department of Education
Issued: March 2017
Introduction

In order to receive Federal funds under the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA), 1 each State educational agency (SEA) must submit a State plan or application for each program. Section 8302 of the ESEA requires the Secretary to establish procedures and criteria in order to simplify the application requirements across various ESEA programs and reduce burden for each SEA that submits a consolidated State plan, after consultation with the Governor. The purposes of the consolidated State plan are to:

- Improve teaching and learning by encouraging greater cross-program coordination, planning, and service delivery;
- Provide greater flexibility to State and local authorities through consolidated plans; and
- Enhance the integration of programs under the ESEA with State and local programs.

The Secretary must establish, for each covered program under section 8302 of the ESEA, and additional programs designated by the Secretary, the descriptions, information, assurances, and other material to be included in a consolidated State plan.

Each SEA may submit a consolidated State plan for:

- Title I, Part A: Improving Basic Programs Operated by Local Educational Agencies
- Title I, Part C: Education of Migratory Children
- Title I, Part D: Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk
- Title II, Part A: Supporting Effective Instruction
- Title III, Part A: English Language Acquisition, Language Enhancement, and Academic Achievement
- Title IV, Part A: Student Support and Academic Enrichment Grants
- Title IV, Part B: 21st Century Community Learning Centers
- Title V, Part B, Subpart 2: Rural and Low-Income School Program
- Title VII, Subpart B of the McKinney-Vento Homeless Assistance Act: Education for Homeless Children and Youth Program (McKinney-Vento)

If an SEA chooses to submit a consolidated State plan, it must address all of the requirements detailed in the consolidated State plan template, available at: [www2.ed.gov/policy/elsec/leg/essa/index.html](http://www2.ed.gov/policy/elsec/leg/essa/index.html), for the programs that it chooses to include in its consolidated State plan.

The U.S. Department of Education (Department) will conduct a peer review only of the portions of a State plan related to Title I, Part A (ESEA sections 1111(a)(4) and 8451(d)); Title III, Part A (ESEA section 3113(c)); and Subtitle B of Title VII of the McKinney-Vento Act; (section 724(a) of the McKinney-Vento Act). In order to ensure an objective peer review process, this document includes criteria to: 1) support each SEA developing a consolidated State plan for the sections that will be peer reviewed; and 2) guide peer reviewers who will evaluate these sections. 2 The other sections of the

---

1 Unless otherwise indicated, citations to the ESEA refer to the ESEA, as amended by the ESSA.
2 If a State chooses to submit an individual program application for Title I, Part A; Title III, Part A; or the McKinney-Vento program, peer reviewers will apply these criteria when evaluating these requirements. Peer
The consolidated State plan will be reviewed by staff at the Department. The criteria included in this document were developed based on the statutory and regulatory requirements and include only those questions that are necessary to help peers assess if each State plan meets those requirements.

If you are interested in commenting on this guidance, please email your comment to OESE.Guidance@ed.gov or write to us at the following address:

U.S. Department of Education

**Peer Review Process for Title I, Part A and Title III, Part A**

Consistent with ESEA sections 1111(a)(4) and 3113(c), the Department will conduct a peer review of the sections in each SEA’s consolidated State plan related to Title I, Part A and Title III, Part A. The purpose of the Title I, Part A peer review is to 1) maximize collaboration with each State; 2) promote effective implementation of the challenging State academic standards through State and local innovation; and 3) provide transparent, timely, and objective feedback to States designed to strengthen the technical and overall quality of the State plans. (ESEA section 1111(a)(4)(B))

**Selection of peer reviewers.**

ESEA section 1111(a)(4)(A)(ii) requires that the Department establish multidisciplinary peer-review teams with members that represent:

1. Parents, teachers, principals, other school leaders, specialized instructional support personnel, SEAs, local educational agencies (LEAs), and the community (including the business community); and
2. Researchers who are familiar with the implementation of academic standards, assessments, or accountability systems and how to meet the needs of disadvantaged students, children with disabilities, and English learners, the needs of low-performing schools, and other educational needs of students.

Reviewers will also evaluate the program-specific requirements found in each individual program statute that is not reflected in this document.

3 Pursuant to Regulatory Congressional Review Act (CRA) (5 U.S.C. §§ 801-808), Accountability and State Plan regulations (Parts 200 and 299) have no force and effect.
The peer review panels must also include, to the extent practicable, majority representation of individuals who, in the most recent two years, have had practical experience in the classroom, school administration, or State or local government (such as direct employees of a school, LEA, or SEA) and must represent a regionally diverse cross-section of States.

**Role of peer reviewers.**

Peer reviewers apply their professional judgment and experiences when responding to the questions in response to the criteria below. Consistent with ESEA section 1111(a)(4)(C), peer reviewers will conduct an objective review of State plans in their totality and out of respect for State and local judgments, with the goal of supporting State- and local-led innovation and providing objective feedback on the technical, educational, and overall quality of a State plan, including the validity and reliability of each element of the plan. Their responses to the questions inform the written determination of the Secretary regarding the consolidated State plan.

Peer reviewers will first independently review the State plans for Title I, Part A and Title III, Part A submitted by an SEA and record their responses to the questions. Each peer reviewer will note where changes may be necessary for the SEA to fully address statutory and regulatory requirements and may also present suggestions for improving the plan or to highlight best practices. Next, a panel of peer reviewers will discuss each SEA’s plan to strengthen their understanding and inform their individual evaluations. The panel of peer reviewers will generate one set of peer review notes that reflect their collective review and evaluation of the SEA’s consolidated State plan, but the panel is not required to reach consensus.

The Department will provide training to all peer reviewers based on the criteria detailed below. Consistent with ESEA section 1111(a)(5), the Department will make publicly available all peer review guidance, training, final peer panel notes, and names of peer reviewers at the completion of the review.

**Peer Review Process for the McKinney-Vento Act**

Consistent with section 724(a) of the McKinney-Vento Act, the Department will conduct a peer review to evaluate whether State laws, policies, and practices described in such plan adequately address the problems of homeless children and youth relating to access to education and placement as described in such plan. The peer review of McKinney-Vento State plans will be conducted separately from the peer review of Title I, Part A and Title III, Part A with support from the National Center for Homeless Education.

**Outcomes of the Peer Review Process**

After the peer review is completed, each SEA will receive peer review notes that include the peer reviewers’ responses to the questions and any recommendations to improve its consolidated State plan in the sections that the peers reviewed. The peer review notes serve two purposes: 1) they constitute the official record of the peer review panel’s responses to questions regarding how an SEA’s State plan addresses the statutory and regulatory requirements; and 2) they provide technical assistance to the SEA on how to improve its plan. The peer review notes also serve as recommendations to the Secretary to determine what, if any, additional information to request from the SEA. Taking into consideration the peer reviewers’ recommendations, the Department will provide feedback to an SEA that outlines the areas the SEA must address, if any, prior to the Secretary’s approving its consolidated State plan. If a plan cannot be approved, the Department will offer the State an opportunity to revise and resubmit its plan and have a hearing, consistent with ESEA section 8451.

**How to Use This Document**
The peer review criteria are intended to 1) support States as they develop their consolidated State plans, and 2) inform peer review teams as they evaluate each consolidated State plan. This document outlines required elements in order for an SEA to fully address the applicable statutory and regulatory requirements. If an SEA has provided insufficient information for peer reviewers to determine whether any question is fully addressed, peer reviewers should determine that the SEA has not fully addressed that requirement and indicate what additional information or clarification may be needed. Note that answers to some questions are required only if the specific circumstances addressed in the question are applicable to the SEA submitting the consolidated State plan (e.g., if the SEA establishes an extended-year adjusted cohort graduation rate in addition to a four-year adjusted cohort graduation rate in item A.4.iii.b.2 below). For these particular questions, if the circumstances addressed in the question do not apply to the SEA, the SEA is not required to answer the question in order to fully address the statutory and regulatory requirements.
SECTION A: TITLE I, PART A: IMPROVING BASIC PROGRAMS OPERATED BY LEAS

A.1: Challenging State Academic Standards and Assessments

Note: State Plan template item A.1 is submitted as part of the separate assessment peer review process consistent with ESEA section 1111(b) and 34 CFR § 200.2(d), and thus has no applicable peer review criteria in this document.

A.2: Eighth Grade Math Exception (ESEA section 1111(b)(2)(C) and 34 CFR § 200.5(b)(4))

Note: State Plan template items A.2.i and A.2.ii require binary yes/no responses from SEAs, and thus have no applicable peer review criteria.

A.2.iii: Strategies (ESEA section 1111(b)(2)(C); 34 CFR § 200.5(b)(4))

➢ If applicable, does the SEA describe, regarding the 8th grade math exception, its strategies to provide all students in the State the opportunity to be prepared for and take advanced mathematics coursework in middle school (e.g., appropriate data and evidence that the strategies are likely to provide all students in the State that opportunity)?

A.3: Native Language Assessments (ESEA section 1111(b)(2)(F) and 34 CFR § 200.6(f)(2)(ii) and (f)(4))

A.3.i: Definition

➢ Does the SEA provide its definition of “languages other than English that are present to a significant extent in the participating student population”? 
➢ Does the SEA identify the specific languages that meet that definition? 
➢ Does the SEA’s definition include at least the most populous language other than English spoken by the State’s participating student population?
➢ In determining which languages are present to a significant extent in the participating student population, does the SEA describe how it considered languages other than English that are spoken by distinct populations of English learners, including English learners who are migratory, English learners who were not born in the United States, and English learners who are Native Americans?
➢ In determining which languages are present to a significant extent in the participating student population, does the SEA describe how it considered languages other than English that are spoken by a significant portion of the participating student population in one or more of the State’s LEAs, as

---

4 In order for an SEA to exempt an 8th grade student from the mathematics assessment typically administered in 8th grade under ESEA section 1111(b)(2)(B)(v)(I)(aa), it must ensure that: a. the student instead takes the end-of-course mathematics assessment the State administers to high school students under ESEA section 1111(b)(2)(B)(v)(I)(bb); b. the student’s performance on the high school assessment is used in the year in which the student takes the assessment for purposes of measuring academic achievement under ESEA section 1111(c)(4)(B)(i) and participation in assessments under ESEA section 1111(c)(4)(E); and c. in high school: (1) the student takes a State-administered end-of-course assessment or nationally recognized high school academic assessment as defined in 34 CFR § 200.3(d) in mathematics that is more advanced than the assessment the State administers for 8th graders under ESEA section 1111(b)(2)(B)(v)(I)(bb); (2) the State provides for appropriate accommodations consistent with 34 CFR § 200.6(b) and (f); and (3) the student’s performance on the more advanced mathematics assessment is used for purposes of measuring academic achievement under ESEA section 1111(c)(4)(B)(i) and participation in assessments under ESEA section 1111(c)(4)(E).
well as languages spoken by a significant portion of the participating student population across grade levels?

A.3.ii: Existing Assessments in Languages other than English
➢ Does the SEA identify any existing assessments that it makes available in languages other than English, and specify for which grades and content areas those assessments are available?

A.3.iii: Assessments not Available and Needed
➢ Does the SEA indicate the languages other than English that are present to a significant extent in the participating student population, as defined by the SEA and identified under A.3.i of the consolidated State plan, for which yearly student academic assessments are not available and are needed?

A.3.iv: Efforts to Develop Assessments
➢ Does the SEA describe how it will make every effort to develop assessments in, at a minimum, languages other than English that are present to a significant extent in the participating student population, as defined by the SEA and identified under A.3.i of the consolidated State plan template?
➢ Does the SEA’s description of how it will make every effort to develop assessments in, at a minimum, languages other than English that are present to a significant extent in the participating student population include the State’s plan and timeline for developing such assessments?
➢ Does the SEA’s description of how it will make every effort to develop assessments in, at a minimum, languages other than English that are present to a significant extent in the participating student population include a description of the process the State used to:
   o 1) gather meaningful input on the need for assessments in languages other than English;
   o 2) collect and respond to public comment; and
   o 3) consult with educators, parents and families of English learners, students, as appropriate, and other stakeholders?
➢ If applicable, does the SEA’s description of how it will make every effort to develop assessments in, at a minimum, languages other than English that are present to a significant extent in the participating student population include an explanation of the reasons (e.g., legal barriers) the State has not been able to complete the development of such assessments despite making every effort?

A.4: Statewide Accountability Systems & School Support and Improvement (ESEA section 1111(c) and (d))
A.4.i: Subgroups (ESEA section 1111(b)(3), 1111(c)(2))

A.4.i.a: Major Racial and Ethnic Subgroups of Students (ESEA section 1111(c)(2)(B))
➢ Does the SEA list each major racial and ethnic group that the SEA includes as a subgroup of students in its accountability system?

A.4.i.b: Additional Subgroups at SEA Discretion
➢ If applicable, does the SEA describe any additional subgroups of students other than the statutorily required subgroups (i.e., economically disadvantaged students, students from each major racial and ethnic group, children with disabilities, and English learners) included in its statewide accountability system?

A.4.i.c: Previously Identified English Learners

Note: State Plan template item A.4.i.c requires a binary yes/no response from SEAs, and thus has no applicable peer review criteria.
A.4.i.d: If Applicable, Exception for Recently Arrived English Learners

Note: This peer review criterion applies only if a State selects the third option in item A.4.i.d in the consolidated State plan template for recently arrived English learners under which the State applies the exception under ESEA section 1111(b)(3)(A)(i) or the exception under ESEA section 1111(b)(3)(A)(ii) to a recently arrived English learner.

- Does the SEA describe how it will choose which exception applies to a recently arrived English learner (e.g., a statewide procedure that considers English language proficiency level in determining which, if any, exception applies)?

A.4.ii: Minimum N-Size (ESEA section 1111(c)(3)(A))

A.4.ii.a: Minimum N-Size for Accountability (ESEA section 1111(c)(3)(A)(i))

- Does the SEA provide the minimum number of students that the State determines is necessary to meet the requirements of any provisions under Title I, Part A of the ESEA that require disaggregation of information by each subgroup of students for accountability purposes, including annual meaningful differentiation and identification of schools?
- Is the minimum number of students the same State-determined number for all students and for each subgroup of students in the State (i.e., economically disadvantaged students, students from each major racial and ethnic group, children with disabilities, and English learners) for accountability purposes?

A.4.ii.b: Statistical Soundness of Minimum N-Size (ESEA section 1111(c)(3)(A)(i))

- Is the selected minimum number of students statistically sound?  

A.4.ii.c: How the SEA Determined Minimum N-Size (ESEA section 1111(c)(3)(A)(ii))

- Does the SEA describe how it determined the minimum number of students?
- Does the description include how the State collaborated with teachers, principals, other school leaders, parents, and other stakeholders when determining such minimum number?

A.4.ii.d: Minimum N-Size and Ensuring Student Privacy (ESEA section 1111(c)(3)(A)(iii))

- Does the SEA describe how it ensures that the minimum number of students will protect the privacy of individual students?  

---

5 Consistent with ESEA section 1111(i), information collected or disseminated under ESEA section 1111 shall be collected and disseminated in a manner that protects the privacy of individuals consistent with section 444 of the General Education Provisions Act (20 U.S.C. 1232g, commonly known as the “Family Educational Rights and Privacy Act of 1974”). When selecting a minimum n-size for reporting, States should consult the Institute of Education Sciences report “Best Practices for Determining Subgroup Size in Accountability Systems While Protecting Personally Identifiable Student Information” to identify appropriate statistical disclosure limitation strategies for protecting student privacy.

6 See footnote 5 above for further guidance.
A.4.ii.e: If Applicable, Minimum N-Size for Reporting

- If the SEA’s minimum number of students for purposes of reporting is lower than the minimum number of students for accountability purposes, does the SEA provide the minimum number of students for purposes of reporting?
- Is the SEA’s minimum number of students for purposes of reporting consistent with the requirements in ESEA section 1111(i), including with respect to privacy and statistical reliability?

A.4.iii: Establishment of Long-Term Goals (ESEA section 1111(c)(4)(A))

A.4.iii.a: Academic Achievement (ESEA section 1111(c)(4)(A)(i)(I)(aa))

A.4.iii.a.1: Long-term goals

- Does the SEA identify (i.e., by providing a numeric measure) and describe the long-term goals for all students for improved academic achievement, as measured by grade-level proficiency on the annual statewide reading/language arts and mathematics assessments (which must apply the same academic achievement standards to all public school students in the State, except those with the most significant cognitive disabilities)?
- Does the SEA identify and describe long-term goals for each subgroup of students?
- Does the SEA’s description include baseline data for all students and for each subgroup of students?
- Does the SEA’s description include the timeline for meeting the long-term goals?
- Is the timeline the same multi-year length of time for all students and for each subgroup of students?
- Are the long-term goals ambitious?

A.4.iii.a.2: Measurements of interim progress

- Does the SEA provide measurements of interim progress toward meeting the long-term goals for all students?
- Does the SEA provide measurements of interim progress toward meeting the long-term goals for each subgroup of students?

A.4.iii.a.3: Improvement necessary to close statewide proficiency gaps

- Do the long-term goals and measurements of interim progress for academic achievement take into account the improvement necessary for subgroups of students who are behind in reaching those goals to make significant progress in closing statewide proficiency gaps, such that the State’s long-term goals require greater rates of improvement for subgroups of students that are lower achieving?

A.4.iii.b: Graduation Rate (ESEA section 1111(c)(4)(A)(i)(I)(bb))

A.4.iii.b.1: Long-term goals for four-year adjusted cohort graduation rate

- Does the SEA identify and describe the long-term goals for the four-year adjusted cohort graduation rate for all students?
- Does the SEA identify and describe the long-term goals for the four-year adjusted cohort graduation rate for each subgroup of students?
- Does the SEA’s description include baseline data for all students and for each subgroup of students?
- Does the SEA’s description include the timeline for meeting the long-term goals?
- Is the timeline the same multi-year length of time for all students and for each subgroup of students?
- Are the long-term goals ambitious?

A.4.iii.b.2: If applicable, long-term goals for each extended-year adjusted cohort graduation rate

- If applicable (i.e., if the SEA chooses, at its discretion, to establish long-term goals for one or more extended-year rates), does the SEA identify and describe the long-term goals for each extended-year adjusted cohort graduation rate for all students?
If applicable (i.e., if the SEA chooses, at its discretion, to establish long-term goals for one or more extended-year rates), does the SEA identify and describe the long-term goals for each extended-year adjusted cohort graduation rate for each subgroup of students?

Does the SEA’s description include baseline data for all students and for each subgroup of students?

Does the SEA’s description include the timeline for meeting the long-term goals?

Is the timeline the same multi-year length of time for all students and for each subgroup of students?

Are the long-term goals ambitious?

Are the long-term goals more rigorous than the long-term goals set for the four-year adjusted cohort graduation rate?

A.4.iii.b.3: Measurements of interim progress

Does the SEA provide measurements of interim progress toward the long-term goals for the four-year adjusted cohort graduation rate and any extended-year adjusted cohort graduation rate for all students?

Does the SEA provide measurements of interim progress toward the long-term goals for the four-year adjusted cohort graduation rate and any extended-year adjusted cohort graduation rate for each subgroup of students?

A.4.iii.b.4: Improvement necessary to close statewide graduation rate gaps

Do the long-term goals and measurements of interim progress for the four-year adjusted cohort graduation rate and any extended-year adjusted cohort graduation rate take into account the improvement necessary for subgroups of students who are behind in reaching those goals to make significant progress in closing statewide graduation rate gaps, such that the State’s long-term goals require greater rates of improvement for subgroups of students that graduate from high school at lower rates?

A.4.iii.c: English Language Proficiency (ESEA section 1111(c)(4)(A)(ii))

A.4.iii.c.1: Long-term goals

Does the SEA identify and describe the long-term goal for increases in the percentage of English learners making progress in achieving English language proficiency, as measured by the statewide English language proficiency assessment?

Does the SEA’s description include baseline data?

Does the SEA’s description include the State-determined timeline for English learners to achieve English language proficiency?

Is the long-term goal ambitious?

A.4.iii.c.2: Measurements of interim progress

Does the SEA provide measurements of interim progress toward the long-term goal for increases in the percentage of English learners making progress in achieving English language proficiency?

A.4.iv: Indicators (ESEA section 1111(c)(4)(B), 1111(c)(4)(E)(ii))

Note: A single indicator may consist of multiple components or measures. Peers must review each such component or measure for compliance with all of the required elements.

A.4.iv.a: Academic Achievement

Does the SEA describe the Academic Achievement indicator used in its statewide accountability system, including that the SEA uses the same indicator for all schools in all LEAs across the State?

Does the description include how the SEA calculates the indicator, including: 1) that the calculation is consistent for all schools, in all LEAs, across the State; 2) a description of the weighting of reading/language arts achievement relative to mathematics achievement; 3) if the State uses one, a
description of the performance index; 4) if, at the high school level, the indicator includes a measure of student growth, a description of the growth measure (e.g., a growth model); and 5) if the State averages data, a description of how it averages data across years and/or grades (e.g., does the State use a uniform averaging procedure across all schools)?

➢ Is the indicator valid and reliable?
➢ Is the indicator based on the SEA’s long-term goals?
➢ Can the indicator be disaggregated for each subgroup of students?
➢ Is the indicator measured by grade-level proficiency on the annual statewide reading/language arts and mathematics assessments?
➢ Does the indicator measure the performance of at least 95 percent of all students and 95 percent of all students in each subgroup?

A.4.iv.b: Other Academic Indicator for Elementary and Secondary Schools that are Not High Schools

Note: If the SEA uses a different Other Academic indicator for each grade span, peer reviewers must separately review each indicator that an SEA submits. For example, if an SEA submits one Other Academic indicator for elementary schools and a different Other Academic indicator for middle schools, then peer reviewers will provide feedback, using the criteria below, separately for each indicator.

➢ Does the SEA describe the Other Academic indicator used in its statewide accountability system for public elementary and secondary schools that are not high schools, including that the SEA uses the same indicator and calculates it in the same way for all elementary and secondary schools that are not high schools, in all LEAs, across the State, except that the indicator may vary by each grade span?
➢ Does the SEA describe, if applicable, how it averages data across years and/or grades (e.g., does the State use a uniform averaging procedure across all schools)?
➢ If the SEA uses a different indicator for each grade span, does it describe each indicator, including the grade span to which it applies?
➢ If the Other Academic indicator is not a measure of student growth, is the indicator another valid and reliable statewide academic indicator?
➢ If the Other Academic indicator is not a measure of student growth, does the indicator allow for meaningful differentiation in school performance?
➢ Can the indicator be disaggregated for each subgroup of students?

A.4.iv.c: Graduation Rate

➢ Does the SEA describe the Graduation Rate indicator used in its statewide accountability system for public high schools in the State, including that the SEA uses the same indicator across all LEAs in the State?
➢ Does the description include how the SEA calculates the indicator including: 1) that the calculation is consistent for all high schools, in all LEAs, across the State; 2), if applicable, whether the SEA chooses to lag adjusted cohort graduation rate data; and 3) if applicable, how the SEA averages data (e.g., consistent with the provisions in ESEA section 8101(23) and (25), which permit averaging graduation rate data over three years for very small schools)?
➢ Is the indicator valid and reliable?
➢ Is the indicator based on the SEA’s long-term goals?
➢ Is the indicator based on the four-year adjusted cohort graduation rate?
➢ If the State, at its discretion, also includes one or more extended-year adjusted cohort graduation rates, does the description include how the four-year adjusted cohort graduation rate is combined with that rate or rates within the indicator?
➢ If applicable, does the SEA’s description include how the State includes in its four-year adjusted cohort graduation rate and any extended-year adjusted cohort graduation rates students with the most significant cognitive disabilities assessed using an alternate assessment aligned to alternate academic
achievement standards under ESEA section 1111(b)(2)(D) and awarded a State-defined alternate diploma under ESEA section 8101(23) and (25)?

Can the indicator be disaggregated for each subgroup of students?

A.4.iv.d: Progress in Achieving English Language Proficiency Indicator

Does the SEA describe the Progress in Achieving English Language Proficiency indicator used in its statewide accountability system, including that the SEA uses the same indicator across all LEAs in the State?

Is the indicator valid and reliable?

Is the Progress in Achieving English Language Proficiency indicator aligned with the State-determined timeline described in A.4.iii.c.1?

Does the indicator consistently measure statewide the progress of all English learners in each of grades 3 through 8 and in the grade for which such English learners are otherwise assessed under ESEA section 1111(b)(2)(B)(v)(I) during grades 9 through 12?

Does the SEA’s description include the State’s definition of English language proficiency, based on the State English language proficiency assessment?

A.4.iv.e: School Quality or Student Success Indicator(s)

Note: Peer reviewers must separately review each School Quality or Student Success indicator that an SEA submits. For example, if an SEA submits one School Quality or Student Success indicator for high schools and a different School Quality or Student Success indicator for elementary and middle schools, then peer reviewers will provide feedback, using the criteria below, separately for each indicator. For any School Quality or Student Success indicator that does not apply to all grade spans, the SEA’s description must include the grade spans to which it does apply. (ESEA section 1111(c)(4)(B)(v))

Does the SEA describe each School Quality or Student Success indicator used in its statewide accountability system for all public schools in the State?

If the SEA uses a different indicator for each grade span, does it describe each indicator, including the grade span to which it applies?

Does the indicator allow for meaningful differentiation in school performance?

Is the indicator valid, reliable, comparable, used statewide in all schools (for the grade span to which it applies), and calculated in a consistent way?

Can the indicator be disaggregated for each subgroup of students?

A.4.v: Annual Meaningful Differentiation (ESEA section 1111(c)(4)(C))

A.4.v.a: State’s System of Annual Meaningful Differentiation

Does the SEA describe its system of meaningfully differentiating, on an annual basis, all public schools in the State?

Is the State’s system of annual meaningful differentiation based on all indicators in the State’s accountability system?

Does the State’s system of annual meaningful differentiation include the performance of all students and each subgroup of students on each of the indicators in the State’s accountability system?

A.4.v.b: Weighting of Indicators

Does the SEA describe the weighting of each indicator in its system of annual meaningful differentiation, including how the weighting is adjusted for schools for which an indicator cannot be calculated due to the minimum number of students (e.g., for the Progress in Achieving English Language Proficiency indicator)?
Do the Academic Achievement, Other Academic, Graduation Rate, and Progress in Achieving English Language Proficiency indicators each receive substantial weight individually?

Do the Academic Achievement, Other Academic, Graduation Rate, and Progress in Achieving English Language Proficiency indicators receive, in the aggregate, much greater weight than the School Quality or Student Success indicator(s), in the aggregate?

A.4.v.c: If Applicable, Different Methodology for Annual Meaningful Differentiation

If the SEA uses a different methodology or methodologies for annual meaningful differentiation than the one described in 4.v.a of the State’s plan for schools for which an accountability determination cannot be made (e.g., P-2 schools), does it describe the different methodology or methodologies, including how the methodology or methodologies will be used to identify schools for comprehensive or targeted support and improvement?

Does the SEA’s description of a different methodology indicate the type(s) of schools to which it applies?

A.4.vi: Identification of Schools (ESEA section 1111(c)(4)(D), 1111(d)(2)(C)-(D))

A.4.vi.a: Comprehensive Support and Improvement Schools—Lowest Performing

Does the SEA describe its methodology to identify not less than the lowest-performing five percent of all schools receiving Title I, Part A funds in the State for comprehensive support and improvement including, if applicable, how it averages data (e.g., does the State use a uniform averaging procedure across all schools)?

Does the SEA’s methodology result in the identification of not less than the lowest-performing five percent of all schools receiving Title I, Part A funds in the State for comprehensive support and improvement?

Does the SEA include the year in which it will first identify these schools for comprehensive support and improvement (i.e., does the timeline comply with the Department’s guidance)?

A.4.vi.b: Comprehensive Support and Improvement Schools—Low Graduation Rates

Does the SEA describe its methodology to identify all public high schools in the State failing to graduate one-third or more of their students for comprehensive support and improvement, including:

1) a description of whether the SEA uses one or more extended-year adjusted cohort graduation rates in addition to the four-year adjusted cohort graduation rate and
2) if applicable, how the SEA averages data (e.g., does the State use a uniform averaging procedure across all schools)?

Does the SEA’s methodology result in the identification of all public high schools in the State failing to graduate one-third or more of their students for comprehensive support and improvement?

Does the SEA include the year in which it will first identify these schools for comprehensive support and improvement (i.e., does the timeline comply with the Department’s guidance)?

A.4.vi.c: Comprehensive Support and Improvement Schools—Additional Targeted Support Not Exiting Such Status

Does the SEA describe its methodology to identify schools receiving Title I, Part A funds that have received additional targeted support under ESEA section 1111(d)(2)(C) (i.e., based on identification as a school in which the performance of any subgroup of students, on its own, would lead to identification as one of the lowest-performing five percent) that have not satisfied the statewide exit criteria for such schools within a State-determined number of years?

Does the SEA’s methodology result in the identification of such schools?
Does the SEA include the year in which it will first identify these schools for comprehensive support and improvement (i.e., does the timeline comply with the Department’s guidance)?

A.4.vi.d: Frequency of Identification

- Does the SEA include the frequency with which the State will identify each type of school for comprehensive support and improvement after the first year of identification?
- Does the SEA’s timeline result in identification of these schools at least once every three years?

A.4.vi.e: Targeted Support and Improvement Schools—“Consistently Underperforming” Subgroups

- Does the SEA describe its methodology to identify schools with one or more “consistently underperforming” subgroups of students, including its definition of “consistently underperforming”?
- Does the SEA’s methodology result in the identification of any school with one or more “consistently underperforming” subgroups of students?
- Is the methodology based on all indicators in the statewide system of annual meaningful differentiation?
- Does the SEA identify these schools annually?

A.4.vi.f: Targeted Support and Improvement Schools—Additional Targeted Support

- Does the SEA describe its methodology to identify schools in which the performance of any subgroup of students, on its own, would lead to identification under ESEA section 1111(c)(4)(D)(i)(I) using the State’s methodology under ESEA section 1111(c)(4)(D) (i.e., the methodology described above in A.4.vi.a), including: 1) whether the methodology identifies these schools from among all public schools in the State or from among only the schools identified as schools with one or more consistently underperforming subgroups and 2) if applicable, how the SEA averages data (e.g., does the State use a uniform averaging procedure across all schools)?
- Does the SEA’s methodology result in identification of such schools?
- Does the SEA include the year in which the State will first identify such schools (i.e., does the timeline comply with the Department’s guidance)?
- Does the SEA include the frequency with which the State will identify such schools after the first year of identification?

A.4.vi.g: If Applicable, Additional Statewide Categories of Schools

- If the State chooses, at its discretion, to include additional statewide categories of schools, does the SEA describe those categories?

A.4.vii: Annual Measure of Achievement (ESEA section 1111(c)(4)(E)(iii))

- Does the SEA describe how it factors the requirement for 95 percent participation of all students and 95 percent of all students in each subgroup of students in statewide mathematics and reading/language arts assessments into the statewide accountability system?
- If applicable, does the SEA describe how the SEA differentiates its approach based on such factors as the number of subgroups in the school missing the participation rate requirement, the length of time over which the school has missed the requirement, or the degree to which the school missed the requirement (e.g., 92 percent participation rate vs. 70 percent participation)?

A.4.viii: Continued Support for School and Local Educational Agency Improvement (ESEA Section 1111(d)(3)(A))
A.4.viii.a: Exit Criteria for Comprehensive Support and Improvement Schools (ESEA section 1111(d)(3)(A)(i)(I))

- Does the SEA describe its statewide exit criteria for schools identified for comprehensive support and improvement, which may include how the exit criteria are aligned with the State’s long-term goals and measurements of interim progress?
- Does the SEA’s description include the number of years within which schools are expected to meet such criteria?
- Is the number of years no more than four years?
- Do the exit criteria ensure continued progress to improve student academic achievement and school success in the State (e.g., do the exit criteria improve student outcomes and ensure that a school that exits no longer meets the criteria under which the school was identified)?

- Does the SEA describe its statewide exit criteria for schools receiving additional targeted support under ESEA section 1111(d)(2)(C), which may include how the exit criteria align with the State’s long-term goals and measurements of interim progress and the requirement that the goals and measurements of interim progress take into account the improvement necessary to close statewide proficiency and graduation rate gaps?
- Does the SEA’s description include the number of years within which schools are expected to meet such criteria?
- Do the exit criteria ensure continued progress to improve student academic achievement and school success in the State (e.g., do the exit criteria improve student outcomes for the subgroup or subgroups that led to the school’s identification and ensure that a school that exits no longer meets the criteria under which the school was identified)?

A.4.viii.c: More Rigorous Interventions (ESEA section 1111(d)(3)(A)(i)(I))

- Does the SEA describe the more rigorous State-determined action required for schools identified for comprehensive support and improvement that fail to meet the SEA’s exit criteria within a State-determined number of years, which may include interventions that address school-level operations, such as changes in school staffing and budgeting or the school day and year?

- Does the SEA describe how it will periodically review resource allocation to support school improvement in each LEA in the State serving a significant number or percentage of schools identified for comprehensive or targeted support and improvement?

A.4.viii.e: Technical Assistance (ESEA section 1111(d)(3)(A)(iii))

- Does the SEA describe the technical assistance that it will provide to each LEA in the State serving a significant number or percentage of schools identified for comprehensive or targeted support and improvement?
- Is the technical assistance likely to improve student outcomes by, for example, 1) identifying State-approved evidence-based interventions; 2) supporting LEAs and schools in the development and implementation of support and improvement plans; and 3) differentiating the technical assistance?

A.4.viii.f: If Applicable, Additional Optional Action

- If applicable, does the SEA describe the action that it will take to initiate additional improvement in any LEA with a significant number or percentage of schools that it consistently identifies for comprehensive support and improvement and are not meeting the State’s exit criteria or in any LEA
with a significant number or percentage of schools implementing targeted support and improvement plans?

A.5: Disproportionate Rates of Access to Educators (ESEA section 1111(g)(1)(B))

➢ Does the SEA describe the extent, if any, that low-income children enrolled in schools assisted under Title I, Part A are served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers, which may include the State definition of ineffective, out-of-field, and inexperienced teachers?
➢ Does the SEA describe the extent, if any, that minority children enrolled in schools assisted under Title I, Part A are served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers, which may include the State definition of ineffective, out-of-field, and inexperienced teachers?
➢ Does the SEA describe the measures (e.g., data used to calculate the disproportionate rates) that it will use to evaluate and publicly report its progress with respect to how low-income and minority children are not served at disproportionate rates by ineffective, out-of-field, and inexperienced teachers? 

A.6: School Conditions (ESEA Section 1111(g)(1)(C))

➢ Does the SEA describe how it will support LEAs receiving assistance under Title I, Part A to improve school conditions for student learning?
➢ Does the SEA’s description include how it will support LEAs to reduce incidences of bullying and harassment?
➢ Does the SEA’s description include how it will support LEAs to reduce the overuse of discipline practices that remove students from the classroom?
➢ Does the SEA’s description include how it will support LEAs to reduce the use of aversive behavioral interventions that compromise student health and safety?

A.7: School Transitions (ESEA 1111(g)(1)(D))

➢ Does the SEA describe how it will support LEAs receiving assistance under Title I, Part A in meeting the needs of students at all levels of schooling (particularly students in the middle grades and high school)?
➢ Does the SEA’s description include how it will work with LEAs to provide effective transitions of students to middle grades and high school to decrease the risk of students dropping out?

7 Consistent with ESEA section 1111(g)(1)(B), this description should not be construed as requiring a State to develop or implement a teacher, principal or other school leader evaluation system.
SECTION E: TITLE III, PART A, SUBPART 1: ENGLISH LANGUAGE ACQUISITION AND ENHANCEMENT

E.1: Entrance and Exit Procedures (ESEA section 3113(b)(2))

- Does the SEA describe how it will establish and implement, with timely and meaningful consultation with LEAs representing the geographic diversity of the State, standardized statewide entrance and exit procedures for English learners, including a description of how, if applicable, a State will ensure that local input included in the exit procedures, such as teacher input or a portfolio, will be applied statewide?
- Does the SEA’s description include an assurance that all students who may be English learners are assessed for such status within 30 days of enrollment in a school in the State?

E.2: SEA Support for English Learner Progress (ESEA section 3113(b)(6))

- Does the SEA describe how it will assist eligible entities in meeting the State-designed long-term goal for English language proficiency established under ESEA section 1111(c)(4)(A)(ii), including measurements of interim progress towards meeting such goal, based on the State’s English language proficiency assessment under ESEA section 1111(b)(2)(G)?
- Does the SEA describe how it will assist eligible entities in helping to ensure that English learners meet challenging State academic standards?

E.3: Monitoring and Technical Assistance (ESEA section 3113(b)(8))

- Does the SEA describe how it will monitor the progress of each eligible entity receiving a Title III, Part A subgrant in helping English learners achieve English language proficiency?
- Does the SEA describe the steps it will take to further assist eligible entities if the strategies funded under Title III, Part A are not effective, such as by providing technical assistance and support on how to modify such strategies?
SECTION I: EDUCATION FOR HOMELESS CHILDREN AND YOUTH PROGRAM, MCKINNEY-VENTO HOMELESS ASSISTANCE ACT, TITLE VII, SUBTITLE B

I.1: Student Identification (722(g)(1)(B) of the McKinney-Vento Act):

➢ Does the SEA describe the procedures it will use to identify homeless children and youth in the State and to assess their needs?

I.2: Dispute Resolution (722(g)(1)(C) of the McKinney-Vento Act)

➢ Does the SEA describe procedures for the prompt resolution of disputes regarding the educational placement of homeless children and youth?

➢ Does the SEA describe programs for school personnel (including the LEA liaisons for homeless children and youth, principals and other school leaders, attendance officers, teachers, enrollment personnel, and specialized instructional support personnel) to heighten the awareness of such school personnel of the specific needs of homeless children and youth, including such children and youth who are runaway and homeless youth?

I.4: Access to Services (722(g)(1)(F) of the McKinney-Vento Act)

➢ Does the SEA describe procedures that ensure that homeless children have access to public preschool programs, administered by the SEA or LEA, as provided to other children in the State?
➢ Does the SEA describe procedures that ensure that homeless youth and youth separated from public schools are identified and accorded equal access to appropriate secondary education and support services, including by identifying and removing barriers that prevent these youth described from receiving appropriate credit for full or partial coursework satisfactorily completed while attending a prior school, in accordance with State, local, and school policies?
➢ Does the SEA describe procedures that ensure that homeless children and youth who meet the relevant eligibility criteria do not face barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs, if such programs are available at the State and local levels?

I.5: Strategies to Address Other Problems (722(g)(1)(H) of the McKinney-Vento Act)

➢ Does the SEA provide strategies to address other problems with respect to the education of homeless children and youth, including problems resulting from enrollment delays that are caused by (i) requirements of immunization and other required health records; (ii) residency requirements; (iii) lack of birth certificates, school records, or other documentation; (iv) guardianship issues; or (v) uniform or dress code requirements?

I.6: Policies to Remove Barriers (722(g)(1)(I) of the McKinney-Vento Act)

➢ Does the SEA demonstrate that the SEA and LEAs in the State have developed, and shall review and revise, policies to remove barriers to the identification of homeless children and youth, and the enrollment and retention of homeless children and youth in schools in the State, including barriers to enrollment and retention due to outstanding fees or fines, or absences?

I.7: Assistance from Counselors (722(g)(1)(K) of the McKinney-Vento Act)
Does the SEA describe how youths described in section 725(2) will receive assistance from counselors to advise such youths and prepare and improve the readiness of such youths for college?
