

July 7, 2003

Honorable Michael J. Willden  
Director  
Department of Human Resources  
505 East King Street, Room 600  
Carson City, NV 89701-3708

Dear Director Willden:

We have determined that the amendments to your State's application for Fiscal Year (FY) 2003 funds, under Part C of the Individuals with Disabilities Education Act (Part C), can be approved. Therefore, I am enclosing your State's Part C grant award.

The approval is based upon our review and acceptance of the amendments to your State's existing application under Part C, specifically that the Department of Human Resources revised its description of the use of Part C funds for direct services to comply with 34 CFR 303.145(d)(2), and the receipt of required assurances for FY 2003. This includes the assurance from the DHR that the Statewide system of early intervention services required by Part C and its implementing regulations is in effect.

This year, a number of states have either established systems of payments or are considering establishing or revising their systems of payments. Under 34 CFR §303.173(a), each State's Part C application must include the State's policies and procedures that identify: (1) how it will pay for early intervention services (under 34 CFR §303.520(a)); (2) any system of payments that the State chooses to establish (under 34 CFR §303.521(a)); and (3) all funding sources (under 34 CFR §303.522). Although a State is not required under Part C to access public and private insurance available to a family, if a State requires parents under Part C to access their public and/or private insurance, the State must include this information in its Part C application as well as an assurance, under 34 CFR §303.520(b)(3)(ii), that the inability of a parent to pay will not result in the denial of any service under Part C.

States must ensure that all of the functions and early intervention services under 34 CFR §303.521(b) are carried out at public expense (i.e., no cost to the family). Additionally, under 34 CFR §303.521(c), States that provide children with disabilities under age 3 with a free appropriate public education (FAPE) under State law (i.e., birth-mandate States) must ensure that no fees are charged for the FAPE services provided to these children and their families. If a State has a system of payments under 34 CFR §303.521(a), any parent fees collected (for co-payments or other fees for services charged and received by the State's Part C program) are "program income" under 34 CFR §80.25. Program income is not included as part of total "State and local expenditures" for purposes of a State's meeting the non-supplanting requirements under Part C at 20 U.S.C. §1437(b)(5)(B) and 34 CFR §303.124.

Page 2 – Honorable Michael Willden

Part III of the FFY 2003 application for Part C funds requested updated information about each State's restricted indirect cost rate. Based on that form, it is our understanding that you do not currently have an indirect cost rate as required under 34 CFR §§76.563-76.569. By accepting Part C grant funds, your agency (as the lead agency designated under Part C) is agreeing either to use a restricted indirect cost rate or cost allocation plan as required under the Education Department General Administrative Regulations (EDGAR) or to not charge indirect cost rates to the Part C program. Since you do not have an approved rate, the Department has determined that it is necessary to impose a temporary restricted indirect cost rate until such time as you have obtained an approved restricted rate from your cognizant Federal agency, and provide documentation to that effect. Therefore, for this FFY 2003 Part C grant, you may use an indirect cost rate not to exceed 7.25%. This rate is a 50% reduction from your current approved unrestricted rate of 14.5%; the Department has calculated this percentage reduction as the average reduction for Part C lead agencies that have gone from an unrestricted rate to a restricted rate. This rate will remain in effect until we receive evidence of an approved restricted rate.

The enclosed grant award for FFY 2003 is made with the continued understanding that this Office may, from time to time, require clarification of information within your application and appendices, if necessary. These inquiries are needed to allow us to appropriately carry out our administrative responsibilities related to Part C.

We appreciate your ongoing commitment to the provision of quality early intervention services to infants and toddlers with disabilities and their families.

Sincerely,

/s/ Patricia J. Guard for

Stephanie S. Lee  
Director  
Office of Special Education Programs

Enclosure

cc: Janelle Mulvenon  
Part C Coordinator
