Honorables Masa-Aki Emesiochile,
Minister of Education
Ministry of Education
Republic of Palau
Post Office Box 189
Koror, Palau 96940

Dear Minister Emesiochile:

This is to inform you that we have conditionally approved the Republic of Palau’s (ROP’s) application for Federal Fiscal Year (FFY) 2009 funds under Part B of the Individuals with Disabilities Education Act (IDEA). Our conditional approval is based on our review of the application submitted by the Ministry of Education (MOE) to the U.S. Department of Education, Office of Special Education Programs (OSEP), on May 8, 2009 and May 11, 2009, including the assurances provided in Section II and incorporated by reference to this letter as noted in Enclosure A. In addition, the ROP provided specific assurances that it will:

1. Operate consistent with Part B and applicable regulations; and

2. Make such changes to existing policies and procedures as are necessary to bring those policies and procedures into compliance with the requirements of Part B of the IDEA and applicable regulations as soon as possible, and not later than June 30, 2010. Section II of the ROP’s application identifies the IDEA requirements for which the ROP needs to amend policies and procedures and the timelines by which the ROP will amend its policies and procedures in order to comply with Part B and applicable regulations. Within Section II, the ROP has included for each assurance it cannot meet at this time the date by which it expects to complete necessary changes to any policies and procedures that are not yet in compliance with the requirements of Part B and applicable regulations.

Please note that as part of your application for FFY 2009, the ROP has made an assurance, in 34 CFR §80.11(c), that it will comply with all applicable Federal statutes and regulations in effect with respect to the FFY 2009 grant period. Any changes made by the ROP, after OSEP approval, to information that is a part of a State’s application, must meet the public participation requirements in 34 CFR §300.165.

Enclosed is the ROP’s grant award for funds currently available under the Omnibus Appropriations Act, 2009 for the Part B Section 611 (Grants to States) program. These funds are for use primarily in school year 2009-2010 and are available for obligation by States from July 1, 2009 through September 30, 2011 in accordance with 34 CFR §76.709.

The amount shown in your award for the Section 611 program is only part of the total funds that will be awarded to you for FFY 2009. Of the $11,505,211,000 appropriated for Section 611 in FFY 2009, $2,912,828,004 is available for awards on July 1, 2009, and $8,592,382,996 will be available on October 1, 2009.
Under the Section 611 formula, subject to certain maximum and minimum funding requirements, State allocations are based on the amount that each State received from FFY 1999 funds, the general population in the age range for which each State ensures a free appropriate public education (FAPE) to all children with disabilities, and the number of children living in poverty in the age range for which each State ensures FAPE to all children with disabilities.

Enclosure B provides a short description of how Section 611 funds were allocated and how those funds can be used. In addition, Table I in Enclosure B shows funding levels for distribution of Section 611 funds and the parameters for within-State allocations.

The enclosed grant award for FFY 2009 is made with the continued understanding that this Office may, from time to time, require clarification of information within your application, if necessary. These inquiries are needed to allow us to appropriately carry out our administrative responsibilities related to Part B.

We appreciate your ongoing commitment to the provision of quality educational services to children with disabilities.

Sincerely,

Patricia J. Guard
Acting Director
Office of Special Education Programs

1 The amount that a State’s allocation may increase from one year to the next is capped at the amount the State received in the prior year multiplied by the sum of 1.5 percent and the percentage increase in the total amount appropriated for Part B of IDEA from the prior year. Additionally, the maximum amount that a State may receive in any fiscal year is calculated by multiplying the number of children with disabilities ages 3 through 21 served during the 2004-2005 academic year in that State by 40 percent of the annual per pupil expenditure (APPE), adjusted by the rate of annual change in the sum of 85 percent of the children aged 3 through 21 for whom that State ensures FAPE and 15 percent of the children living in poverty. Because there are multiple caps, in any year the “effective cap” on a State’s allocation is the lowest cap for that State.
