SECTION B

B.1. 301-6a

ESTIMATED COST AND INCENTIVE FEE (INCREMENTALLY FUNDED  
CONTRACTS)(MAY 1998)

- (a) It is estimated that the total cost to the Government for full performance of this contract will be \$\_\_\_\_\_ of which \$\_\_\_\_\_ represents the estimated cost and \$ \_\_\_\_\_ represents the target fee (if any). The fee payable under this contract shall be the target fee adjusted in accordance with paragraph (e) of clause 52.216-10, Incentive Fee and \_\_\_\_\_ of this contract.
- (b) Sufficient funds are not presently available to cover the total estimated cost of this contract; however, this contract will follow the concepts of incremental funding described in FAR clause 52.232-22, "Limitation of Funds". Funds currently available for payment and allotted to this contract are \$\_\_\_\_\_ of which \$ \_\_\_\_\_ represents the limitation of reimbursable costs and \$\_\_\_\_\_ represents the amount set aside for fee (if any).
- (c) If and when the contract is fully funded, as specified in paragraph (a) of this clause, the "Limitation of Cost" clause shall become applicable.
- (d) The Contracting Officer may allot additional funds to the contract without the concurrence of the Contractor.

B.2. 52.216-10

INCENTIVE FEE (MAR 1997)

- (a) General. The Government shall pay the Contractor for performing this contract a fee determined as provided in this contract.
- (b) Target cost and target fee. The target cost and target fee specified in the Schedule are subject to adjustment if the contract is modified in accordance with paragraph (d) of this clause.
- (1) "Target cost," as used in this contract, means the estimated cost of this contract as initially negotiated, adjusted in accordance with paragraph (d) below.
- (2) "Target fee," as used in this contract, means the fee initially negotiated on the assumption that this contract would be performed for a cost equal to the estimated cost initially negotiated, adjusted in accordance with paragraph (d) of this clause.
- (c) Withholding of payment. Normally, the Government shall pay the fee to the Contractor as specified in the Schedule. However, when the Contracting Officer considers that performance or cost indicates that the Contractor will not achieve target, the Government shall pay on the basis of an appropriate lesser fee. When the Contractor demonstrates that performance or cost clearly indicates that the Contractor will earn a fee significantly above the target fee, the Government may, at the sole discretion of the Contracting Officer, pay on the basis of an appropriate higher fee. After payment of 85 percent of the applicable fee, the Contracting Officer may withhold further payment of fee until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interest. This reserve shall not exceed 15 percent of the applicable fee or \$100,000, whichever is less. The

SECTION B

Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of the certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(d) Equitable adjustments. When the work under this contract is increased or decreased by a modification to this contract or when any equitable adjustment in the target cost is authorized under any other clause, equitable adjustments in the target cost, target fee, minimum fee, and maximum fee, as appropriate, shall be stated in a supplemental agreement to this contract.

(e) Fee payable. (1) The fee payable under this contract shall be the target fee increased by ten (\$.10) cents for every dollar that the total allowable cost is less than the target cost or decreased by ten (\$.10) cents for every dollar that the total allowable cost exceeds the target cost. In no event shall the fee be greater than ten (10) percent or less than zero (0) percent of the target cost.

(2) The fee shall be subject to adjustment, to the extent provided in paragraph (d) of this clause, and within the minimum and maximum fee limitations in paragraph (e)(1) of this clause, when the total allowable cost is increased or decreased as a consequence of (i) payments made under assignments or (ii) claims excepted from the release as required by paragraph (h)(2) of the Allowable Cost and Payment clause.

(3) If this contract is terminated in its entirety, the portion of the target fee payable shall not be subject to an increase or decrease as provided in this paragraph. The termination shall be accomplished in accordance with other applicable clauses of this contract.

(4) For the purpose of fee adjustment, "total allowable cost" shall not include allowable costs arising out of--

(i) Any of the causes covered by the Excusable Delays clause to the extent that they are beyond the control and without the fault or negligence of the Contractor or any subcontractor;

(ii) The taking effect, after negotiating the target cost, of a statute, court decision, written ruling, or regulation that results in the Contractor's being required to pay or bear the burden of any tax or duty or rate increase in a tax or duty;

(iii) Any direct cost attributed to the Contractor's involvement in litigation as required by the Contracting Officer pursuant to a clause of this contract, including furnishing evidence and information requested pursuant to the Notice and Assistance Regarding Patent and Copyright Infringement clause;

(iv) The purchase and maintenance of additional insurance not in the target cost and required by the Contracting Officer, or claims for reimbursement for liabilities to third persons pursuant to the Insurance Liability to Third Persons clause;

(v) Any claim, loss, or damage resulting from a risk for which the Contractor has been relieved of liability by the Government Property clause; or

(vi) Any claim, loss, or damage resulting from a risk defined in the contract as unusually hazardous or as a nuclear risk and against which

## SECTION B

the Government has expressly agreed to indemnify the Contractor.

(5) All other allowable costs are included in "total allowable cost" for fee adjustment in accordance with this paragraph (e), unless otherwise specifically provided in this contract.

(f) Contract modification. The total allowable cost and the adjusted fee determined as provided in this clause shall be evidenced by a modification to this contract signed by the Contractor and Contracting Officer.

(g) Inconsistencies. In the event of any language inconsistencies between this clause and provisioning documents or Government options under this contract, compensation for spare parts or other supplies and services ordered under such documents shall be determined in accordance with this clause.

The requirements of this clause apply to the Contractor, regardless of which entity performs the covered research. The contractor shall comply with Part 97 and shall ensure that each entity involved in covered research activities complies with Part 97.

(b) The Contractor agrees that the rights and welfare of human subjects involved in research under this contract shall be protected in accordance with 34 CFR Part 97 and with the Contractor's current Assurance of Compliance on file with ED or the Office for Protection from Research Risks, Department of Health and Human Services.

(c) Under no condition shall the Contractor conduct, or allow to be conducted, any covered research activity involving human subjects prior to the Department's receipt of the Certification that the research has been reviewed and approved by the Institutional Review Board (IRB) [34 CFR 97.103(f)]. No covered research involving human subjects shall be initiated under this contract until the Contractor has provided the Contracting Officer (or the Contracting Officer's designee) a properly completed Certification form certifying IRB review and approval of the research activity, and the Contracting Officer or designee has received the Certification. This restriction applies to the activities of each participating entity.

SECTION H  
SPECIAL CONTRACT REQUIREMENTS

(d) In accordance with 34 CFR 97.109(e), an IRB must conduct continuing reviews of covered research activities at intervals appropriate to the degree of risk, but no less than once a year. Covered research activities that are expected to last one year or more are therefore subject to review by an IRB at least once a year.

(1) For each covered activity under this contract that requires continuing review, the contractor shall submit an annual written representation to the Contracting Officer (or the Contracting Officer's designee) stating whether covered research activities have been reviewed and approved by an IRB within the previous 12 months. The contractor may use Optional Form 310 for this representation. For multi-institutional projects, the contractor shall provide this information on its behalf and on behalf of any other entity engaged in covered research activities for which continuing IRB reviews are required.

(2) If the IRB disapproves, suspends, terminates or requires modification of any covered research activities under this contract, the Contractor shall immediately notify the Contracting Officer in writing of the IRB's action.

(e) The Contractor shall bear full responsibility for performing as safely as is feasible all activities under this contract involving the use of human subjects and for complying with all applicable regulations and requirements concerning human subjects. No one (neither the Contractor, nor any subcontractor, agent or employee of the Contractor, nor any other person or organization, institution, or group of any kind whatsoever) involved in the performance of such activities shall be deemed to constitute an agent or employee of the Department of Education or of the Federal Government with respect to such activities. The Contractor agrees to discharge its obligations, duties, and undertakings and the work pursuant thereto, whether requiring professional judgement or otherwise, as an independent Contractor without imputing liability on the part of the Government for the acts of the Contractor and its employees.

(f) Upon discovery of any noncompliance with any of the requirements or standards stated in paragraphs (b), (c) and (d) above, the Contractor shall immediately correct the deficiency. If at any time during performance of this contract, the Contracting Officer determines, in consultation with the Protection of Human Subjects Coordinator, Office of the Chief Financial and Chief Information Officer, or the sponsoring office, that the Contractor is not in compliance with any of the requirements or standards stated in paragraphs (b), (c) and (d) above, the Contracting Officer may immediately suspend, in whole or in part, work and further payments under this contract until the Contractor corrects such noncompliance. Notice of the suspension may be communicated by telephone and confirmed in writing.

(g) The Government may terminate this contract, in full or in part, for failure to fully comply with any regulation or requirement related to human subjects involved in research. Such termination

SECTION H  
SPECIAL CONTRACT REQUIREMENTS

may be in lieu of or in addition to suspension of work or payment. Nothing herein shall be construed to limit the Government's right to terminate the contract for failure to fully comply with such requirements.

H.15. 316-1

ACCESSIBILITY OF SOFTWARE (OCTOBER 1999)

The Department of Education (ED) considers universal accessibility to information a priority for all its employees and external customers, including individuals with disabilities. Under Sections 504 and 508 of the Rehabilitation Act of 1973 (29 U.S.C. sections 794 and 794d, as amended), ED must ensure the accessibility of its programs and activities, specifically its obligation to acquire and use accessible electronic and information technology. ED maintains the manual, "Requirements for Accessible Software Design," to convey the accessibility needs of the Department to the developers and suppliers of computer applications. To comply with the provisions of this clause, the contractor may use the edition of the ED manual "Requirements for Accessible Software Design" in effect at the date of award of this contract or any more recent edition. A copy of the most recent edition of the manual may be found at <http://ocfo.ed.gov/coninfo/clibrary/software.htm>.

(a) Software delivered to or developed for ED--Except as provided in paragraph (b) or (c) of this clause, all software delivered to or developed for ED, under this contract, for use by ED's employees or external customers must meet all the requirements of the ED manual "Requirements for Accessible Software Design." However, in accordance with paragraph (c) of this clause, the contracting officer may waive a particular requirement of the ED Manual, provided that ED's use of the software will meet the requirements of Sections 504 and 508 of the Rehabilitation Act of 1973 (29 U.S.C. sections 794 and 794d, as amended).

(b) Software enhanced or modified for ED--Any enhancements and other modifications, made under this contract to software for use by ED's employees or external customers, are subject to the requirements of paragraph (a) of this clause, regardless of where or how the software was first developed. Except as otherwise specified elsewhere in the contract schedule, the contractor is only required to ensure that enhancements or modifications (not other, preexisting features or components) of the software fully comply with the accessibility requirements of paragraph (a). However, the contractor is encouraged point out any preexisting features or components that do not meet accessibility requirements and to suggest solutions to ensure the software complies.

SECTION H  
SPECIAL CONTRACT REQUIREMENTS

(c) Waiver of requirements--It is recognized that new technologies may provide solutions that are not envisioned in or consistent with the provisions of the manual "Requirements for Accessible Software Design." Also, compliance with certain requirements of the manual may not be feasible for the particular software required. In such extraordinary circumstances, the contracting officer may grant a waiver, in writing, to any requirement of the manual or of this clause if it furthers a public interest of ED and will not significantly impair ED's ability to ensure accessibility of its programs and activities to all its employees and external customers, including individuals with disabilities. To request a waiver, the contractor shall notify the contracting officer in writing, listing the specific accessibility requirements that would not be met and explaining how the accessibility of a particular feature can be achieved by alternative means or why it is not feasible to make a feature of the software accessible.

(d) Condition of payment--The contractor agrees that compliance with the provisions of this clause upon delivery of the software to ED is a condition of payment under this contract.

H.16. 317-1

ACCOMMODATION/ACCESSIBILITY FOR THE DISABLED (OCTOBER 1999)  
The acquisition and management of Federal Information Processing (FIP) resources shall be conducted in a manner that ensures access to computer and telecommunications products and services by all individuals, both federal employees and the public sector, including individuals with disabilities. The acquisition, management and utilization of FIP resources are subject to the computer accommodation and information accessibility for individuals with disabilities contained in Section 508 of the the Workforce Investment Act of 1998, P.L. 105-220; Telecommunications Act of 1996, P.L. 104-104 February 1996, 110 Stat. 56; and in the Telecommunications Accessibility Enhancement Act, P.L. 100-542 October 1988.

FIP resources required under this contract include computer accommodation and information accessibility where the goal is to ensure full access, integration, and continuity of support to all individuals, including individuals with disabilities. "Computer accommodation" means the acquisition or modification of FIP resources to minimize the functional limitations of individuals with disabilities so as to promote productivity and provide access to work-related or public information resources. "Individuals with disabilities" are individuals with limitations of vision, hearing, speech and/or mobility. The contractor shall ensure that FIP resources are equally provided to all individuals, including individuals with disabilities.

Under the latter clause, a Contractor may withhold from delivery data that qualify as limited rights data or restricted computer software, and deliver form, fit, and function data in lieu thereof. The latter clause also may be used with its Alternates II and/or III to obtain delivery of limited rights data or restricted computer software, marked with limited rights or restricted rights notices, as appropriate. In addition, use of Alternate V with this latter clause provides the Government the right to inspect such data at the Contractor's facility.

(b) As an aid in determining the Government's need to include Alternate II or Alternate III in the clause at 52.227-14, Rights in Data--General, the offeror shall complete paragraph (c) of this provision to either state that none of the data qualify as limited rights data or restricted computer software, or identify, to the extent feasible, which of the data qualifies as limited rights data or restricted computer software. Any identification of limited rights data or restricted computer software in the offeror's response is not determinative of the status of such data should a contract be awarded to the offeror.

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR Chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 48 CFR 9903.202. When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of Part I of this provision.

CAUTION: In the absence of specific regulations or agreement, a practice disclosed in a Disclosure Statement shall not, by virtue of such disclosure, be deemed to be a proper, approved, or agreed-to practice for pricing proposals or accumulating and reporting contract performance cost data.

(c) Check the appropriate box below:

/\_/\_/ (1) Certificate of Concurrent Submission of Disclosure Statement.

The offeror hereby certifies that, as a part of the offer, copies of the Disclosure Statement have been submitted as follows: (i) original and one copy to the cognizant Administrative Contracting Officer (ACO) or cognizant Federal agency official authorized to act in that capacity (Federal official), as applicable, and (ii) one copy to the cognizant Federal auditor.

monetary exemption for disclosure, as defined in (3) of this subsection, in the cost accounting period immediately preceding the period in which this offer was submitted and (ii) in accordance with 48 CFR 9903.202-1, the offeror is not yet required to submit a Disclosure Statement. The offeror further certifies that if an award resulting from this proposal has not been made within 90 days after the end of that period, the offeror will immediately submit a revised certificate to the Contracting Officer, in the form specified under subparagraph (c)(1) or (c)(2) of Part I of this provision, as appropriate, to verify submission of a completed Disclosure Statement.

CAUTION: Offerors currently required to disclose because they were awarded a CAS-covered prime contract or subcontract of \$25 million or more in the current cost accounting period may not claim this exemption (4). Further, the exemption applies only in connection with proposals submitted before expiration of the 90-day period following the cost accounting period in which the monetary exemption was exceeded.

II. COST ACCOUNTING STANDARDS--ELIGIBILITY FOR MODIFIED CONTRACT COVERAGE

If the offeror is eligible to use the modified provisions of 48 CFR 9903.201-2(b) and elects to do so, the offeror shall indicate by checking the box below. Checking the box below shall mean that the resultant contract is subject to the Disclosure and Consistency of Cost Accounting Practices clause in lieu of the Cost Accounting Standards clause.

/\_/ The offeror hereby claims an exemption from the Cost Accounting Standards clause under the provisions of 48 CFR 9903.201-2(b) and certifies that the offeror is eligible for use of the Disclosure and Consistency of Cost Accounting Practices clause because during the cost accounting period immediately preceding the period in which this proposal was submitted, the offeror received less than \$25 million in awards of CAS-covered prime contracts and subcontracts, or the offeror did not receive a single CAS-covered award exceeding \$1 million. The offeror further certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

CAUTION: An offeror may not claim the above eligibility for modified contract coverage if this proposal is expected to result in the award of a CAS-covered contract of \$25 million or more or if, during its current cost accounting period, the offeror has been awarded a single CAS-covered prime contract or subcontract of \$25 million or more.

III. ADDITIONAL COST ACCOUNTING STANDARDS APPLICABLE TO EXISTING CONTRACTS

The offeror shall indicate below whether award of the contemplated contract would, in accordance with subparagraph (a)(3) of the Cost Accounting Standards clause, require a change in established cost accounting practices affecting existing contracts and subcontracts.

L.3. 308-1

NOTICE ABOUT RESEARCH ACTIVITIES INVOLVING HUMAN SUBJECTS (MARCH 1999)

(a) Applicable Regulations. Any research activities under this proposed contract involving human subjects are governed by Department of Education (ED) regulations for the protection of human subjects in research, Title 34, Code of Federal Regulations, Part 97 (hereafter, "the regulations"). The regulations require contractors and other entities involved in covered (nonexempt) research activities to establish and maintain procedures for the protection of human subjects. Copies of the regulations and related information on the protection of human research subjects are available on ED's Protection of Human Subjects in Research Web Site at <<http://ocfo.ed.gov/humansub.htm>> and from the Department's Protection of Human Subjects Coordinator, at the address shown below.

(b) Definitions.

- (1) The regulations define research as "a systematic investigation, including research development, testing and evaluation designed to develop or contribute to generalizable knowledge." (If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, such as an exploratory study or the collection of data to test a hypothesis, it is research.) It includes activities that meet this definition, whether or not they are conducted under a program considered "research" for other purposes [34 CFR 97.102(d)].
- (2) The regulations define human subject as "a living

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

individual about whom an investigator (whether professional or student) conducting research obtains data through intervention or interaction with the individual or obtains identifiable private information" [34 CFR 97.102(f)(1)]. The definition of human subjects is met if an activity involves obtaining--

(A) information about a living person by--

- (i) manipulating that person's environment, as might occur when a new instructional technique is tested, or
- (ii) communicating or interacting with the individual, as occurs with surveys and interviews; or

(B) private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information). [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which an individual can reasonably expect will not be made public (for example, a school health record).]

(c) Exemptions. The regulations provide exemptions from coverage for activities in which the only involvement of human subjects will be in one or more of the categories set forth in 34 CFR 97.101(b)(1-6). However, if the research subjects are children, the exemption at 34 CFR 97.101(b)(2)(i.e., research involving use of educational tests, survey procedures, interview procedures or observation of public behavior) is modified by 34 CFR 97.401(b), as explained in paragraph (d) below. Many types of research conducted on behalf of ED's National Center for Education Statistics are exempt under 34 CFR 97.101(b)(3)(ii), since the National Education Statistics Act prohibits disclosure of any individually identifiable information.

(d) Children as research subjects. Paragraph 34 CFR 97.402(a) of the regulations defines children as "persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law of the jurisdiction in which the research will be conducted." Paragraph 34 CFR 97.401(b) of the regulations provides that, if the research involves children as subjects--

(1) The exemption at 34 CFR 97.101(b)(2) does not apply to activities involving--

- (A) survey or interview procedures involving children as subjects, or
- (B) observations of public behavior of children in which the investigator(s) will participate in the activities being observed.

(2) The exemption at 34 CFR 97.101(b)(2) continues to apply, unmodified by 34 CFR 97.401(b), to--

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

- (A) educational tests, and
- (B) observations of public behavior in which the investigator(s) will not participate in the activities being observed.

(e) Proposal Instructions. An offeror proposing to do research that involves human subjects must provide information to ED on the proposed exempt and nonexempt activities. The offeror should submit this information as an attachment to its technical proposal. No specific page limitation applies to this requirement, but the offeror should be brief and to the point.

- (1) For exempt research activities involving human subjects, the offeror should identify the exemption(s) that applies and provide sufficient information to allow ED to determine that the designated exemption(s) is appropriate.
- (2) For covered research activities involving human subjects (whether conducted at the offeror's site or elsewhere), the offeror should identify the organizations (i.e., legally separate entities) that will be involved in the research activities to allow ED to:
  - (A) Determine the identity of the entities that need to submit Assurances and Certifications;
  - (B) Evaluate the adequacy of the proposed Institutional Review Board(s) in light of the research subjects likely to be involved;
  - and
  - (C) Evaluate the appropriateness of the initial and continuing Institutional Review Board review procedures in consideration of the risks to subjects.
- (3) If a reasonable potential exists that a need to conduct research involving human subjects may be identified after award of the contract and the offeror's proposal contains no definite plans for such research:
  - (A) The offeror should briefly describe the circumstances and nature of the potential research involving human subjects.
  - (B) If the offeror believes that an exemption is likely to apply, the offeror should identify the exemption and explain why it would apply.
  - (C) The offeror's proposal should allow adequate time to obtain and submit an Assurance of Compliance and a Certification of Institutional Review Board (IRB) review for any potential covered research that may be identified after award. Offerors are cautioned that no human subjects may be involved in covered research until the research has been reviewed and approved by the IRB and the contractor has submitted to ED an acceptable Assurance and a Certification of IRB review.

(f) Assurances and Certifications.

- (1) For an offeror reasonably likely to receive an award, if ED determines that proposed research activities involving human subjects are covered (i.e., not exempt) under the regulations, the contracting officer will request the offeror to file an

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

acceptable Assurance of Compliance with the regulations and provide Certification of IRB review and approval of the proposed project. In lieu of a new Assurance, ED will accept a current Multiple Project Assurance on file with the Office for Protection from Research Risks, Department of Health and Human Services, if ED determines that the Multiple Project Assurance is appropriate to the proposed covered research activity. Offerors reasonably likely to receive an award and proposing to do research that is covered by the regulations will be contacted by ED and given detailed instructions on filing the Assurances and Certifications.

(2) In accordance with 34 CFR 97, all subcontractors and any other legally separate entity (neither owned nor operated by the offeror) that will be engaged in covered research activities shall be required to have an Assurance on file and to provide to ED Certification of IRB review and approval.

(3) The offeror is responsible for ensuring that it and the other entities submit the required documents to ED in a timely manner. Although an offeror does not need to submit an Assurance of Compliance or a Certification of Institutional Review Board (IRB) review with its initial proposal, the offeror should be prepared to obtain and provide these documents promptly upon request. Failure to submit the documents in a timely manner may result in deferral of an award or award to another offeror.

(g) Offerors may contact ED's Protection of Human Subjects Coordinator to obtain information about the regulations for the protection of human subjects and related policies and guidelines.

The RFP and all of the attachments including the Statement of Work will be available on the OCFO Web Site from the Contract Information/Contract Documents On-Line Page. The Internet address is <http://ocfo.ed.gov>. For technical questions on the OCFO Web Site, call Gary Weaver at 202/401-0083.

To assist you in the preparation of your proposal, the Government has estimated the effort to perform this contract. The estimated level of effort is :

Total Professional Hours = 4,748  
Total Clerical Hours = 1,399  
Total Labor Hours = 6,147

COMMENTS ON SMALL BUSINESS REGULATORY ENFORCEMENT(JUNE 1998)

Small Business Comments are Important:

The Small Business and Agriculture Regulatory Enforcement Ombudsman and 10 Regional Fairness Boards were established to receive comments from small businesses about federal agency enforcement actions. The Ombudsman will annually evaluate the enforcement activities and rate each agency's responsiveness to small business. If you wish to comment on the enforcement actions of the U.S. Department of Education, call 1-888-REG-FAIR (1-888-734-3247).

L.13. 314-1

PAST PERFORMANCE REPORT (MAR 1996)

Each offeror shall submit the following information as a separately bound part of its proposal for both the offeror and proposed major subcontractors. Major, as defined here and in the remainder of sections L and M regarding past performance, is any subcontractor that is subcontracted for a minimum of 25% of the total contract amount. Each major subcontractor shall identify the name of the prime contractor on each of its past performance forms. If the offeror has no relevant corporate or organizational past performance, the offeror may substitute past performance of a predecessor company or of the offeror's management or proposed key personnel who have relevant experience.

A. Each offeror shall submit information about its most recent four contracts, completed in the last three years or currently in process, which are of similar size, scope, complexity or, in any way, are relevant to the effort required by this solicitation. If the offeror's last four similar contracts are all currently in process, submit the last three similar contracts currently in process, and the most recent similar contract completed within the last three years. Contracts listed may include those entered into by the Federal Government, agencies of State and local governments and commercial customers. Contracts with the parent or an affiliate of the offeror may not be used.

Include the following information for each contract and subcontract:

1. Identification
  - a. Name of the contracting activity
  - b. Program title or product name
  - c. Contract number
  - d. Contract type
  - e. Period of performance, including all option periods

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

- f. Contract Value:
    - (1) Initial projected total contract amount including all option periods
    - (2) Final or current projected total contract amount including all option periods
  - g. Points of Contact
    - (1) Contracting officer and telephone and fax number and e-mail address (if known)
    - (2) Administrative contracting officer, if different from above, and telephone and fax number and e-mail address (if known)
    - (3) Program manager, COTR or technical officer and telephone and fax number and e-mail address (if known)
2. Work performed and relevance
- a. Brief synopsis of work performed
  - b. Brief discussion of how the work performed is relevant to the statement of work in this solicitation
  - c. Brief, specific examples of the offeror's high quality performance
3. If any of the listed contracts are award-fee or incentive contracts, include a table showing fees awarded and the minimum and maximum available fee for each period.
4. Paragraph E. below requires you to send a copy of the "Contractor Information Form" to each of your references. In your past performance report, include:
- a. The date you sent the "Contractor Information Form" to each reference.
  - b. How you sent it (e.g., fax, mail, express delivery service, courier, e-mail, etc.).
  - c. To whom you sent it including telephone and fax number and e-mail address (if known).
- B. The offeror may provide information on problems encountered on the contracts and subcontracts identified in A above and corrective actions taken to resolve those problems. Other than the information requested in A above, offerors should not provide general information on their performance on the identified contracts. General performance information will be obtained from the references.
- C. Offerors should understand the difference between experience and past performance. Experience reflects the offeror's capability of performing a requirement. Past performance reflects how well it has performed similar requirements. In assessing past performance, the quality of the offeror's past performance is of primary significance, not the quantity of previous contracts performed. An offeror's experience will be evaluated in the technical proposal. For further guidance on including information on experience or how experience will be evaluated refer to the technical proposal instructions and evaluation criteria.

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

D. The offeror may describe any quality awards or certifications that indicate the offeror possesses a high-quality process for developing and producing the product or service required. Such awards or certifications include, for example, the Malcolm Baldrige Quality Award, other government quality awards, and private sector awards or certifications (e.g., the automobile industry's QS 9000, Sematech's SSQA, or ANSI/EIA-599).

Identify which segment of the company (one division or the entire company) received the award or certification. Describe when the award or certification was bestowed. If the award or certification is over three years old, present evidence that the qualifications still apply. Information about awards will be considered in evaluation of each of the past performance subfactors described in Section M. The offeror may describe how the award relates to one or more of the subfactors.

E. No later than the date proposals are due under this solicitation (see Block 9 of Standard Form 33), send a copy to each of your four references of the "Contractor Performance Information" form attached to this solicitation. Ask each reference to complete the form and return it to the contracting officer as prescribed on the form. Completed forms from references are due 10 calendar days after the date proposals are due under this solicitation. Request that the reference please return the completed form to the contracting officer by this date. Do not ask the reference to give you a copy of the completed form or any information therefrom. Beyond that initial request, you do not need to follow up with the reference; the contracting officer will contact the reference if necessary.

F. Each offeror will be evaluated on its performance under existing and prior contracts for similar products or services. Performance information will be used for both responsibility determinations and as an evaluation factor against which offerors' relative rankings will be compared to assure best value to the government. The government will focus on information that demonstrates quality of performance relative to the size and complexity of the procurement under consideration. The "Contractor Performance Information" form identified in Section J will be used to collect this information. References other than those identified by the offeror may be contacted by the Government with the information received in the evaluation of the offeror's past performance.

L.14. 3452.232-71

INCREMENTAL FUNDING (AUG 1987)

(a) Sufficient funds are not presently available to cover the total cost of the complete project described in this solicitation. However, it is the Government's intention to negotiate and award a contract using the incremental funding concepts described in the clause titled 'Limitation of Funds' in FAR 52.232-22. Under that clause, which will be included in the resultant contract, initial funds will be obligated under the contract to cover an estimated base performance period. Additional funds are intended to be allotted to the contract by contract modification, up to and including the full estimated cost of the entire

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

period of performance. This intent notwithstanding, the Government will not be obligated to reimburse the contractor for cost incurred in excess of the periodic allotments, nor will the contractor be obligated to perform in excess of the amount allotted.

(b) The Limitation of Cost clause in FAR 52.232-20 shall supersede the Limitation of Funds clause in the event the contract becomes fully funded.

L.15. 52.215-20 IV

REQUIREMENTS FOR COST OR PRICING DATA  
OR INFORMATION OTHER THAN COST  
PRICING DATA (OCT 1997)--ALTERNATE IV (OCT 1997)

(a) Submission of cost or pricing data is not required.

(b) Provide information described below:

As part of its business proposal, the offeror shall submit information to help the contracting officer determine the reasonableness of the proposed price and assess cost realism. The offeror should include at least the following information:

The estimated cost and fee (if any) for the base contract period and for any option periods;  
Salaries of proposed key personnel;  
Number of hours proposed for key personnel;  
Indirect cost rates used in preparing the cost proposal;  
Any property or equipment costing over \$1,000 proposed for purchase; and  
Significant assumptions used, such as inflation rates for subsequent years.

The offeror may use the format indicated in Table 15-2 of 15.408 or its own format for this information. The offeror may include other information to show that the offeror can complete the work at the proposed price.

The contracting officer reserves the right to require cost or pricing data if the contracting officer subsequently determines that none of the exceptions under FAR 15.403-1 apply and that the contract amount exceeds the threshold at FAR 15.403-4(a)(1).

L.16. 52.215-1 I

INSTRUCTIONS TO OFFERORS--COMPETITIVE ACQUISITION (FEB 2000)--ALTERNATE I (OCT 1997)

(a) Definitions. As used in this provision--

"Discussions" are negotiations that occur after establishment of the competitive range that may, at the Contracting Officer's discretion, result in the offeror being allowed to revise its proposal.

"In writing" or "written" means any worded or numbered expression which

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

"Proposal modification" is a change made to a proposal before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

"Proposal revision" is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

"Time," if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) Amendments to solicitations. If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals.  
(1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i) and (c)(1)(ii) of this provision.

(2) The first page of the proposal must show--

- (i) The solicitation number;
- (ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);
- (iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;
- (iv) Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation; and
- (v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) Submission, modification, revision, and withdrawal of proposals.

(i) Offerors are responsible for submitting proposals, and any modifications, or revisions, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii)(A) Any proposal, modification, or revision, received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(1) If it was transmitted through an electronic commerce method

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp on that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the provision at 52.215-5, Facsimile Proposals. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in this solicitation.

(6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) Offer expiration date. Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).

(e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall--

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

(1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed--in whole or in part--for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of--or in connection with--the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets \_\_\_\_\_ and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award. (1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offer(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(9) If a cost realism analysis is performed, cost realism may be

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;

(iii) A summary of the rationale for award; and

(iv) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

FACILITIES CAPITAL COST OF MONEY (OCT 1997)

(a) Facilities capital cost of money will be an allowable cost under the contemplated contract, if the criteria for allowability in subparagraph 31.205-10(a)(2) of the Federal Acquisition Regulation are met. One of the allowability criteria requires the prospective contractor to propose facilities capital cost of money in its offer.

(b) If the prospective Contractor does not propose this cost, the resulting contract will include the clause Waiver of Facilities Capital Cost of Money.

L.18. 52.215-20

REQUIREMENTS FOR COST OR PRICING DATA OR INFORMATION OTHER THAN COST OR PRICING DATA (OCT 1997)

(a) Exceptions from cost or pricing data. (1) In lieu of submitting cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) Commercial item exception. For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include--

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, reseller. Also explain the basis of each offered price and its relationship to the

SECTION L  
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS

established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered in the catalog or marketplace.

(b) Requirements for cost or pricing data. If the offeror is not granted an exception from the requirement to submit cost or pricing data, the following applies:

(1) The offeror shall prepare and submit cost or pricing data and supporting attachments in accordance with Table 15-2 of FAR 15.408.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

L.19. 52.232-13

NOTICE OF PROGRESS PAYMENTS (APR 1984)

The need for customary progress payments conforming to the regulations in Subpart 32.5 of the Federal Acquisition Regulation (FAR) will not be considered as a handicap or adverse factor in the award of the contract. The Progress Payments clause included in this solicitation will be included in any resulting contract, modified or altered if necessary in accordance with subsection 52.232-16 and its Alternate I of the FAR. Even though the clause is included in the contract, the clause shall be inoperative during any time the contractor's accounting system and controls are determined by the Government to be inadequate for segregation and accumulation of contract costs.

(5) The offeror's account number and the type of account (checking, savings, or lockbox).

(7) If applicable, the offeror shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the offeror's financial agent is not directly on-line to the Fedwire and, therefore, not the receiver of the wire transfer payment.

SECTION M  
EVALUATION FACTORS FOR AWARD

M.1. 312-2

EVALUATION FACTORS FOR AWARD (FEB 1996)

(A) The Government will make award to the responsible offeror(s) whose offer conforms to the solicitation, has no deficiencies (as defined in FAR 15.301) and is most advantageous to the Government, cost or price and other factors considered. For this solicitation, price will be a substantial factor in source selection, however quality factors (including technical merit and past performance), considered together, are significantly more important than cost or price. The contracting officer will determine whether the difference in quality is worth the difference in cost or price.

(B) Past Performance

1. Each offeror's past performance will be evaluated based on the subfactors below. The past performance rating will be combined with the technical rating at a ratio of 36% past performance to technical to produce a combined quality rating. The relative importance of combined quality factors to cost or price is described in paragraph (A).

2. Past performance subfactors:

- a. Quality of Product or Service - compliance with contract requirements - accuracy of reports - appropriateness of personnel - technical excellence.
- b. Problem Resolution - anticipates and avoids or mitigates problems - satisfactorily overcomes or resolves problems - prompt notification of problems - pro-active - effective contractor-recommended solutions.
- c. Cost Control - within budget - current, accurate and complete billings - costs properly allocated - unallowable costs not billed - relationship of negotiated costs to actual - cost efficiencies.
- d. Timeliness of Performance - meets interim milestones - reliable - stays on schedule despite problems - responsive to technical direction - completes on time, including wrap-up and contract administration - no liquidated damages assessed.
- e. Business Relations - effective management - use of performance-based management techniques - business-like concern for the customer's interests - effective management and selection of subcontractors - effective small/small disadvantaged business subcontracting program - reasonable/cooperative behavior - effective use of technology in management and communication - flexible - minimal staff turnover - maintains high employee morale - resolves disagreements without being unnecessarily litigious.
- f. Customer Service - understands and embraces service and program goals - team approach with the customer - satisfaction of end users with the contractor's service - positive customer feedback - prompt responses - courteous interactions - effective escalations and referrals - initiative and proactive improvements - creative service

strategies.

Bonus Rating--Where the offeror has demonstrated an exceptional performance level in any of the above six subfactors, the contracting officer may give additional consideration for that factor. It is expected that this rating will be used in those rare circumstances when contractor performance clearly exceeds the performance level of "excellent."

3. Past performance evaluation will be based on information obtained from the awards and references listed in the offeror's proposal, other customers known to the Government, consumer protection organizations, and others who may have useful and relevant information. Information will also be considered regarding any major subcontractors, and key personnel records. The currency and relevance of the information, source of the information, context of the data, and general trends in contractor's performance will be considered. The contracting officer will give greater consideration to information about an offeror's past performance that the contracting officer considers either more reliable or more relevant to the effort required by this solicitation.
4. Evaluation of past performance may be quite subjective, based on consideration of all relevant facts and circumstances. It will include consideration of the offeror's commitment to customer satisfaction and will include conclusions of informed judgement.
5. An offeror will be given an opportunity to discuss adverse past performance information, if the offeror has not had a previous opportunity to comment on the information. The contracting officer may review recent contracts to ensure that corrective measures raised in discussions have been implemented. Prompt corrective action in an isolated instance might not outweigh an overall negative trend.
6. If no relevant information on past performance is available for an offeror, the offeror will not be evaluated favorably or unfavorably credit.

(C) Technical Evaluation Criteria: In accordance with the technical evaluation criteria, technical solutions that exceed any mandatory minimums will be given appropriate evaluation credit.
