Michigan Part B FFY 2011 Compliance Data Summary Notes

INDICATOR 4B: The State revised the improvement activities for FFY 2011 and FFY 2012 for this indicator and OSEP accepts those revisions.

The State reported its definition of “significant discrepancy.”

For FFY 2011, the State reported that 138 districts were identified as having a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than ten days in a school year for children with IEPs. The State reported that it reviewed the districts’ policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure compliance with the IDEA, as required by 34 CFR §300.170(b) for the districts identified with significant discrepancies.

The State also reported that 41 districts were identified as having policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.

The State reported that 110 of 832 districts did not meet the State-established minimum “n” size requirement of 30 students with an IEP.

The State reported that it revised (or required the affected districts to revise), the districts’ policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure compliance with the IDEA, pursuant to 34 CFR §300.170(b) for the districts identified with significant discrepancies in FFY 2011.

The State reported that noncompliance identified in FFY 2010 through the review of policies, procedures, and practices, pursuant to 34 CFR §300.170(b), was corrected.

REQUIRED ACTIONS

Because the State reported less than 100% compliance (greater than 0% actual target data for this indicator) for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. The State must demonstrate, in the FFY 2012 APR, that the districts identified with noncompliance in FFY 2011 have corrected the noncompliance, including that the State verified that each district with noncompliance: (1) is correctly implementing the specific regulatory requirement(s) (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the district, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 9: The State reported that four districts were identified with disproportionate representation of racial and ethnic groups in special education and related services. The State also reported that one district was identified with disproportionate representation of racial and ethnic groups in special education and related services that was the result of inappropriate identification.

The State provided its definition of “disproportionate representation.”

The State reported that 171 of 820 districts did not meet the State-established minimum “n” size requirement of 30 students with an IEP and were excluded from the calculation.

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011 (greater than 0% actual target data for this indicator), the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. The State must demonstrate, in the FFY 2012 APR, that the districts identified in FFY 2011 with disproportionate representation of racial and ethnic groups in special education and related services that was the result of inappropriate identification are in compliance with the requirements in 34 CFR §§300.111, 300.201, and 300.301 through 300.311, including that the State verified that each district with noncompliance: (1) is correctly implementing the specific regulatory requirement(s) (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the district, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 10: The State reported that 20 districts were identified with disproportionate representation of racial and ethnic groups in specific disability categories. The State also reported that nine districts were identified with disproportionate representation of racial and ethnic groups in specific disability categories that was the result of inappropriate identification.

The State provided its definition of “disproportionate representation.”

The State reported that 171 of 820 districts did not meet the State-established minimum “n” size requirement of 30 students with disabilities enrolled and were excluded from the calculation.

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011 (greater than 0% actual target data for this indicator), the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. The State must demonstrate, in the FFY 2012 APR, that the districts identified in FFY 2011 with disproportionate representation of racial and ethnic groups in specific disability categories that was the result of inappropriate identification are in compliance with the requirements in 34 CFR §§300.111, 300.201, and 300.301 through 300.311, including that the State verified that each district with noncompliance: (1) is correctly implementing the specific regulatory requirement(s) (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the district, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 11:

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2012 APR, that it has verified that each LEA with noncompliance identified in FFY 2011 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 12: The State revised the improvement activities for FFY 2011 and FFY 2012 for this indicator and OSEP accepts those revisions.

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2012 APR, that it has verified that each LEA with noncompliance identified in FFY 2011 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 13:

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2012 APR, that it has verified that each LEA with noncompliance identified in FFY 2011 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 15: The State was identified as being in need of assistance for two consecutive years based on the State's FFY 2009 and FFY 2010 APRs, was advised of available technical assistance, and was required to report, with the FFY 2011 APR, on: (1) the technical assistance sources from which the State received assistance; and (2) the actions the State took as a result of that technical assistance. The State reported on the technical assistance sources from which the State received assistance for this indicator and reported on the actions the State took as a result of that technical assistance.

REQUIRED ACTIONS

When reporting in the FFY 2012 APR on the correction of findings of noncompliance, the State must report that it verified that each LEA with findings of noncompliance identified in FFY 2011: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction. In addition, in reporting on Indicator 15 in the FFY 2012 APR, the State must use and submit the Indicator 15 Worksheet.

In responding to Indicators 4B, 9, 10, 11, 12, and 13 in the FFY 2012 APR, the State must report on correction of the noncompliance described in this table under those indicators.

INDICATOR 20: The State's FFY 2011 data for this indicator are 100%. However, OSEP recalculated the data for this indicator to be 98.72%.
