

Wyoming Part B FFY 2011 SPP/APR Response Table

Part B SPP/APR Indicators

1. Percent of youth with IEPs graduating from high school with a regular diploma. [Results Indicator]
2. Percent of youth with IEPs dropping out of high school. [Results Indicator]
3. Statewide assessments: A. Percent of the districts with a disability subgroup that meets the State’s minimum “n” size that meet the State’s AYP/AMO targets for the disability subgroup. [Results Indicator] B. Participation rate for children with IEPs on statewide assessments. [Results Indicator] C. Proficiency rate for children with IEPs against grade level, modified and alternate academic achievement standards. [Results Indicator]
4. Rates of suspension and expulsion A. Percent of districts that have a significant discrepancy in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; [Results Indicator] B. Percent of districts that have: (a) a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and (b) policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards. [Compliance Indicator]
5. Percent of children with IEPs aged 6 through 21 served: A. Inside the regular class 80% or more of the day; B. Inside the regular class less than 40% of the day; or C. In separate schools, residential facilities, or homebound/hospital placements. [Results Indicator]
6. Percent of children aged 3 through 5 with IEPs attending a: A. Regular early childhood program and receiving the majority of special education and related services in the regular early childhood program; and B. Separate special education class, separate school or residential facility. [Results Indicator; New]
7. Percent of preschool children age 3 through 5 with IEPs who demonstrate improved: A. Positive social-emotional skills (including social relationships); B. Acquisition and use of knowledge and skills (including early language/communication and early literacy); and C. Use of appropriate behaviors to meet their needs. [Results Indicator]
8. Percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities. [Results Indicator]
9. Percent of districts with disproportionate representation of racial and ethnic groups in special education and related services that is the result of inappropriate identification. [Compliance Indicator]
10. Percent of districts with disproportionate representation of racial and ethnic groups in specific disability categories that is the result of inappropriate identification. [Compliance Indicator]

11. Percent of children who were evaluated within 60 days of receiving parental consent for initial evaluation or, if the State establishes a timeframe within which the evaluation must be conducted, within that timeframe. [Compliance Indicator]
12. Percent of children referred by Part C prior to age 3, who are found eligible for Part B, and who have an IEP developed and implemented by their third birthdays. [Compliance Indicator]
13. Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student's transition services needs. There also must be evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and evidence that, if appropriate, a representative of any participating agency was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority. [Compliance Indicator]
14. Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were: <ul style="list-style-type: none"> A. Enrolled in higher education within one year of leaving high school; B. Enrolled in higher education or competitively employed within one year of leaving high school; C. Enrolled in higher education or in some other postsecondary education or training program; or competitively employed or in some other employment within one year of leaving high school. [Results Indicator]
15. General supervision system (including monitoring, complaints, hearings, etc.) identifies and corrects noncompliance as soon as possible but in no case later than one year from identification. [Compliance Indicator]
18. Percent of hearing requests that went to resolution sessions that were resolved through resolution session settlement agreements. [Results Indicator]
19. Percent of mediations held that resulted in mediation agreements. [Results Indicator]
20. State reported data (618 and State Performance Plan and Annual Performance Report) are timely and accurate. [Compliance Indicator]

Timeliness of State Complaint and Due Process Hearing Decisions
(Collected as Part of IDEA Section 618 Data rather than through an SPP/APR Indicator)

Timely Resolution of State Complaints: Percent of signed written complaints with reports issued that were resolved within 60-day timeline or a timeline extended for exceptional circumstances with respect to a particular complaint, or because the parent (or individual or organization) and the public agency agree to extend the time to engage in mediation or other alternative means of dispute resolution, if available in the State.

Timely Adjudication of Due Process Hearing Requests: Percent of adjudicated due process hearing requests that were adjudicated within the timeline or a timeline that is properly extended by the hearing officer at the request of either party or in the case of an expedited hearing, within the required timelines.

Wyoming Part B FFY 2011 Results Data Summary Notes

INDICATOR 3B: The State provided a Web link to 2011 publicly-reported assessment results.

OSEP's June 2012 FFY 2010 SPP/APR Response Table required the State to provide, within 90 days of the date of the Response Table, a Web link that demonstrated it reported to the public on the statewide assessments of children with disabilities in accordance with 34 CFR §300.160(f). On December 6, 2012, the State provided all of the required information.

INDICATOR 3C: The State provided a Web link to 2011 publicly-reported assessment results.

OSEP's June 2012 FFY 2010 SPP/APR Response Table required the State to provide, within 90 days of the date of the Response Table, a Web link that demonstrated it reported to the public on the statewide assessments of children with disabilities in accordance with 34 CFR §300.160(f). On December 6, 2012, the State provided all of the required information.

INDICATOR 4A: The State reported its definition of "significant discrepancy."

The State reported that no districts were identified as having a significant discrepancy in the rate of suspensions and expulsions of greater than ten days in a school year for children with IEPs.

The State reported that three of 49 districts did not meet the State-established minimum "n" size requirement of 25 students with disabilities enrolled in the district.

INDICATOR 5: The data that the State submitted in its FFY 2011 APR are different from the FFY 2011 data that the State reported under IDEA section 618 for this indicator. The State explained that the data reported in the APR are updated from the data the State submitted under section 618, and are the accurate data for this indicator.

INDICATOR 6:

The State provided FFY 2011 baseline data, targets for FFY 2012, and improvement activities through FFY 2012 for this indicator, and OSEP accepts the State's submission for this indicator. The State indicated that stakeholders were provided an opportunity to comment on the targets for FFY 2012.

INDICATOR 7:

REQUIRED ACTIONS

The State must report progress data and actual target data for FFY 2012 in the FFY 2012 APR.

INDICATOR 8: The State revised the baseline and target for FFY 2012 for this indicator and OSEP accepts those revisions.

The State indicated that stakeholders were provided an opportunity to comment on the revised target.

Because the State submitted FFY 2011 baseline data due to a change in its methodology for this indicator, it is not appropriate to compare the FFY 2011 data.

INDICATOR 18: The State reported fewer than ten resolution sessions held in FFY 2011. The State is not required to meet its targets or provide improvement activities in any fiscal year in which fewer than ten resolution sessions were held.

INDICATOR 19: The State reported fewer than ten mediations held in FFY 2011. The State is not required to meet its targets or provide improvement activities in any fiscal year in which fewer than ten mediations were held.

Wyoming Part B FFY 2011 Compliance Data Summary Notes

INDICATOR 4B: The State reported its definition of “significant discrepancy.”

The State reported that no districts were identified as having a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than ten days in a school year for children with IEPs.

The State reported that three of 49 districts did not meet the State-established minimum “n” size requirement of 25 students in the denominator.

INDICATOR 9: The State reported that no districts were identified with disproportionate representation of racial and ethnic groups in special education and related services.

The State provided its definition of “disproportionate representation.”

The State reported that all of its districts met the State-established minimum “n” size requirement of 10 or more students “in the group of interest.”

INDICATOR 10: The State reported that three districts were identified with disproportionate representation of racial and ethnic groups in specific disability categories. The State also reported that no districts were identified with disproportionate representation of racial and ethnic groups in specific disability categories that was the result of inappropriate identification.

The State provided its definition of “disproportionate representation.”

The State reported that four of 48 districts did not meet the State-established minimum “n” size requirement of ten or more students in the target group and were excluded from the calculation.

INDICATOR 11:

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2012 APR, that it has verified that each LEA with noncompliance identified in FFY 2011 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02.⁵ In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

⁵OSEP Memorandum 09-02 (OSEP Memo 09-02), dated October 17, 2008, requires that the State report that it verified that each LEA with noncompliance: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA.

INDICATOR 12:

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2012 APR, that it has verified that each LEA with noncompliance identified in FFY 2011 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 13:

REQUIRED ACTIONS

Because the State reported less than 100% compliance for FFY 2011, the State must report on the status of correction of noncompliance identified in FFY 2011 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2012 APR, that it has verified that each LEA with noncompliance identified in FFY 2011 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 15: The State reported that four findings of noncompliance identified in FFY 2009 and four findings of noncompliance identified in FFY 2008 were corrected.

REQUIRED ACTIONS

When reporting in the FFY 2012 APR on the correction of findings of noncompliance, the State must report that it verified that each LEA with findings of noncompliance identified in FFY 2011: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2012 APR, the State must describe the specific actions that were taken to verify the correction. In addition, in reporting on Indicator 15 in the FFY 2012 APR, the State must use and submit the Indicator 15 Worksheet.

In addition, in responding to Indicators 11, 12, 13 in the FFY 2012 APR, the State must report on correction of the noncompliance described in this table under those indicators.
