### Virginia FFY 2012 Results Data Summary Notes

INDICATOR 3A: The State is reporting Annual Measurable Objectives (AMOs) data used for accountability reporting under Title I of the Elementary and Secondary Education Act (ESEA) as a result of ESEA flexibility. The State has reported FFY 2012 baseline data for this indicator based on AMOs.

INDICATOR 3B: The State explained a difference between the denominators for math and reading/language arts.  
The State provided a Web link to 2012 publicly-reported assessment results.

INDICATOR 3C: The State explained a difference between the denominators for math and reading/language arts.  
The State revised the reading/language arts target and baseline for FFY 2012 for this indicator and OSEP accepts those revisions. The State indicated that stakeholders were provided an opportunity to comment on the revised target.  
The State provided a Web link to 2012 publicly-reported assessment results.

INDICATOR 4A: The State reported its definition of “significant discrepancy.”

The State reported that ten districts were identified as having a significant discrepancy in the rate of suspensions and expulsions of greater than ten days in a school year for children with IEPs.

The State reported that six of 132 districts did not meet the State-established minimum “n” size requirement of ten students with disabilities suspended or expelled more than ten days in a school year.

The State reported that it reviewed the districts’ policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure compliance with the IDEA, as required by 34 CFR §300.170(b) for the districts identified with significant discrepancies in FFY 2012. The State identified noncompliance through this review.

The State reported that it revised (or required the affected district to revise), the district’s policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure compliance with the IDEA, pursuant to 34 CFR §300.170(b) for the district identified with significant discrepancies in FFY 2012.

For districts identified with significant discrepancies in FFY 2011 whose policies, procedures and practices were reviewed, consistent with 34 CFR §300.170(b), the State reported on whether there were changes to the policies, procedures, and practices since the last review; if so, whether those changes comply with requirements regarding the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure compliance with the IDEA, pursuant to 34 CFR §300.170(b); and whether practices in this area continue to comply with applicable requirements.

The State reported that noncompliance identified in FFY 2011 through the review of policies, procedures, and practices, pursuant to 34 CFR §300.170(b), was corrected in a timely manner.

**REQUIRED ACTIONS:**

The State must report, in its FFY 2013 APR, on the correction of noncompliance that the State identified in FFY 2012 as a result of the review it conducted pursuant to 34 CFR §300.170(b). When reporting on the correction of this noncompliance, the State must report that it has verified that the LEA with noncompliance identified by the State: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02.<sup>5</sup> In the FFY 2013 APR, the State must describe the specific actions that were taken to verify the correction.

---

<sup>5</sup> OSEP Memorandum 09-02 (OSEP Memo 09-02), dated October 17, 2008, requires that the State report that it verified that each LEA with noncompliance: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA.

## Virginia FFY 2012 Compliance Data Summary Notes

**INDICATOR 4B:** The State reported its definition of “significant discrepancy.”

The State reported that 11 districts were identified as having a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than ten days in a school year for children with IEPs. The State reported that it reviewed the districts’ policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure compliance with the IDEA, as required by 34 CFR §300.170(b) for the districts identified with significant discrepancies in FFY 2011. The State also reported that two districts were identified as having policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.

The State reported that 26 of 132 districts did not meet the State-established minimum “n” size requirement of ten students with disabilities by race/ethnicity suspended or expelled for more than ten days in a school year.

### **REQUIRED ACTIONS**

Because the State reported less than 100% compliance (greater than 0% actual target data for this indicator) for FFY 2012, the State must report on the status of correction of noncompliance identified in FFY 2012 for this indicator. The State must demonstrate, in the FFY 2013 APR, that the districts identified with noncompliance in FFY 2012 have corrected the noncompliance, including that the State verified that each district with noncompliance: (1) is correctly implementing the specific regulatory requirement(s) (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the district, consistent with OSEP Memo 09-02. In the FFY 2013 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 9: The State reported that 92 districts were identified with disproportionate representation of racial and ethnic groups in special education and related services. The State also reported that two districts were identified with disproportionate representation of racial and ethnic groups in special education and related services that was the result of inappropriate identification.

The State provided its definition of “disproportionate representation.”

The State reported that it does not use a minimum “n” size requirement.

**REQUIRED ACTIONS**

Because the State reported less than 100% compliance for FFY 2012 (greater than 0% actual target data for this indicator), the State must report on the status of correction of noncompliance identified in FFY 2012 for this indicator. The State must demonstrate, in the FFY 2013 APR, that the districts identified in FFY 2012 with disproportionate representation of racial and ethnic groups in special education and related services that was the result of inappropriate identification are in compliance with the requirements in 34 CFR §§300.111, 300.201, and 300.301 through 300.311, including that the State verified that each district with noncompliance: (1) is correctly implementing the specific regulatory requirement(s) (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the district, consistent with OSEP Memo 09-02. In the FFY 2013 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 10: The State reported that 117 districts were identified with disproportionate representation of racial and ethnic groups in specific disability categories. The State also reported that no districts were identified with disproportionate representation of racial and ethnic groups in specific disability categories that was the result of inappropriate identification.

The State provided its definition of “disproportionate representation.”

The State reported that it does not use a minimum “n” size requirement.

INDICATOR 11:

**REQUIRED ACTIONS**

Because the State reported less than 100% compliance for FFY 2012, the State must report on the status of correction of noncompliance identified in FFY 2012 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2013 APR, that it has verified that each LEA with noncompliance identified in FFY 2012 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2013 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 12:

**REQUIRED ACTIONS**

Because the State reported less than 100% compliance for FFY 2012, the State must report on the status of correction of noncompliance identified in FFY 2012 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2013 APR, that it has verified that each LEA with noncompliance identified in FFY 2012 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2013 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 13:

**REQUIRED ACTIONS**

Because the State reported less than 100% compliance for FFY 2012, the State must report on the status of correction of noncompliance identified in FFY 2012 for this indicator. When reporting on the correction of noncompliance, the State must report, in its FFY 2013 APR, that it has verified that each LEA with noncompliance identified in FFY 2012 for this indicator: (1) is correctly implementing the specific regulatory requirements (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has corrected each individual case of noncompliance, unless the child is no longer within the jurisdiction of the LEA, consistent with OSEP Memo 09-02. In the FFY 2013 APR, the State must describe the specific actions that were taken to verify the correction.

INDICATOR 15:
