

UNITED STATES DEPARTMENT OF EDUCATION  
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

June 30, 2015

Honorable Michael Williams  
Commissioner of Education  
Texas Education Agency  
1701 N. Congress Ave.  
Austin, Texas 78701-1494

Dear Commissioner Williams:

I am writing to advise you of the U. S. Department of Education's (Department) 2015 determination under section 616 of the Individuals with Disabilities Education Act (IDEA). The Department has determined that Texas needs intervention in implementing the requirements of Part B of the IDEA. This determination is based on the totality of the State's data and information, including the Federal fiscal year (FFY) 2013 State Performance Plan/Annual Performance Report (SPP/APR), other State-reported data, and other publicly available information.

Your State's 2015 determination is based on the data reflected in the State's "2015 Results Driven Accountability Matrix" (RDA Matrix). The RDA Matrix is individualized for each State and consists of: (1) a Compliance Matrix that includes scoring on Compliance Indicators and other compliance factors and a Compliance Score; and (2) a Results Matrix that includes scoring on Results Elements, a Results Score, an RDA Percentage based on both the Compliance Score and the Results Score, and the State's Determination. The RDA Matrix is further explained in a document, entitled "How the Department Made Determinations under Section 616(d) of the Individuals with Disabilities Education Act in 2015: Part B," (HTDMD).

OSEP is continuing to use both results data and compliance data in making determinations in 2015, as it did for Part B determinations in 2014. (The specifics of the determination procedures and criteria are set forth in the HTDMD and reflected in the RDA Matrix for your State.) In making Part B determinations in 2015, OSEP continued to use results data related to the participation of children with disabilities (CWD) on regular Statewide assessments and the participation and performance of CWD on the National Assessment of Educational Progress (NAEP). In addition, OSEP used exiting data on CWD who dropped out and CWD who graduated with a regular high school diploma, as reported by States under section 618 of the IDEA. One of the purposes of the IDEA, as set out in section 601(d)(1)(A), is to ensure that all children with disabilities have a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living. Because it is critical that States focus on decreasing the number of CWD that drop out and increasing the number of CWD that graduate with a regular high school diploma, OSEP has added these data as results elements in making determinations in 2015.

You may access the results of OSEP's review of your State's SPP/APR and other relevant data by accessing the SPP/APR module using your State-specific log-on information at [osep.grads360.org](http://osep.grads360.org). When you access your State's SPP/APR on the site, you will find in

Indicators 1 through 16, the OSEP Response to the indicator, and any actions that the State is required to take. The actions that the State is required to take are in two places: (1) any actions related to the correction of findings of noncompliance are in the “OSEP Response” section of the indicator; and (2) any other actions that the State is required to take are in the “Required Actions” section of the indicator. It is important for you to review the Introduction to the SPP/APR, which may also include an OSEP response and/or Required Actions.

You will also find all of the following important documents saved as attachments to the Progress Page: (1) the State’s RDA Matrix; (2) the HTDMD document; (3) a spreadsheet entitled “2015 Data Rubric Part B,” which shows how OSEP calculated the State’s “Timely and Accurate State-Reported Data” score in the Compliance Matrix; (4) a document entitled “Dispute Resolution 2013-14,” which includes the IDEA section 618 data that OSEP used to calculate the State’s “Timely State Complaint Decisions” and “Timely Due Process Hearing Decisions” scores in the Compliance Matrix; and (5) a Data Display, which presents certain State-reported data in a transparent, user-friendly manner and is helpful for the public in getting a broader picture of State performance in key areas.

As noted above and further explained in the enclosures to this letter, the Department has determined that Texas needs intervention in implementing the requirements of Part B of the IDEA. The Department identifies a State as needing intervention under IDEA Part B if its RDA Percentage is less than 60%. Texas’ RDA Percentage is 50.42%.

Pursuant to section 616(d)(2)(B) of the IDEA and 34 CFR §300.603(b)(2), a State that is determined to need intervention or need substantial intervention, and does not agree with this determination, may request an opportunity to meet with the Assistant Secretary to demonstrate why the Department should change the State’s determination. To request a hearing, submit a letter to Michael K. Yudin, Assistant Secretary for Special Education and Rehabilitative Services, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C. 20202 within 15 days of the date of this letter. The letter must include the basis for your request for a change in the State’s determination.

In 2015, States were required to submit a new SPP/APR, which included baseline data and measurable and rigorous targets for FFY 2013 through FFY 2018 for each indicator in the SPP/APR. In addition, under Indicator 17, States were required to submit a State Systemic Improvement Plan (SSIP) that included activities the State would implement to improve results for children with disabilities. OSEP has reviewed your State’s SPP/APR, including Phase I of the SSIP, and determined that it meets the requirements of IDEA section 616(b) to include measurable and rigorous targets, including targets for FFY 2018 that reflect improvement over the State’s baseline data. OSEP appreciates the State’s work on Phase I of its SSIP. This represents a significant effort to improve results for students with disabilities. We have carefully reviewed your submission and provided feedback during a recent conference call with the State. OSEP will continue to work with your State as it develops Phase II of the SSIP, due April 1, 2016.

As a reminder, your State must report annually to the public, by posting on the State educational agency’s (SEA’s) Web Site, the performance of each local educational agency (LEA) located in the State on the targets in the SPP/APR as soon as practicable, but no later than 120 days after the State’s submission of its FFY 2013 SPP/APR. In addition, your State must: (1) review LEA performance against targets in the State’s SPP/APR; (2) determine if each LEA “meets the

requirements” of Part B, or “needs assistance,” “needs intervention,” or “needs substantial intervention” in implementing Part B of the IDEA; (3) take appropriate enforcement action; and (4) inform each LEA of its determination.

Further, your State must make its SPP/APR available to the public by posting it on the SEA’s Web Site. Within the next several days, OSEP will be finalizing a State Profile for your State that: (1) will be accessible to the public; (2) includes links to a PDF of the State’s SPP/APR, including all of the State’s and OSEP’s attachments; and (3) the State may use to make its SPP/APR accessible to the public. We will provide you with the link to that profile when it is live.

OSEP appreciates the State’s efforts to improve results for children and youth with disabilities and looks forward to working with your State over the next year as we continue our important work of improving the lives of children with disabilities and their families. If you have any questions, would like to discuss this further, or want to request technical assistance, please contact Jennifer Finch, your OSEP State Lead, at 202-245-6610.

Sincerely,

/s/ Melody Musgrove

Melody Musgrove, Ed.D.  
Director  
Office of Special Education Programs
