<p>Status of Public Reporting on EIS Program Performance:</p> <p>Prior to the FFY 2008 APR reporting period, DC Early Intervention Program (EIP) defined itself as a unitary system and was not required to comply with the public reporting requirements at sections 616(b)(2)(C) and 642 of the IDEA. However, beginning with the FFY 2008 APR, for APR Indicator 7 only, the Office of the District Superintendent of Education (OSSE) utilizes eight EIS programs and must report publicly for this indicator for each of these programs.</p>

Because the District reported less than 100% compliance for FFY 2008, the District must report on the status of correction of noncompliance reflected in the data the District reported for this indicator.</p> <p>When reporting the correction of noncompliance, the District must report, in its FFY 2009 APR, for noncompliance reflected in the data the District reported for this indicator, that the District: (1) is correctly implementing 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1) (i.e., achieved 100% compliance) based on updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has initiated services, although late, for any child whose services were not initiated in a timely manner, unless the child is no longer within the jurisdiction of the District, consistent with OSEP Memorandum 09-02, dated October 17, 2008 (OSEP Memo 09-02). In the FFY 2009 APR, the District must describe the specific actions that were taken to verify the correction.</p> <p>If the District does not report 100%</p>
