<p>1. Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner.</p> <p>[Compliance Indicator]</p>	<p>The State provided targets for FFY 2011 and FFY 2012, and improvement activities through FFY 2012, and OSEP accepts those revisions. The State revised the improvement activities for FFY 2010 for this indicator and OSEP accepts those revisions.</p> <p>The State's FFY 2009 reported data for this indicator are 90.7%. These data represent progress from the FFY 2008 data of 87.6%. The State did not meet its FFY 2009 target of 100%.</p> <p>The State reported that all 46 of its findings of noncompliance identified in FFY 2008 for this indicator were corrected in a timely manner.</p> <p>The State reported that one finding of noncompliance identified in FFY 2007 for this indicator was corrected.</p> <p>The State was identified as being in need of assistance for two consecutive years based on the State's FFYs 2007 and 2008 APRs, was advised of available technical assistance, and was required to report, with the FFY 2009 APR, on: (1) the technical assistance sources from which the State received assistance; and (2) the actions the State took as a result of that technical assistance. The State reported on the technical assistance sources from which the State received assistance for this indicator and reported on the actions the State took as a result of that technical assistance.</p> <p>The State was also identified as being in need of assistance based on its FFY 2006 APR and 2005 APR. In addition to reporting with the FFY 2009 APR on its use of technical assistance, the State was also required to report to OSEP by October 1, 2010 how the technical assistance selected by the State is addressing the factors contributing to the ongoing noncompliance. The State submitted the required information on September 29, 2010.</p>	<p>The State must demonstrate, in the FFY 2010 APR, due February 1, 2012, that the State is in compliance with the timely service provision requirements in 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1). Because the State reported less than 100% compliance for FFY 2009, the State must report on the status of correction of noncompliance reflected in the data the State reported for this indicator. If the State does not report 100% compliance in the FFY 2010 APR, the State must review its improvement activities and revise them, if necessary.</p> <p>When reporting on the correction of noncompliance, the State must report, in its FFY 2010 APR, that it has verified that each EIS program with noncompliance reflected in the FFY 2009 data the State reported for this indicator: (1) is correctly implementing 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1) (i.e., achieved 100% compliance) based on updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has initiated services, although late, for any child whose services were not initiated in a timely manner, unless the child is no longer within the jurisdiction of the EIS program, consistent with OSEP Memorandum 09-02, dated October 17, 2008 (OSEP Memo 09-</p>
