Monitoring Priorities and Indicators	Status of APR Data/SPP Revision Issues	OSEP Analysis/Next Steps
<p>The IDEA Part C regulations cited in this APR Response Table as 34 CFR §303.xxx are those regulations which were in effect during FFY 2010. If the State has chosen to implement any of the new regulations published in 76 Federal Register 60140 (September 28, 2011) prior to the required implementation date of July 1, 2012 for a regulation that impacts the measurements for an SPP/ APR indicator, the State must so indicate in its FFY 2011 APR, due February 1, 2013.</p>		
<p>Status of data collection on children who received Part C services under IDEA section 635(c): OSEP’s FFY 2009 SPP/APR Response Table, dated June 20, 2011 required the State to include in its FFY 2010 APR, due February 1, 2012, its data under APR Indicators 1, 2, 3, 4, 10, 11, and 13 on children who were three years or older and received services under IDEA section 635(c). As noted in the rows for these indicators, Maryland provided the required data. The State is also responsible for monitoring for compliance for these children and was required to report on these children in the FFY 2010 APR under Indicator 9 and indicated that it did so.</p>		
<p>1. Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner. [Compliance Indicator]</p>	<p>The State revised the improvement activities for FFY 2011 and FFY 2012 for this indicator and OSEP accepts those revisions.</p> <p>The State’s FFY 2010 reported data for this indicator are 96.7%. The State’s FFY 2009 data for this indicator were 97.3%. The State did not meet its FFY 2010 target of 100%.</p> <p>The State reported that all 14 of its findings of noncompliance identified in FFY 2009 for this indicator were corrected in a timely manner.</p> <p>OSEP’s FFY 2009 SPP/APR Response Table, dated June 20, 2011, required the State to include in its FFY 2010 APR, due February 1, 2012, Indicator 1 data on children who were three years or older and received services under IDEA section 635(c), pursuant to the policy adopted by the State in FFY 2009. The State provided all of the required information.</p>	<p>OSEP appreciates the State’s efforts and looks forward to reviewing in the FFY 2011 APR, the State’s data demonstrating that it is in compliance with the timely service provision requirements in 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1). Because the State reported less than 100% compliance for FFY 2010, the State must report on the status of correction of noncompliance identified in FFY 2010 for this indicator.</p> <p>When reporting on the correction of noncompliance, the State must report, in its FFY 2011 APR, that it has verified that each EIS program with noncompliance identified in FFY 2010 for this indicator: (1) is correctly implementing 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1) (i.e., achieved</p>

In the FFY 2011 APR, the State must describe the specific actions that were taken to verify the correction.</p> <p>If the State does not report 100% compliance in the FFY 2011 APR, the State must review its improvement activities and revise them, if necessary to ensure compliance.</p>
<p>2. Percent of infants and toddlers with IFSPs who primarily receive early intervention services in the home or community-based settings. [Results Indicator]</p>	<p>The State revised the improvement activities for FFY 2011 and FFY 2012 for this indicator and OSEP accepts those revisions.</p> <p>The State's FFY 2010 reported data for this indicator are 96.3%. The State's data reflect a high level of performance for this indicator. The State met its FFY 2010 target of 91.0%.</p> <p>OSEP's FFY 2009 SPP/APR Response Table, dated June 20, 2011, required the State to include in its FFY 2010 APR, due February 1, 2012, Indicator 2 data on children who were three years or older and received services under IDEA section 635(c), pursuant to the policy adopted by the State in FFY 2009. The State provided all of the required information.</p>	<p>The State's FFY 2010 data for provision of services to infants and toddlers in natural environments are at or greater than 95%. There is no expectation that an increase in that percentage is necessary.</p> <p>OSEP appreciates the State's efforts to improve performance and assumes that the State is monitoring to ensure that IFSP teams are making service setting</p>
