Monitoring Priorities and Indicators	Status of APR Data/SPP Revision Issues	OSEP Analysis/Next Steps
<p>The IDEA Part C regulations cited in this APR Response Table as 34 CFR §303.xxx are those regulations which were in effect during FFY 2010. If the State has chosen to implement any of the new regulations published in 76 Federal Register 60140 (September 28, 2011) prior to the required implementation date of July 1, 2012 for a regulation that impacts the measurements for an SPP/ APR indicator, the State must so indicate in its FFY 2011 APR, due February 1, 2013.</p>		
<p>1. Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner. [Compliance Indicator]</p>	<p>The State’s FFY 2010 reported data for this indicator are 92.7%. The State’s FFY 2009 data were 92.09%. The State did not meet its FFY 2010 target of 100%.</p> <p>The State reported that it used data from a State database to report on this indicator. The State further reported that it did not use data for the full reporting period (July 1, 2010-June 30, 2011), and the State described how the time period in which the data were collected accurately reflect data for infants and toddlers with IFSPs for the full reporting period.</p> <p>The State reported that five of six findings of noncompliance identified in FFY 2009 were corrected in a timely manner and that the one remaining finding subsequently was corrected by June 22, 2011.</p>	<p>OSEP appreciates the State’s efforts and looks forward to reviewing in the FFY 2011 APR, the State’s data demonstrating that it is in compliance with the timely service provision requirements in 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1). Because the State reported less than 100% compliance for FFY 2010, the State must report on the status of correction of noncompliance identified in FFY 2010 for this indicator.</p> <p>When reporting on the correction of noncompliance, the State must report, in its FFY 2011 APR, that it has verified that each EIS program with noncompliance identified in FFY 2010 for this indicator: (1) is correctly implementing 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1) (i.e., achieved 100% compliance) based on a review of updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has initiated services, although late, for any child whose services were not initiated in a timely manner, unless the child is no longer within the jurisdiction of the EIS</p>
