<p>The IDEA Part C regulations cited in this APR table as 34 CFR §303.xxx are those regulations which were in effect during FFY 2010. If the State has chosen to implement any of the new regulations published in 76 Federal Register 60140 (September 28, 2011) prior to the required implementation date of July 1, 2012 for a regulation that impacts the measurements for an SPP/ APR indicator, the State must so indicate in its FFY 2011 APR, due February 1, 2013.</p>		
<p>1. Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner. [Compliance Indicator]</p>	<p>The State revised the improvement activities for FFY 2011 and FFY 2012 for this indicator and OSEP accepts those revisions.</p> <p>The State’s FFY 2010 reported data for this indicator are 94.8%. These data represent progress from the FFY 2009 data of 92.5%. The State did not meet its FFY 2010 target of 100%.</p> <p>The State reported that all 23 of its findings of noncompliance identified in FFY 2009 for this indicator were corrected in a timely manner.</p> <p>OSEP’s FFY 2009 SPP/APR letter, dated June 20, 2011 required the State to include in the FFY 2010 APR, due February 1, 2012, its data under APR Indicator 1 on children who were three years or older and received services under IDEA section 635(c), pursuant to the policy adopted by the State in FFY 2009. The State included data for children over three years or older in its calculation.</p>	<p>The State must demonstrate, in the FFY 2011 APR that the State is in compliance with the timely service provision requirements in 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1). Because the State reported less than 100% compliance for FFY 2010, the State must report on the status of correction of noncompliance identified in FFY 2010 for this indicator.</p> <p>When reporting on the correction of noncompliance, the State must report, in its FFY 2011 APR, that it has verified that each EIS program with noncompliance identified in FFY 2010 for this indicator: (1) is correctly implementing 34 CFR §§303.340(c), 303.342(e), and 303.344(f)(1) (i.e., achieved 100% compliance) based on updated data such as data subsequently collected through on-site monitoring or a State data system; and (2) has initiated services, although late, for any child whose services were not initiated in a timely manner, unless the child is no longer within the jurisdiction of the EIS program, consistent with OSEP</p>

The State provided these data. The State's reported data for this indicator for these children are 98.6%.</p>	<p>The State's FFY 2001 data for provision of services to infants and toddlers in natural environments are at or greater than 95%. There is no expectation that an increase in that percentage is necessary.</p> <p>OSEP appreciates the State's efforts to improve performance and assumes that the State is monitoring to ensure that IFSP teams are making service setting decisions on an individualized basis and in compliance with 34 CFR §§303.12, 303.18, and 303.344(d)(1)(ii).</p>

	OSEP's FFY 2009 SPP/APR letter required the State to include in the FFY 2010 APR its data under APR Indicator 3 on children who were three years or older and received services under IDEA section 635(c). The data reported above includes the data on these children.					
The State's eligibility criteria include eligible infants and toddlers who are at risk of having substantial developmental delays. Consistent with the measurement for this indicator, the State reported separately on all infants and toddlers eligible under Part C, including infants and toddlers experiencing developmental delay or having established conditions, and infants and toddlers at risk of having substantial developmental delays.
