### American Samoa Part C FFY 2012 Compliance Data Summary Notes

INDICATOR 8B: American Samoa reported FFY 2012 data under this indicator indicating it conducted timely transition notification to the LEA. Given that American Samoa's IDEA Part B program is a unitary jurisdiction where the SEA is also the only LEA, OSEP accepts the Indicator 8B data for American Samoa. In the FFY 2013 SPP/APR, American Samoa should add in a reference to the SEA in addition to the LEA for the transition notification conducted under Indicator 8B.

INDICATOR 9: American Samoa reported that, "American Samoa Early Intervention Program did not identify any findings of noncompliance in related requirements or other indicator areas in FFY 2012. During FFY 2012, the American Samoa Early Intervention Program achieved a 100% compliance percentage under all compliance indicators." Additionally, American Samoa reported in its FFY 2011 APR that it achieved 100% compliance under all compliance indicators and did not identify any findings in FFY 2011.
