Dear Secretary Timberlake:

The purpose of this letter is to inform you of the results of the Office of Special Education Programs' (OSEP) verification visit to the Wisconsin Department of Health Services during the week of November 30, 2009. As indicated in our letter to you dated July 2, 2009, OSEP is conducting verification visits to a number of States as part of our Continuous Improvement and Focused Monitoring System (CIFMS) for ensuring compliance with, and improving performance under, Part C of the Individuals with Disabilities Education Act (IDEA). CIFMS is designed to ensure compliance and improve performance with Parts B¹ and C of the IDEA. Sections 616 and 642 of the IDEA, require the Department to monitor States with a focus on: (1) improving early intervention and educational results and functional outcomes for infants, toddlers, children, and youth with disabilities; and (2) ensuring that States meet the program requirements, particularly those most closely related to improving early intervention and educational results for children with disabilities. 20 U.S.C. 1416 and 1442.

The purpose of the verification visit is to review the State's systems for general supervision, collection of State-reported data, and fiscal management, as well as the State's systems for improving child and family outcomes and protecting child and family rights. During the verification visit, OSEP: (1) analyzed the components of the State's general supervision, data and fiscal systems to determine the extent to which they are effective in ensuring compliance and improving performance; and (2) reviewed the accuracy of the data the State submitted for selected indicators in the State's Federal Fiscal Year (FFY) 2007 Annual Performance Report (APR)/State Performance Plan (SPP).

As part of the verification visit to Wisconsin, OSEP staff met with Carol Noddings Eichinger, Part C Coordinator, and State personnel responsible for implementing the general supervision, data or fiscal systems. Prior to and during the visit, OSEP staff reviewed a number of documents, including the following: (1) Wisconsin's FFY 2007 APR submitted to OSEP in February 2009; (2) Wisconsin's SPP submitted to OSEP in December 2005 and updated in 2007, 2008 and 2009; (3) Wisconsin's eligibility document submissions under Part C of the IDEA for FFY 2009; (4) OSEP's Verification Visit letter to Wisconsin dated January 24, 2007; (5) Wisconsin's Department of Health Services website; and (6) other pertinent information.² OSEP

¹ During the week of November 30, 2009, OSEP also conducted its Part B verification visit to the Wisconsin Department of Public Instruction (DPI). OSEP is sending the Part B verification letter and enclosure to DPI under separate cover.

² Documents reviewed as part of the verification process were not reviewed for legal sufficiency, but rather to inform OSEP's understanding of your State's systems.

also collected and reviewed stakeholder input from the State's Parent Training and Information Center (PTI) and the State Interagency Coordinating Council (SICC).

OSEP developed critical elements that it used to guide its evaluation of Wisconsin's general supervision, data, and fiscal systems. OSEP's analysis of each critical element and any required actions, if noncompliance was identified during the verification visit, are provided in the Enclosure to this letter.

OSEP appreciates the cooperation and assistance provided by PTI staff, SICC members, and parents in providing feedback and input on the State's systems for special education. We look forward to collaborating with all stakeholders and actively working with the State to improve results for infants, toddlers, and children with disabilities and their families. If you have any questions or wish to request technical assistance, please do not hesitate to call your OSEP State Contact Barbara Thomas, at (202) 245-7386.

Sincerely,
