MEMORANDUM

FROM: Melody Musgrove, Ed.D.
Director
Office of Special Education Programs

SUBJECT: Correction of PR/award number for distribution of additional Federal fiscal year 2012 IDEA Section 611 funds

Your State recently received a supplemental grant award for Federal fiscal year (FFY) 2012 IDEA Section 611 funds transmitted under OSEP Memo 13-09, dated August 12, 2013. It has come to our attention that the PR/grant award number OSEP used for this award did not accurately reflect that these funds revised your existing FFY 2012 IDEA section 611 grant, awarded in October 2012, under this program. OSEP is making a technical correction to this FFY 2012 supplemental grant award. The correction will move these funds from a "New Award" status to a "Revision" status under the FFY 2012 IDEA section 611 grant that you received in October 2012. This change is reflected in Block 2 of the enclosed GANs (grant award notifications).

We apologize for any inconvenience this may have caused your State. Should you have any questions, please contact Gregg Corr at (202) 245-7309.
