**AGENCIES:** Department of Agriculture, Department of Energy, National Aeronautics and Space Administration, Department of Commerce, Department of State, Agency for International Development, Department of Justice, Department of Labor, Department of Defense, Department of Education, National Archives and Records Administration, Environmental Protection Agency, Department of the Interior, Department of Health and Human Services, Department of Transportation.

**ACTION:** Interim final rule with request for comments.

**SUMMARY:** This document presents an interim final revision to the agencies’ codification of Office of Management and Budget (OMB) Circular A–110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations.” OMB issued a final revision to Circular A–110 on September 30, 1999, as required by Public Law 105–277. It was published in the *Federal Register* on October 8, 1999. The agencies’ interim final rules will provide uniform administrative requirements for all grants and cooperative agreements to institutions of higher education, hospitals, and other non-profit organizations.

**DATES:** This interim final rule is effective April 17, 2000. Comments must be received on or before May 15, 2000.

**ADDRESSES:** Comments on the interim final rule should be addressed to: Charles Gale, Director, Office of Grants Management, Department of Health and Human Services, Room 517–D, Hubert H. Humphrey Building, 200 Independence Avenue, S.W., Washington, DC 20201. A copy of each communication submitted will be available for public inspection and copying during regular business hours (9:00 a.m.–5:30 p.m. eastern standard time) at the above address. The full text of Circular A–110, the text of the September 30th notice of final revision, and a chart showing where each agency has codified the Circular into regulation may be obtained by accessing OMB’s home page (http://www.whitehouse.gov/omb), under the heading “Grants Management.”

**FOR FURTHER INFORMATION CONTACT:** For general issues regarding this interim final rule, please contact Charles Gale, Director, Office of Grants Management, Department of Health and Human Services at (202) 690–6377. For agency-specific issues, please contact the individual noted in that agency’s adoption below.

**SUPPLEMENTARY INFORMATION:**

**Background**

Congress included a two-sentence provision in OMB’s appropriation for fiscal year 1999, contained in Public Law 105–277, directing OMB to amend Section 36 of Circular A–110 “to require Federal awarding agencies to ensure that all data produced under an award will be made available to the public through the procedures established under the Freedom of Information Act.” The provision also provides for a reasonable fee to cover the costs incurred in responding to a request. Circular A–110 amends to grants and cooperative agreements to institutions of higher education, hospitals, and non-profit institutions, from all Federal agencies.

In directing OMB to revise Circular A–110, Congress entrusted OMB with the authority to resolve statutory ambiguities, the obligation to address implementation issues the statute did not address, and the discretion to balance the need for public access to research data with protections of the research process. In developing the revision, OMB sought to implement the statutory language fairly, in the context of its legislative history. This required a balanced approach that (1) furthered the interest of the public in obtaining the information needed to validate Federally-funded research findings, (2) ensured that research can continue to be conducted in accordance with the traditional scientific process, and (3) implemented a public access process that will be workable in practice.

OMB finalized the revision on September 30, 1999 (64 FR 54926, October 8, 1999). Before this, OMB published a Notice of Proposed Revision on February 4, 1999 (64 FR 36864), and a request for comments on clarifying changes to the proposed revision on August 11, 1999 (64 FR 43786). OMB received over 9,000 comments on the proposed revision and over 3,000 comments on the clarifying changes.

This interim final rule amends the agencies’ codifications of Circular A–110 so they reflect OMB’s recent action. Under the provisions of section 7(o) of the Department of Housing and Urban Development Act (42 U.S.C. 3535(o)), the Department of Housing and Urban Development (HUD) proposed or interim final rule that is issued for
public comment is subject to prepublication Congressional review for a period of 15 days. Therefore, HUD is not joining in today’s publication but is adopting the common amendments in a separate rulemaking.

**Impact Analysis**

**Executive Order 12866**

This is a significant regulatory action under Section 3(f)(4) of Executive Order 12866, “Regulatory Planning and Review.”

**Regulatory Flexibility Act of 1980**

The Regulatory Flexibility Act (5 U.S.C. 605(b)) requires that, for each rule with a “significant economic impact on a substantial number of small entities,” an analysis must be prepared describing the rule’s impact on small entities and identifying any significant alternatives to the rule that would minimize the economic impact on small entities.

The participating agencies certify that this interim final rule will not have a significant impact on a substantial number of small entities. This rule concerns the information that Federally-funded researchers must provide in response to Freedom of Information Act requests.

**Unfunded Mandates Act of 1995**

The Unfunded Mandates Act of 1995 (Public Law 104-4) requires agencies to prepare several analytic statements before proposing any rule that may result in annual expenditures of $100 million by State, local, Indian Tribal governments or the private sector. Since this interim final rule will not result in expenditures of this magnitude, the participating agencies certify that such statements are not necessary.

**Paperwork Reduction Act**

The participating agencies certify that this interim final rule will not impose additional reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

**Waiver of Proposed Rulemaking**

Under the Administrative Procedure Act (5 U.S.C. 553) agencies generally offer interested parties the opportunity to comment on proposed regulations before they become effective. However, in this case OMB previously provided the public an opportunity to comment on the revision of Circular A–110, and this regulatory action codifies that revision. Accordingly, while the participating agencies are requesting public comment on this regulatory action, they find that soliciting further public comment with respect to adopting the revised circular, prior to the adoption becoming effective, is unnecessary and contrary to public interest under 5 U.S.C. 553(b)(B). The regulatory action is therefore being issued as an interim final rule.

**Small Business Regulatory Enforcement Fairness Act of 1996**

This rule is not a major rule as defined by section 251 of the Small Business Regulatory Enforcement Fairness Act of 1996, 5 U.S.C. 804. This rule will not result in an annual effect on the economy of $100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

**Executive Order 13132: Federalism**

This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, the participating agencies have determined that this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

**Text of the Interim Final Rule**

The text of the interim final rule appears below:

**PART/SUBPART—[AMENDED]**

1. Section .36 is amended by revising paragraph (c), redesignating paragraph (d) as paragraph (e), and adding a new paragraph (d) to read as follows:

**§ .36 Intangible property.**

* * * * * * *

(c) The Federal Government has the right to:

(1) Obtain, reproduce, publish or otherwise use the data first produced under an award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under an award that were used by the Federal Government in developing an agency action that has the force and effect of law, the Federal awarding agency shall request, and the recipient shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the Federal awarding agency obtains the research data solely in response to a FOIA request, the agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the agency, the recipient, and applicable subrecipients. This fee is in addition to any fees the agency may assess under the FOIA (5 U.S.C. 552(a)(4)(A)).

(2) The following definitions apply for purposes of this paragraph (d):

(i) **Research data** is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This “recorded” material excludes physical objects (e.g., laboratory samples). **Research data** also do not include:

(A) Trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and

(B) Personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

(ii) **Published** is defined as either when:

(A) Research findings are published in a peer-reviewed scientific or technical journal; or

(B) A Federal agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(iii) **Used by the Federal Government in developing an agency action that has the force and effect of law** is defined as when an agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

DEPARTMENT OF DEFENSE

32 CFR Parts 22 and 32

FOR FURTHER INFORMATION CONTACT:

ADDITIONAL SUPPLEMENTARY INFORMATION:
The Department of Defense (DoD) adopts two interim final amendments to the DoD Grant and Agreement Regulations (DoDGARs). These amendments apply to awards made on or after the effective date of this regulatory change.

The principal amendment is to section 32.36 of Part 32 of the DoDGARs, which is the DoD’s implementation of OMB Circular A–110. In adopting this amendment, the Office of the Secretary of Defense, the Military Departments and the Defense Agencies will maintain uniform policies on access to data produced under awards to universities and nonprofit organizations that are consistent with the policies of other Executive Departments and Agencies.

The other amendment is to Appendix C of Part 22 of the DoDGARs, to conform that appendix to the revised section 32.36 of Part 32. The change is to delete language advising DoD grants officers that an issue to be addressed in award terms and conditions is whether to waive the Government’s access rights to data produced under awards. With the revision to section 32.36 of part 32, that no longer is an option. Two other technical corrections are made to the appendix, to correct citations to sections of the DoDGARs.

DEPARTMENT OF THE INTERIOR

43 CFR Part 12

FOR FURTHER INFORMATION CONTACT:
Debra E. Sonderman, (Director, Office of Acquisition and Property Management), (202) 208–6431.

ADDITIONAL SUPPLEMENTARY INFORMATION:
The Department of the Interior (DOI) has implemented OMB Circular A–110 at 43 CFR Part 12, Subpart F, There is also a provision at 43 CFR Part 12, Subpart A, Section 12.23(a) which confirms that grants and cooperative agreements which are awarded by DOI to institutions of higher education, hospitals and other non-profit organizations, are governed by Subpart F and OMB Circular A–110. The regulation at Subpart A documents that OMB Circular A–110 is a part of the regulation as well as any changes made to the Circular and subsequently published in the Federal Register. Therefore, awards made by DOI were considered effective on the effective date of the changes published in the revised Circular, November 8, 1999.

In order to amend DOI’s codification of the Circular at 43 CFR Part 12, Subpart F, DOI is participating in this joint publication so that the recent revisions made by OMB can be reflected. With the publication of this interim final rule, we are incorporating the provisions of OMB Circular A–110, Section .36 regarding the availability of data produced under an award through the Freedom of Information Act into the implementing regulation at 43 CFR Part 12, Subpart F.

Compliance With Laws, Executive Orders, and Department Policy: In addition to the certifications stated in the general preamble, DOI is including the following statements:

In accordance with Executive Order 12630, the rule does not have significant takings implications. A takings implication assessment is not required. No takings of personal property will occur as a result of this rule.

In accordance with Executive Order 12988, the Office of the Solicitor has determined that this rule does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of the Order.

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 is not required.

In accordance with the President’s memorandum of April 29, 1994, “Government-to-Government Relations with Native American Tribal Governments” (59 FR 22951 and 512 DM 2), we have evaluated possible effects on Federally recognized Indian tribes and have determined that there are no effects on trust resources. This regulation concerns the information that federally-funded researchers must provide in response to Freedom of Information Act requests related to grants and cooperative agreements awarded to institutions of higher education, hospitals, and other non-profit organizations.
