ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:
The Department of Education (Department) may disclose information contained in a record in this system of records without the consent of the individual if the disclosure is compatible with the purpose for which the record was collected. These disclosures may be made on a case-by-case basis or, if the Department has complied with the computer matching requirements of the Act, under a computer matching agreement.

(1) Contract Disclosure. When the National Center for Education Statistics intends to contract with a private firm for the purpose of collating, analyzing, aggregating, maintaining, appending, or otherwise refining records in this system, the Commissioner of Education Statistics may release relevant records to the contractor. The contractor will be required to maintain safeguards under the Privacy Act of 1974 and section 406(d)(4) of GEPA (20 U.S.C. 1221e–1(d)(4)) with respect to such records.

(2) Research Disclosure. POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:
The research files will be stored on computer tapes and diskettes. The location files will be kept on computer tapes.

RETRIEVABILITY:
The records are retrievable by title of survey and name of person.

SAFEGUARDS:
The research files and location files are not directly mergeable in the form maintained and stored. The identification codes on each file are different. They can be related by use of an encryption algorithm known to only a few authorized staff. Copies of the computer tapes and discs containing the location files are stored with three levels of password protection. Hence, immediate access to the location files is possible only by authorized staff. When in active use for editing, tabulation and analysis, files of information and identifiers will not be kept together unless necessary for processing the data. The files will be accessed only through approved identification of the user and the use of passwords. Passwords will be changed at the conclusion of each period of use and returned to storage. Tapes, discs and questionnaires will be kept in locked files in locked rooms.

RETENTION AND DISPOSAL:
The records will be kept for five years after the final survey administration, including the base year survey and any following surveys and then transferred to the Federal Records Center, where, after 15 years, they will be destroyed.
