Wane.com posted a story which included a letter posted on a door of the Bluffton Road school from Geist herself details she has been "forced to close our school" because she was "responsible for the mishandling of federal financial aid funds by a former financial aid director." Therefore, the letter reads, "all government aid has been halted, making it impossible for me to keep the school open."

School is covered by a state tuition recovery fund.

Notes: No, TBC did not pay into a tuition recovery fund, purchase a private insurance policy, or have a bond that might assist students who did not complete their program in the recovery of some of their tuition costs. However, as stated above, there were no active students with unfinished contracts at the time of school closure, and there was only one student who left school within 90 days prior to the closure.

Student Arrangements: Yes, all students currently enrolled on March 16, 2016 graduated. Specifically, the closure was brought about by the graduation of our last student. There were zero students who were left without training. Within 90 days of the closure, this Branch Campus only had one student drop out (with the stated purpose of withdrawing due to pregnancy). All other students graduated.

Yes, these arrangements were in place from the time the students first enrolled in our program. The administration was committed to teaching the full program to any and all students who desired to stay enrolled, and that plan is exactly what was executed.
