**Closure Date:** 10/23/2020

School is covered by a state tuition recovery fund.

Notes: Since the June 26, 2020 consummation of the CIO from Premier to Trigram (and loss of eligibility date), Trigram has been telling the Department and other regulators that the funding to support the operation of the institutions is forth coming. Still, as of January 2021, this funding has not occurred. Both ACCSC and ACCET have acted to withdraw all of the Premier/Trigram institutional accreditation and state agencies are also taking action. The Department entered a closure date for the institutions based on multiple delays in the resumption of classes due to the lack of funding and the lack of accreditation. Most of the student records are generated and stored electronically in CampusNexus.

**Closure Date:** 12/31/2019

Notes: N/A

Student Arrangements: The P-3 Modified Alternate Route program, a New Jersey Department of Education-approved program for teacher preparation, maintained a twenty-year relationship with Cumberland County College to meet the educational needs of early childhood teachers in the southern region of New Jersey. In recent years, the program has evolved into a hybrid program that incorporates virtual learning offered by the main campus. Upon the merger between Rowan University and Cumberland County College, we severed our relationship and moved all of our courses on-line which are considered offered by the main campus.

Students who had not completed their program requirements when the location closed were 'transferred' to the main campus.

All records are maintained on the main campus of the institution.

Student Arrangements: While the Executive MBA program was taught at BCC at Lyndhurst (prior to January 2016), 100% of their courses were delivered at that location. However, the Executive MBA students represented only a small percent of the overall students in the MBA program. The Executive Program was only one modality of the overall MBA program offerings. At that time, the large majority of the MBA students participated in the on-campus weeknight MBA modality.

Students who had not completed their program requirements when the location closed were 'transferred' to the main campus.

All records are maintained on the main campus of the institution.

Lake Mary, FL. 32746

**Closure Date:** 01/07/2021

Notes: Remington College devoted years of effort and significant resources to the location in an attempt to make the institution a successful member of the Columbia community. Unfortunately, due to low student enrollments and the lack of interest in the programs that were being taught, Remington College made the difficult decision to cease enrolling new students, teach out the remaining students, and permanently close the location once the final group of students completed.

Student Arrangements: The students completed their program at the main location prior to the location closing.

Notes: CollegeAmerica-Flagstaff ceased delivering instruction and closed the campus effective February 8, 2021, as planned. The institution's owner, Center for Excellence in Higher Education("CEHE"), previously provided advance notice and communication of this planned closure to the Department, the college's accreditor (ACCSC), and the Arizona State Board for Private Postsecondary Education.

In September 2019, CollegeAmerica- Flagstaff notified all of its active students that the college was no longer accepting new enrollments, but would continue to provide all of the education and services to existing students so that they could complete their degree programs.

CEHE has a comprehensive Student Information System ("SIS") and all of a student's academic transcript and financial aid records are maintained and stored in the SIS (which is backed up offsite at a separate data center). In addition to the electronic storage of records, CollegeAmerica- Flagstaff has transferred any remaining paper records that existed to the CEHE headquarters in Salt Lake City, Utah. CEHE has a bond in place with the Arizona State Board for Private Postsecondary Education in the amount of \$929,464.

Student Arrangements: The college completed a teach-out of its remaining students and there were no actively enrolled students as of February 8, 2021 when the college officially closed.
