Student Arrangements: According to the school, any remaining elements required for graduation are completed by the student either independently (such as work on a thesis or dissertation) or through a campus based capstone experience; this approach is part of the institution's standard process for student matriculation at off-campus locations.

In rare cases, it is possible that some of the site based instruction for the location may not have been completed prior to closure of the site. In such instances, arrangements would have been made for those students to complete the site based components of their program either through a different modality or location.

Student Arrangements: According to the school, any remaining elements required for graduation are completed by the student either independently (such as work on a thesis or dissertation) or through a campus based capstone experience; this approach is part of the institution's standard process for student matriculation at off-campus locations.

In rare cases, it is possible that some of the site based instruction for the location may not have been completed prior to closure of the site. In such instances, arrangements would have been made for those students to complete the site based components of their program either through a different modality or location.

Student Arrangements: Jeanne Herman, Chief Operating Officer, responded that the last date of instruction was 06/24/16. Not all students completed their programs prior to the location closure. All students met with academic officials and were provided a pathway to graduation at the nearest campus and in some cases through online offerings. Layton is located less than 30 miles from the fully operational main campus in West Jordan. Students were also provided a list of comparable programs at the other campuses serving these communities. At the end of Spring Quarter, there were 43 students who would be eligible to continue their education, 42 students transferred to the West Jordan campus. Summer quarter at these locations started July 5, 2016. The remaining students chose to transfer to another school not associated with Broadview University.

All student records are maintained on a common student records management system, Campus Nexus, and managed by academic personnel at our corporate offices located in Woodbury, MN. A centrally employed registrar manages student records and will continue to be responsible for storing and providing access to academic and/or financial aid transcripts for all campuses including locations that have ceased operations. All physical files were moved to the West Jordan campus located at 1902 West 7800 South, West Jordan, UT 84088-4021.

Student Arrangements: According to the school, any remaining elements required for graduation are completed by the student either independently (such as work on a thesis or dissertation) or through a campus based capstone experience; this approach is part of the institution's standard process for student matriculation at off-campus locations.

In rare cases, it is possible that some of the site based instruction for the location may not have been completed prior to closure of the site. In such instances, arrangements would have been made for those students to complete the site based components of their program either through a different modality or location.
