Student Arrangements: Students were notified in January 2017 by email from their respective academic college dean of the impending closure. This email also included an explanation of how all affected students would be assisted and advised in completing their programs of study at the main campus or another off-campus location in their current academic programs. Immediately following the notification to all students who are currently enrolled at A&M-Commerce at Rockwall, a university-wide notification email from the Provost to all faculty, staff, and students on all campuses of Texas A&M University-Commerce was sent advising them of the Rockwall campus closing.

Each student has been advised by his or her academic advisor or their department chair to ensure that they will have minimal disruption in their current programs. The students were advised of their options to continue their course of study at the main campus or another off-campus location, whichever was more convenient. In some cases students were advised of the availability of their program online, as well.

Some students may choose to continue their degree in an online format, if that modality is available in their degree program. If a student chooses to continue the degree online, that student will be advised of the additional costs/fees associated with online courses and programs.

Notes: Davenport maintains all records electronically, including all academic records and financial aid documentation (such as ISIR's, award calculations, R2T4 calculations, etc.). In 2001, Davenport centralized all its academic records, and the records are available via database or microfiche. No permanent financial aid or academic records were ever stored at the closing locations. Academic records, if not already electronic, were converted to microfiche. Davenport uses the Banner software system and ImageNow (scanning); all records are available via those systems. The address where records are available is 6191 Kraft Ave, Grand Rapids, MI 49512.

Student Arrangements: All the programs offered at the Livonia campus are also available at the Davenport Warren campus 00224931(which is 23.5 driving miles from the Livonia campus) and via Davenport's online program offerings. Davenport has been communicating with students throughout the 2017/2018 academic year. Academic advisors reviewed each student's degree plan and communicated directly with them regarding the availability of their remaining courses, whether at the Warren location or via online delivery. Of the 226 students who were enrolled at Livonia, 32 of them graduated, 32 are scheduled for courses in the current summer term, 107 are scheduled to continue in the fall semester, and 11 failed SAP. Davenport is working with the remaining 44 students to help the students schedule courses to complete their program.
