The Honorable Tommy Bice  
State Superintendent of Education 
50 North Ripley Street  
Montgomery, AL 36104

Dear Superintendent Bice:

The U.S. Department of Education (ED) is committed to working with Alabama to ensure full and effective implementation of your approved request for ESEA flexibility, including by providing technical assistance and monitoring the progress of implementation toward the goals set for your schools and students. Toward that end, the purpose of this letter is to provide some additional information about how to implement your approved request and how to meet certain obligations related to your request.

Condition on Approval

Alabama’s ESEA flexibility request was approved subject to two conditions. To receive approval to implement ESEA flexibility through the end of the 2014–2015 school year, Alabama must submit to ED for review and approval an amended request incorporating: (1) the final version of the State’s new performance index, including by attaching to the amended request any technical documentation, administrative rules, and other relevant information; and (2) guidelines for teacher and principal evaluation and support systems that include a method for including student growth as a significant factor in those systems. As noted in Secretary Duncan’s letter, Alabama must submit for review an amended request that includes the final version of its new index, and demonstrate that its final method for determining an educator’s summative evaluation rating includes student growth as a significant factor.

If Alabama fails to provide all of the requested information, the waivers being granted through ESEA flexibility will expire on June 30, 2014, and Alabama and its districts will be required to immediately resume complying with all ESEA requirements.

Waivers in ESEA Flexibility

The waivers that comprise ESEA flexibility have been granted pursuant to the Secretary’s authority under section 9401 of the ESEA. Consistent with that authority, only the statutory requirements listed in the table enclosed with Secretary Duncan’s letter approving your request, and the related regulatory requirements have been waived through ESEA flexibility. Alabama and its local educational agencies (LEAs) remain obligated to comply with all other requirements of the ESEA, including, for example, the fiscal requirements in ESEA section 1120A, the report card requirements, the regulatory requirements for calculating graduation rates, the caps on the number of proficient and advanced scores of students with disabilities who take an alternate assessment based on alternate or modified academic achievement
standards that may be included in accountability determinations, and the requirements related to equitable services.

In addition, the waivers that are included in the table enclosed with Secretary Duncan’s letter include waivers that permit Alabama or its LEAs to: operate a schoolwide program in a priority or focus school that does not meet the 40 percent poverty threshold; provide funds reserved under ESEA section 1003(a) to any priority or focus school; provide funds reserved under ESEA section 1117(c)(2)(A) to any reward school; and provide funds under ESEA section 1003(g) to any priority school that will implement one of the four School Improvement Grants (SIG) school intervention models. Please note that these waivers apply only to schools that meet the ESEA flexibility definitions of priority, focus, and reward schools, as applicable. Essentially, if Alabama identifies other schools as reward, priority, or focus schools that do not meet those definitions, these waivers would not be relevant to those additional schools. Moreover, approval of your request for ESEA flexibility does not waive any other requirements related to schoolwide programs, the reservation under ESEA section 1003(a), the provision of funds under ESEA section 1117(c)(2)(A), or the allocation of SIG funds, respectively; they merely modify the universe of schools to which those respective provisions apply.

**Waivers of Requirements to Provide Supplemental Educational Services (SES) and Transportation for Public School Choice**

Under ESEA flexibility, LEAs in Alabama are no longer required by Federal law to offer SES or transportation for public school choice. Accordingly, Alabama should have taken steps to ensure, as appropriate, that its LEAs provided parents with information regarding the termination of SES and transportation for public school choice, including an explanation of the interventions, incentives, and supports that have replaced those options.

Please note that, although LEAs are no longer obligated by Federal law to provide transportation for public school choice, a student who is already taking advantage of public school choice must be permitted to remain at his or her school of choice until he or she has completed the highest grade in that school because ESEA flexibility does not waive ESEA section 1116(b)(13). This right should have been clearly explained to parents in the information that was provided regarding the changes being made with respect to the provision of SES and public school choice.

**Accountability Addendum**

ED recognizes that, in light of Alabama’s approved ESEA flexibility request, some elements of Alabama’s current accountability workbook do not reflect Alabama’s new system of differentiated recognition, accountability, and support. To help ensure transparency and consistency of information while at the same time minimizing the burden on a State educational agency (SEA), ED has developed an accountability addendum, which replaces the accountability workbook of a State approved for ESEA flexibility. Together, an SEA’s approved ESEA flexibility request and its accountability addendum contain the elements of the State’s system of differentiated recognition, accountability and support. Information about the accountability addendum and a sample addendum are available on ED’s ESEA flexibility web page at: http://www2.ed.gov/policy/elsec/guid/esea-flexibility/index.html. Your State contact will be in touch with you to discuss the process for completing and submitting your accountability addendum for ED’s review.
Amendments to Alabama’s ESEA Flexibility Request

ED encourages Alabama to continuously evaluate the effectiveness of the plans and other elements of its ESEA flexibility request as it proceeds with implementation, and to make necessary changes to address any challenges that it identifies. As a result of this process of continuous improvement, ED anticipates that Alabama might want or need to make other changes to its ESEA flexibility request.

If Alabama wishes to make changes to its ESEA flexibility request, Alabama must submit those changes to ED as early as feasible for ED’s review and approval. Upon receipt of the proposed changes, ED will determine whether the changes require additional peer review. Alabama may not implement any changes to its approved request until those changes have been approved by ED. Additional information regarding the format and process for an SEA to submit a request to amend its ESEA flexibility request is available on the “Support and Technical Assistance for States” section of the ESEA flexibility webpage (http://www2.ed.gov/policy/elsec/guid/esea-flexibility/index.html). With the exception of the flexibilities announced in Secretary Duncan’s June 18, 2013 letter, please note that ED does not anticipate approving any amendment that would result in a State no longer meeting the required timelines for implementation of ESEA flexibility.

In addition to submitting information on amendments to its request, Alabama must submit its final lists of priority, focus, and reward schools to the Department by August 15, 2013.

Principle 3 Review

Alabama must submit for peer review its guidelines for its teacher and principal evaluation and support systems, in accordance with Principle 3 of ESEA flexibility, once they are developed and adopted. ED will provide you with information regarding the schedule for this submission and peer review shortly.

Continuing Consultation

Meaningful engagement and soliciting input from teachers and their representatives, and other diverse stakeholders, was an important part of developing Alabama’s ESEA flexibility request. Such consultation will be equally important as you continue to implement your ESEA flexibility request.

Submission of Reports, Data, and Evidence

ESEA section 9401(e)(2) requires an SEA receiving a waiver under section 9401 to report such information as the Secretary may require. In accordance with that provision and as it assured in its request, Alabama must provide ED certain reports, data, and evidence regarding its progress in implementing the plans and other elements of its approved request. Generally, SEAs are meeting this requirement primarily by providing information to ED through ED\textit{Facts}/Consolidated State Performance Report, and by providing information required for ED’s monitoring of ESEA flexibility implementation.

Monitoring

ED has begun monitoring SEAs to ensure full and effective implementation of approved ESEA flexibility requests. ED will track Alabama’s progress and success in implementing the plans and other elements of its approved ESEA flexibility request, including alignment with the four principles and the
required timelines listed in the document titled *ESEA Flexibility*. In particular, ED will monitor the impact of Alabama’s new accountability system to ensure that it provides differentiated support to schools and districts based on identified needs as well as Alabama’s progress at developing its final teacher and principal evaluation and support guidelines. ED expects to begin Part A monitoring of Alabama’s implementation of ESEA flexibility at the start of the 2013–2014 school year and will provide additional information on its monitoring plans in the coming weeks.

Please note that, as States’ implementation of ESEA flexibility proceeds, ED may adjust the reports, data, and evidence it needs to track implementation, as appropriate. Your ED contact will keep you apprised of any modifications.

**Secretary’s Right to Terminate Waivers**

Under ESEA section 9401(f), the Secretary must terminate a waiver if he determines, after notice and an opportunity for a hearing, that the performance of the entity affected by the waiver has been inadequate to justify a continuation of the waiver or if the waiver is no longer necessary to achieve its original purpose. Accordingly, the Secretary may terminate the waivers granted through ESEA flexibility if Alabama or a significant number of its LEAs do not implement Alabama’s request as approved by ED, if Alabama fails to submit in a timely manner the required reports and data, or if Alabama does not receive approval of its guidelines for teacher and principal evaluation and support systems. If the waivers are terminated, Alabama and its LEAs must immediately resume complying with the requirements of current law. Similarly, if the Secretary determines not to extend or renew the waivers granted to Alabama beyond the end of the 2013–2014 school year, Alabama and its LEAs would be required to immediately resume complying with the requirements of current law in that instance, as well.

I hope you find this information helpful. Congratulations again on receiving approval of Alabama’s request for ESEA flexibility. I look forward to working with you and your staff as you implement this flexibility and as you continue working to improve education in Alabama.

Sincerely,

/s/

Deborah S. Delisle
Assistant Secretary

cc: Melinda Maddox, Assistant State Superintendent of Education of Research, Information, and Data Services
