"CHAPTER 3—COMMUNITY COLLEGE ACCESS PROGRAM

"FINDINGS AND PURPOSE

"SEC. 406A. (a) FINDINGS.—The Congress finds as follows:

"(1) Community colleges serve as a primary access point to postsecondary education for many students.

"(2) Dual-enrollment and early college programs play an important role in encouraging high-school students to continue on to college, especially for low-income and minority students.

"(3) Credit transfer is recognized as a crucial element within a seamless educational system. More and more students are starting their postsecondary education at one institution and completing their education at a second or third institution. Restrictive transfer-of-credit policies penalize these students in the form of time and money whenever credits are denied in the transfer process. States and institutions need to develop and implement transfer policies that are in the best interests of students. These policies are needed within States and across State lines.

"(b) PURPOSE.—The purpose of this chapter is to enhance higher education opportunities by promoting dual-enrollment programs through which students can earn college credits while still in high school and by facilitating the transfer of academic credits among institutions of higher education, particularly across State lines.

1 "DUAL-ENROLLMENT PROGRAM

2 "SEC. 406B. (a) GRANTS.—(1) The Secretary shall award grants to partnerships
3 described in paragraph (3) to establish or expand existing dual-enrollment programs at junior and
4 community colleges or community college systems that allow high school students to earn high
5 school and transferable college credit.

6 "(2) Grants awarded under this section shall be for a period of not more
7 than 5 years.

8 "(3) To be eligible for a grant under this section, a partnership shall
9 include one or more local educational agencies and one or more junior or community colleges or
10 a community college system.

11 "(b) DEFINITIONS.—As used in this section the term—

12 "(1) 'junior or community college' has the same meaning as that term
13 is given in section 313(f); and

14 "(2) 'dual-enrollment program' means a program for 11th and 12th grade
15 high school students that—

16 "(A) allows them to enroll in both academic and vocational
17 courses at a junior or community college, while also attending high school (although such
18 programs shall not include advanced placement or international baccalaureate high school
19 courses), for both high school and postsecondary education academic credit that is transferable to
20 2- and 4-year institutions of higher education and eligible postsecondary vocational institutions
21 and proprietary institutions of higher education; and

22 "(B) does not require participating students to pay the costs
23 of course tuition and fees at the postsecondary institution.

1 "(c) APPLICATION.—(1) Any partnership that desires to receive an award under this
2 section shall submit an application to the Secretary, in such form and containing such
3 information, as the Secretary may require.

4 "(2) Each application shall—

5 "(A) list each member of the partnership and their responsibilities
6 (including who will act as the fiscal agent for the partnership);

7 "(B) describe the need for the program, including a description of
8 how the project will build on any existing efforts;

9 "(C) list the human, financial (other than funds under this section),
10 and other resources that each member of the partnership will contribute to the program, and
11 describe the efforts each member of the partnership will make in seeking additional resources for
12 the program;

13 "(D) describe how—

14 "(i) the proposed program will operate;

15 "(ii) grant funds will be used for activities carried out under
16 this section;

17 "(iii) grant funds will be used to increase the quality and
18 rigor of the courses in the dual-enrollment programs; and

19 "(iv) program progress will be measured (including setting
20 forth the performance standards that will be used to measure such progress); and

21 "(E) describe how the partnership will support and continue
22 to support dual-enrollment programs after the grant has expired.

23 "(3) PEER REVIEW.—The Secretary shall use a peer-review process to

1 review applications under this section and make recommendations for funding to the Secretary.

2 "(4) PRIORITY.—The Secretary shall give priority to applications

3 that—

4 "(A) place few restrictions on the courses that students enrolled in the
5 dual-enrollment programs can take, other than those imposed on regular students at the junior or
6 community college;

7 "(B) include schools in which at least 50 percent of the students are
8 eligible for free and/or reduced-price lunch under the Richard B. Russell National School Lunch
9 Act;

10 "(C) give priority to students who are low-income individuals, as defined
11 in section 402A(g)(2);or

14 programs is transferable.

"(A) be a low-income individual, as defined in section 402A(g)(2);

"(B) have maintained an overall 3.0 grade point average in high school;

and

"(C)(i) have met the enrollment requirements of the high school and the junior or community college for the program; or
