Subject: Comments about student loans

I am now being tagged by the Treasury Dept for my Social Security. What does Social Security have to do with student loans? They even took my \$250 stimulus check! I am complaining to my Congressman now.

Even with that I get calls EVERYDAY from them.

I am 67 years old now and the <\$20,000> student loan has turned into \$70,000+. I never intended for this to happen and because of unforeseen circumstances I am being penalized. I had planned to do preventive counseling but I have been informed that they would have taken my license anyway. I have never been able to use what education I have just because I would be dogged by the Treasury.

I tell people -everyone I meet or talk to-DO NOT GET STUDENT LOANS- IT IS A GOVERNMENT SCAM. I ALWAYS REFER THEM TO studentloanjustice.org

There needs to be consumer protection laws put into this.

I certainly could not have anticipated the grief it has caused me even in my old age. There needs to be a WARNING attached to this trap.
