Hi my name is [REDACTED] and I live in Central Illinois. What [REDACTED] from studentloanjustice has told you is the God's honest truth and I am one of many who is being prosecuted by our government. I started with a small student loan over ten years ago and all this time they have been garnishing my wages, taking me and my husband's income tax returns, stimulous checks, etc. and I still owe three times as much as what I originally borrowed. After all these years I have more than paid back what I borrowed, plus interest, plus penalties, plus my dignity! I can't believe in this day and time Americans like us can be treated like this and nothing be done about it, alot of us have paid our debt over and over again so it's not a question of not paying what we owe. Believe me we have and the only way for me to cope with this is to tell myself I am supporting the government which is needing my help but draining my family dry :(And the sad thing is I have five brothers who all served our country: Navy, Marine, Air Force, Army in Vietnam and my Dad was even a POW in WWII. Thank God they didn't have to go thru this but I'm sure there are many who have. It's REALLY hard to be patriotic when you don't feel like your country does anything for you but use you to pay their debt. OK I know nothing is going to change that but I feel much better now. Thank You!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
