Dear Dept of Ed,

I am almost 52, am a Licensed Social Worker graduated in 2002, and being that I had to be on disability for 7 years my original \$60,000. subsidized and \$30,000. unsubsidized have cranked capitalized interest with GRAND Total \$153,090.67.(That's todays total, but it goes up every month!!)

I can barely pay the interest (\$890./month) let alone the full payment of \$1,290.00./month. All I ask is that Standard Consumer protections be added BACK (which means somehow they were taken away!!).

Here's the worst part: God Forbid I go into default, I can lose my SW License AND not be allowed to work in my 2 Public Service position (which is both my fulltime AND my part-time job). YES both jobs require an active SW license.

So far I keep alternating between going on forbearance/financial hardship and making payments that are

about half the interest.

can't live like this as the AX will soon fall and then what!!?? NO SOCIAL WORK LICENSE EQUALS NO TWO PUBLIC SERVICE JOBS (1 for the county and 1 for the state of NY).

I am praying that my email be heard and give full permission to have it be published if it will help other students who are in more than the proverbial pickle.

I keep thinking of writing to any European country's government who will open their arms to a Social Worker with my skills and abilities. There are about 36 expatriates who live overseas because their mother country USA, has allowed corporations who are predatory in how they got Congress in their pockets, to ruin certain student's lives because of disability, ever escalating tuition and textbooks, and the lessening of financial aid!

My name is [REDACTED]

PLEASE HEAR US WE ONLY WANTED TO GET A DECENT EDUCATION AND HELP OTHERS!!

PLEASE CONSIDER GIVING STANDARD CONSUMER PROTECTIONS BACK TO STUDENT LOANS
