Subject: Student loan has ruined my life

I am [REDACTED]. In 1974 I was given a stack of papers to sign "for my scholarship" to play football. Over 20 years later I received a judgement for over \$30,000 for a loan of \$5200 I signed for in that stack of papers.
My pay has been attached and I have paid nearly \$40,000 and now owe \$7300 which I may pay off just in time to retire, 80% of the \$2,500 a year goes toward interest and penalties. WORSE THAN THE MAFIA
