Statutory cites: Section 401(b)(5)(A) of the HEA

Regulatory cites: §690.63, §690.64, §690.67 and §690.80

DCL GEN-08-12 cite: Pages 103-104

Summary of issue: The amendments made by the HEOA require that a student may receive up to two Federal Pell Grant Scheduled Awards during a single award year if the student is enrolled at least half-time for more than one academic year, more than two semesters, or the equivalent time during a single award year. The student must also be enrolled in a certificate, associate degree or baccalaureate degree program.

Updated information since 3/2-4 meetings:

Section 690.63 would be amended to provide instructions on how an institution calculates the Pell Grant payment for a payment period that may include the credit or clock hours and weeks of instructional time for both a first and second Scheduled Award.

Section 690.64 would be amended to address the treatment of a payment period that occurs in two award years. Institutions would be required to assign a payment period that occurs in two award years to the award year the student receives the maximum payment for the payment period.

Section 690.67 would be amended to implement the requirements in section 401(b)(5)(A) of the HEA which allow a
student to receive up to two Federal Pell Grant Scheduled Awards during a single award year.

Section 690.80 would be amended to require the recalculation of a second Federal Pell Scheduled Award due to a change in the student's enrollment status.

**Tentative agreement:**

**Regulatory language:**

§690.63 Calculation of a Federal Pell Grant for a payment period.

* * * * *

(h) Payment from two Scheduled Awards. (1) In a payment period, a student may receive a payment from the student’s first Scheduled Award in the award year and the student’s second Scheduled Award in the award year if--

(i) The student is an eligible student who meets the provisions of §690.67; and

(ii) The student’s payment for the payment period is greater than the remaining balance of the first Scheduled Award.

(2) The student’s payment for the payment period--

(i) Is calculated based on the total credit or clock hours and weeks of instructional time in the payment period; and

(ii) Is the remaining amount of the first Scheduled Award plus an amount from the second Scheduled Award for the balance of the payment for the payment period.

§690.64 Calculation of a Federal Pell Grant for a payment period that occurs in two award years.

(a) If a student enrolls in a payment period that is scheduled to occur in two award years—
(a) The entire payment period must be considered to occur within one award year.

(b)(1) An institution shall assign the payment period to the award year in which the student receives the greater payment for the payment period based on the information available at the time of disbursement. The institution shall determine for each Federal Pell Grant recipient the award year in which the payment period will be placed subject to the restrictions set forth in paragraph (a)(3) of this section.

(2) If, subsequent to the initial disbursement for the payment period, the institution determines that the student would receive a greater payment for the payment period by reassigning the payment to a different award year, the institution may reassign the payment to the award year providing the greater payment;

(c) The institution shall place a payment period with more than six months scheduled to occur within one award year in that award year.

(d) If an institution places the payment period in the first award year, it shall pay a student with funds from the first award year; and

(e) If an institution places the payment period in the second award year, it shall pay a student with funds from the second award year.

(b) An institution may not make a payment which will result in the student receiving more than one Scheduled Award for his or her Scheduled Federal Pell Grant for an award year.

§690.67 Receiving up to two Scheduled Awards during a single award year.
An institution shall award up to a second Scheduled Award to a student in an award year if the student—

(a) Is enrolled at least as a half-time student in a payment period during which the student would be earning credit or clock hours applicable to a second academic year in the award year; and

(b) Has successfully completed the credit or clock hours of the first academic year in the award year, or would be completing the credit or clock hours of that academic year in the payment period for which he or she is receiving a payment from a second Scheduled Award in the award year.

§690.80 Recalculation of a Federal Pell Grant award.

*   *   *   *   *

(b) Change in enrollment status.

(1) *   *   *

(3) If the student’s projected enrollment status changes at any time during a payment period in which the student receives a payment from a second Scheduled Award in an award year, the institution shall recalculate the student’s payment for the payment period. The recalculation must take into account any changes in the student’s cost of attendance.

Statutory Language:

(6)(A) The Secretary may allow, on a case-by-case basis, a student to receive 2 Pell grants during a single award year, if—

(i) the student is enrolled full-time in an associate or baccalaureate degree program of study that is 2 years or longer at an eligible institution that is computed in credit hours; and
(ii) the student completes course work toward completion of an associate or baccalaureate degree that exceeds the requirements for a full academic year as defined by the institution.

(B) The Secretary shall promulgate regulations implementing this paragraph.

(5)(A) The Secretary shall award a student not more than two Federal Pell Grants during a single award year to permit such student to accelerate the student’s progress toward a degree or certificate if the student is enrolled—

(i) on at least a half-time basis for a period of more than one academic year, or more than two semesters or an equivalent period of time, during a single award year; and

(ii) in a program of instruction at an institution of higher education for which the institution awards an associate or baccalaureate degree or a certificate.

Issue Paper # 3

Issue: Extenuating Circumstances for Students Unable to Fulfill Service Obligation under the TEACH Grant Program

Statutory cites: 420N(d)(2) of the HEA

Regulatory cites: §686.41 and §686.42

DCL GEN-08-12 cite: Page 106

Summary of issue: The HEOA adds a new provision to the HEA that requires the Secretary to establish categories of extenuating circumstances under which a TEACH Grant recipient who is unable to fulfill all or part of his or her service obligation may be excused from fulfilling that portion of the service obligation.

Updated information since 3/2-4 meetings:

Section 686.41 would be amended to limit the suspension for a call or order to active duty status for a TEACH Grant recipient to three years. After the three-year period, a TEACH Grant recipient could apply for a discharge of his or her service obligation.

Section 686.42 would be amended to provide that a TEACH Grant recipient could apply for a discharge of a portion or all of his or her service obligation based on the number of years called or ordered to active duty status.

Tentative agreement:

Regulatory language:

§686.41 Periods of suspension.

(a)(1) A grant recipient who has completed or who has otherwise ceased enrollment in a TEACH Grant-eligible program
for which he or she received TEACH Grant funds may request a suspension from the Secretary of the eight-year period for completion of the service obligation based on--

(i) Enrollment in a program of study for which the recipient would be eligible for a TEACH Grant or in a program of study that has been determined by a State to satisfy the requirements for certification or licensure to teach in the State's elementary or secondary schools;

(ii) A condition that is a qualifying reason for leave under the FMLA; or

(iii) A call or order to active duty status for more than 30 days as a member of a reserve component of the Armed Forces named in 10 U.S.C. 10101, or service as a member of the National Guard on full-time National Guard duty, as defined in 10 U.S.C. 101(d)(5), under a call to active service in connection with a war, military operation, or a national emergency.

(2) A grant recipient may receive a suspension described in paragraphs (a)(1)(i), (ii) and (iii) of this section in one-year increments that--

(b) A grant recipient must apply for a suspension in writing on a form approved by the Secretary prior to being subject to any of the conditions under Sec. 686.43(a)(1) through (a)(5) that would cause the TEACH Grant to convert to a Federal Direct Unsubsidized Loan.
(c) A grant recipient must provide the Secretary with documentation supporting the suspension request as well as current contact information including home address and telephone number.

§686.42 Discharge of agreement to serve.

(a) Death. If a grant recipient dies, the Secretary discharges the obligation to complete the agreement to serve based on an original or certified copy of the grant recipient's death certificate, an accurate and complete photocopy of the original or certified copy of the grant recipient's death certificate, or, on a case-by-case basis, reliable documentation acceptable to the Secretary.

(b) Total and permanent disability. (1) A grant recipient's agreement to serve is discharged if the recipient becomes totally and permanently disabled, as defined in 34 CFR 682.200(b), and the grant recipient applies for and satisfies the eligibility requirements for a total and permanent disability discharge in accordance with 34 CFR 685.213.

(2) The eight-year time period in which the grant recipient must complete the service obligation remains in effect during the conditional discharge period described in 34 CFR 685.213(c)(2) unless the grant recipient is eligible for a suspension based on a condition that is a qualifying reason for leave under the FMLA in accordance with Sec. 686.41(a)(1)(ii)(D).

(3) Interest continues to accrue on each TEACH Grant disbursement unless and until the TEACH Grant recipient's agreement to serve is discharged.

(4) If the grant recipient satisfies the criteria for a total and permanent disability discharge during and at the end
of the three-year conditional discharge period, the Secretary discharges the grant recipient's service obligation.

(5) If, at any time during or at the end of the three-year conditional discharge period, the Secretary determines that the grant recipient does not meet the eligibility criteria for a total and permanent disability discharge, the Secretary ends the conditional discharge period and the grant recipient is once again subject to the terms of the agreement to serve.

(c) Military discharge. (1) A grant recipient who has completed or who has otherwise ceased enrollment in a TEACH Grant-eligible program for which he or she received TEACH Grant funds and has exceeded the period of time allowed under §686.41(a)(2)(ii), may request in writing to the Secretary, a proportional discharge of his or her service obligation due to an extended call or order to active duty status.

(ii) Two-year discharge of his or her service obligation if a call or order to active duty status is for more than 4 years;

(iii) Three-year discharge of his or her service obligation if a call or order to active duty status is for more than 5 years; or

(C) The date on which the grant recipient's service is expected to end; or

(ii)(A) A copy of the grant recipient's official military orders; and

(B) A copy of the grant recipient's military identification.

(4) For the purpose of this section, the Armed Forces means the Army, Navy, Air Force, Marine Corps, and the Coast Guard.

(5) A grant recipient enlisted in a reserve component of the Armed Forces may qualify for a military discharge only for service on a full-time basis that is expected to last for a period of at least one year in length, as evidenced by official military orders, unless an order for national mobilization of reservists is issued.

(6) A grant recipient enlisted in the National Guard qualifies for a military discharge only while the grant recipient is on active duty status as a member of the U.S. Army or Air Force Reserves, and meets the requirements of paragraph (5) of this section.

(7) The Secretary will notify the grant recipient of the outcome of his or her request for a military discharge. For the portion on the service obligation that remains, the grant
recipient must continue to fulfill his or her service obligation in accordance with §686.12.

Statutory Language:

(2) EXTENUATING CIRCUMSTANCES.—The Secretary shall establish, by regulation, categories of extenuating circumstances under which a recipient of a grant under this subpart who is unable to fulfill all or part of the recipient’s service obligation may be excused from fulfilling that portion of the service obligation.
Issue Paper #4

Statutory cites: Section 443 of the HEA

Regulatory cites: §§ 675.18, 675.26

Summary of issue: The HEOA permits institutions to use FWS funds to compensate students employed in projects that teach civics in schools, raise awareness of government functions or resources, or increase civic participation.

In addition, the HEOA requires that, to the extent practicable, an institution must

- Give priority to the employment of students participating in projects that educate or train the public about evacuation, emergency response, and injury prevention strategies relating to natural disasters, acts of terrorism, and other emergency situations; and

Students performing these activities maybe paid for time spent in training and travel. Finally, the HEOA specifies that the Federal share of the compensation of FWS students may exceed 75%.

Updated information since 3/2-4 meetings: Section 675.18 would be amended to implement section 443 of the HEOA that promotes the use of FWS funds to employ students in community service projects, doing civic education and participation activities. When a school has students performing these projects, to the
extent practicable it must give priority to the employment of students participating in projects that educate or train the public about evacuation, emergency response, and injury prevention strategies relating to natural disasters, acts of terrorism, and other emergency situations; and ensure that the students receive the appropriate training to carry out the educational services required.

Section 675.26 would be amended to implement the requirements in section 443 to allow the Federal share of the compensation of FWS students to exceed 75%.

paragraph (g)(1) of this section would cause a hardship for students at the institution.

(3) To the extent practicable, in providing reading tutors for children under paragraph (g)(1)(i), an institution must—

(C) Increase civic participation.

(ii) To the extent practicable, in providing civic education and participation activities under paragraph (g)(4)(i), an institution must—

(A) Give priority to the employment of students in projects that educate or train the public about evacuation, emergency
response, and injury prevention strategies relating to natural disasters, acts of terrorism, and other emergency situations; and

Issue Paper #5

Origin: HEOA

Issue: Conform the FWS rules to the Cash Management Rules

Statutory cites: None

Regulatory cites: §675.16

Summary of issue: Technical changes needed to conform the FWS rules with the cash management rules.

Updated information since 3/2-4 meetings: These changes would:

1. Provide for the $200 prior year charge for FWS just as it is for the other programs.

2. Provide that the FWS authorization may be on the same authorization form used for the other programs, instead of a separate form for FWS.

3. Provide for a single authorization for any title IV disbursements via EFT, including FWS.

4. Provide that the school may require a bank account for FWS payments just as it does for other programs.

5. Apply the same concept of a stored-value card and other devises to FWS as exists for the other programs.

6. Provide for similar wording for authorizations and the cancellation of the authorizations for FWS as for the other programs.

Please note that because the FWS payments represent compensation, the institution needs an authorization to credit FWS funds to a student's account to pay for any charges including tuition and fees as well as room and board. This is different from the other programs. Under FWS, an institution
cannot take compensation without an authorization or a legal garnishment of wages.

**Tentative Agreement:**

**Regulatory language:**

§675.16 Payments to students.

(a) General. (1) An institution must follow the disbursement procedures in this section for paying a student his or her wages under the FWS Program instead of the disbursement procedures in 34 CFR 668.164(a), (b), and (d) through (g), and 34 CFR 668.165. The institution must follow 34 CFR 668.164(c) on making direct FWS payments to students and 34 CFR 668.164(h) on handling the return of FWS funds that are not received or negotiated by a student.

(2) An institution must pay a student FWS compensation at least once a month.

(3) Before an institution makes an initial disbursement of FWS compensation to a student for an award period, the institution must notify the student of the amount of funds the student is authorized to earn, and how and when the FWS compensation will be paid.

(4) Regardless of who employs the student, the institution is responsible for ensuring that the student is paid for work performed.

(5) A student’s FWS compensation is earned when the student performs the work.

(6) An institution may pay a student after the student’s last day of attendance for FWS compensation earned while he or she was in attendance at the institution.
(7) A correspondence student must submit his or her first completed lesson before receiving a payment.

(8) The institution may not obtain a student’s power of attorney to authorize any disbursement of funds without prior approval from the Secretary.

(9) An institution makes a disbursement of FWS program funds on the date that the institution credits a student’s account at the institution or pays a student directly with—

(i) Funds received from the Secretary; or

(ii) Institutional funds used in advance of receiving FWS program funds.

(b) Crediting a student’s account at the institution. (1) If the institution obtains the student’s authorization described in paragraph (d) of this section, the institution may use the FWS funds to credit a student’s account at the institution to satisfy—

(i) Current year charges for—

(A) Tuition and fees;

(B) Board, if the student contracts with the institution for board;

(C) Room, if the student contracts with the institution for room; and

(D) Other educationally related charges incurred by the student at the institution; and

(ii) Prior award year charges with the restriction provided in paragraph (b)(2) of this section for a total of not more than $200 for—

(A) Tuition and fees, room, or board; and
(B) Other institutionally related charges incurred by the student at the institution.

(2) If the institution is using FWS funds in combination with other title IV, HEA program funds to credit a student’s account at the institution to satisfy prior award year charges, a single $200 total prior award year charge limit applies to the use of all the title IV, HEA program funds for that purpose.

(c) Credit balances. Whenever an institution disburses FWS funds by crediting a student’s account and the result is a credit balance, the institution must pay the credit balance directly to the student as soon as possible, but no later than 14 days after the credit balance occurred on the account.

(d) Student authorizations. (1) Except for the noncash contributions allowed under paragraphs (e)(2) and (e)(3) of this section, if an institution obtains written authorization from a student, the institution may—

(i) Use the student’s FWS compensation to pay for charges described in paragraph (b) of this section that are included in that authorization; and

(ii) Except if prohibited by the Secretary under the reimbursement or cash monitoring payment method, hold on behalf of the student any FWS compensation that would otherwise be paid directly to the student under paragraph (c).

(2) In obtaining the student’s authorization to perform an activity described in paragraph (d)(1) of this section, an institution—

(i) May not require or coerce the student to provide that authorization;
(ii) Must allow the student to cancel or modify that authorization at any time; and

(iii) Must clearly explain how it will carry out that activity.

(3) A student may authorize an institution to carry out the activities described in paragraph (d)(1) of this section for the period during which the student is enrolled at the institution.

(4)(i) If a student modifies an authorization, the modification takes effect on the date the institution receives the modification notice.

(ii) If a student cancels an authorization to use his or her FWS compensation to pay for authorized charges under paragraph (b) of this section, the institution may use those funds to pay only those authorized charges incurred by the student before the institution received the notice.

(iii) If a student cancels an authorization to hold his or her FWS compensation under paragraph (d)(1)(ii) of this section, the institution must pay those funds directly to the student as soon as possible, but no later than 14 days after the institution receives that notice.

(5) If an institution holds excess FWS compensation under paragraph (d)(1)(ii) of this section, the institution must—

(i) Identify the amount of funds the institution holds for each student in a subsidiary ledger account designed for that purpose;

(ii) Maintain, at all times, cash in its bank account in an amount at least equal to the amount of FWS compensation the institution holds for the student; and
(iii) Notwithstanding any authorization obtained by the institution under this paragraph, pay any remaining balances by the end of the institution’s final FWS payroll period for an award year.

(e)(1) **Timing of institutional share and noncash contributions.** Except for the noncash contributions allowed under paragraph (e)(2) or (e)(3) of this section, an institution must pay the student its share of his or her FWS compensation at the same time it pays the Federal share.

(2) If an institution pays a student its FWS share for an award period in the form of tuition, fees, services, or equipment, it must pay that share before the student’s final payroll period.

(3) If an institution pays its FWS share in the form of prepaid tuition, fees, services, or equipment for a forthcoming academic period, it must give the student a statement before the close of his or her final payroll period listing the amount of tuition, fees, services, or equipment earned.

Origin:      HEOA

Issue:      Flexible Use of Funds

Statutory cites:  Section 445(d) of the HEA

Regulatory cites:  §675.18

Summary of issue: The HEOA adds a provision under which an eligible institution located in any area affected by a major disaster, as determined by the Secretary, may make FWS payments to disaster-affected students. The FWS payments may be made for the period of time (not to exceed one academic year) in which the disaster affected students were prevented from fulfilling their work-study obligations for all or part of such academic year due to the major disaster.

Payments may be made in an amount equal to or less than the amount of FWS wages the students would have been paid had the students been able to complete the work obligation necessary to receive work-study funds. Payments may not be made to any student who was not eligible for work-study or was not completing the work obligation necessary to receive FWS funds prior to the major disaster. Any payments made must meet the FWS matching requirements, unless the Secretary waives the matching requirements.

The term “disaster-affected student” means a student enrolled at an eligible institution who:

• received an FWS work-study award for the academic year during which a major disaster occurred;

• earned FWS wages from such eligible institution for such academic year prior to the disaster;
• was prevented from fulfilling the student’s work-study obligation for all or part of such academic year due to such major disaster; and

• was unable to be reassigned to another work-study job.

The term “major disaster” has the meaning as the term in section 102(2) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)): any natural catastrophe (including any hurricane, tornado, storm, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought), or, regardless of cause, any fire, flood, or explosion, in any part of the United States, which in the determination of the President causes damage of sufficient severity and magnitude to warrant major disaster assistance under this chapter to supplement the efforts and available resources of States, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.

Updated information since 3/2-4 meetings: Section 675.18 would be amended to add the provisions under which an institution located in any affected area, as determined by the Secretary, may make FWS payments to disaster-affected students.

   (g) Community service. (1) For the 2000–2001 award year and subsequent award years, an institution must use at least seven percent of the sum of its initial and supplemental FWS allocations for an award year to compensate students employed in
community service activities. In meeting this community service requirement, an institution must include at least one—

(i) Reading tutoring project that employs one or more FWS students as reading tutors for children who are preschool age or are in elementary school; or

(ii) Family literacy project that employs one or more FWS students in family literacy activities.

(2) The Secretary may waive the requirements in paragraph (g)(1) of this section if the Secretary determines that an institution has demonstrated that enforcing the requirements in paragraph (g)(1) of this section would cause a hardship for students at the institution.

(3) To the extent practicable, in providing reading tutors for children under paragraph (g)(1)(i), an institution must—

(i) Give priority to the employment of students to tutor in reading in schools that are participating in a reading reform project that—

(A) Is designed to train teachers how to teach reading on the basis of scientifically-based research on reading; and

(B) Is funded under the Elementary and Secondary Education Act of 1965; and

(ii) Ensure that any student who is employed in a school participating in a reading reform project described in paragraph (g)(3)(i) of this section receives training from the employing school in the instructional practices used by the school.

(h) Payment for time spent in training and travel. (1) For any award year, an institution may pay students for a reasonable amount of time spent for training that is directly related to FWS employment.
(2) Beginning with the 1999–2000 award year, an institution may pay students for a reasonable amount of time spent for travel that is directly related to employment in community service activities (including tutoring in reading and family literacy activities).

(i) Flexibility in the event of a major disaster.

(1) General. An institution located in any area affected by a major disaster may make FWS payments to disaster-affected students for the period of time (not to exceed the award period) in which the disaster-affected students were prevented from fulfilling their FWS obligations. The FWS payments--

(i) May be made to disaster-affected students for an amount equal to or less than the amount of FWS wages the students would have been paid had the students been able to complete the work obligation necessary to receive the funds.

(ii) May not be made to any student who was not eligible for FWS or was not completing the work obligation necessary to receive the funds prior to the occurrence of the major disaster.

(iii) Must meet the matching requirements of §675.26, unless those requirements are waived by the Secretary.

(2) Definitions. The following definitions apply to this section:

(i) Disaster-affected student means a student enrolled at an institution who—

(A) Received an FWS award for the award period during which a major disaster occurred;

(B) Earned FWS wages from an institution for that award period;
(C) Was prevented from fulfilling his or her FWS obligation for all or part of the FWS award period because of the major disaster; and

(D) Was unable to be reassigned to another FWS job.

(ii) Major disaster is defined in section 102(2) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)).

Statutory language:

(c) FLEXIBLE USE OF FUNDS.—An eligible institution may, upon the request of a student, make payments to the student under this part by crediting the student’s account at the institution or by making a direct deposit to the student’s account at a depository institution. An eligible institution may only credit the student’s account at the institution for (1) tuition and fees, (2) in the case of institutionally owned housing, room and board, and (3) other institutionally provided goods and services.

(d) FLEXIBILITY IN THE EVENT OF A MAJOR DISASTER.—

(1) IN GENERAL.—In the event of a major disaster, an eligible institution located in any area affected by such major disaster, as determined by the Secretary, may make payments under this part to disaster-affected students, for the period of time (not to exceed one academic year) in which the disaster-affected students were prevented from fulfilling the students’ work-study obligations as described in paragraph (2)(A)(iii), as follows:

(A) Payments may be made under this part to disaster-affected students in an amount equal to or less than the amount of wages such students would have been paid under this part had
the students been able to complete the work obligation necessary to receive work study funds.

(B) Payments shall not be made to any student who was not eligible for work study or was not completing the work obligation necessary to receive work study funds under this part prior to the occurrence of the major disaster.

(C) Any payments made to disaster-affected students under this subsection shall meet the matching requirements of section 443, unless such matching requirements are waived by the Secretary.

(2) DEFINITIONS.—In this subsection:

(A) The term ‘disaster-affected student’ means a student enrolled at an eligible institution who—

(i) received a work-study award under this section for the academic year during which a major disaster occurred;

(ii) earned Federal work-study wages from such eligible institution for such academic year;

(iii) was prevented from fulfilling the student’s work-study obligation for all or part of such academic year due to such major disaster; and

(iv) was unable to be reassigned to another work-study job.

(B) The term ‘major disaster’ has the meaning given such term in section 102(2) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)).
Issue Paper #8

Origin: HEOA

Issue: Work Colleges

Statutory cites: Section 448 of the HEA

Regulatory cites: §675.41

Summary of issue: The HEOA replaces the term “work-learning’’ each place it appears with ‘‘work-learning-service.’’

In addition, the definitions in section 448(e) of the HEA are revised as follows:

The term “work college” means an eligible institution that:

- has been a public or private nonprofit, four-year, degree-granting institution with a commitment to community service;

- has operated a comprehensive work-learning-service program for at least two years;

- requires students, including at least one-half of all students who are enrolled on a full-time basis, to participate in a comprehensive work-learning-service program for at least five hours each week, or at least 80 hours during each period of enrollment, except summer school, unless the student is engaged in an institutionally organized or approved study abroad or externship program; and

- provides students participating in the comprehensive work-learning-service program with the opportunity to contribute to their education and to the welfare of the community as a whole.
The term “comprehensive student work-learning-service program” means a student work-learning-service program that

- is an integral and stated part of the institution’s educational philosophy and program;
- requires participation of all resident students for enrollment and graduation;
- includes learning objectives, evaluation, and a record of work performance as part of the student’s college record;
- provides programmatic leadership by college personnel at levels comparable to traditional academic programs;
- recognizes the educational role of work-learning-service supervisors; and
- includes consequences for nonperformance or failure in the work-learning-service program similar to the consequences for failure in the regular academic program.

Updated information since 3/2-4 meetings: Section 675.41 would be amended to implement the requirement in section 448(e) of the HEOA to revise two definitions to clarify how institutions qualify as work colleges. The word “service” is added after work-learning in subpart C as required.

Issue Paper #9

Origin: HEOA

Issue: 90/10 (non-Title IV revenue requirement)

Statutory cites: Section 487(d) of the HEA

Regulatory cites: §§600.5(a)(8), (d), (f), and (g); §668.23(d)(4)

DCL GEN-08-12 cite: Pages 68-69

Summary of issue: The HEOA moves the 90/10 Rule to the PPA from Title I of the HEA (the 90/10 Rule applies only to proprietary institutions and requires those institutions to derive at least 10 percent of their revenue from non-Title IV sources). As a result, an institution that now violates the 90/10 Rule for one year would no longer lose its eligibility to participate in the Title IV programs. Instead, the institution’s participation becomes provisional for two fiscal years. However, if the institution does not satisfy the 90/10 Rule for two consecutive fiscal years, it loses its eligibility to participate in the Title IV programs for at least two fiscal years.

If an institution fails to satisfy the 90/10 Rule, the HEOA requires the Department to publicly disclose on the College Navigator Website the identity of that institution and the extent to which the institution failed to satisfy the rule. In addition, no later than July 1 of each year, the Secretary must submit to Congress a report that contains, for each proprietary institution, the amount and percentage of the institution’s revenues from Title IV sources and non-Title IV sources, as provided by the institution in its audited financial statements.
In calculating the revenue percentage, the HEOA requires an institution to use the cash basis of accounting, except for loans made to students by the institution, and provides that any Title IV program funds that are disbursed or delivered to or on behalf of a student are presumed to pay the student’s tuition, fees, or other institutional charges, unless the tuition, fees, or other charges are satisfied by:

- grant funds from non-Federal public agencies or private sources independent of the institution;
- funds provided under a contractual arrangement with a Federal, State, or local government agency for the purpose of providing job training to low-income individuals in need of that training;
- funds used by a student from savings plans for educational expenses established by or on behalf of the student that qualify for special tax treatment under the Internal Revenue Code; and
- institutional scholarships that count toward the 10 percent revenue requirement.

The HEOA specifies other sources of revenue that count toward the 10 percent requirement after applying the presumption that Title IV funds are used to pay the student’s tuition, fees, and other institutional charges. Among the sources, an institution may count:

- revenue earned from a non-Title IV program of study, as long as the program is approved by the State, accredited, or provides an industry-recognized credential or certificate;
- institutional aid to students. For loans made to students by the institution from July 1, 2008, but before July 1, 2012, the net present value of the loans made during a fiscal year if the loans are evidenced by promissory notes, issued at intervals
related to the institution’s enrollment periods, and are subject to regular loan repayments and collections. For loans made on or after July 1, 2012, only the amount of loan repayments the institution receives during a fiscal year, excluding repayment on any loans for which the institution previously used the net present value in its 90/10 calculation.

For scholarships, only those provided by the institution in the form of monetary aid or tuition discounts based on the academic achievements or financial need of students, as long as the scholarships are disbursed during each fiscal year from an established restricted account, and only to the extent that funds in that account represent designated funds from an outside source or income earned on those funds; and

- the proceeds of Unsubsidized Stafford Loans that exceed the loan limits which were in effect on May 6, 2008, the day before the enactment of the Ensuring Continued Access to Student Loans Act of 2008 (ECASLA). This provision applies to any Unsubsidized Stafford Loan received by a student on or after July 1, 2008, but before July 1, 2011.

The HEOA specifies the types or amounts of funds that are excluded from revenues under the 90/10 calculation. Excluded from revenues are:

- the amount of funds the institution received under the FWS Program, unless it used those funds to pay for a student’s institutional charges;

- the amount of funds the institution received under LEAP;

- the amount of funds provided by the institution as matching funds under the Title IV programs;

- the amount of funds provided by the institution for a Title IV program that are required to be refunded or returned; and
• the amount charged for books, supplies, and equipment, unless the institution includes that amount as tuition, fees, or other institutional charges.

**Updated information since 3/2-4 meetings:**

The 90/10 requirements are removed from §600.5.

The PPA is amended by adding the 90/10 requirement.

A new section 668.28 is added to implement the statutory requirements.

A new Appendix C is added to illustrate the 90/10 calculation.

(7) Has been in existence for at least two years; **and**

(8) Has no more than 90 percent of its revenues derived from title IV, HEA program funds, as determined under paragraph (d) of this section.

(b)(1) The Secretary considers an institution to have been in existence for two years only if—

* * *

——(d)(1) An institution satisfies the requirement contained in paragraph (a)(8) of this section by examining its revenues under the following formula for its latest complete fiscal year:
Title IV, HEA program funds the institution used to satisfy its students' tuition, fees, and other institutional charges to students.

The sum of revenues including title IV, HEA program funds generated by the institution from: tuition, fees, and other institutional charges for students enrolled in eligible programs as defined in 34 CFR 668.8; and activities conducted by the institution, to the extent not included in tuition, fees, and other institutional charges, that are necessary for the education or training of its students who are enrolled in those eligible programs.

(2) An institution must use the cash basis of accounting when calculating the amount of title IV, HEA program funds in the numerator and the total amount of revenue generated by the institution in the denominator of the fraction contained in paragraph (d)(1) of this section.

(3) Under the cash basis of accounting—

(i) In calculating the amount of revenue generated by the institution from institutional loans, the institution must include only the amount of loan repayments received by the institution during the fiscal year; and

(ii) In calculating the amount of revenue generated by the institution from institutional scholarships, the institution must include only the amount of funds it disbursed during the fiscal year from an established restricted account and only to the extent that the funds in that account represent designated funds from an outside source or income earned on those funds.

(e) With regard to the formula contained in paragraph (d)(1) of this section—
(1) The institution may not include as title IV, HEA program funds in the numerator nor as revenue generated by the institution in the denominator—

(i) The amount of funds it received under the Federal Work-Study (FWS) Program, unless the institution used those funds to pay a student's institutional charges in which case the FWS program funds used to pay those charges would be included in the numerator and denominator.

(ii) The amount of funds it received under the Leveraging Educational Assistance Partnership (LEAP) Program. (The LEAP Program was formerly called the State Student Incentive Grant or SSIG Program.);

(iii) The amount of institutional funds it used to match title IV, HEA program funds;

(iv) The amount of title IV, HEA program funds that must be refunded or returned under §668.22; or

(v) The amount charged for books, supplies, and equipment unless the institution includes that amount as tuition, fees, or other institutional charges.

(2) In determining the amount of title IV, HEA program funds received by the institution under the cash basis of accounting, except as provided in paragraph (e)(3) of this section, the institution must presume that any title IV, HEA program funds disbursed or delivered to or on behalf of a student will be used to pay the student's tuition, fees, or other institutional charges, regardless of whether the institution credits those funds to the student’s account or pays those funds directly to the student, and therefore must include those funds in the numerator and denominator.
In paragraph (e)(2) of this section, the institution may not presume that title IV, HEA program funds were used to pay tuition, fees, and other institutional charges to the extent that those charges were satisfied by—

(i) Grant funds provided by non-Federal public agencies, or private sources independent of the institution;

(ii) Funds provided under a contractual arrangement described in §600.7(d), or

(iii) Funds provided by State prepaid tuition plans.

(4) With regard to the denominator, revenue generated by the institution from activities it conducts, that are necessary for its students' education or training, includes only revenue from those activities that—

(i) Are conducted on campus or at a facility under the control of the institution;

(ii) Are performed under the supervision of a member of the institution's faculty; and

(iii) Are required to be performed by all students in a specific educational program at the institution.

(f) An institution must notify the Secretary within 90 days following the end of the fiscal year used in paragraph (d)(1) of this section if it fails to satisfy the requirement contained in paragraph (a)(8) of this section.

(g) If an institution loses its eligibility because it failed to satisfy the requirement contained in paragraph (a)(8) of this section, to regain its eligibility it must demonstrate compliance with all eligibility requirements for at least the fiscal year following the fiscal year used in paragraph (d)(1) of this section.
(h) The Secretary does not recognize the accreditation of an institution unless the institution agrees to submit any dispute involving the final denial, withdrawal, or termination of accreditation to initial arbitration before initiating any other legal action.

§668.14 Program participation agreement.

* * *

(b) By entering into a program participation agreement, an institution agrees that—

* * *

(16) Reserved—For a proprietary institution, the institution will derive at least ten percent of its revenues for each fiscal year from sources other than title IV, HEA program funds, as provided in §668.28(a) and (b), or be subject to sanctions described in §668.28(c).

* * * * *

§668.28 Non-title IV revenue (90/10)

(a) Calculating the revenue percentage (1) A proprietary institution determines whether it satisfies the requirement in §668.14(b)(16) that at least ten percent of its revenue is derived from sources other than title IV, HEA program funds by using the formula in Appendix C of this subpart to calculate its revenue percentage for its latest complete fiscal year.

(2) Cash basis accounting. Except for institutional loans made to students under paragraph (a)(5)(i) of this section, the institution must use the cash basis of accounting in calculating its revenue percentage.
(3) Revenue generated from programs and activities. The institution must consider as revenue only those funds it generates from—

(i) Tuition, fees, and other institutional charges for students enrolled in eligible programs as defined in §668.8;

(ii) Activities conducted by the institution that are necessary for the education and training of its students provided those activities are—

(A) Conducted on campus or at a facility under the institution’s control;

(B) Performed under the supervision of a member of the institution’s faculty; and

(C) Required to be performed by all students in a specific educational program at the institution; and

(ii) Funds paid by a student, or on behalf of a student by a party other than the institution, for an education or training program that is not eligible under §668.8 if the program—

(A) Is approved or licensed by the appropriate State agency;

(B) Is accredited by an accrediting agency recognized by the Secretary under 34 CFR Part 602; or

(C) Provides an industry-recognized credential or certification.

(4) Application of funds. The institution must presume that any title IV, HEA program funds it disburses, or delivers, to or on behalf of a student will be used to pay the student’s tuition, fees, or institutional charges, regardless of whether the institution credits the funds to the student’s account or pays the funds directly to the student, except to the extent
that the student’s tuition, fees, or other charges are satisfied by—

(i) Grant funds provided by non-Federal public agencies or private sources independent of the institution;

(ii) Funds provided under a contractual arrangement with a Federal, State, or local government agency for the purpose of providing job training to low-income individuals who need that training;

(iii) Funds used by a student from a savings plan for educational expenses established by or on behalf of the student if the saving plan qualifies for special tax treatment under the Internal Revenue Code of 1986; or

(iv) Institutional scholarships as provided under paragraph (a)(5)(iv) of this section.

(5) Revenue generated from institutional aid. The institution must include the following institutional aid as revenue:

(i) For loans made to students on or after July 1, 2008 and prior to July 1, 2012, include as revenue the net present value of the loans made to students during the fiscal year, as calculated under paragraph (b) of this section, if the loans—

(A) Are bona fide as evidenced by enforceable promissory notes or installment sales contracts;

(B) Are issued at intervals related to the institution’s enrollment periods; and

(C) Are subject to regular loan repayments and collections;

(ii) For loans made to students before July 1, 2008, include as revenue only the amount of payments made on those loans that the institution received during the fiscal year;
(iii) For loans made to students on or after July 1, 2012, include as revenue only the amount of payments made on those loans that the institution received during the fiscal year; and

(iv) For scholarships provided by the institution in the form of monetary aid or tuition discount and based on the academic achievement or financial need of its students, include as revenue the amount disbursed to students during the fiscal year. The scholarships must be disbursed from an established restricted account and only to the extent that the funds in that account represent designated funds from an outside source or income earned on those funds.

(6) Revenue generated from loan funds in excess of loan limits prior to the Ensuring Continued Access to Student Loans Act of 2008 (ECASLA). For each student who receives an unsubsidized loan under the FFEL or Direct Loan programs on or after July 1, 2008 and prior to July 1, 2011, the amount of the loan disbursement that exceeds the loan limit in effect on the day prior to enactment of the ECASLA is included as revenue from a source other than title IV, HEA program funds but only to the extent that the excess amount pays for tuition, fees, or institutional charges remaining on the student’s account after title IV, HEA program funds are applied.

(7) Funds excluded from revenues. For the fiscal year, the institution does not include—

(i) The amount of Federal Work Study (FWS) wages paid directly to the student. However, if the institution credits the student’s account with FWS funds, those funds are included as revenue;

(ii) The amount of funds received by the institution from a State under the LEAP, SLEAP, or GAP programs;
(iii) The amount of institutional funds used to match title IV, HEA program funds;

(iv) The amount of title IV, HEA program funds refunded or returned under §668.22; or

(v) The amount the charged for books, supplies, and equipment unless the institution includes that amount as tuition, fees, or other institutional charges.

(b) Net Present Value (NPV). (1) As illustrated in Appendix C of this subpart, an institution calculates the NPV of the loans it made under paragraph (a)(5)(i) of this section by—

(i) Using the formula, NPV = sum of the discounted cash flows \( R_t/(1+i)^t \), where--

   (A) “i” is the discount rate. For purposes of this section, an institution must use the most recent annual inflation rate as the discount rate;

   (B) “t” is time or period of the cash flow, in years, from the time the loan entered repayment;

   (C) “\( R_t \)” is the net cash flow at time or period \( t \); and

   (ii) From the loans made during the fiscal year—

   (A) If the loans have substantially the same repayment period, using that period for the range of values of variable “\( t \)”;

   (B) Grouping the loans by repayment period and using the repayment period for each group for the range of values of variable “\( t \)”;

   (C) For each group of loans, as applicable, multiplying the total annual payments due on the loans by the institution’s loan collection rate (e.g. the total amount of payments collected

58
divided by the total amount of payments due). The resulting amount is used for variable "R" in each period "t", for each group of loans that a NPV is calculated; or

(2) Instead of performing the calculations in paragraph (b)(1) of this section, using 50 percent of the total amount of loans that the institution made during the fiscal year as the NPV.

(c) Sanctions. If an institution does not derive at least ten percent of its revenue from sources other than title IV, HEA program funds--

(1) For two consecutive fiscal years, it loses its eligibility to participate in the title IV, HEA programs for at least two fiscal years. To regain eligibility, the institution must demonstrate that it complied with the State licensure and accreditation requirements under 34 CFR 600.5(a)(4) and (a)(6), and the financial responsibility requirements under subpart L of this part, for a minimum of two fiscal years after the fiscal year it became ineligible; or

(2) For any fiscal year, it becomes provisionally certified under §668.13(c)(1)(ii) for the two fiscal years after the fiscal year it failed to satisfy the revenue requirement. However, the institution’s provisional certification terminates on--

(i) The expiration date of institution’s program participation agreement that was in effect on the date the Secretary determined the institution failed this requirement; or

(ii) The date the institution loses its eligibility to participate under paragraph (c)(1) of this section; and
(3) It must notify the Secretary no later than 45 days after the end of its fiscal year that it failed to meet this requirement.

§668.13 Certification procedures

* * *

(c) Provisional certification. (1)(i) The Secretary may provisionally certify an institution if—

(A) The institution seeks initial participation in a Title IV, HEA program;

(B) The institution is an eligible institution that has undergone a change in ownership that results in a change in control according to the provisions of 34 CFR part 600;

(C) The institution is a participating institution—

(A) That is applying for a certification that the institution meets the standards of this subpart;

(B) That the Secretary determines has jeopardized its ability to perform its financial responsibilities by not meeting the factors of financial responsibility under §668.15 or the standards of administrative capability under §668.16; and

(E) Whose participation has been limited or suspended under subpart G of this part, or voluntarily enters into provisional certification;

(D) The institution seeks a renewal of participation in a Title IV, HEA program after the expiration of a prior period of participation in that program; or

(E) The institution is a participating institution that was accredited or preaccredited by a nationally recognized accrediting agency on the day before the Secretary withdrew the
Secretary's recognition of that agency according to the provisions contained in 34 CFR part 603.

(ii) A proprietary institution’s certification automatically becomes provisional if it does not derive at least ten percent of its revenue for any fiscal year from sources other than title IV, HEA program funds, as required under §668.14(b)(16).

Statutory language:

(d) IMPLEMENTATION OF NON-TITLE IV REVENUE REQUIREMENT.—

authorized under section 428H or that is a Federal Direct Unsubsidized Stafford Loan, treat as revenue received by the institution from sources other than funds received under this title, the amount by which the disbursement of such loan received by the institution exceeds the limit on such loan in effect on the day before the date of enactment of the Ensuring Continued Access to Student Loans Act of 2008; and

(F) exclude from revenues—

(i) the amount of funds the institution received under part C, unless the institution used those funds to pay a student’s institutional charges;

(ii) the amount of funds the institution received under subpart 4 of part A;

(iii) the amount of funds provided by the institution as matching funds for a program under this title;

(B) ADDITIONAL ENFORCEMENT.—In addition to such other means of enforcing the requirements of this title as may be available to the Secretary, if a proprietary institution of higher education fails to meet a requirement of subsection (a)(24) for any institutional fiscal year, then the institution’s eligibility to participate in the programs authorized by this title becomes provisional for the two institutional fiscal years after the institutional fiscal year in which the institution failed to meet the requirement of subsection (a)(24), except that such provisional eligibility shall terminate—

(i) on the expiration date of the institution’s program participation agreement under this subsection that is in effect on the date the Secretary determines that the institution failed to meet the requirement of subsection (a)(24); or

Issue Paper #10

Origin: HEOA

Issue: Consumer Information

Statutory cites: Section 485(a) of the HEA

Regulatory cites: 668.43(c)

DCL GEN-08-12 cite: Pages 95-96

Summary of issue: The HEOA expands the list of information that institutions are required to make available to prospective and enrolled students. In addition to the requirements listed in §485(a) of the HEA, institutions must now also include information on:

- The placement of and types of employment obtained by graduates of the institutions’ degree or certificate programs;
- The types of graduate and professional education in which graduates of the institutions’ four-year degree programs enrolled; and
- The retention rates of certificate or degree seeking first-time full-time undergraduate students entering the institution.

The HEOA provides that the information in the first two bullets may be gathered from sources such as alumni surveys, student satisfaction surveys, the National Survey of Student Engagement, the Community College Survey of Student Engagement, State data systems, or other relevant sources.

The HEOA amends subparagraph (L) of section 485(a)(1) of the HEA regarding completion and graduation rates disclosed to exclude the completion or graduation rates of students who leave school to serve in the Armed Forces, on official church
missions, or with a recognized foreign aid service of the Federal Government. In cases where these types of students represent 20 percent or more of the certificate or degree-seeking fulltime undergraduate students at the institution, the institution may recalculate the completion or graduate rates of such students by excluding from the calculation the time period such students weren’t enrolled due to their service in those categories. The same exclusions from reporting requirements are also reflected in amended section 485(e) of the HEA with respect to the disclosure of athletically related graduation rates.

The HEOA now also requires institutions to disaggregate completion and graduation rate data with respect to (1) existing section 485(a)(1)(L) of the HEA, which requires institutions to disclose the completion and graduation rate of certificate- or degree-seeking, full-time, undergraduate students; and (2) existing section 485(e) of the HEA, which requires institutions to disclose and submit annually to the Department completion or graduation rates for student-athletes. The data must be disaggregated based on gender, race/ethnicity and receipt of a Federal Pell Grant, receipt of a FFEL or Direct Loan (but not an unsubsidized Stafford or Federal Direct Unsubsidized Stafford) but not a Federal Pell Grant, and non-receipt of a Federal Pell Grant or Federal loans (other than an unsubsidized Stafford or Federal Direct Unsubsidized Stafford). The HEOA provides an exception where institutions may note instances where the statistical number is too small and would not yield statistically reliable information or would reveal personally identifiable information. These requirements will not apply to two-year degree-granting institutions until the 2011-2012 academic year.
Updated information since 3/2-4:

We have added information on retention rates, placement rates, and graduate programs into which an institution’s graduates enroll, to the general disclosures that institutions must make to students and prospective students under §668.41. Further, we have added transfer and retention rate information to §668.45, and addressed the need to disaggregate completion and graduation rates in a number of ways in that same section, as required by the statute. And we have addressed the statutory recalculation option (for completion and graduation) related to students who leave school to serve in the Armed Forces, on church missions, or with a Federal foreign aid service.

§668.45 Information on completion or graduation rates, transfer rates, and retention rates.

(a)(1) An institution annually must prepare the completion or graduation rate of its certificate- or degree-seeking, first-time, full-time undergraduate students, as provided in paragraph (b) of this section, and the retention rate of its certificate or degree seeking, first-time, full-time undergraduate students as provided in paragraph (d).

(2) An institution that determines that its mission includes providing substantial preparation for students to enroll in another eligible institution must prepare the
(3)(i) An institution that offers a predominant number of its programs based on semesters, trimesters, or quarters must base its completion or graduation rate, retention rate, and, if applicable, transfer-out rate calculations, on the cohort of first-time, certificate- or degree-seeking, full-time undergraduate students who enter the institution during the fall term of each year.

(ii) An institution not covered by the provisions of paragraph (a)(3)(i) of this section must base its completion or graduation rate, retention rate, and, if applicable, transfer-out rate calculations, on the group cohort of first-time, certificate- or degree-seeking, full-time undergraduate students who enter the institution between September 1 of one year and August 31 of the following year.

(iii) For purposes of the completion or graduation rate and, if applicable, transfer-out rate calculations required in paragraph (a) of this section, an institution must count as entering students only first-time undergraduate students, as defined in §668.41(a).

(4)(i) An institution covered by the provisions of paragraph (a)(3)(i) of this section must count as an entering student a first-time undergraduate student who is enrolled as of October 15, the end of the institution's drop-add period, or another official reporting date as defined in §668.41(a).

(ii) An institution covered by paragraph (a)(3)(ii) of this section must count as an entering student a first-time undergraduate student who is enrolled for at least—
(A) 15 days, in a program of up to, and including, one year in length; or

(B) 30 days, in a program of greater than one year in length.

(5) An institution must make available its completion or graduation rate, retention rate, and, if applicable, transfer-out rate, no later than the July 1 immediately following the 12-month period ending August 31 during which 150% of the normal time for completion or graduation has elapsed for all of the students in the group on which the institution bases its completion or graduation rate, retention rate, and, if applicable, transfer-out rate calculations.

(6)(i) Completion or graduation rate information must be disaggregated by gender, by each major racial and ethnic subgroup, by recipients of a Federal Pell Grant, by recipients of a Federal Family Education Loan or a Federal Direct Loan (other than an Unsubsidized Stafford Loan made under the Federal Family Education Loan Program or a Federal Direct Unsubsidized Stafford Loan) who did not receive a Federal Pell Grant, and by recipients of neither a Federal Pell Grant nor a Federal Family Education Loan or a Federal Direct Loan (other than an Unsubsidized Stafford Loan made under the Federal Family Education Loan Program or a Federal Direct Unsubsidized Stafford Loan) if the number of students in such group or with such status is sufficient to yield statistically reliable information and reporting will not reveal personally identifiable information about an individual student. If such number is not sufficient for such purpose, then the institution shall note that the institution enrolled too few of such students to so disclose or report with confidence and confidentiality.
(ii) The requirement in (6)(i) of this paragraph shall not apply to two-year, degree-granting institutions of higher education until academic year 2011-2012.

(b) In calculating the completion or graduation rate under paragraph (a)(1) of this section, an institution must count as completed or graduated—

(1) Students who have completed or graduated by the end of the 12-month period ending August 31 during which 150% of the normal time for completion or graduation from their program has lapsed; and

(2) Students who have completed a program described in §668.8(b)(1)(ii), or an equivalent program, by the end of the 12-month period ending August 31 during which 150% of normal time for completion from that program has lapsed.

(c) In calculating the transfer-out rate under paragraph (a)(2) of this section, an institution must count as transfers-out students who, by the end of the 12-month period ending August 31 during which 150% of the normal time for completion or graduation from the program in which they were enrolled has lapsed, have not completed or graduated but have subsequently enrolled in any program of an eligible institution for which its program provided substantial preparation.

(d) In calculating the retention rate under paragraph (a)(1) of this section, except as noted in paragraph (e) of this section, an institution must use the definition of a retention rate used by the Integrated Postsecondary Education Data System (IPEDS), which indicates that the retention rate is “a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage.” For four-year institutions, this is the percentage of first-time
bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall.

(4e) For the purpose of calculating a completion or graduation rate, and a transfer-out rate, and a retention rate, an institution may exclude students who—

(1) Exclude students who—

(i) Have left school to serve in the Armed Forces;

(ii) Have left school to serve on official church missions;

(iii) Have left school to serve with a foreign aid service of the Federal Government, such as the Peace Corps;

(iv) Are totally and permanently disabled; or

(v) Are deceased;

(2) In cases where the students described in paragraphs (e)(1)(i) through (iv) of this paragraph represent 20 percent or more of the certificate- or degree-seeking, full-time, undergraduate students at the institution, recalculate the completion or graduation rates of those students by adding to the 150% time-frame they normally have to complete or graduate, as described in paragraph (b) of this section, the time period the students were not enrolled due to their service in the Armed Forces, on official church missions, or with a recognized foreign aid service of the Federal Government.

(4f)(1) The Secretary grants a waiver of the requirements of this section to any institution that is a member of an
athletic association or conference that has voluntarily published completion or graduation rate data, or has agreed to publish data, that the Secretary determines are substantially comparable to the completion or graduation rate data required by this section.

(2) An institution that receives a waiver of the requirements of this section must still comply with the requirements of §668.41(d)(3) and (f).

(3) An institution, or athletic association or conference applying on behalf of an institution, that seeks a waiver under paragraph (e)(1) of this section must submit a written application to the Secretary that explains why it believes the data the athletic association or conference publishes are accurate and substantially comparable to the information required by this section.

(f) In addition to calculating the completion or graduation rate and the retention rate required by paragraph (a)(1) of this section, an institution may, but is not required to—

(1) Calculate a completion or graduation rate for students who transfer into the institution;

(2) Calculate a completion or graduation rate, transfer-out rate, and a retention rate for students described in paragraphs (e)(1) through (4) of this section; and

(3) Calculate a transfer-out rate as specified in paragraph (c) of this section, if the institution determines that its mission does not include providing substantial preparation for its students to enroll in another eligible institution.

§668.48 Report on completion or graduation rates for student-athletes.
(b) The provisions of §668.45 (a), (b), (c), and (d) apply for purposes of calculating the completion or graduation rates and, if applicable, transfer-out rates required under paragraphs (a)(1)(iii) through (vi) of this section.

The information required by this section shall be produced and be made readily available upon request, through appropriate publications, mailings, and electronic media, to an enrolled student and to any prospective student. Each eligible institution shall, on an annual basis, provide to all enrolled students a list of the information that is required to be provided by institutions to students by this section and section 444 of the General Education Provisions Act (also referred to as the Family Educational Rights and Privacy Act of 1974), together with a statement of the procedures required to obtain such information. The information required by this section shall accurately describe—

* * * * *
(R) the placement in employment of, and types of employment obtained by, graduates of the institution’s degree or certificate programs, gathered from such sources as alumni surveys, student satisfaction surveys, the National Survey of Student Engagement, the Community College Survey of Student Engagement, State data systems, or other relevant sources;

(S) the types of graduate and professional education in which graduates of the institution’s four-year degree programs enrolled, gathered from such sources as alumni surveys, student satisfaction surveys, the National Survey of Student Engagement, State data systems, or other relevant sources;

(U) the retention rate of certificate- or degree-seeking, first-time, full-time, undergraduate students entering such institution; and

(3) In calculating the completion or graduation rate under subparagraph (L) of paragraph (1) of this subsection or under subsection (e), a student shall be counted as a completion or graduation if, within 150 percent of the normal time for completion of or graduation from the program, the student has completed or graduated from the program, or enrolled in any program of an eligible institution for which the prior program provides substantial preparation. The information required to be disclosed under such subparagraph—

(A) shall be made available by July 1 each year to enrolled students and prospective students prior to the students enrolling or entering into any financial obligation; and

(B) shall cover the one-year period ending on August 31 of the preceding year.
For purposes of this section, institutions may exclude from the information disclosed in accordance with subparagraph (L) of paragraph (1) the completion or graduation rates of students who leave school to serve in the armed services, on official church missions, or with a recognized foreign aid service of the Federal Government.

For purposes of this section, institutions may—

(A) exclude from the information disclosed in accordance with subparagraph (L) of paragraph (1) the completion or graduation rates of students who leave school to serve in the Armed Forces, on official church missions, or with a recognized foreign aid service of the Federal Government; or

(B) in cases where the students described in subparagraph (A) represent 20 percent or more of the certificate- or degree-seeking, full-time, undergraduate students at the institution, recalculate the completion or graduation rates of such students by excluding from the calculation described in paragraph (3) the time period such students were not enrolled due to their service in the Armed Forces, on official church missions, or with a recognized foreign aid service of the Federal Government.

The Secretary shall permit any institution of higher education that is a member of an athletic association or athletic conference that has voluntarily published completion or graduation rate data or has agreed to publish data that, in the opinion of the Secretary, is substantially comparable to the information required under this subsection, to use such data to satisfy the requirements of this subsection; and

Each institution may provide supplemental information to enrolled and prospective students showing the completion or graduation rate for students described in paragraph (4) or for
students transferring into the institution or information showing the rate at which students transfer out of the institution.

(7)(A)(i) Subject to clause (ii), the information disseminated under paragraph (1)(L), or reported under subsection (e), shall be disaggregated by gender, by each major racial and ethnic subgroup, by recipients of a Federal Pell Grant, by recipients of a loan made under part B or D (other than a loan made under section 428H or a Federal Direct Unsubsidized Stafford Loan) who did not receive a Federal Pell Grant, and by recipients of neither a Federal Pell Grant nor a loan made under part B or D (other than a loan made under section 428H or a Federal Direct Unsubsidized Stafford Loan), if the number of students in such subgroup or with such status is sufficient to yield statistically reliable information and reporting will not reveal personally identifiable information about an individual student. If such number is not sufficient for such purposes, then the institution shall note that the institution enrolled too few of such students to so disclose or report with confidence and confidentiality.

(ii) The requirements of clause (i) shall not apply to two-year, degree-granting institutions of higher education until academic year 2011-2012.
Issue Paper # 11

Origin:  HEOA

Issue:  Disclosure of Fire Safety Standards and Measures

Statutory cites:  Section 485(i) of the HEA

Regulatory cites:  §668.41 and §668.49

DCL GEN-08-12 cite:  Pages 99-100

Summary of issue:  The HEOA requires that all Title IV eligible institutions that participate in any Title IV program and that maintain on-campus student housing facilities publish an annual fire safety report.

This report must contain information about campus fire safety practices and standards, including:

• Statistics for each on-campus housing facility, during the most recent calendar years for which data are available, concerning each of the following:
  o The number of fires and the cause of each fire;
  o The number of injuries related to each fire that result in treatment at a medical facility;
  o The number of deaths related to each fire; and
  o The value of property damage caused by each fire.

• A description of each on-campus student housing facility fire safety and sprinkler system;

• The number of regular mandatory supervised fire drills;

• The policies or rules on portable electrical appliances, smoking, open flames (such as candles);

• The procedures for evacuation;
• The policies regarding fire safety education and training programs provided to students, faculty, and staff; and

• Plans for future improvements in fire safety, if determined necessary by the institution.

Institutions participating in any Title IV programs must submit a copy of the statistics required in the first bullet to the Secretary on an annual basis. Furthermore, institutions must create and maintain a log of all fires in on-campus student housing facilities, including the nature, date, time, and general location of each fire, and prepare and submit annual reports to the campus community on those fires.

Updated information since 3/2-4 meetings: Section 668.41(e) would be amended to require that the publication of the annual fire safety report mirror that of the annual security report. A new §668.49 would be added to implement the requirements in section 485(i) of the HEA regarding institutional fire safety policies and fire statistics. Paragraph (a) defines additional terms that apply to the new section, including ‘cause of fire,’ ‘fire,’ ‘fire drill,’ ‘fire-related injury,’ ‘fire-related death,’ ‘fire safety system,’ and ‘value of property damage.’ Definitions were taken when available from the National Fire Incident Reporting System in order to maintain consistency across definitions. Paragraphs (b) and (c) describe the information that an institution must include in the annual fire safety report, as required by the statute, as well as the statistics that an institution must report to the campus community and to the Secretary. Paragraph (d) clarifies that an institution may choose to combine its annual fire safety report with the annual security report; however, it must be clear to the reader that both reports are included. If an institution does not combine the reports, a direct link must be provided in
each report to the other report so that it is easy for consumers to find and compare information. Paragraph (e) describes requirements for the campus fire log, which mirrors the crime log required in §668.46(f).

**DCL GEN-08-12 cite:** Pages 100-101

**Summary of issue:** The HEOA requires Title IV eligible institutions that provide on-campus housing to establish a missing student notification policy for students who reside in on-campus housing.

This policy must:

- Inform each student of the option to identify a contact person whom the institution may notify in the case that the student is determined missing, according to the institution’s official notification procedures described below;

- Provide each student a means to register this confidential contact information;

- Advise each student who is under 18 years of age, and is not an emancipated individual, that if the student is determined missing, then the institution must notify a custodial parent or guardian within 24 hours; and

- Require the institution to initiate the emergency contact procedures in accordance with the student’s designation if the campus security or law enforcement entity has been notified and has determined that such student has been missing for more than 24 hours and has not returned to campus.
Section 485(j) of the HEA also requires that institutions establish notification procedures for a missing student who resides in on-campus housing that:

- Includes procedures for official notification that a student has been missing for more than 24 hours to the appropriate individuals at the institution;

- Requires any official missing person report regarding such student to be referred immediately to the institution’s police or campus security department; and

- Requires, if the campus security department determines that such student has in fact been missing for more than 24 hours, that the department notify the appropriate individuals:
  - If the missing student has identified a contact in accordance with the first bullet above, then such individual should be notified.
  - If the missing student is under 18 and not emancipated, then the department must immediately notify such student’s custodial parent or legal guardian.
  - If neither of the preceding two scenarios applies to a student determined to be a missing person, then the department will inform the appropriate law enforcement agency.

Updated information since 3/2-4 meetings: Sections 668.41(a) and 668.46 would be amended to define additional terms that apply to subpart D, including ‘student housing facility’ and ‘test.’ Section 668.46 would be further amended to require an institution to include its missing person notification
procedures in the annual security report. New paragraph (h) would be added to explain the required elements in a statement of policy regarding missing person notification procedures, including the option of students in on-campus housing to identify a contact person in the case that they are determined missing, contact information for reporting a missing person, and notification procedures.

Issue: Reporting Emergency Response and Evacuation Procedures

Statutory cites: Section 485(f) of the HEA

DCL GEN-08-12 cite: Page 98

Summary of issue: The HEOA expands the list of information that institutions are required to include in the annual security report. Under section 485(f)(J) of the HEA, institutions must include a statement of emergency response and evacuation procedures, describing how the institution will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, unless the notification will compromise efforts to contain the emergency.

“Campus” is defined in 34 C.F.R. §668.46 as:

- Any building or property owned or controlled by an institution within the same reasonably contiguous area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and

- Any building or property that is within or reasonably contiguous to the area identified above that is owned by the institution but controlled by another person, is
frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Institutions are required to both publicize the emergency response and evacuation procedures to students and staff, and test the emergency response and evacuation procedures on an annual basis.

**Updated information since 3/2-4 meetings:** To implement the requirements in 485(f) of the HEA, §668.46(a) would be amended to include the definition of a ‘test,’ and §668.46(b) would be amended to require an institution to include a statement of policy regarding emergency response and evacuation procedures in its annual security report. Section 668.46(e) would be amended to clarify that the emergency notification provisions are separate from the timely warning provisions. New paragraph (g) would be added to §668.46 that outlines the required elements in this statement of policy, including (1) procedures to immediately notify the campus community in the case of an emergency, (2) the officials responsible for specific duties in the case of an emergency, (3) plans to train relevant officials, (4) procedures to notify parents, and (5) plans to test the policy and procedures.

(14) Beginning with the annual security report distributed by October 1, 2010, a statement of policy regarding missing person notification procedures, as described in paragraph (h) of this section.

(e) Timely warning. (1) An institution must, in a manner that is timely and will aid in the prevention of similar crimes, report to the campus community on crimes that are -

(i) Described in paragraph (c)(1) and (3) of this section;

(ii) Reported to campus security authorities as identified under the institution’s statement of current campus policies pursuant to paragraph (b)(2) of this section or local police agencies; and

(iii) Considered by the institution to represent a threat to students and employees.

(2) An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.
(3) The timely warning requirement does not apply in the circumstances covered under paragraph (g) of this section. In the case that there is an immediate threat to the health or safety of students or employees occurring on campus, as described in paragraph (g)(1) of this section, an institution’s emergency notification procedures will supplant a timely warning communication.

(g) Emergency Response and Evacuation Procedures. An institution must include a statement of policy regarding its emergency response and evacuation procedures in the annual security report. This statement must include --

(1) Procedures to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

(2) The positions of the individuals who will--

(i) Confirm that there is a significant emergency or dangerous situation as described in (g)(1) of this paragraph;

(ii) Determine the content of the notification;

(4) Procedures to notify parents and families in an emergency situation and provide accurate, timely information.

(5) Plans to conduct a test of the emergency response and evacuation procedures on at least an annual basis.
(i) A test may be announced or unannounced, but it must be conducted at a time when most of the students, faculty, and staff are expected to be present on campus.

(ii) An institution must document each test, including the date, time, and whether it was announced or unannounced.

(iii) test emergency response and evacuation procedures on an annual basis.
Issue Paper #15

Origin: HEOA

Issue: Financial Assistance for individuals with intellectual disabilities

Statutory cites: Sections 484(s) and 760 of the HEA

Regulatory cites: §600.2, §600.4, §600.5, 600.6, §668.8, §600.32, §668.43, §668 new subpart O

DCL GEN-08-12 cite: Pages 94-95, 163-164

Summary of issue: The HEOA adds a provision to the HEA to expand eligibility for funding under the Federal Pell Grant, FSEOG, and FWS programs to students with intellectual disabilities.

As defined in §760 of the HEA, a student with an intellectual disability is a student with mental retardation or a cognitive impairment, characterized by significant limitations in intellectual and cognitive functioning and adaptive behavior, as expressed in conceptual, social and practical adaptive skills. Further, such a student is currently, or was formerly, eligible for a free appropriate public education under the Intellectual with Disabilities Education Act.

Under section 484(s) of the HEA, a student with an intellectual disability may receive Federal financial assistance to attend a comprehensive transition and postsecondary program for students with intellectual disabilities (defined in section 760 of the HEA). Such a program is a degree, certificate, or non-degree program that:

- Is offered by an institution of higher education;
• Is designed to support students with intellectual disabilities who seek to continue academic, career and technical, and independent living instruction to prepare for gainful employment;
• Includes an advising and curriculum structure;
• Requires attendees to participate on at least a half-time basis, as determined by the institution; and
• Focuses on academic components, which may occur through one or more of the following activities:
  o Regular enrollment in credit-bearing courses with nondisabled students offered by the institution;
  o Auditing or participation in courses with nondisabled students offered by the institution for which the student does not receive regular academic credit;
  o Enrollment in noncredit-bearing, nondegree courses with nondisabled students; or
  o Participation in internships or work-based trainings in settings with nondisabled students.

The HEA now specifies that the eligibility requirements for financial assistance under the Pell, FSEOG, and FWS programs for a student with an intellectual disability differ from the eligibility requirements for a student who does not have an intellectual disability. In particular, the provision that a student achieve satisfactory progress under §484(a) and 484(c) of the HEA, and the provision that a student demonstrate the ability to benefit, under §484(d)(1), (2), (3), and (4) are not applicable in new §485(s). To be eligible for financial assistance, a student with an intellectual disability must:
• Be enrolled or accepted for enrollment in a comprehensive transition and postsecondary program for students with intellectual disabilities at an institution of higher education;

• Be maintaining satisfactory progress, as determined by the institution; and

• Meet the student eligibility requirements in §§484(a)(3), (4), (5), and (6). Under these provisions, a student must not be in default on any Federal student loans, must have filed a FAFSA form, must be a United States citizen or national, and, if the student was convicted of fraud in obtaining funds under this title, must have completed the repayment of such funds.

With the exception of provisions surrounding Need Analysis, the Secretary may waive any statutory provisions governing the Pell Grant, FSEOG, and FWS programs, and any institutional eligibility provisions to ensure that eligible students and such comprehensive transition and postsecondary programs for students with intellectual disabilities remain eligible for Title IV program funds.

Updated information since 3/2-4 meetings: Section 600.2 would be amended to include a comprehensive transition and postsecondary program that does not lead to an academic, professional, vocational degree, a certificate, or another recognized educational credential in the definition of an educational program. Sections 600.4, 600.5, 600.6 related to institutional eligibility would be amended to ensure that an institution will still be an eligible institution of higher education for the purposes of title IV, HEA programs if it offers a comprehensive transition and postsecondary program. Sections 668.8 and 668.32
would be amended to direct the reader to new subpart O of part 668 for the requirements for program and student eligibility for a comprehensive transition and postsecondary program for students with intellectual disabilities. Section 668.43 would be updated to ensure that institutions include any facilities and services for students with intellectual disabilities in its description of available facilities and services for disabled students.

A new subpart O in part 668 would be added to implement the provisions in 484(s) and 760 of the HEA. The new sections will describe the scope and purpose of the sections; define the applicable terms, including ‘comprehensive transition and postsecondary program,’ ‘free appropriate public education,’ and ‘student with an intellectual disability;’ and describe the requirements for program and student eligibility. The new section would include waivers that ensure that these students remain eligible for funding under only the Federal Pell Grant, FSEOG, and Federal-Work Study programs, including that a student does not need to have a high school diploma or have passed an ability-to-benefit test and does not need to be enrolled for the purpose of obtaining a degree or certificate.

This subpart establishes rules that apply to an institution that offers comprehensive transition and postsecondary programs to students with intellectual disabilities. Students enrolled in these programs are eligible for Federal financial assistance under the Federal Pell, FSEOG, and Federal Work Study programs. Except for provisions related to needs analysis, the Secretary may waive any title IV, HEA program requirement related to the Federal Pell Grant, FSEOG, and FWS programs or institutional eligibility, to ensure that students with intellectual disabilities remain eligible for funds under these assistance programs. However, unless provided in this subpart or subsequently waived by the Secretary, students with intellectual disabilities and institutions that offer comprehensive transition and postsecondary programs are subject to the same rules and procedures that otherwise apply to title IV, HEA program participants.

The institution applies under the provisions for adding an educational program in 34 CFR 600.20, and must include in its application--

Issue Paper #16

Origin: HEOA

Issue: Readmission requirements for servicemembers

Statutory cites: Section 484C of the HEA

Regulatory cites: New §668.18

DCL GEN-08-12 cite: Pages 63-65

Summary of issue: Effective August 14, 2008, an institution may not deny readmission to a servicemember of the uniformed services for reasons relating to that service. In addition, a student who is readmitted to an institution under this section must be readmitted with the same academic status as the student had when he or she last attended the institution. An affected servicemember is any individual who is a member of, applies to be a member of, or performs, has performed, applies to perform, or has the obligation to perform, service in the uniformed services. This applies to service in the uniformed services, whether voluntary or involuntary, on active duty in the Armed Forces, including service as a member of the National Guard or Reserve, for a period of more than 30 days under a call or order to active duty of more than 30 days.

Any student whose absence from an institution of higher education is necessitated by reason of service in the uniformed services is entitled to readmission if

- the student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives advance written or verbal notice of such service to the appropriate official at the institution;

- the cumulative length of the absence and of all previous absences from that institution of higher education by
reason of service in the uniformed services does not exceed five years; and

- except as otherwise provided in this section, the student submits a notification of intent to reenroll in the institution.

However, no advance notice by the student is required if the giving of such notice is precluded by military necessity, such as a mission, operation, exercise, or requirement that is classified; or a pending or ongoing mission, operation, exercise, or requirement that may be compromised or otherwise adversely affected by public knowledge. In addition, any student (or an appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance notice of service to the appropriate official at the institution may meet the notice requirement by submitting, at the time the student seeks readmission, an attestation to the student’s institution that the student performed service in the uniformed services that necessitated the student’s absence from the institution.

When determining the cumulative length of the student’s absence for service, the period of service does not include any service

- that is required, beyond five years, to complete an initial period of obligated service;

- during which the student was unable to obtain orders releasing the student from a period of service in the uniformed services before the expiration of the five-year period and the inability to obtain those orders was through no fault of the student; or
• performed by a member of the Armed Forces (including the National Guard and Reserves) who is
  o ordered to or retained on active duty under section 688, 12301(a), 12301(g), 12302, 12304, or 12305 of Title 10, U.S.C., or under section 331, 332, 359, 360, 367, or 712 of Title 14, U.S.C.;
  o ordered to or retained on active duty (other than for training) under any provision of law because of a war or national emergency declared by the President or the Congress;
  o ordered to active duty (other than for training) in support of an operational mission for which personnel have been ordered to active duty under section 12304 of Title 10, U.S.C.;
  o ordered to active duty in support of a critical mission or requirement of the Armed Forces (including the National Guard or Reserve); or
  o called into Federal service as a member of the National Guard under chapter 15 of Title 10, U.S.C., or section 12406 of Title 10, U.S.C.

An affected servicemember must, upon the completion of a period of service in the uniformed services, notify the institution of his or her intent to return to the institution not later than three years after the completion of the period of service. However, a student who is hospitalized for or convalescing from an illness or injury incurred in or aggravated during the performance of service in the uniformed services must notify the institution of his or her intent to return to the institution not later than two years after the end of the period that is necessary for recovery from such illness or injury. A
student who fails to apply for readmission within the required period does not automatically forfeit eligibility for readmission to the institution, but is subject to the institution’s established leave of absence policy and general practices.

A student who submits an application for readmission to an institution must provide to the institution documentation to establish that

- the student has not exceeded the specified service limitations; and
- the student’s eligibility for readmission has not been terminated.

An institution may not delay or attempt to avoid a readmission of a student under this section by demanding documentation that does not exist, or is not readily available, at the time of readmission.

A student’s eligibility for readmission to an institution under this section by reason of such student’s service in the uniformed services terminates upon the occurrence of any of the following events:

- a separation of such person from the Armed Forces (including the National Guard and reserves) with a dishonorable or bad conduct discharge;
- a dismissal of such person permitted under section 1161(a) of Title 10, U.S.C.; or
- a dropping of such person from the rolls pursuant to section 1161(b) of Title 10, U.S.C.
These provisions were based on the provisions of the Uniformed Services Employment and Reemployment Rights Act (USERRA).

Title 10 of the U.S.C. can be accessed at

Title 14 of the U.S.C. can be accessed at

Note: The HEOA also added a provision to the HEA at section 131(f) which, effective August 14, 2009, requires the Secretary to coordinate with the Secretary of Defense and the Secretary of Veterans Affairs to create a searchable website within the Federal student financial aid website that, in addition to containing information about all Federal and State student financial assistance, must contain information about the readmission requirements under section 484C of the HEA and other student services for which members of the Armed Forces may be eligible. In addition, the Secretary is required to work with the Secretary of Defense and the Secretary of Veterans Affairs to make the availability of the Armed Forces information website widely known to members of the Armed Forces, institutions of higher education, and the general public. The Department does not plan to expand on this provision in regulations and, therefore, has not included it as a provision that will be negotiated.

Updated information since 3/2-4 meetings:

General

Section 668.18(a) would include the general requirements of the statute that an institution may not deny readmission to a servicemember, but must readmit the servicemember with the same
academic status as the student had when the student was last admitted to the institution. The regulations would specify that the institution must admit the student promptly, and define what it means to “promptly readmit” a student. Section 668.18(a) would also specify what it means to readmit a person with the same academic status.

In the case of a student who is not prepared to resume the program at the point where he or she left off, §668.18(a) would require the institution to make reasonable efforts to help the student become prepared including, but not limited to, providing refresher courses at no extra cost. The institution would not be required to readmit the student if, after reasonable efforts by the institution, the student is still not prepared to resume the program at the point where he or she left off.

Section 668.18(a) would clarify that the requirements of this section apply to an institution even if that institution has undergone a change of ownership since the student ceased attendance.

Finally, §668.18(a) would make clear that the provisions of this section supersede any State law or other requirement that reduce, limit, or eliminate any right or benefit provided by this section.

Service in the uniformed services

Section 668.18(b) would delineate what service in the uniformed services means for purposes of this section. This section would expand upon the statutory language to clarify that service in the uniformed services includes active duty for training and full-time National Guard duty under Federal authority (i.e., not National Guard service under authority of State law). In addition, the regulations would specify that
qualifying service must be for more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days.

Readmission procedures

Section 668.18(c) would list the conditions under which an institution must readmit a servicemember. The regulations would require an institution to designate one or more offices for the purpose of receiving advance notice from students of their absence from the institution necessitated by service in the uniformed services, and notice from students of an intent to return to the institution. The regulations would make clear that advance notice must be provided by the student as far in advance as is reasonable under the circumstances. However such notice would not need to follow any particular format, nor would a student have to indicate as part of the notice whether the student intends to return to the institution. Also, the regulations would make clear that an institution may not set a brightline deadline for submission of any such notice, but must judge the timeliness of submission by the facts of a particular case. As such notice may be provided by an appropriate officer of the Armed Forces, the regulations would clarify who an "appropriate officer" is. Section 668.18(c) would also provide that a student’s notice of intent to return may be provided orally or in writing, as specified in the statute for advance notice from students of their absence from the institution necessitated by service in the uniformed services. The notice of intent to return would not need to follow any particular format.

Exceptions to advance notice
Section 668.18(d) would restate the statutory language for exceptions to advance notice.

Cumulative length of absence

Section 668.18(e) would list the types of service that are not included in the cumulative length of the student’s absence, including a brief description of the types of services referenced in titles 10 and 14 of the United States Code.

Notification of Intent to Reenroll

Section 668.18(f) would restate the statutory provision providing that a student who fails to apply for readmission within the required periods does not automatically forfeit eligibility for readmission to the institution, but is subject to the institution’s established leave of absence policy and general practices.

Documentation

Section 668.18(g) would list the documentation that a student must submit with an application for readmission. The regulations would list several types of documentation that satisfy the documentation requirements, making clear that the types of documentation available or necessary will vary from case to case.

Termination of readmission eligibility

Section 668.18(f) would list the circumstances under which a student’s eligibility for readmission to an institution would be terminated, including a brief description of the types of circumstances referenced in title 10 of the United States Code.

Regulatory language:
Section 668.18 Readmission requirements for servicemembers.

(a) General. (1) An institution may not deny readmission to a person who is a member of, applies to be a member of, performs, has performed, applies to perform, or has an obligation to perform, service in the uniformed services on the basis of that membership, application for membership, performance of service, application for service, or obligation.

(2)(i) An institution must promptly readmit to the institution a person described in paragraph (a)(1) of this section with the same academic status as the student had when the student last attended the institution or was last admitted to the institution, but did not begin attendance.

(ii) “Promptly readmit” means as soon as practicable under the circumstances of each case. Absent unusual circumstances, the individual must be readmitted into the next class or classes in the student’s program beginning after the individual provides notice of his or her intent to reenroll, unless the individual requests a later date of readmission.

(iii) To readmit a person with the same academic status means that the institution admits the student—

(A) To the same program to which he or she was last admitted by the institution or, if that exact program is no longer offered, the program that is most similar to that program;

(B) At the same enrollment status that the student last held at the institution;
(C) With the same number of completed credit hours or clock hours;

(D) With the same student status (e.g., if the student was on probation when he or she last attended the institution, the student is readmitted in a probation status);

(E) With the same institutional charges that would have been charged had the student been continuously enrolled; and

(F) With the same satisfactory academic progress status.

(iv)(A) If institution determines that the student is not prepared to resume the program with the same academic status at the point where the student left off, the institution must make reasonable efforts to help the student become prepared including, but not limited to, providing refresher courses at no extra cost. The institution is not required to readmit the student on his or her return from service if he or she is not, after reasonable efforts by the institution, prepared to resume the program at the point where he or she left off.

(B)(I) “Reasonable efforts” means actions that do not place an undue hardship on the institution.

(II) “Undue hardship” means an action requiring significant difficulty or expense.

(C) The institution carries the burden to prove by a preponderance of the evidence that the student is not prepared to resume the program with the same academic status at the point where the student left off, after the institution makes reasonable efforts to help the student become prepared.

(3) This provision applies to an institution that has continued in operation since the student ceased attending,
notwithstanding any changes of ownership of the institution since the student ceased attendance.

(4) The requirements of this section supersede any State law (including any local law or ordinance), contract, agreement, policy, plan, practice, or other matter that reduces, limits, or eliminates in any manner any right or benefit provided by this section.

(b) Service in the uniformed services. For purposes of this section, service in the uniformed services means service, whether voluntary or involuntary, in the Armed Forces, including such service by a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under Federal authority, for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days.

(c) Readmission procedures. (1) Any student whose absence from an institution is necessitated by reason of service in the uniformed services shall be entitled to readmission to the institution if—

(i) Except as provided in paragraph (d) of this section, the student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives advance oral or written or verbal notice of such service to an office designated by the appropriate official at the institution, providing such notice as far in advance as is reasonable under the circumstances;

(ii) The cumulative length of the absence and of all previous absences from that institution by reason of service in the uniformed services, including only the time the student
spends actually performing service in the uniformed services, does not exceed five years;

(iii) Except as provided in paragraph (f) of this section, the student gives oral or written notice to the institution of his or her intent to return to an office designated by the institution—

(A) For a student who completes a period of service in the uniformed services, not later than three years after the completion of the period of service; or

(B) For a student who is hospitalized for or convalescing from an illness or injury incurred in or aggravated during the performance of service in the uniformed services, two years after the end of the period that is necessary for recovery from such illness or injury.

(2)(i) An institution must designate one or more offices at the institution that a student may readily contact to provide notification of service required by paragraph (c)(1)(i) of this section and notification of intent to return required by paragraph (c)(1)(iii) of this section.

(ii) An institution may not require that the notice provided by the student under paragraph (c)(1)(i) or (c)(1)(iii) of this section follow any particular format.

(iii) The notice provided by the student under paragraph (c)(1)(i) of this section—

(A) May not be subject to any brightline rule for timeliness; timeliness must be determined by the facts in any particular case; and

(B) Does not need to indicate whether the student intends to return to the institution.
(iv) For purposes of paragraph (c)(1)(i) of this section, an "appropriate officer" is a commissioned, warrant, or noncommissioned officer authorized to give such notice by the military service concerned.

(d) Exceptions to advance notice. (1) No notice is required under paragraph (c)(1)(i) of this section if the giving of such notice is precluded by military necessity, such as—

(i) A mission, operation, exercise, or requirement that is classified; or

(ii) A pending or ongoing mission, operation, exercise, or requirement that may be compromised or otherwise adversely affected by public knowledge; or

(2) Any student (or an appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance written or verbal notice of service to the appropriate official at the institution in accordance with paragraph (c)(1) of this section may meet the notice requirement by submitting, at the time the student seeks readmission, an attestation to the institution that the student performed service in the uniformed services that necessitated the student’s absence from the institution.

(e) Cumulative length of absence. For purposes of paragraph (c)(1)(ii) of this section, a student’s cumulative length of absence from an institution does not include any service—

(1) That is required, beyond five years, to complete an initial period of obligated service;

(2) During which the student was unable to obtain orders releasing the student from a period of service in the uniformed
services before the expiration of the five-year period and such inability was through no fault of the student; or

(3) Performed by a member of the Armed Forces (including the National Guard and Reserves) who is—

(i) Ordered to or retained on active duty under section 688, 12301(a), 12301(g), 12302, 12304, or 12305 of title 10, United States Code, or under section 331, 332, 359, 360, 367, or 712 of title 14, United States Code;—

(A) 10 U.S.C. 688 (involuntary active duty by a military retiree);

(B) 10 U.S.C. 12301(a) (involuntary active duty in wartime);

(C) 10 U.S.C. 12301(g) (retention on active duty while in captive status);

(D) 10 U.S.C. 12302 (involuntary active duty during a national emergency for up to 24 months);

(E) 10 U.S.C. 12304 (involuntary active duty for an operational mission for up to 270 days);

(F) 10 U.S.C. 12305 (involuntary retention on active duty of a critical person during time of crisis or other specific conditions);

(G) 14 U.S.C. 331 (involuntary active duty by retired Coast Guard officer);

(H) 14 U.S.C. 332 (voluntary active duty by retired Coast Guard officer);

(I) 14 U.S.C. 359 (involuntary active duty by retired Coast Guard enlisted member);

(J) 14 U.S.C. 360 (voluntary active duty by retired Coast
Guard enlisted member);

(K) 14 U.S.C. 367 (involuntary retention of Coast Guard enlisted member on active duty); and

(L) 14 U.S.C. 712 (involuntary active duty by Coast Guard Reserve member for natural or man-made disasters).

(ii) Ordered to or retained on active duty (other than for training) under any provision of law because of a war or national emergency declared by the President or the Congress, as determined by the Secretary concerned;

(iii) Ordered to active duty (other than for training) in support, as determined by the Secretary concerned, of an operational mission for which personnel have been ordered to active duty under section 12304 of title 10, United States Code;

(iv) Ordered to active duty in support, as determined by the Secretary concerned, of a critical mission or requirement of the Armed Forces (including the National Guard or Reserve); or

(f) Notification of intent to reenroll. A student who fails to apply for readmission within the periods described in paragraph (c)(1)(iii) of this section does not automatically forfeit eligibility for readmission to the institution, but is subject to the institution’s established leave of absence policy and general practices.
(g) Documentation. (1) A student who submits an application for readmission to an institution under paragraph (c)(1)(iii) of this section shall provide to the institution documentation to establish that—

(i) The student has not exceeded the service limitation in paragraph (c)(1)(ii) of this section; and

(ii) The student’s eligibility for readmission has not been terminated due to an exception in paragraph (h) of this section.

(2)(i) Documents that satisfy the requirements of paragraph (g)(1) of this section include, but are not limited to, the following:

(ii) The types of documents that are necessary to establish eligibility for readmission will vary from case to case. Not all of these documents are available or necessary in every instance to establish readmission eligibility.

(3) An institution may not delay or attempt to avoid a readmission of a student under this section by demanding documentation that does not exist, or is not readily available, at the time of readmission.

(h) Termination of readmission eligibility. A student’s eligibility for readmission to an institution under this section by reason of such student’s service in the uniformed services terminates upon the occurrence of any of the following events—

(1) A separation of such person from the Armed Forces (including the National Guard and Reserves) with a dishonorable or bad conduct discharge;

(2) A dismissal of such person as a commissioned officer permitted under section 1161(a) of title 10, United States Code by sentence of a general court-martial; in commutation of a sentence of a general court-martial; or, in time of war, by order of the President; or

(3) A dropping of such person as a commissioned officer from the rolls pursuant to section 1161(b) of title 10, United States Code due to absence without authority for at least three months; separation by reason of a sentence to confinement adjudged by a court-martial; or, a sentence to confinement in a Federal or State penitentiary or correctional institution.

Origin: HEOA

Issue: Institutional requirements for teach-outs/eligibility and certification procedures-treatment of teach-outs

Statutory cites: Sections 487(f) and 498 of the HEA

Regulatory cites: §600.20 and §668.14

DCL GEN-08-12 cite: Pages 72 and 74

Summary of issue: Effective August 14, 2008, section 487(f) of the HEA provides that, whenever the Secretary initiates an action to limit, suspend, or terminate (LS or T) an institution’s participation in any Title IV program or initiates an emergency action against an institution, the institution must prepare a teach-out plan for submission to its accrediting agency. The teach-out plan must be prepared in accordance with section 496(c)(6) of the HEA [mistakenly cited as section 496(c)(4) in the HEA] and any applicable Title IV regulations or accrediting agency standards. A “teach-out plan” is defined as a written plan that provides for equitable treatment of students if an institution ceases to operate before all students have completed their program of study. Currently, the regulations governing the Secretary’s recognition of accrediting agencies define a “teach-out agreement” as a written agreement between institutions that provides for the equitable treatment of students if one of those institutions stops offering an educational program before all students enrolled in that program have completed the program (§602.3). Consideration should be given to developing one definition for all Title IV regulations.

Also effective August 14, 2008, section 498 of the HEA provides that a location of a closed institution is eligible as an additional location of another institution for the purpose of
conducting a teach-out if the teach-out is approved by the institution’s accrediting agency. The institution that conducts the teachout under this provision is permitted to establish a permanent additional location at the closed institution without having to satisfy the requirements for additional locations in sections 102(b)(1)(E) and 102(c)(1)(C) of the HEA--i.e., that a proprietary institution or a postsecondary vocational institution must have been in existence for two years to be eligible--and without assuming the liabilities of the closed institution.

Note: One of the four new accrediting agency operating procedures added by the HEOA at section 496(c)(3) of the HEA requires accrediting agencies to approve teach-out plans submitted by institutions they accredit if the Department notifies the agency of an action against an institution in accordance with section 487(f) of the HEA; if the institution’s accreditation is withdrawn, terminated or suspended; or if the institution intends to cease operations. This provision is being negotiated by Team III—Accreditation.

Updated information since 3/2-4 meetings: Section 668.14 would be amended to implement the requirement in section 487(f) of the HEA. In addition to the requiring an institution to submit a teach out plan (which would be defined in §600.2) to its accrediting agency whenever the Secretary initiates an LS or T or an emergency action against the institution, as required by statute, an institution would be required to submit a teach out plan when (1) the institution’s accrediting agency acts to withdraw, terminate, or suspend the accreditation of the institution; or (2) the institution otherwise intends to cease operations.
Section 600.32 would implement section 498(k) of the HEA to provide that an institution that conducts a teach out for a closed institution whenever the Secretary initiates an LS or T or an emergency action against the institution may apply to have that site approved as an additional location, if the teach out plan was approved by the closed institution’s accrediting agency. If the Department approves the institution to add the additional location, the “two-year rule” would not apply to the additional location, and the institution would not assume the liabilities of the closed institution. As a condition for approval, the Department may require that payments from the institution conducting the teach out to the owners of the closed institution, or related parties, be used to pay any liabilities owed by the closed institution.

§600.2 General definitions.

The following definitions apply to terms used in this part:

* * *

§600.32 Eligibility of additional locations.

(a) Except as provided in paragraphs (b) and (c) and (d) of this section, to qualify as an eligible location, an additional
location of an eligible institution must satisfy the applicable requirements of this section and §§600.4, 600.5, 600.6, 600.8, and 600.10.

(b) To qualify as an eligible location, an additional location is not required to satisfy the two-year requirement of §§600.5(a)(7) or 600.6(a)(6), unless—

(1) The location was a facility of another institution that has closed or ceased to provide educational programs for a reason other than a normal vacation period or a natural disaster that directly affects the institution or the institution's students;

(2) The applicant institution acquired, either directly from the institution that closed or ceased to provide educational programs, or through an intermediary, the assets at the location; and

(3) The institution from which the applicant institution acquired the assets of the location—

   (i) Owes a liability for a violation of an HEA program requirement; and

   (ii) Is not making payments in accordance with an agreement to repay that liability.

(c) Notwithstanding paragraph (b) of this section, an additional location is not required to satisfy the two-year requirement of §600.5(a)(7) or §600.6(a)(6) if the applicant institution agrees—

(1) To be liable for all improperly expended or unspent title IV, HEA program funds received by the institution that has closed or ceased to provide educational programs;
(2) To be liable for all unpaid refunds owed to students who received title IV, HEA program funds; and

(3) To abide by the policy of the institution that has closed or ceased to provide educational programs regarding refunds of institutional charges to students in effect before the date of the acquisition of the assets of the additional location for the students who were enrolled before that date.

(d)(1) An institution that conducts a teach out at a site of a closed institution may apply to have that site approved as an additional location if—

(i) The closed institution ceased operations as result of an action taken by the Secretary to limit, suspend, or terminate the institution’s participation under 34 CFR 600.41 or subpart G of this part, or a result of an emergency action taken by the Secretary under §668.83; and

(ii) The teach-out plan required under §668.14(b)(26) is approved by the closed institution’s accrediting agency.

(2)(i) An institution that conducts a teach-out and is approved to add an additional location described in paragraph (d)(1) of this section—

(A) Is not required to meet the two-year requirement of §600.5(a)(7) or §600.6(a)(6) for the additional location described in paragraph (d)(1) of this section; and

(B) Is not required to assume the liabilities of the closed institution as required by paragraph (c)(1) and (c)(2) of this section.

(ii) As a condition for approving an additional location under paragraph (d)(1) of this section, the Secretary may require that payments from the institution conducting the teach
out to the owners or related parties of the closed institution, are used to satisfy any liabilities owed by the closed institution.

(ee) For purposes of this section, an “additional location” is a location of an institution that was not designated as an eligible location in the eligibility notification provided to an institution under §600.21.

§668.14 Program participation agreement.

* * * *

(b) By entering into a program participation agreement, an institution agrees that—

* * *

(26) In the event the Secretary initiates the limitation, suspension, or termination of the participation of an institution in any Title IV, HEA program under 34 CFR 600.41 or subpart G of this part or initiates an emergency action under §668.83, the institution’s accrediting agency acts to withdraw, terminate, or suspend the accreditation of the institution, or the institution otherwise intends to cease operations, the institution will submit a teach-out plan to its accrediting agency in compliance with 34 CFR 602.24(c), and the standards of the institution’s accrediting agency.

Issue: Definition of baccalaureate “liberal arts” programs offered by proprietary schools

Statutory cites: Section 102(b) of the HEA

Regulatory cites: §600.5

DCL GEN-08-12 cite: Pages 23-24

Summary of issue: Effective July 1, 2010, the definition of “proprietary institution of higher education” is amended to add institutions that provide a program leading to a baccalaureate degree in liberal arts that the institution has provided since January 1, 2009, so long as the institution has been accredited by a recognized regional accreditation agency or organization since October 1, 2007, or earlier.

As the language in section 102(b)(1)(A)(i) of the HEA is not new, in Dear Colleague letter GEN-08-12, the Department noted that this change does not affect the eligibility of current programs or alter the method used by the Secretary in determining the “recognized occupations” as required by section 102(b)(1)(A)(i) of the HEA.

Dear Colleague letter GEN-08-12 also noted that, pending negotiated rulemaking, the Secretary will regard a program as satisfying the "liberal arts" term of the statute if the Secretary determines, and the institution's recognized regional accreditation agency or organization affirms, that it is a general instructional program in the liberal arts subjects, the humanities disciplines, or the general curriculum, falling within one or more of the following generally-accepted instructional categories comprising such programs, but including
only instruction in regular programs, and excluding independently-designed programs, individualized programs, and unstructured studies:

- a program that is a structured combination of the arts, biological and physical sciences, social sciences, and humanities, emphasizing breadth of study;

- an undifferentiated program that includes instruction in the general arts or general science;

- a program that focuses on combined studies and research in the humanities subjects as distinguished from the social and physical sciences, emphasizing languages, literatures, art, music, philosophy and religion; and

- any single instructional program in liberal arts and sciences, general studies and humanities not listed above.

**Updated information since 3/2-4 meetings:** Section 600.5 would be amended to add to the definition of “proprietary institution of higher education” institutions that provide a program leading to a baccalaureate degree in liberal arts that the institution has provided since January 1, 2009, so long as the institution has been accredited by a recognized regional accreditation agency or organization since October 1, 2007, or earlier. In addition, a new paragraph (i) would be added to §600.5 to include a definition of a “program leading to a baccalaureate degree in liberal arts.” The definition would require that the institution's recognized regional accreditation agency or organization determine that the program is a general instructional program in the liberal arts subjects, the humanities disciplines, or the general curriculum, falling within one or more generally-accepted instructional categories comprising such programs. The categories are from the U.S.
Department of Education’s National Center for Education Statistics’ (NCES) Classification of Instructional Programs (CIP), the federal government statistical standard on instructional program classifications. Specifically, the instructional categories are from the description of CIP 24, Liberal Arts and Sciences, General Studies and Humanities, except that it excludes independently-designed programs, individualized programs, and unstructured studies.

(b) PROPRIETARY INSTITUTION OF HIGHER EDUCATION.—

(1) PRINCIPAL CRITERIA.—For the purpose of this section, the term ‘‘proprietary institution of higher education’’ means a school that—

(A) provides an eligible program of training to prepare students for gainful employment in a recognized occupation;

(A)(i) provides an eligible program of training to prepare students for gainful employment in a recognized occupation; or

(ii)(I) provides a program leading to a baccalaureate degree in liberal arts, and has provided such a program since January 1, 2009; and

(II) is accredited by a recognized regional accrediting agency or association, and has continuously held such accreditation since October 1, 2007, or earlier;
Effective August 14, 2008, the HEOA adds a new requirement to section 487 of the HEA (Program Participation Agreement) under which an institution must certify that it has developed plans to effectively combat the unauthorized distribution of copyrighted material (including through the use of a variety of technology-based deterrents) and will, to the extent practicable, offer alternatives to illegal downloading or peer-to-peer distribution of intellectual property, as determined by the institution in consultation with the chief technology officer or other designated officer of the institution.

In addition, as part of the required information an institution must make available to prospective and enrolled students the HEOA adds new subparagraph (P) to section 485(a)(1) of the HEA to require a description of institutional policies and sanctions related to copyright infringement. This description includes (1) an annual disclosure that explicitly informs students that unauthorized distribution of copyrighted material, including peer-to-peer file sharing, may subject the students to civil and criminal liabilities; (2) a summary of the penalties for violation of Federal copyright laws; and (3) the institution’s policies with respect to unauthorized peer-to-peer file sharing, including disciplinary actions that are taken against students who engage in unauthorized distribution of
copyrighted materials using the institution’s information technology system. This provision is also effective August 14, 2008.

**Updated information since 3/2-4 meetings:**

Generally, in drafting these proposed regulations, the Department sought to stay as close as possible to the actual language of the statute. In recognition of the diversity among institutions and evolving technology, we chose not to mandate in regulation the use of specific technologies or measures. At the same time, we sought to give meaning to the statute in a way that provides clarity so that institutions understand what is expected of them to comply with these provisions.

**Program participation agreement**

Section 668.14(b)(27)(i) would implement section 487(a)(29)(A) of the HEA to require an institution, as a condition of participation in a Title IV program, to agree that it has developed and implemented plans to effectively combat the unauthorized distribution of copyrighted material by users of the institution’s network without unduly interfering with the educational and research use of the network.

The proposed language reflects general agreement by the subcommittee that the plan should include the use of technology-based deterrents, an educational component, a description of the institution’s procedures for handling copyright infringement, and a required periodic review of the plan. Institutions would not be required to use specific types of technology-based deterrents. To assist with implementation, the four categories of technology-based deterrents listed in the conference report to the HEQOA could be listed in the preamble to the regulations. Institutions would be required to demonstrate the effectiveness
of their plan by using measureable criteria. Institutions would be allowed to determine the most appropriate measure or measures.

Section 668.14(b)(27)(ii) would implement section 487(a)(29)(B) of the HEA, requiring that institutions, in consultation with the chief technology officer or other designated officer of the institution, to the extent practicable, offer legal alternatives to illegal downloading or otherwise acquiring copyrighted material. The proposed language also reflects general agreement among the subcommittee members that institutions (1) be required to periodically review the legal alternatives for downloading or otherwise acquiring copyrighted material and (2) provide the results of the review.

**Consumer information**

The Department is proposing to implement section 485(a)(1)(P) of the HEA by using, as much as practicable, the existing framework and definitions found in current regulations. As the statute requires that most institutional information be made readily available upon request to prospective and enrolled students, rather than provided to them on a one-to-one basis, information regarding institutional policies and sanctions related to copyright infringement would be handled in the same manner (i.e., included in the list of institutional information provided upon request pursuant to §668.43). This information would be required to (1) explicitly inform enrolled and prospective students that unauthorized distribution of copyrighted material, including peer-to-peer file sharing, may subject a student to civil and criminal liabilities; (2) include a summary of the penalties for violation of Federal copyright laws; and (3) delineate the institution’s policies with respect to unauthorized peer-to-peer file sharing, including
disciplinary actions that are taken against students who engage in illegal downloading or unauthorized distribution of copyrighted materials using the institution’s information technology system. As the statute does not require disclosure of this information to employees of the institution, this would not be mandated in the regulations. However, institutions could choose to make such information available to employees and the general public.

As current §668.41(c) requires an institution to provide to enrolled students an annual notice containing a list and brief description of the consumer information it must disclose and the procedures for obtaining this consumer information, an institution would be required to add to this list the fact that it must make readily available information regarding institutional policies and sanctions related to copyright infringement. Per the current definition of “notice” in §668.41(a), institutions must provide this annual notice on a one-to-one basis through a direct individual notice to each enrolled student. This notice must be made through an appropriate mailing or publication, including direct mailing through the U.S. Postal Service, campus mail or electronic mail. Posting on Internet or Intranet websites does not constitute notice. If the institution discloses the consumer information by posting the information on a website, it must include in the notice the exact electronic address at which the information is posted, and a statement that the institution will provide a paper copy of the information on request.

The current definition of “prospective student” in §668.41(a) would be used—i.e., an individual who has contacted an eligible institution requesting information concerning admission to that institution.

Summary of issue: The HEA as amended by the HEOA provides that the non-Federal share of the amount of student grants or work-study jobs under the LEAP Program must be from State funds for the program and no longer requires the non-Federal share to come from a direct appropriation of State funds.

§692.10 How does the Secretary allot funds to the States?

(a)(1) The Secretary allots to each State participating in the LEAP program an amount which bears the same ratio to the Federal LEAP funds appropriated as the number of students in that State who are “deemed eligible” to participate in the State's LEAP program bears to the total number of students in all States who are “deemed eligible” to participate in the LEAP program, except that no State may receive less than it received in fiscal year 1979 for the programs under this part.

(2) For the programs under this part, if the Federal LEAP funds appropriated for a fiscal year are not sufficient to allot to each State the amount of Federal LEAP funds it received in fiscal year 1979, the Secretary allots to each State an amount
which bears the same ratio to the amount of Federal LEAP funds appropriated as the amount of Federal LEAP funds that State received in fiscal year 1979 bears to the amount of Federal LEAP funds all States received in fiscal year 1979 for the programs under this part.

(b) For the purpose of paragraph (a)(1) of this section, the Secretary determines the number of students “deemed eligible” to participate in a State's LEAP Program by dividing the amount of that State's LEAP expenditures, including both its Federal allotment and the State-appropriated funds matching the allotment, by the average grant award per student of all participating States. The Secretary determines the “average grant award per student” by dividing the total number of student recipients for all States into the total amount of LEAP expenditures for all States, including both the Federal allotments and the State-appropriated funds matching those allotments. In making this determination, the Secretary uses the most current available data reported by each State.

LEAP Grant under GAP amount

The amount of a LEAP Grant under GAP awarded by a State to a student must be not less than the average undergraduate tuition and mandatory fees at the public institutions of higher education in the State where the student resides that are of the same type of institution as the institution of higher education the student attends minus other Federal and State aid the student receives.

Institutions of higher education

A State receiving a GAP allotment may restrict the use of LEAP Grants under GAP by awarding the grants only to students attending institutions of higher education that are participating in the partnership. If a State provides LEAP Grants not awarded under GAP to students attending institutions of higher education located in another State, grants awarded under GAP may be used at institutions of higher education located in another State.

Student eligibility

A student must meet one of the following:
• The student meets at least two of the following criteria, with priority given to students meeting all of the following criteria:

  o has an EFC equal to zero, as determined under the Title IV need analysis, or a comparable alternative based upon the State’s approved criteria for LEAP;
  o qualifies for the State’s maximum undergraduate award for LEAP; or
  o is participating in, or has participated in, a Federal, State, institutional, or community early information and intervention, mentoring, or outreach program, as recognized by the State agency administering LEAP and GAP.

• The student is receiving, or has received, a LEAP Grant under GAP, and is compliant with the requirements for the duration of an award.

**Grant award**

Once a student, including those students who have received an early notification from the State, applies for admission to an institution that is a partner in the partnership, files a FAFSA and any related State form, and is determined by the State to meet the student eligibility requirements in the prior section, the State must issue the student a preliminary award certificate for a LEAP Grant under GAP with estimated award amounts and inform the student that payment of the grant award amounts is subject to certification of enrollment and award eligibility by the student’s institution of higher education.

**Duration of an award**
An eligible student who receives a LEAP Grant under GAP receives an award for each year of the student’s undergraduate education in which the student remains eligible for assistance under Title IV, including meeting the Title IV satisfactory academic progress standards, and remains financially eligible as determined by the State, except that the State may impose reasonable time limits to degree completion.

Matching funds

A State may provide the non-Federal share in cash or in-kind, fairly evaluated. **Maintenance-of-effort requirement**

Each State receiving a GAP allotment for a fiscal year must provide the Secretary with an assurance that the aggregate amount expended per student or the aggregate expenditures by the State, from funds derived from non-Federal sources, for activities authorized for GAP for the preceding fiscal year were not less than the amount expended per student or the aggregate expenditure by the State for the activities for the second preceding fiscal year.

**Base-year requirement**

Notwithstanding the maintenance-of-effort requirement, for purposes of determining a State’s share of the cost of the GAP program activities, the State must consider only those expenditures from non-Federal sources that exceed the State’s total expenditures for need-based grants, scholarships, and work-study assistance for fiscal year 1999 (including any such assistance provided under LEAP and GAP).
