Subpart Q—Gainful Employment (GE) Programs

§ 668.401 Scope and purpose.

This subpart applies to an educational program offered by an eligible institution that prepares students for gainful employment in a recognized occupation, and establishes the rules and procedures under which--

(a) The Secretary determines that the program is eligible for title IV, HEA program funds; and

(b) An institution reports information about the program to the Secretary.

§ 668.402 Definitions.

The following definitions apply to this subpart.

Annual earnings rate. The percentage of a ratio of a GE program’s typical annual loan payment amount compared to the typical annual earnings of the students who completed the program, expressed as a percentage, as calculated under §668.404.

Classification of instructional program (CIP) code. A taxonomy of instructional program classifications and descriptions developed by the U.S. Department of Education’s National Center for Education Statistics (NCES). Specific programs offered by institutions are classified using a six-digit CIP code. However, for purposes of this subpart, the Secretary uses the first four digits of the CIP code to identify gainful employment programs that have comparable content and objectives.

Cohort period. The set of award years used to identify a cohort of students who completed a program and whose debt and earnings outcomes are used to calculate debt-to-earnings rates and the earnings threshold measure. The Secretary uses a two-year cohort period to calculate the debt-to-earnings rates and earnings threshold measure for a program when the number of students (after exclusions identified
in §668.404(e) and §668.405(c) in the two-year cohort period is 30 or more. The Secretary uses a four-year cohort period to calculate the debt-to-earnings rate and earnings thresholds measure when the number of students completing the program in the two-year cohort period is less than 30 and when the number of students completing the program in the four-year cohort period is 30 or more. The cohort period covers consecutive award years that are--

(1) For the two-year cohort period--

(i) The third and fourth award years prior to the award year for which the most recent data are available from the Federal agency with earnings data at the time the D/E rates and earnings threshold measure are calculated, pursuant to §§668.404 and 668.405. For example, given current data production schedules, if D/E rates and the earnings threshold measure are calculated to assess programmatic eligibility in award year 2022-2023 would be calculated in 2021; for award year 2021-2022, the two-year cohort period would be award years 2015-2016 and 2016-2017, and earnings data would be measured in calendar years 2018 and 2019; or

(ii) For a program whose students are required to complete a medical or dental internship or residency, the sixth and seventh award years prior to the award year for which the most recent data are available from the Federal agency with earnings data at the time the D/E rates and earnings threshold measure are calculated. For example, given current data production schedules, if D/E rates and the earnings threshold measure are calculated to assess programmatic eligibility in award year 2022-2023 would be calculated in 2021; for award year 2021-2022, the two-year cohort period is award years 2014-2015 and 2015-2016. For this purpose, a required medical or dental internship or residency is a supervised training program that--

(A) Requires the student to hold a degree as a doctor of medicine or osteopathy, or as a doctor of dental science;

(B) Leads to a degree or certificate awarded by an institution of higher education, a hospital, or a health care facility that offers post-graduate training; and

(C) Must be completed before the student may be licensed by a State and board certified for professional practice or service.

(2) For the four-year cohort period--

(i) The third, fourth, fifth, and sixth award years prior to the award year for which the most recent data are available from the Federal agency with earnings data at the time the D/E rates and earnings threshold measure are calculated, pursuant to §§668.404 and 668.405. For example, given current data production schedules, if D/E rates and the earnings threshold measure are calculated to assess programmatic eligibility in award year 2022-2023 would be calculated in 2021; for award year 2021-2022, the four-year cohort period is award years 2012-2013, 2013-2014, 2014-2015, and 2015-2016; and earnings data would be measured in calendar years 2018 and 2019; or

(ii) For a program whose students are required to complete a medical or dental internship or residency, the sixth, seventh, eighth, and ninth award years prior to the award year for which the most recent earnings data are available from the Federal agency with earnings data at the
time the D/E rates and earnings threshold measure are calculated. For example, given current data production schedules, if D/E rates and the earnings threshold measure are calculated to assess programmatic eligibility in award year 2022-2023 would be calculated in 2021, and for award year 2021-2022, the four-year cohort period is award years 2009-2012, 2010-2013, 2011-2014, 2012-2015, and 2013-2016. For this purpose, a required medical or dental internship or residency is a supervised training program that meets the requirements in paragraph (1)(ii) of this definition. –

(A) Requires the student to hold a degree as a doctor of medicine or osteopathy, or as a doctor of dental science;

(B) Leads to a degree or certificate awarded by an institution of higher education, a hospital, or a health care facility that offers postgraduate training; and

(C) Must be completed before the student may be licensed by a State and board certified for professional practice or service.

Credential level. The level of the academic credential awarded by an institution to students who complete the program. For the purposes of this subpart, the undergraduate credential levels are: undergraduate certificate or diploma, associate degree, bachelor’s degree, and post-baccalaureate certificate; and the graduate credential levels are graduate certificate (including a postgraduate certificate), master’s degree, doctoral degree, and first-professional degree (e.g., MD, DDS, JD).

Debt-to-earnings rates (D/E rates). The discretionary earnings rate and annual earnings rate as calculated under §668.404.

Discretionary earnings rate. The percentage of a GE program’s annual loan payment compared to the discretionary earnings of the students who completed the program, as calculated under §668.404.

Earnings threshold. Based on data from the Census Bureau, the median earnings for a working adult aged 25-34 with only a high school diploma (or GED)—

(1) In the State in which the institution is located; or

(2) Nationally, if fewer than 50 percent of the students at the institution are located in the State where the institution is located.

Federal agency with earnings data. A Federal agency with which the Department enters into an agreement to access earnings data for the D/E rates and earnings threshold measure. The agency must have data sufficient to match with at least 90 percent of title IV, HEA recipients who completed any title IV-eligible program during the cohort period, title IV graduates, and may include the Treasury Department (including the Internal Revenue Service), the Social Security Administration (SSA), the Department of Health and Human Services (HHS), and/or the Census Bureau.

Gainful employment program (GE program). An educational program offered by an institution under §668.8(c)(3) or (d) and identified by a combination of the institution’s six-digit Office of Postsecondary Education ID (OPEID) number, the program’s four-digit CIP code as assigned by the institution or determined by the Secretary, and the program’s credential level.
**Length of the program.** The amount of time in weeks, months, or years that is specified in the institution’s catalog, marketing materials, or other official publications for a student to complete the requirements needed to obtain the degree or credential offered by the program.

**Poverty Guideline.** The Poverty Guideline for a single person in the continental United States as published by the U.S. Department of Health and Human Services and available at http://aspe.hhs.gov/poverty or its successor site.

**Prospective student.** An individual who has contacted an eligible institution for the purpose of requesting information about enrolling in a GE program or who has been contacted directly by the institution or by a third party on behalf of the institution about enrolling in a GE program.

**Small program.** A GE program for which the number of students completing the program in the two- and four-year cohort periods is fewer than 30.

**Small program rates.** The discretionary earnings rate and annual earnings rate calculated in accordance with § 668.404(g), or the earnings threshold measure calculated in accordance with § 668.405(e), as applicable, on an aggregate basis for all small programs at an institution within the same credential level in accordance with § 668.404(g).

**Student.** An individual who received title IV, HEA program funds for enrolling in the GE program.

**Title IV loan.** A loan authorized under the William D. Ford Direct Loan Program (Direct Loan).

**§ 668.403 Gainful employment framework.**

(a) **General.** A program provides training that prepares students for gainful employment in a recognized occupation if the program--

(1) Satisfies the applicable certification requirements in §668.4104; and

(2) Is not an ineligible program under the D/E rates; and

(3) Is not an ineligible program under the earnings threshold measure.

(b) **Debt-to-earnings rates (D/E rates).** For each award year the Secretary calculates two D/E rates for a GE program, the discretionary earnings rate and the annual earnings rate, using the procedures in §§668.404 through 668.4076.

(c) **Outcomes of the D/E rates.**

(1) A GE program passes the D/E rates if--

(i) Its discretionary earnings rate is less than or equal to 20 percent; or

(ii) Its annual earnings rate is less than or equal to 8 percent; or

(iii) The denominator (median annual or discretionary earnings) of either rate is 0 and the numerator (median debt payments) is zero.

(2) A GE program fails the D/E rates if--
(i) Its discretionary earnings rate is greater than 20 percent or the income for the denominator of the rate (median discretionary earnings) is negative or zero and the numerator (median debt payments) is positive; and

(ii) Its annual earnings rate is greater than 8 percent or the denominator of the rate (median annual earnings) is zero and the numerator (median debt payments) is positive.

(3) A GE program becomes ineligible, subject to paragraph (c)(4) of this section, if it fails the D/E rates in two out of any three consecutive award years for which the program’s D/E rates are calculated, except that failing the small program rates does not make those small programs ineligible.

(4) If the Secretary does not calculate or issue D/E rates for a program for an award year, or calculates only a small program rate with respect to that program, the program receives no result under the D/E rates measure for that award year and remains in the same status under the D/E rates as the previous award year.

(d) Earnings threshold measure. For each award year, the Secretary assesses the GE program under the earnings threshold measure, using the procedures in § 668.405.

(e) Outcomes of the earnings threshold measure.

(1) A GE program passes the earnings threshold measure if the median annual earnings of the students who completed the program exceed the earnings threshold.

(2) A GE program fails the earnings threshold measure if the median annual earnings of the students who completed the program are equal to or less than the earnings threshold.

(3) A GE program becomes ineligible, subject to paragraph (d)(4) of this section, if it fails the earnings threshold measure in two out of any three consecutive award years for which the program’s earnings threshold measure is calculated, except that failing the small program rates does not make those small programs ineligible.

(4) If the Secretary does not calculate or issue earnings threshold measures for a program for an award year, or calculates only a small program measure with respect to that program, the program receives no result under the earnings threshold measure for that award year and remains in the same status under the earnings threshold measure as the previous award year.

§ 668.404 Calculating D/E rates.

(a) General. Except as provided under paragraphs (f) and (g) of this section, for each award year, the Secretary calculates D/E rates for a GE program as follows:

(1) Discretionary earnings rate = annual loan payment / (the median annual earnings – (1.5 x Poverty Guideline)). For the purposes of this paragraph, the Secretary applies the Poverty Guideline for the calendar year immediately following the calendar year for which annual earnings are obtained under paragraph (c) of this section.

(2) Annual earnings rate = annual loan payment / the median annual earnings.

(b) Annual loan payment. The Secretary calculates the annual loan payment for a GE program by--
(1)(i) Determining the median loan debt of the students who completed the program during the cohort period, based on the lesser of the loan debt incurred by each student as determined under paragraph (d)(1) of this section and the total amount for tuition and fees and books, equipment, and supplies for each student as determined under paragraph (d)(2) of this section;

   (ii) Removing, if applicable, the appropriate number of highest loan debts as described in §668.4045(b)(12)(ii); and

   (iii) Calculating the median of the remaining amounts.

(2) Amortizing the median loan debt—

   (i) Over a 10-year repayment period for a program that leads to an undergraduate certificate, a post-baccalaureate certificate, an associate degree, or a graduate certificate;

   (B) Over a 15-year repayment period for a program that leads to a bachelor's degree or a master's degree; or

   (C) Over a 20-year repayment period for any other program; and

   (ii) Using an annual interest rate that is the average of the annual statutory interest rates on Federal Direct Unsubsidized Loans that were in effect during—

   (A) The three consecutive award years, ending in the final year of the cohort period, for undergraduate certificate programs, post-baccalaureate certificate programs, and associate degree programs. For these programs, the Secretary uses the Federal Direct Unsubsidized Loan interest rate applicable to undergraduate students;

   (B) The three consecutive award years, ending in the final year of the cohort period, for graduate certificate programs and master's degree programs. For these programs, the Secretary uses the Federal Direct Unsubsidized Loan interest rate applicable to graduate students;

   (C) The six consecutive award years, ending in the final year of the cohort period, for bachelor's degree programs. For these programs, the Secretary uses the Federal Direct Unsubsidized Loan interest rate applicable to undergraduate students; and

   (D) The six consecutive award years, ending in the final year of the cohort period, for doctoral programs and first professional degree programs. For these programs, the Secretary uses the Federal Direct Unsubsidized Loan interest rate applicable to graduate students.

   Note to paragraph (b)(2)(ii): For example, for an undergraduate certificate program, if the two-year cohort period is award years 2017-2018 and 2018-2019, the interest rate would be the average of the interest rates for the years from 2016-2017 through 2018-2019.

(c) Annual earnings.
(1) The Secretary obtains from a Federal agency with earnings data, under §668.4055, the most currently available median annual earnings of the students who completed the GE program during the cohort period and who are not excluded under paragraph (e) of this section; and

(2) The Secretary uses the median annual earnings to calculate the D/E rates.

(d) Loan debt and assessed charges.

(1) In determining the loan debt for a student, the Secretary includes--

(i) The amount of title IV loans that the student borrowed (total amount disbursed less any cancellations or adjustments) for enrollment in the GE program, including Direct PLUS Loans made to parents of dependent students but excluding Direct Unsubsidized Loans that were converted from TEACH Grants;

(ii) Any private education loans as defined in 34 CFR 601.2, including private education loans made by the institution, that the student borrowed for enrollment in the program and that are required to be reported by the institution under §668.4098; and

(iii) The amount outstanding, as of the date the student completes the program, on any other credit (including any unpaid charges) extended by or on behalf of the institution for enrollment in any GE program attended at the institution that the student is obligated to repay after completing the GE program, including extensions of credit described in clauses (1) and (2) of the definition of, and excluded from, the term “private education loan” in 34 CFR 601.2;

(2) The Secretary attributes all the loan debt incurred by the student for enrollment in any--

(i) Undergraduate GE program at the institution to the highest credentialed undergraduate GE program subsequently completed by the student at the institution as of the end of the most recently completed award year prior to the calculation of the D/E rates under this section; and

(ii) Graduate GE program at the institution to the highest credentialed graduate GE program completed by the student at the institution as of the end of the most recently completed award year prior to the calculation of the D/E rates under this section; and

(3) The Secretary excludes any loan debt incurred by the student for enrollment in programs at other institutions. However, the Secretary may include loan debt incurred by the student for enrollment in GE programs at other institutions if the institution and the other institutions are under common ownership or control, as determined by the Secretary in accordance with 34 CFR 600.31.

(e) Exclusions. The Secretary excludes a student from both the numerator and the denominator of the D/E rates calculation if the Secretary determines that--

(1) One or more of the student’s title IV loans are under consideration by the Secretary, or have been approved, for a discharge on the basis of the student’s total and permanent disability, under 34 CFR 674.61, 682.402, or 685.212;

(2) The student was enrolled full-time in any other eligible program at the institution or at another institution during the calendar year for which the Secretary obtains earnings information under paragraph (c) of this section;
(3) For undergraduate GE programs, the student completed a higher credentialed undergraduate GE program at the institution subsequent to completing the program as of the end of the most recently completed award year prior to the calculation of the D/E rates under this section;

(4) For graduate GE programs, the student completed a higher credentialed graduate GE program at the institution subsequent to completing the program as of the end of the most recently completed award year prior to the calculation of the D/E rates under this section; or

(5) The student is enrolled in an approved prison education program; or

(5) The student died.

(f) D/E rates not issued. The Secretary does not issue D/E rates for a GE program under §668.405 if--

(1) After applying the exclusions in paragraph (e) of this section, fewer than 30 students completed the program during the two-year or four-year cohort period, except as provided in paragraph (g); or

(2) The Federal agency with earnings data does not provide the median earnings for the program as provided under paragraph (c) of this section.

(g) Small program rates. For each award year, the Secretary—

(1) Determines the total number of students who completed small programs within a credential level at the institution during the four-year cohort period after making the exclusions in paragraph (e) of this section; and

(2) If that total is 30 or more students, calculates the small program rates for those small programs under the provisions of this section.

§ 668.405 Calculating earnings threshold measure.

(a) General. Except as provided under paragraph (d) of this section, for each award year, the Secretary assesses the earnings threshold measure for a GE program by determining whether the median annual earnings of the title IV, HEA recipients who completed the program exceed the earnings threshold.

(b) Median annual earnings; earnings threshold.

(i) The Secretary obtains from a Federal agency with earnings data, under § 668.406, the most currently available median annual earnings of the students who completed the GE program during the cohort period and who are not excluded under paragraph (ce) of this section; and

(ii) The Secretary uses the median annual earnings of students with a high school diploma or GED using data from the Census Bureau to calculate the earnings threshold measures described in 668.402.

(iii) The Secretary determines the earnings thresholds and publishes the thresholds annually through a notice in the Federal Register.

(c) Exclusions. The Secretary excludes a student from the earnings threshold measure calculation if the Secretary determines that--
(1) The student was enrolled full-time in any other eligible program at the institution or at another institution during the calendar year for which the Secretary obtains earnings information under paragraph (b)(1) of this section;

(2) For undergraduate GE programs, the student completed a higher credentialed undergraduate GE program at the institution subsequent to completing the program as of the end of the most recently completed award year prior to the calculation of the earnings threshold measure under this section;

(3) For graduate GE programs, the student completed a higher credentialed graduate GE program at the institution subsequent to completing the program as of the end of the most recently completed award year prior to the calculation of the earnings threshold measure under this section;

(4) The student is enrolled in an approved prison education program; or

(5) The student died.

(d) Earnings threshold measures not issued. The Secretary does not issue the earnings threshold measure for a GE program under this section if—

(1) After applying the exclusions in paragraph (c) of this section, fewer than 30 students completed the program during the two-year or four-year cohort period, except as provided in paragraph (e) of this section; or

(2) The Federal agency with earnings data does not provide the median earnings for the program as provided under paragraph (b) of this section.

(e) Small program rates. For each award year, the Secretary—

(1) Determines the total number of students who completed small programs within a credential level at the institution during the four-year cohort period after making the exclusions in paragraph (c) of this section; and

(2) If that total is 30 or more students, calculates the small program rates for those small programs under the provisions of this section.

§ 668.4045 Issuing D/E rates and earnings threshold measure.

(a) Administrative data. In calculating the D/E rates and earnings threshold measure for a GE program and the small program rates, the Secretary uses student enrollment, disbursement, and program data, or other data the institution is required to report to the Secretary to support its administration of, or participation in, the title IV, HEA programs. In accordance with procedures established by the Secretary, the institution must update or otherwise correct any reported data no later than 60 days after the end of an award year.

(b) Process overview. The Secretary uses the administrative data to—

(1) Compile a list of students who completed each GE program during the cohort period and a list of the completers in small programs. The Secretary removes from those lists students who are excluded under §§668.404(e) or 668.405(c) and provides the list to institutions;
(2) Obtain from a Federal agency with earnings data the median annual earnings of the students on each list, as provided in paragraph (c) of this section; and

(3) Calculate the D/E rates and the earnings threshold measure and provide them to the institution.

(c) Obtaining earnings data. For each list submitted to the Federal agency with earnings data, the agency returns to the Secretary--

(1) The median annual earnings of the students on the list whom the Federal agency with earnings data has matched to earnings data, in aggregate and not in individual form; and

(2) The number, but not the identities, of students on the list that the Federal agency with earnings data could not match.

(d) Calculating D/E rates and earnings threshold measure.

(1) If the Federal agency with earnings data includes reports from records of earnings on at least 30 students, the Secretary uses the median annual earnings provided by the Federal agency with earnings data to calculate the D/E rates and earnings threshold measure for each GE program or the small program rate, as provided in §668.404.

(2) If the Federal agency with earnings data reports that it was unable to match one or more of the students on the final list, the Secretary does not include in the calculation of the median loan debt for D/E rates the same number of students with the highest loan debts as the number of students whose earnings SSA the Federal agency with earnings data did not match. For example, if the Federal agency with earnings data is unable to match three students out of 100 students, the Secretary orders by amount the debts of the 100 listed students and excludes from the D/E rates calculation the three largest loan debts.

§ 668.4074 Determination of the D/E rates and earnings threshold measure.

(a) Notice of determination. For each award year for which the Secretary calculates D/E rates and the earnings threshold measure for a GE program or the small program rate, the Secretary issues a notice of determination informing the institution of the following:

(1) The D/E rates for each GE program and for its small programs as determined under §668.404;

(2) The earnings threshold measure for each GE program and for its small programs as determined under §668.405;

(3) The determination by the Secretary of whether each GE program is passing, failing, or ineligible, as described in §668.403, and the consequences of that determination;

(4) Whether the program could become ineligible based on its final D/E rates or earnings threshold measure for the next award year for which D/E rates or the earnings threshold measure are calculated for the program; and

(5) Whether the institution is required to provide the student warning under §668.4087.

(b) Ineligible programs. Effective date of Secretary’s determination. The Secretary’s determination as to the D/E rates measure is effective on the date that is specified in the notice of determination.
Gainful Employment 12

(1) If the Secretary determines that a GE program is ineligible under paragraph (a)(3) of this section, the program’s participation in the title IV, HEA programs ends upon—

(i) The signing of a new Program Participation Agreement that does not include that program;

(ii) The completion of a termination action of program eligibility, if an action is initiated under subpart G of part 668; or

(iii) A revocation of program eligibility, if the institution is provisionally certified.

(2) If the Secretary initiates an action under paragraph (b)(1)(ii) of this section, the institution may initiate an appeal under subpart G of this part if it believes the Secretary erred in the calculation of the program’s D/E rates under § 668.404 or the earnings threshold measure under § 668.405. Institutions may not dispute a program’s ineligibility based upon its D/E rates or the earnings threshold measure except as described in this paragraph (b)(2).

§ 668.4057 Consequences of the D/E rates or earnings threshold measure.

(a) Student warning.

(1) Events requiring a warning to students and prospective students. The institution must provide a warning with respect to a GE program to students and prospective students for any year for which the Secretary notifies an institution that the program could become ineligible based on its D/E rates or the earnings threshold measure for the next award year.

(2) Content of warning. The institution must provide—

(i) The relevant information to access the website maintained by the Secretary;

(ii) A warning, as specified by the Secretary in a notice published in the Federal Register, that the program has not passed standards established by the U.S. Department of Education and may face restrictions on enrollment and/or could lose access to Federal grants and loans in the subsequent award year; and

(iii) A statement that the student must attest to having seen the warning through the disclosure website established and maintained by the Secretary; and—

(iv) For warnings provided to enrolled students—

(A) A description of the academic and financial options available to students to continue their education in another program at the institution, including whether the students could transfer credits earned in the program to another program at the institution and which course credits would transfer, in the event that the program loses eligibility for title IV, HEA program funds;

(B) An indication of whether, in the event that the program loses eligibility for title IV, HEA program funds, the institution will—

(1) Continue to provide instruction in the program to allow students to complete the program; and
(2) Refund the tuition, fees, and other required charges paid to the institution by, or on behalf of, students for enrollment in the program; and

(C) An explanation of whether, in the event that the program loses eligibility for title IV, HEA program funds, the students could transfer credits earned in the program to another institution in accordance with an established articulation agreement or teach-out plan or agreement.

(3) Alternative languages. To the extent practicable, the institution must provide alternatives to the English-language student warning for those students and prospective students for whom English is not their first language.

(4) Delivery to enrolled students. An institution must provide the warning required under this section in writing to each student enrolled in the program no later than 30 days after the date of the Secretary’s notice of determination under §668.407c and maintain documentation of its efforts to provide that warning.

(5) Delivery to prospective students.

(i) An institution must provide the warning as required under paragraph (a)(2) of this section to each prospective student or to each third party acting on behalf of the prospective student at the first contact about the program between the institution and the student or the third party acting on behalf of the student by—

(A) Hand-delivering the warning and the relevant information to access the website maintained by the Secretary as a separate document to the prospective student or third party individually, or as part of a group presentation;

(B) Sending the warning and the relevant information to access the website maintained by the Secretary to the primary email address used by the institution for communicating with the prospective student or third party about the program, provided that the warning is the only substantive content in the email and that the warning is sent by a different method of delivery if the institution receives a response that the email could not be delivered; or

(C) Providing the warning and the relevant information to access the website maintained by the Secretary orally to the student or third party if the contact is by telephone.

(ii) An institution may not enroll, register, or enter into a financial commitment with the prospective student with respect to the program earlier than three business days after the student completes the attestation described in subparagraph (a)(2)(iii) of this section.

(6) The provision of a student warning and/or the completion of an attestation does not mitigate the institution's responsibility to provide accurate information to students concerning program status, nor does it be considered as evidence against a student’s claim if applying for a loan discharge.

(b) Restrictions.
