Data requests from the Zoom Chat during Session 1. ED responses shared via email by FMCS with negotiators.

Requester	Data Request	Response
David Ramirez - Student Loan Borrowers - 2 years or less	Is there data on how many borrowers did not enroll despite being notified of their eligibility for relief? What strategies does the Department use, if any, in following up with those individuals?	Data Not Filled Response Thank you for your interest in the data you requested. We appreciate your commitment to ensuring you have what you need to fulfill your role as negotiator. After careful review, we determined that we could not fulfill your request. The Department has limited resources for producing and validating data and given the breadth of our initiatives we are unable to process requests that do not directly support our work in these negotiations. We also want to make sure you are aware that the Department posts a significant amount of data on its Open Data Platform at Data Explorer - Department of Education Open Data Platform .

<p>Vincent Andrews - Veterans or Veteran Organization</p>	<p>How much data has been conducted on the impact of how waivers will impact individual constituencies? What borrowers will benefit most from waivers?</p>	<p>Data Not Filled Response Thank you for your interest in the data you requested. <p>Ashley Pizzuti - Student Loan Borrowers - 2 years or less</p>	<p>I would like to see a list of BDTR applications currently by school. These should include those who have already received forgiveness due to litigation. Corinthian, ITT, Sweet v. Cardona Class members borrowers for example. The list should include any school with more than BDTR applications and if that school is currently operating or if they have closed</p>	<p>Data Not Filled Response Thank you for your interest in the data you requested.
