NOTE: Totals reflect State support for public institutions of higher education located within that State, exclusive of capital expenditures and research and development costs. Totals were reported to the U.S. Department of Education by States and certified by State budget officers. Totals may include additional modifications made after subsequent State submissions to the Department after additional technical assistance (e.g. to include financial aid made available to students attending public institutions of higher education in the State). Pursuant to the flexibility granted States under section 14012 of the American Recovery and Reinvestment Act of 2009 (ARRA), State support in some years may include funds made available under the State Fiscal Stabilization Fund (SFSF) program. Additionally, totals here may include funds made available by States in accordance with section 137(d) of the Higher Education Act of 1965, as amended (HEA). Upon request, the Department may provide additional detail regarding the inclusion of SFSF funds and section 137(d) "significant effort."

† State did not submit data for this State fiscal year.

NOTE: Totals reflect State support for financial aid for students attending private institutions of higher education located within that State. Totals were reported to the U.S. Department of Education by States and certified by State budget officers. Totals may include additional modifications made after subsequent State submissions to the Department after additional technical assistance (e.g. to exclude financial aid made available to students attending for-profit institutions of higher education in the State or to students attending institutions outside of the State). Pursuant to the flexibility granted States under section 14012 of the American Recovery and Reinvestment Act of 2009 (ARRA), State support in some years may include funds made available under the State Fiscal Stabilization Fund (SFSF) program. Additionally, totals here may include funds made available by States in accordance with section 137(d) of the Higher Education Act of 1965, as amended (HEA). Upon request, the Department may provide additional detail regarding the inclusion of SFSF funds and section 137(d) "significant effort." In accordance with the definition in section 101 of the HEA, totals indicated above do not include financial aid provided to students attending for-profit institutions.

Minnesota	\$ 2,286,924,000	\$ 2,583,174,300	\$ 2,312,400,000	\$ 2,073,932,000

NOTE: Totals reflect State support for public institutions of higher education located within that State, exclusive of capital expenditures and research and development costs. Totals were reported to the U.S. Department of Education by States and certified by State budget officers. Totals may include additional modifications made after subsequent State submissions to the Department after additional technical assistance (e.g. to include financial aid made available to students attending public institutions of higher education in the State). Pursuant to the flexibility granted States under section 14012 of the American Recovery and Reinvestment Act of 2009 (ARRA), State support in some years may include funds made available under the State Fiscal Stabilization Fund (SFSF) program. Additionally, totals here may include funds made available by States in accordance with section 137(d) of the Higher Education Act of 1965, as amended (HEA). Upon request, the Department may provide additional detail regarding the inclusion of SFSF funds and section 137(d) "significant effort." In accordance with the flexibility provided in section 137(b) of the HEA, the Secretary allows States with biennial appropriations cycles to report State support in such a way to reflect those cycles.

State Support for Financial Aid for Students Attending Private Institutions of Higher Education in that State, by Biennium

State	2005-2007	2007-2009	2009-2011	2011-2013
Minnesota	\$ 85,119,060	\$ 89,744,261	\$ 95,342,484	\$ 96,820,000

NOTE: Totals reflect State support for financial aid for students attending private institutions of higher education located within that State, exclusive of capital expenditures and research and development costs. Totals were reported to the U.S. Department of Education by States and certified by State budget officers. Totals may include additional modifications made after subsequent State submissions to the Department after additional technical assistance (e.g. to exclude financial aid made available to students attending for-profit institutions of higher education in the State or to students attending institutions outside of the State). Pursuant to the flexibility granted States under section 14012 of the American Recovery and Reinvestment Act of 2009 (ARRA), State support in some years may include funds made available under the State Fiscal Stabilization Fund (SFSF) program. Additionally, totals here may include funds made available by States in accordance with section 137(d) of the Higher Education Act of 1965, as amended (HEA). Upon request, the Department may provide additional detail regarding the inclusion of SFSF funds and section 137(d) "significant effort." In accordance with the definition in section 101 of the HEA, totals indicated above do not include financial aid provided to students attending for-profit institutions. In accordance with the flexibility provided in section 137(b) of the HEA, the Secretary allows States with biennial appropriations cycles to report State support in such a way to reflect those cycles.
