United States Department of Education
OFFICE OF ELEMENTARY AND SECONDARY EDUCATION
OFFICE OF MIGRANT EDUCATION

Dear Colleague:

Thank you for your interest in the College Assistance Migrant Program (CAMP), administered by the Office of Elementary and Secondary Education of the U.S. Department of Education (Department).

This program is authorized under Title IV, Section 418A of the Higher Education Act of 1965, as amended by section 408 of the Higher Education Opportunity Act P.L. 110-315 (H.R. 4137) (HEA, as amended).

The purpose of CAMP is to assist migrant and seasonal farmworkers and members of their immediate family to complete their first academic year of college and to continue in postsecondary education.

Please take the time to review the applicable priorities, selection criteria, and all of the application instructions thoroughly. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the program (EDGAR §75.216 (b) and (c)).

All applicants are eligible to receive up to 100 points based on the published selection criteria. In addition, there is one competitive preference priority in this competition: applicants that are administering an expiring CAMP project are eligible to receive up to 15 additional points for prior experience of service delivery.

Furthermore, there are three invitational priorities for this competition (no additional points are awarded for invitational priorities): 1) applicants are invited to address the Secretary's Priority for promoting science, technology, engineering and mathematics (STEM) education, 2) applicants are invited to describe how they will engage faith-based and community organizations in the delivery of services under this program, and 3) applicants are invited to include a well-developed plan that is supported by evidence of strong theory, including a rationale for the proposed process, product, strategy, or practice and a corresponding logic model (as defined in 34 CFR part 77.1(c))

For this competition it is **mandatory** for applicants to use the government-wide website, Grants.gov (<http://www.grants.gov>), to apply. Please note that the Grants.gov site works differently than the Department's e-Application System. We strongly encourage you to familiarize yourself with Grants.gov and strongly recommend that you register *and* submit early.

Applications submitted to Grants.gov for the Department will now be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (Grants.gov recommends Adobe Reader 10.1.4). Please review the **Submitting Applications with Adobe**

Reader Software and Education Submission Procedures and Tips for Applicants forms found within this package for further information and guidance related to this requirement.

Using FY 2015 funds, the Department expects to award \$3,745,403 for new grants under this competition. We will award discretionary grants on a competitive basis for a project period of up to 60 months. Grants are expected to be awarded in June 2015.

Please visit our program website at www.ed.gov/programs/camp for further information. If you have any questions about the program after reviewing the application package, please contact Nathan Weiss by telephone at (202) 260-7496 or via e-mail at Nathan.Weiss@ed.gov.

Program Background Information

Program Overview

The purpose of the CAMP is to provide the academic and financial support necessary to help migrant and seasonal farmworkers and members of their immediate family successfully complete their first year of college.

Eligible Applicants

Eligible applicants include:

- Institutions of higher education
- Private nonprofit organizations

Complete Selection Criteria can be found beginning on page 40.

Competitive Preference Priority

The FY 2015 competition includes one competitive preference priority. An applicant that meets the competitive preference priorities may receive up to 15 additional points under Section 418A (e) of the HEA, as amended, for prior experience of service delivery on its application.

For more information, see page 44.

Invitational Priorities

The FY 2015 competition includes three invitational priorities. Under this competition, we are particularly interested in applications that address the Secretary's Priority for promoting "science, technology, engineering and mathematics (STEM) education," applications that propose to engage faith-based and community organizations in the delivery of services under this program, and applications that include a well-developed plan that is supported by evidence of strong theory. Under 34 CFR 75.105 (c) (1), we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications. Applicants may address these priorities in the project narrative.

Invitational Priority 1 -- Science, Technology, Engineering and Mathematics Education (STEM).

Under this invitational priority, we are seeking projects that are designed to address one or more of the following priority areas:

- a) Providing students with increased access to rigorous and engaging coursework in STEM.
- b) Increasing the number and proportion of students prepared for postsecondary or graduate study and careers in STEM, with a specific focus on an increase in the number and

proportion of students so prepared who are from groups traditionally underrepresented in STEM careers, including minorities, individuals with disabilities, and women.

Note: Applicants could propose providing students with increased access to coursework in STEM through such activities as mentoring, counseling, and tutoring in ways that motivate participants to pursue postsecondary education in the areas of STEM. Similarly, applicants could propose increasing the number and proportion of students prepared for postsecondary or graduate study and careers in STEM through activities such as referrals to STEM-oriented work-based learning experiences, exposure to academic programs and careers in STEM-related fields, and providing support services. These could include services to improve participants' academic skills and knowledge so that they may pursue studies and careers in STEM-related fields.

Invitational Priority 2 – Faith-Based and Community Organizations.

Under this invitational priority, we are seeking applications that propose to engage faith-based and community organizations in the delivery of services under this program.

Invitational Priority 3 – Evidence of Strong Theory

Under this invitational priority, we are seeking applications that include a well-developed plan supported by evidence of strong theory (as defined in 34 CFR part 77.1(c)), which includes a rationale for the proposed process, product, strategy, or practice and a corresponding logic model. Under 34 CFR part 77.1(c), “logic model” (also referred to as theory of action) means a well-specified conceptual framework that identifies key components of the proposed process, product, strategy or practice (*i.e.*, the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the relationships among the key components and outcomes, theoretically and operationally.

Note: In order to address this priority, applicants must develop logic models to demonstrate their project's theory of action. Applicants should connect available evidence of past history of successful outcomes to their logic models. Applicants may use resources such as the Pacific Education Laboratory's Education Logic Model Application (www.relpacific.mcrel.org/PERR.html) or the Northeast and Island's REL Skill Builder Workshops (www.relnei.org/events/skillbuilder-archive.html) to help design their logic models. In addressing this priority, applicants are also encouraged to connect the project design to the intended impact of the project, including an explanation of how the project will affect students' completion of the first-year of college and their continuation in postsecondary studies and careers in STEM. Finally, applicants are encouraged to discuss the role and commitment of any partner and how they plan to sustain their partnership beyond the life of the grant.

Program Contact

Please contact Nathan Weiss at (202) 260-7496 or via e-mail at Nathan.Weiss@ed.gov after reviewing the application package if you have any questions about the program.

Application Deadline

The deadline for submitting an application is February 12, 2015.

Review the instructions in this application package for meeting this deadline.

Changes to Applicable Regulations

At the time many forms included in this application were developed, the following regulations applied: (a) EDGAR in 34 CFR parts 74, 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485.

At the time we make grant awards, the following regulations will apply: (a) EDGAR in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485, and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Regardless of the timing, the following also apply to this application: (a) The regulations for this program in 34 CFR part 206. (b) The definitions of “migratory agricultural worker” in 34 CFR 200.81(d), “migratory child” in 34 CFR 200.81(e), and “migratory fisher” in 34 CFR 200.81(f). (c) The regulations in 20 CFR 669.110 and 669.320.

All grantees are required to comply with these regulations, as applicable.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

Frequently Asked Questions

Q1: What are the performance reporting requirements for the grant?

A1: Grantees are required to submit the Office of Management and Budget (OMB)-approved CAMP Annual Performance Report (APR) Form. This form is due on or around November following the most recently ending budget period. The latest APR materials may be found at: <http://www.hepcampmeetings.com/resources/webinars/2014/reporting/>

Q2: What is the relationship between the requirement in Section 75.590 of EDGAR for an annual performance report and the selection criterion for evaluation, which comes from section 75.210(h) of EDGAR?

A2: Section 75.590 of EDGAR requires each grant recipient to submit an APR or, for the last year of a project, a final report in addition to an APR, that evaluates at least annually (1) the recipient's progress in achieving the objectives in its approved application, (2) the effectiveness of the project in meeting the purposes of the program, and (3) the effect of the project on served participants. Excluding the final report, the APR that the program uses identifies the minimum information the Department needs from recipients to satisfy this provision. However section 75.590 does not identify how a grantee is to collect this information.

In evaluating project applications, the Secretary considers, as one of the selection criteria, the quality of the applicant's proposed project evaluation. The elements of this selection criterion come from section 75.210(h) of EDGAR, and are designed to have applicants address how they will conduct their project evaluation. The evaluation an applicant proposes in response to this selection criterion will dictate how and what data that the applicant would collect each year, regardless of whether an applicant describes an end-of-project evaluation or an annual evaluation. Thus the applicant's response to the selection criterion governing evaluation would guide the collection of the evaluative information it will report in the APR if the applicant receives a grant award.

Q3: What information specific to project objectives must applicants address in their application?

A3: According to Section 75.112 of EDGAR, applicants must include in their application a narrative that describes how and when, the applicant plans to meet each objective of the project, in each budget period of the project. The objectives of the project include the performance measures that the Department has established under the Government Performance and Results Act (GPRA) as well as any other objectives grantees have established that are specific to the project. Hence, in the course of implementing their projects, grantees will need to examine the goals and objectives of the particular project, as well as GPRA measures for the program (See GPRA objectives on page 55 of this application package).

Q4: What are the projected national targets for the CAMP GPRA 1 and GPRA 2 measures?

A4: The national target for measure 1 for FY 2015 is that 86 percent of CAMP participants will complete the first academic year of their postsecondary program, and for measure 2 the target for FY 2015 is that 85 percent of CAMP participants who complete their first academic year of college will continue their postsecondary education. Targets for subsequent years will be determined after additional baseline data is collected on the APR.

Applicants must propose annual targets for these measures in their applications. Grantees will be held accountable for serving the number of students they propose to serve in their application. At minimum, applicants must include in their applications:

- the number of CAMP participants the applicant expects to serve each year of the grant;
- the number of CAMP participants the applicant expects will complete the first academic year of their postsecondary program (GPRA measure 1); and,
- the number of CAMP participants who, after completing the first academic year of college, the applicant expects will continue their postsecondary education (GPRA measure 2).

Applicants must report annually in their APRs their success in meeting these GPRA measures as well as the individual measures they have established for their projects.

Q5: Are the GPRA targets considered to be the objectives for the program?

A5: GPRA targets are the core objectives that apply to all CAMP grantees, but projects may also establish their own goals and objectives, within the scope of the program's authorizing legislation and regulations.

Q6: If the GPRA targets are the core objectives of the project, what are the merits of going beyond these requirements to write other project goals/objectives?

A6: The GPRA targets may not address all the needs you have identified for your project. Remember that you will compete with other grantees who may offer more services or unique approaches.

Q7: In addition to the GPRA targets, how many objectives are recommended?

A7: There is no minimum or maximum number of proposed project objectives. However, be mindful you will be competing with others, you will be held to everything you propose, and you will have to report on each project objective in the APR.

Q8: Should the page count of each section of the application be based on how many points are allotted to each selection criteria section?

A8: The applicant is held to the total page limit; how the applicant chooses to distribute narrative among the sections is its decision.

Q9: Can the applicant reference in one section a chart in another section if the chart supports the section where the reference is made?

A9: Readers will only consider information that is in that section. However, readers may refer to information in the budget narrative when scoring other sections.

Q10: What fonts must be used in the application?

A10: Times New Roman, Courier, Courier New, and Arial are acceptable fonts, and all must be either 12 point or larger or no smaller than 10 pitch (characters per inch). An application submitted in any other font (including Times Roman or Arial Narrow) will be rejected.

Q11: Can sections that will take a considerable amount of space in the narrative be addressed in tables?

A11: Tables are appropriate to display quantitative data or a combination of quantitative and qualitative data (*e.g.*, a table of project specific objectives with numerical targets); however, tables are not appropriate for a narrative. Moreover, narratives displayed in tables may be confusing to readers and result in a low score.

Q12: Do charts, tables, etc. need to be in 12 pt. font Times New Roman, Courier, Courier New or Arial font also?

A12: Yes.

Q13: Does the Table of Contents count towards the 25-page limit for the project narrative?

A13: No.

Q14: How long can the abstract be?

A14: The abstract is limited to one page per the description of a “page” within this application.

Q15: What information should be included in the abstract?

A15: The project abstract should not exceed one double-spaced “page” and should include a concise description of the following information, preferably in the following order:

- Name of Applicant
- City and State of Applicant
- Project objectives and activities
- Applicable priorities
- Proposed project outcomes
- Number of participants to be served annually, distinguished by commuter or residential
- Number and location of proposed sites
- Project targets for meeting each of the GPRA measures each year

Q16: Can footnotes be in a bibliography format in the appendices, since they take up space (especially double-spaced) in the actual narrative?

A16: The applicant may include a bibliography in the appendices; however, readers will not score information in the appendices.

Q17: Is it okay to include "cover pages" for the appendices (that would not count toward the number of pages)?

A17: No, all items in the appendices are limited to 20 pages.

Q18: What parts of the budget narrative must be double spaced?

A18: The narrative text must be double-spaced but charts, tables and graphs can be single-spaced.

Q19: How do we determine if costs are reasonable? Are there guidelines to determine if costs are allowable, allocable and reasonable?

A19: See "Important Notes" under Part 5, Budget Narrative.

Q20: Does the annual requested amount include indirect cost?

A20: Yes.

Q21: What is meant by a maximum award limit that an applicant may request?

A21: The Department has established a maximum CAMP award of \$425,000 for any of the five single budget periods of 12 months. This limit applies only to the amount of Federal funds requested in Section A of ED Form 524, and does not apply to other funds a grantee or its partners may contribute to the project.

Q22: May a project budget exceed the maximum award amount if it includes funding from non-Federal sources?

A22: Yes. The project budget may exceed \$425,000 for any of the five single 12-month budget periods if volunteered non-Federal funds are combined in the project budget. If other non-Federal funds are contributed to the project, applicants must enter those amounts in Section B of ED Form 524 and provide a Section C budget detail that identifies and describes these non-Federal funds.

Applicants should be aware that amounts representing the difference between the 8 percent restricted indirect cost rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [§75.562(c)(5)]

Q23: Can the project director be the authorized representative or principal investigator (PI) as well?

A23: In cases where a nonprofit is very small or operating solely on the Federal CAMP grant, the organization's CEO could technically be both the authorized representative (person who signed and represents the application) as well as the project director. It would not be reasonable, however, to have one person be both the PI (i.e., supervisor over the project staff) and the director.

Q24: Are external evaluators preferred, particularly those that may be directors or PIs of other projects?

A24: Conduct your evaluation in the manner that you determine to be most effective for your project. OME cannot say that one manner of evaluation is "preferred" over another, though many grantees find an outside evaluator to be an effective practice.

Q25: Should we list all project personnel as key personnel?

A25: While it is up to the applicant to decide which personnel are "key personnel," the applicant should be aware that, according to Section 200.308(c)(2) of the OMB Uniform Administrative requirements Guidance, Cost Principles, and Audit Requirements for Federal Awards ((OMB Uniform Requirements) (2 CFR 200.308(c)(2)), grantees must request prior approval from ED program officials for any change in key personnel.

Q26: Are the costs of instructional items, such as textbooks, to be included on the Training Stipend line of the budget form?

A26: Depending on how instructional items are used, they may be included on the Other or Supply lines or the Training Stipends. For example, if a project purchases a "lending library" of textbooks, to be collected at the end of each term and used again for new participants, the costs could be included on the Other or Supply line items; if the textbooks are given to participants with the expectation that participants keep the textbooks after completing the program, it would be appropriate to include the costs in the Training Stipends line.

Q27: In regards to participant eligibility, what is the definition of "immediate family?"

A27: The program's definition of "immediate family" can be found in the Department's regulations, 34 CFR section 206.5(c)(5), and is defined as:

- (i) A spouse.
- (ii) A parent, step-parent, adoptive parent, foster parent, or anyone with guardianship.
- (iii) Any person who—
 - (A) Claims the individual as a dependent on a Federal income tax return for either of the previous two years, or

(B) Resides in the same household as the individual, supports that individual financially, and is a relative of that individual.

Q28: What is meant by successfully completing the first year of college for CAMP? Is the first year a calendar-12 months, or number of academic units the institution establishes for completing the freshman year of college?

A28: The institution needs to define the "completion of the first academic year." There is no standard definition that fits all grantees, due to variations in academic schedules. However, the definition must meet certain minimum standards which can be found in the CAMP APR (<http://www.hepcampmeetings.com/resources/webinars/2014/reporting/>).

Q29: Is it appropriate to design a project that incorporates early awareness of postsecondary education with students currently in high school or adult basic education courses with an end goal of having them enroll and complete one year of college?

A29: CAMP students must have completed high school or its equivalent (either with a high school diploma or with a HSE certificate) and be eligible for enrollment in an IHE. To be served by CAMP, students must be enrolled or admitted for enrollment as a fulltime student at the participating IHE.

Q30: There is an MEP in high school interested in our CAMP program, but the student does not demonstrate academic need, should we turn him/her away?

A30: The CAMP program regulations state that the prospective student must "be determined by the grantee to need the academic and supporting services and financial assistance provided by the project in order to complete an academic program of study at the IHE." So, if you determine that the CAMP candidate does not need the academic services offered by your project, then, no, that student may not participate. Keep in mind, however, that the regulations refer to three types of need (academic, supporting services, and financial), and your determination of a student's need should incorporate your assessment of all three factors.

Q31: How many students is the CAMP project required to serve per year? Are applicants expected to continue serving these students until graduation, while adding new students each year?

A31: While there is no required number to be served, applicants should be mindful that they are competing with other applicants. Grantees will be held accountable for serving the number of students they propose to serve in their applications. The first requirement of the grant (as measured by GPRA 1) is for students to complete the first academic year. The second requirement (as measured by GPRA 2) is for those students who completed the first academic year, to remain in postsecondary education (their second year). CAMP projects must provide follow-up services (referrals to resources and data collection of progress) for students continuing in postsecondary instruction beyond their first year, and may use up to 10 percent of their budget to do so.

Competition Process and Procedures

Q32: Can program directors write the actual grant?

A32: Program staff that are directly funded by the Federal grant and write a grant proposal for future funding of that grant have to do so outside of their capacity with the project. Program staff may not write a grant application for future Federal funding while being paid directly by the Federal grant.

Q33: Does the Department have the authority to adjust an award amount in a successful proposal?

A33: Yes. If there are not enough funds or if an applicant proposes budget items and activities which the program staff determines to be unallowable or unreasonable during the budget analysis, the Department has the authority to adjust an award amount.

Q34: How many applications is the Department expecting and how many applications does the Department plan to fund?

A34: We expect to receive approximately 50 CAMP applications, and we plan to fund 10 new CAMP programs.

Q35: If the applicant has a current TRIO program federal grant can the applicant receive prior experience points from the TRIO program grant?

A35: No. Prior experience points will only be given to applicants with expiring CAMP projects.

Q36: To what extent does prior project performance affect eligibility for a new grant?

A36: The Secretary awards up to 15 additional points to applicants whose projects expire this year (grantees in their fifth year). These points are largely awarded based on the grantee's prior performance as determined by related data already collected by the Department.

Moreover, under EDGAR section 75.217(d)(3)(ii), the Secretary determines the order in which applications will be selected for funding, considering an applicant's performance under a previous award from any Department program, among other information. Even if an application is evaluated by a panel of readers and assigned a score within the funding range, the Secretary may exclude an application from funding following our review of past performance results.

Q37: On the cover sheet, Application for Federal Assistance SF 424, what amounts should an applicant enter in the section “Estimated Funding?”

A37: Enter only the Year One amounts from each applicable source and the total Year One budget.

Q38: What will happen if an applicant requests more than the maximum award limit for Federal (CAMP) funds?

A38: The Department will reject any application that proposes a budget exceeding the maximum award limit of \$425,000 in Federal funds for any of the five single 12-month budget periods; the application will not be reviewed as a part of the competition.

Q39: What will happen if an applicant requests less than the minimum award limit for Federal (CAMP) funds?

A39: The Department will reject any application that proposes a CAMP award that is less than \$180,000 for any of the five single 12-month budget periods; the application will not be reviewed as a part of the competition.

Q40: Must an applicant propose a project budget covering 60 months in duration?

A40: Yes, applicants must propose a project of 60 months (i.e., five years) in duration, and we will reject any application that does not do so. However, if an applicant receives a grant award, annual continuation funding is contingent upon availability of funds and grantees meeting minimum performance standards.

Q41: When completing ED Form 524, should the applicant enter whole dollar amounts for budget costs?

A41: Yes, round budgeted amounts to the nearest dollar.

Q42: As the Department makes continuation awards, will it hold grantees accountable for meeting national GPRA targets?

A42: Yes. Section 75.253(a)(2)(i) of EDGAR states that the Secretary may make a continuation award for a budget period after the first budget period of an approved multi-year project if the recipient has made substantial progress toward meeting the objectives in its approved application. In determining substantial progress for making continuation awards, the Department will use project performance data reported in the APR. While grantee GPRA performance data will not be the only factor the Department will use in determining whether a project has made substantial progress in meeting its goals and objectives, these data will be a significant factor.

Q43: Is the geographical distribution of existing projects and new applicants taken into account when awarding new programs?

A43: No, the location of a project is not one of the selection criteria and is not taken into account when determining new awards.

Q44: If an applicant encounters a problem while uploading an application, does obtaining a Support Desk Case Number from Grants.gov mean that the application will be accepted even though it may be submitted after the deadline?

A44: Obtaining a Support Desk Case Number from Grants.gov does not guarantee that an application will be accepted when submitted late. The program office must confirm that a technical problem with the Grants.gov system caused the application to be submitted late before the program office can determine if accepting the late application is appropriate.

Q45: How early should applicants submit applications?

A45: Start the application as soon as possible. An applicant is required to obtain several credentials before uploading an application to Grants.gov. Obtaining these credentials (DUNS Number, Tax Identification Number, System for Award Management (SAM) certification, etc.) can take several weeks.

Q46: Will an application that fails to adhere to the formatting standards outlined in this application be rejected?

A46: Yes. In particular, the Department will reject any project narrative [Part IV] that exceeds 25 pages or does not adhere to the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions. Applicants may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the application narrative count toward the page limit.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch) throughout the entire application package.
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.
- The 25 page limit applies to all of the project narrative section. It does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract.

Technical Assistance Webinars for Prospective Applicants

Pre-application webinars are planned following the publication of the Notice Inviting Applications. The exact dates and times of these webinars will be posted on the program website at: <http://www2.ed.gov/programs/camp/applicant.html>. Please check the site regularly for updates.

Application Submission Procedures

The deadline for submission of CAMP applications through Grants.gov is February 12, 2015.

Application Transmittal Instructions

Attention Electronic Applicants: This program **requires** the electronic submission of applications--specific requirements and instructions can be found in the Federal Register notice. Please note that you **must** follow the Application Procedures as described in the Federal Register notice announcing the grant competition.

We will reject your application if you submit it in paper format unless, as described in the Federal Register notice for this competition, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

Applications Submitted Electronically

Applications for grants under this program must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may **not** e-mail an electronic copy of a grant application to us.

Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system **no later than 4:30:00 p.m., Washington, DC time, on the application deadline date**. Except as otherwise noted in Federal Register notice for this competition, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30:00 p.m., Washington, DC time, on the application deadline date.

You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in this application package to ensure that you submit your application in a timely manner to the Grants.gov system.

Please note the following:

- You must attach any narrative sections of your application as files in a **.pdf** (Portable Document) format. **If you upload a file type other than a .pdf file, or submit a password-protected file, we will not review that material.**
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

- When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters. The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- Your electronic application must comply with any page-limit requirements described in this application package.
- If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

According to the instructions found in the Federal Register notice, only those requesting and qualifying for an Exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

Submitting Applications with Adobe Reader Software

The Department of Education, working with Grants.gov, is currently moving from using PureEdge software to using Adobe Reader software exclusively and applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Applicants will no longer need to use the PureEdge software to create or submit an application.

Please note: The compatible version of Adobe Reader is **required** for viewing, editing and submitting a complete grant application package for the Department of Education through Grants.gov. Applicants should confirm the compatibility of their Adobe Reader version **before** downloading the application. To ensure applicants have a version of Adobe Reader on their computer that is compatible with Grants.gov, applicants are encouraged to use the test package provided by Grants.gov that can be accessed at <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/verifying-adobe-reader.html#>.

Important issues to consider:

- If the applicant opened or edited the application package with any software other than the compatible version of Adobe Reader, the application package may contain errors that will be transferred to the new package even if you later download the compatible Adobe Reader version.
- Applicants **cannot** copy and paste data from a package initially opened or edited with an incompatible version of Adobe Reader and will need to download an **entirely new package** using the compatible version of Adobe Reader.
- Some applicants using an incompatible version of Adobe Reader **may have trouble** opening and viewing the application package while others may find they can open, view and complete the application package but **may not be able to submit** the application package through Grants.gov.
- Grants.gov **does not** guarantee to support versions of Adobe Reader that are not compatible with Grants.gov.
- Any and all edits made to the Adobe Reader application package **must** be made with the compatible version of Adobe Reader.

For your convenience, the latest version of Adobe Reader is available for free download at <http://www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html>.

We strongly recommend that you review the information on computer and operating system compatibility with Adobe available at <http://www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html> **before** downloading, completing or submitting your application.

Applicants are reminded that they should submit their application a day or two in advance of the closing date as detailed in the Federal Register Notice. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). (Please note that in early 2013, Grants.gov discovered an issue with the newest version of Adobe Reader XI but it was subsequently resolved.) Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR).)]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at : <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your

application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR - Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

<http://www.grants.gov/web/grants/applicants/applicant-faqs.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/support/general-support/faqs.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources:
<http://www.grants.gov/web/grants/support/technical-support/software/pdf-conversion-software.html>
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

*Please note that the Central Contractor Registry (CCR) was replaced by the System for Award Management (SAM) effective July 30, 2012. For more information on the migration of CCR data to SAM, grant applicants should read this information located on Grants.gov:

<http://grants-gov.blogspot.com/2012/07/information-about-pending-migration.html#!/2012/07/information-about-pending-migration.html>

Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

3a. If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

3a. If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

3b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/asearch.asp#ASUR>) If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

3c. If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S. Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

Definitions for U.S. Department of Education Supplemental Information for the SF-424

Definitions:

Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual, the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures

involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. *[This exemption applies only to retrospective studies using data collected before the initiation of the research.]*

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. *[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by HHS at the time the regulations were established. We will strictly construe this exemption because it was not intended to apply to ED research.]*

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide

more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

*Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4331, telephone: (202) 245-8090, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:
<http://www.ed.gov/about/offices/list/ocfo/humansub.html>*

NOTE: The **State Applicant Identifier** on the SF-424 is for State Use only. Please complete it on the SF-424 in the upper right corner of the form (if applicable).

Part 2: Budget Information

ED Budget Information Non-Construction Programs (ED Form 524)

This part of your application contains information about the Federal funding you are requesting. Remember that you must provide all requested budget information for each year of the project (60 months) and the total in order to be considered for Federal funding. Specific instructions for completing the budget forms are provided within this application package.

Instructions for completing ED Form 524 Section A:

Name of Institution/Organization: Enter the name of the applicant in the space provided.

Personnel (line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6. Include a statement describing the total commitment of time, and salary to be charged to the project for the Project Director and/or Coordinator.

Fringe Benefits (line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants on line 6. Individual expenses for participant transportation must be included in the application to a two-day OME Annual Meeting for CAMP Directors meeting in the Washington, DC area during, in each year of the project period.

Equipment (line 4): Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. *Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project.*

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. *Do not include costs that are included in the*

indirect cost rate.

Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant does not have an approved indirect cost rate agreement with a cognizant Federal agency and wishes to charge indirect costs to the grant, the applicant must apply to the Department for a temporary indirect cost rate. For more information, go to the Department's website at: <http://www.ed.gov/about/offices/list/ocfo/fipao/icgindex.html>.

Training Stipends (line 11):

Indicate the total of all training stipends for each year of the project. Refer to Part 5 Budget Narrative program-specific instructions, Number 11 Training Stipends for more information.

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs plus indirect plus stipends). The sum for column one, labeled *Project Year 1* (a), should also be equal to item 15a on the application cover sheet (SF Form 424).

Note on Sections A and B:

This program does not require cost-sharing or matching funds. An applicant that voluntarily provides non-Federal resources to the project should show these funds for each applicable budget category on lines 1-11 of Section B, and provide an itemized breakdown for each budget category listed in Sections A and B.

Please remember: Amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [EDGAR §75.562(c) (5)]

Program-suggested guidelines for completing Section C, the Budget Narrative, are included in Part 5: Budget Narrative.

Instructions for ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. You may access the Education Department General Administrative Regulations, 34 CFR 74 – 86 and 97-99, on ED’s website at: <http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html>

You must consult with your Business Office prior to submitting this form.

Section A - Budget Summary U.S. Department of Education Funds

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. (1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked “no,” ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check “Other,” specify the name of the Federal or other agency that issued the approved agreement.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost

Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary Non-Federal Funds

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for

your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB’s website at:

<http://www.whitehouse.gov/omb/circulars/index.html>

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0008. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to (insert program office), U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202..

Part 3: ED Abstract Form

This section should be attached as a single document to the ED Abstract Form in accordance with the instructions found on Grants.gov and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

Please note that Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

☐ Project Abstract

The project abstract should not exceed **one** double spaced page and should include a concise description of the following information, preferably in the following order:

- Name of Applicant
- City and State of Applicant
- Project objectives and activities
- Applicable priorities
- Proposed project outcomes
- Number of participants to be served annually, distinguished by commuter or residential
- Number and location of proposed sites
- Project targets for meeting each of the GPRA measures each year

Part 4: Project Narrative Attachment Form

*This section should be attached as a **single** document to the Project Narrative Attachment Form in accordance with the instructions found on [Grants.gov](https://www.grants.gov) and should be organized in the following manner and include the following parts in order to expedite the review process.*

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

The Table of Contents shows where and how the important sections of your proposal are organized and should not exceed **one** double spaced page.

Application Narrative

The application narrative responds to the selection criteria found in this application package and should follow the order of the selection criteria.

We will reject any project narrative that exceeds 25 pages or does not adhere to the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the project narrative, including titles, headings, footnotes, quotations, references, and captions. However, you may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the project narrative count toward the page limit.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit of no more than 25 pages applies to the project narrative; however, the page limit does not apply to the cover sheet, the budget section, including the narrative budget justification, the assurances and certifications, nor the one-page abstract.

Appendices must be limited to 20 pages and must include the following: resumes, job descriptions, letters of support, and bibliography.

Selection Criteria for Program Narrative

The maximum score for all selection criteria is 100 points. The points or weights assigned to each criterion are indicated in parentheses. Non-Federal peer reviewers will review each application. They will be asked to evaluate and score each program narrative against the following selection criteria:

The applicant must address all the following criteria from 34 CFR 75.210 (General Selection Criteria). The total maximum score is 100 points for the following selection criteria. The maximum score for each criterion is indicated after each criterion.

| | Selection Criteria | Maximum Points |
|----|--------------------------------------|----------------|
| 1. | Need for and Significance of Project | 15 points |
| 2. | Quality of Project Design | 20 points |
| 3. | Quality of Project Services | 15 points |
| 4. | Quality of Project Personnel | 10 points |
| 5. | Quality of Management Plan | 20 points |
| 6. | Adequacy of Resources | 10 points |
| 7. | Quality of the Project Evaluation | 10 points |

TOTAL SCORE (100 points maximum)

Panel readers will award points only for an applicant's response to a given selection criterion that is contained within the section of the application designated to address that particular selection criterion. Readers will not review, or award points for responses to a given selection criterion that are in any other section of the application or appendices. However, readers will use the information contained within the Budget and Budget Narrative sections of the application to award points for relevant selection criteria responses.

In describing the proposed project, applicants should address the seven selection criteria in the order in which they are listed above.

1. Need for and Significance of Project (15 points). The Secretary considers the need for the proposed project. In determining the need for the proposed project, the Secretary considers one or more of the following factors:

- i. The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project. (3 points).
- ii. The extent to which the proposed project will focus on serving or otherwise addressing the needs of disadvantaged individuals (*i.e.*, eligible migrant and seasonal farmworkers and their families). (4 points)

- iii. The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses. (4 points)
- iv. The importance or magnitude of the results or outcomes likely to be attained by the proposed project. (4 points)

2. Quality of Project Design (20 points). The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

- i. The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable. (5 points)
- ii. The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs. (5 points)
- iii. The extent to which the proposed project will establish linkages with other appropriate agencies and organizations providing services to the target population. (5 points)
- iv. The extent to which the proposed project will increase efficiency in the use of time, staff, money, or other resources in order to improve results and increase productivity. (5 points)

Note: When addressing factor (iii) applicants may want to consider including information on how they are meeting the requirements for coordination in the amended Section 418A(d) of the reauthorized Higher Education Act, which requires that the grant recipient coordinate its project, to the extent feasible, with other local, State, and Federal programs to maximize the resources available for migrant students.

3. Quality of Project Services (15 points). The Secretary considers the quality of the services to be provided by the proposed project. In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Secretary considers the following factors:

- i. The extent to which the training or professional development services to be provided by the proposed project are of sufficient quality, intensity, and duration to lead to improvements in practices among the recipients of those services. (5 points)
- ii. The extent to which the services to be provided by the proposed project are focused on those with greatest needs. (5 points)

- iii. The likelihood that the services to be provided by the proposed project will lead to improvements in the achievement of students as measured against rigorous academic standards. (5 points)

Note: Factor (i) refers to training or professional development provided to staff of the project. Also, please note that under factor (iii), “rigorous academic standards” refers to the academic standards of the institution for its students.

4. Quality of Project Personnel (10 points). The Secretary considers the quality of the personnel that will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Secretary considers the following factors:

- i. The qualifications, including relevant training and experience, of the project director or principal investigator. (5 points)
- ii. The qualifications, including relevant training and experience of key project personnel. (5 points)

Note: Applicants may address this criterion in any way that is reasonable. Given the purpose of the CAMP project, the applicant may want to consider the staff sensitivity and understanding of the unique characteristics and needs of the migrant and seasonal farmworker population.

5. Quality of the Management Plan (20 points). The Secretary considers the quality of the management plan. In determining the quality of the management plan the Secretary considers the following:

- i. The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks. (5 points)
- ii. The adequacy of the procedures for ensuring feedback and continuous improvement in the operation of the project. (5 points)
- iii. The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project. (5 points)
- iv. The adequacy of mechanisms for ensuring high-quality products and services from the proposed project. (5 points)

Note: Applicants may address this criterion in any way that is reasonable. However, as required in section 418A (d) of the HEP/CAMP program statute, “Each project application shall include a management plan which contains assurances that the grant recipient will coordinate the project, to the extent feasible, with other local, State, and Federal programs to maximize the resources

available for migrant students, and that staff shall have a demonstrated knowledge and be sensitive to the unique characteristics and needs of the migrant and seasonal farmworker population, and provisions for:

- (1) staff in-service training;
- (2) training and technical assistance;
- (3) staff travel;
- (4) student travel;
- (5) interagency coordination; and
- (6) an evaluation plan.”

In addition, EDGAR Section 206.20 (d) requires that the grantee provide the following assurances “(1) the grantee will develop and implement a plan for identifying, informing, and recruiting eligible participants who are most in need of the academic and supporting services and financial assistance provided by the project; (2) the grantee will develop and implement a plan for identifying and using the resources of the participating IHE and the community to supplement and enhance the services provided by the project.”

6. Adequacy of Resources (10 points). The Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

- (i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization. (2 points)
- (ii) The relevance and demonstrated commitment of each partner in the proposed project to the implementation and success of the project. (2 points)
- (iii) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project. (2 points)
- (iv) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits. (2 points)
- (v) The potential for the incorporation of project purposes, activities, or benefits into the ongoing program of the agency or organization at the end of Federal funding. (2 points)

Note: When addressing this criterion, applicants may want to consider including the information in EDGAR section 206.20 (d) (2) which requires applicants to develop and implement a plan for identifying and using the resources of the participating IHE and the community to supplement and enhance the services provided by the project.

7. Quality of the Project Evaluation (10 points). The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

- (i) The extent to which the methods of evaluation are appropriate to the context within which the project operates. (3 points)
- (ii) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies. (3 points)
- (iii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes. (4 points)

Note: A strong evaluation plan should be included in the application narrative and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The plan should include benchmarks to monitor progress toward specific project objectives and also outcome measures to assess the impact on teaching and learning or other important outcomes for project participants. More specifically, the plan should identify the individual and/or organization that have agreed to serve as evaluator for the project and describe the qualifications of that evaluator.

The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports of results and outcomes will be available; and (7) how the applicant will use the information collected through the evaluation to monitor progress of the funded project and to provide accountability information both about success at the initial site and effective strategies for replication in other settings. Applicants are encouraged to devote an appropriate level of resources to project evaluation.

Additional Factors

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary considers, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23)

Competitive Preference Priority

Prior Experience of Service Delivery (up to 15 points) — For applicants with an expiring CAMP project, the Secretary will consider the applicant's prior experience in implementing its expiring CAMP project, based on information contained in documents previously provided to the Department, such as annual performance reports, project evaluation reports, site visit reports, and the previously approved CAMP application.

Part 5: Budget Narrative

*This section should be attached as a **single** document to the Budget Narrative Attachment Form in accordance with the instructions found on [Grants.gov](https://www.grants.gov). It should be organized in the following manner and include the following parts in order to expedite the review process.*

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

When attaching files, applicants should limit the length of their file names. Lengthy file names could result in difficulties opening and processing your application. We recommend file names be less than 50 characters.

Each application must also provide a Budget Narrative (which serves to meet the requirements of ED Form 524, Section C) for requested Federal funds. The Budget Narrative for requested Federal funds should provide a justification of how the money requested for each budget item will be spent.

This section requires an **itemized budget breakdown** for each project year and the **basis for estimating the costs** of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures. Be sure to complete an itemized budget breakdown and narrative for each year of the proposed project (60 months).

The Budget Narrative provides an opportunity for the applicant to identify the nature and amount of the proposed expenditures. The applicant should provide sufficient detail to enable reviewers and project staff to understand how requested funds will be used, how much will be expended, and the relationship between the requested funds and project activities and outcomes.

Though not required, if an applicant chooses to include non-Federal funds in the application, the applicant must include the non-Federal funds in Section B of ED Form 524 and include a description of the use of funds in the budget narrative. As a reminder, if an applicant proposed non-Federal matching funds and they are awarded a grant the grantee must provide those funds for each year the funds are proposed.

Applicants should be aware that amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.
[EDGAR §75.562(c) (5)]

Important Note

Applicants are encouraged to review the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Suggested Guidelines for the Budget Narrative

In accordance with 34 CFR 75.232, Department staff perform a cost analysis of each recommended project to ensure that costs relate to the activities and objectives of the project, are reasonable, allowable and allocable. We may delete or reduce costs from the budget during this review.

Note that 34 CFR § 75.135(b) permits applicants, under certain circumstances, to identify in their grant applications contractors that they have previously selected through the use of the small purchase procedures set out in 2 CFR 200.320(b) (formerly 34 CFR 80.36(d)(1)) regardless of whether the purchase exceeds the Simplified Acquisition Threshold defined in 2 CFR 200.88 (currently \$150,000). Provide the basis for cost estimates or computations.

12. Total Costs

- Sum total of direct costs, indirect costs, and stipends.
- Please provide total costs for each year of the project as well as grand total cost for the entire project (60 months).

Important Information Regarding Indirect Costs

Grants awarded under the CAMP (CFDA 84.149A) have been designated training grants. EDGAR limits reimbursement of indirect costs under training grants to non-governmental grantees. These grantees may recover indirect costs under training grants up to the grantee's actual indirect costs as determined by the grantee's negotiated indirect cost agreement or a maximum of 8 percent of a modified total direct cost, whichever is less.

Note: This limitation does not apply to State agencies, local governments or Federally-recognized Indian tribal governments. [EDGAR §75.562(c)(2)]

Grantees charging indirect costs to an Education training grant at the 8 percent rate should have a negotiated rate with their cognizant agency, *i.e.*, either the Federal agency from which it has received the most direct funding subject to indirect cost support, the particular agency specifically assigned cognizance by the OMB, or the State agency that provides the most subgrant funds to the grantee.

Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the 8 percent rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8 percent [EDGAR §75.562(d)].

Applicants should be aware that amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [EDGAR §75.562(c) (5)]

Part 6: Other Attachment Form

Attach one or more documents to the Other Attachments Form in accordance with the instructions found on Grants.gov. You may provide all of the required information in a single document, or in multiple documents.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

Please note that Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

When attaching files, applicants should limit the length of file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend file names of less than 50 characters.

- Individual Resumes for Project Directors and Key Personnel:** If the project director and key personnel have been selected and identified in the application, provide brief resumes that describe their unique qualifications for the responsibilities they will carry out under the project. If the project director and key personnel have not been selected, at least provide the Job Descriptions and minimum required qualifications for their positions (see below).
- Job Descriptions:** Regardless of whether or not the project director and key personnel have been selected, provide brief job descriptions that outline the minimum required qualifications, responsibilities and duties of these positions under the project. These will be the standards the Department will use for approval of key personnel changes.
- Letters of Support (if any):** Applicants may provide letters of support from organizations specifically referenced in the project narrative that will provide significant collaboration to the project.
- Copy of Indirect Cost Rate Agreement:** If an applicant decides to charge indirect costs to this program and there is an indirect cost rate in place, the applicant shall provide a copy of the most recent approved Indirect Cost Agreement in the Other Attachments Form section of the application.

If an applicant decides to charge indirect costs to this program and there is a no indirect cost rate in place, the applicant must follow the instructions found in the Important Information Regarding Indirect Cost Rates section found in this application package.

The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Instructions for Meeting the General Education Provisions Act (GEPA) Section 427 Requirements

All applicants for new awards **must** include information in their applications to address this new provision in order to receive funding under this program.

Section 427 **requires** each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

A general statement of an applicant's nondiscriminatory hiring policy is **not** sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Please review the Notice to all Applicants (included in the electronic application package in Grants.gov) for further information on meeting the provisions in the Department's General Education Provisions Act (GEPA).

Applicants are **required** to address this provision by attaching a statement (not to exceed three pages) to the **ED GEPA427 form** that is included in the electronic application package in Grants.gov.

Part 8: Intergovernmental Review of Federal Programs (Executive Order 12372)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact (SPOC) process and a list of names by State can be found at:

http://www.whitehouse.gov/omb/grants_spoc

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# 84.149A, U.S. Department of Education, room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (eastern time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

Not all states have chosen to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located in a State that does not have a SPOC, you may send application materials directly to the Department as described in the *Federal Register* notice.

Reporting and Accountability

Successful applicants with multi-year grants must submit an **annual performance report** (APR) demonstrating their progress in meeting approved project objectives. Grantees must also provide the most current financial and performance measure data for each year of the project. Grantees are required to submit the CAMP APR Form, which is included for reference in this application package. This form is generally due in November for the most recently ending budget period.

At the end of the project period, applicants will also be required to submit a **final performance report**. The latest APR materials may be found at:

<http://www.hepcampmeetings.com/resources/webinars/2014/reporting/>

Under GPRA, the following two performance indicators have been established to evaluate the overall effectiveness of the CAMP. Grantees are required to report on the following GPRA performance measures:

1. The percentage of CAMP participants completing the first academic year of their postsecondary program.
2. The percentage of CAMP participants who, after completing the first academic year of college, continue their postsecondary education.

With regard to the GPRA measures, grantees are required to report specific performance data on the APR, including:

- the number of CAMP participants the project was funded to serve each year of the grant;
- the number of CAMP participants that completed the first academic year of their postsecondary program (GPRA 1); and
- the number of CAMP participants who, after completing the first academic year of college, continued their postsecondary education (GPRA 2).

Grantees are required to report additional project performance data, as described in the APR package. Specific instructions for requirements on grantee reporting, as well as information on how the percentages for GPRA measures will be computed, are also included in the APR form. In addition to the specific data elements that are required for reporting on the APR form, grantees are required to report on any other project specific objectives that are stated in their application.

Grantees will be held accountable for meeting the national targets for the CAMP GPRA measures. While the exact GPRA targets for all five years of the grant have not been set (since some of the targets for subsequent years will be determined after additional baseline data is collected on the APR), the following are the national targets for FY 2015:

- For GPRA measure 1, the target is 86 percent for FY 2015.
- For GPRA measure 2, the target is 85 percent for FY 2015.

The program office will use project performance data reported in the APR in making determinations for continuation awards.

Legal and Regulatory Information

Notice Inviting Applications

78074

Federal Register / Vol. 79, No. 248 / Monday, December 29, 2014 / Notices

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department developed the following performance measures to evaluate the overall effectiveness of HEP: (1) the percentage of HEP program participants exiting the program having received an HSE diploma (GPRA 1), and (2) the percentage of HSE diploma recipients who enter postsecondary education or training programs, upgraded employment, or the military (GPRA 2).

Applicants must propose annual targets for these measures in their applications. The national target for GPRA measure 1 for FY 2015 is that 69 percent of HEP program participants exit the program having received an HSE credential. The national target for GPRA measure 2 for FY 2015 is that 80 percent of HEP HSE diploma recipients enter postsecondary education or training programs, upgraded employment, or the military. The national targets for subsequent years may be adjusted based on additional baseline data. The panel readers will score related selection criteria on the

basis of how well an applicant addresses these GPRA measures. Therefore, applicants will want to consider how to demonstrate a sound capacity to provide reliable data on the GPRA measures, including the project's annual performance targets for addressing the GPRA performance measures, as is required by the Office of Management and Budget approved annual performance report that is included in the application package. All grantees will be required to submit, as part of their annual performance report, information with respect to these GPRA performance measures.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Catalog of Federal Domestic Assistance (CFDA) Number: 84.149A.

Deadline for Transmittal of Applications: February 12, 2015.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of CAMP is to provide academic and financial support to help migrant and seasonal farmworkers and members of their immediate family complete their first year of college and continue in postsecondary education.

Priorities: This competition includes one competitive preference priority and three invitational priorities. In accordance with 34 CFR 75.105(b)(2)(iv), the competitive preference priority is from section 418A(e) of the Higher Education Act of 1965, as amended by section 408 of the Higher Education Opportunity Act of 2008 (20 U.S.C. 1070d-2(e)). The first invitational priority is for applications that promote science, technology, engineering, and mathematics (STEM)

education. The second invitational priority is for applications that propose to engage faith-based and community organizations in the delivery of services under this program. The third invitational priority is for applications that submit a plan supported by evidence of strong theory (e.g., a fully developed logic model (as defined in this notice) of the proposed project).

Competitive Preference Priority: For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to 15 additional points to an application, depending on how well the applicant meets the competitive preference priority. The maximum amount of competitive preference points an application can receive under this priority is 15 points.

This priority is:

Prior Experience of Service Delivery (Up to 15 Points).

For applicants with an expiring CAMP project, the Secretary will consider the applicant's prior experience in implementing its expiring CAMP project, based on information contained in documents previously provided to the Department, such as annual performance reports, project evaluation reports, site visit reports, and the previously approved CAMP application.

Under this competition, we also are particularly interested in applications that address the following invitational priorities.

Invitational Priorities: For FY 2015, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1), we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Science, Technology, Engineering, and Mathematics Education (STEM)

Projects that are designed to address one or more of the following priority areas:

(a) Providing students with increased access to rigorous and engaging coursework in STEM.

(b) Increasing the number and proportion of students prepared for postsecondary or graduate study and careers in STEM, with a specific focus on an increase in the number and

proportion of students so prepared who are from groups traditionally underrepresented in STEM careers, including minorities, individuals with disabilities, and women.

Note: Applicants could propose providing students with increased access to coursework in STEM through such activities as mentoring, counseling, and tutoring in ways that motivate participants to pursue postsecondary education in the areas of STEM. Similarly, applicants could propose increasing the number and proportion of students prepared for postsecondary or graduate study and careers in STEM through activities such as referrals to STEM-oriented work-based learning experiences, exposure to academic programs and careers in STEM-related fields, and providing support services. These could include services to improve participants' academic skills and knowledge so that they may pursue studies and careers in STEM-related fields.

Invitational Priority 2—Faith-Based and Community Organizations

Applications that propose to engage faith-based and community organizations in the delivery of services under this program.

Invitational Priority 3—Evidence of Strong Theory

Applications that include a well-developed plan supported by evidence of strong theory (as defined in 34 CFR part 77.1(c)), which includes a rationale for the proposed process, product, strategy, or practice and a corresponding logic model. Under 34 CFR part 77.1(c), "logic model" (also referred to as theory of action) means a well-specified conceptual framework that identifies key components of the proposed process, product, strategy or practice (i.e., the active "ingredients" that are hypothesized to be critical to achieving the relevant outcomes) and describes the relationships among the key components and outcomes, theoretically and operationally.

Note: In order to address this priority, applicants must develop logic models to demonstrate their project's theory of action. Applicants should connect available evidence of past history of successful outcomes to their logic models. Applicants may use resources such as the Pacific Education Laboratory's Education Logic Model Application (www.relpacific.mcrel.org/PERR.html) or the Northeast and Island's REL Skill Builder Workshops (www.reinei.org/events/skillbuilder-archive.html) to help design their logic models. In addressing this priority, applicants are also encouraged to connect the project design to the intended impact of the project, including an explanation of how the project will affect students' completion of the first-year of college and their continuation in postsecondary studies and careers in STEM.

Finally, applicants are encouraged to discuss the role and commitment of any partner and how they plan to sustain their partnership beyond the life of the grant.

PROGRAM AUTHORITY: 20 U.S.C. 1070d-2.

Applicable Regulations: This application notice (also referred to as a notice inviting applications (NIA)) is being published before the Department adopts the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 CFR part 200. We expect to publish interim final regulations that would adopt those requirements before December 26, 2014, and make those regulations effective on that date. Because grants awarded under this NIA will likely be made after the Department adopts the requirements in 2 CFR part 200, we list as applicable regulations both those that are currently effective and those that will be effective at the time the Department makes grants.

The current regulations follow: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485.

At the time we award grants under this NIA, the following regulations will apply: (a) EDGAR in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485, and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Regardless of the timing of publication, the following also apply to this NIA: (a) The regulations for this program in 34 CFR part 206. (b) The definitions of "migratory agricultural worker" in 34 CFR 200.81(d), "migratory child" in 34 CFR 200.81(e), and "migratory fisher" in 34 CFR 200.81(f). (c) The regulations in 20 CFR 669.110 and 669.320.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

II. Award Information

Type of Award: Discretionary grants.
Estimated Available Funds: The Administration has requested

\$3,745,403 for new awards for this program for FY 2015. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications at this time to allow enough time to complete the grant competition process if Congress appropriates funds for this program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2016 and future years from the list of unfunded applicants from this competition.

Estimated Range of Awards:
\$180,000–\$425,000.

Estimated Average Size of Awards:
\$424,251.

Maximum Award: We will reject any application that proposes a CAMP award exceeding \$425,000 for any of the five single budget periods of 12 months. The Assistant Secretary for Elementary and Secondary Education may change the maximum amount through a notice published in the **Federal Register**.

Minimum Award: We will reject any application that proposes a CAMP award that is less than \$180,000 for any of the five single budget periods of 12 months.

Estimated Number of Awards: 8.

Note: The Department is not bound by any estimates in this notice.

Project Period: Applicants must propose a project of 60 months (*i.e.*, five years) in duration, and we will reject any application that does not do so. However, if an applicant receives a grant award, annual continuation funding is contingent upon availability of funds and grantees meeting minimum performance standards.

III. Eligibility Information

1. *Eligible Applicants:* IHEs or private non-profit organizations (including faith-based organizations) that plan their projects in cooperation with an IHE and propose to operate the project with the facilities of the IHE.

2. *Cost Sharing or Matching:* This program does not require cost sharing or matching. However, consistent with 34 CFR 75.700, which requires an applicant to comply with its approved application, an applicant that proposes non-Federal matching funds and is awarded a grant must provide those funds for each year that the funds are proposed.

3. *Other:* Projects funded under this competition must budget for a two-day Office of Migrant Education annual meeting for CAMP directors in the Washington, DC area during each year of the project period.

IV. Application and Submission Information

Individuals with disabilities can obtain a copy of the application package in an accessible format (*e.g.*, braille, large print, audiotape, or compact disc) by contacting the program contact person listed in this section.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The project narrative (Part IV of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. Panel readers will award points only for an applicant's response to a given selection criterion that is contained within the section of the application designated to address that particular selection criterion. Readers will not review, or award points for, a response to the selection criterion that is located in any other section of the application or the appendices. We will reject any project narrative that exceeds 25 pages or does not adhere to the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions. However, you may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the application narrative count toward the page limit.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch) throughout the entire application package.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times

Roman or Arial Narrow) will not be accepted. The 25-page limit for the project narrative does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract. However, the page limit does apply to all of the project narrative section.

Appendices must be limited to 20 pages and must include the following: resumes, if applicable, and job descriptions of key personnel. Job descriptions must include duties and minimum qualifications. Items in the appendices will only be used by the program office.

3. *Submission Dates and Times:*
Applications Available: December 29, 2014.

Deadline for Transmittal of Applications: February 12, 2015.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. *Other Submission Requirements* of this notice.

We will not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: April 13, 2015.

4. *Intergovernmental Review:* This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award*

Management: To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2–5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1)

be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications

Applications for grants under CAMP, CFDA number 84.149A, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for CAMP at

www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.149, not 84.149A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington,

DC time, on the application deadline date. We will not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The

Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are

unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Nathan Weiss, U.S. Department of Education, 400 Maryland Avenue SW., room 3E321, Washington, DC 20202-6135. FAX: (202) 205-0089.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: CFDA Number 84.149A, LBJ Basement Level 1, 400 Maryland Avenue SW., Washington, DC 20202-4260.

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: CFDA Number 84.149A, 550 12th Street SW., Room 7039, Potomac Center Plaza, Washington, DC 20202-4260.

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department—

- (1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

- (2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. **Selection Criteria:** The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and are listed in the application package.

2. **Review and Selection Process:** We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Special Conditions:* Under current 34 CFR 74.14 and, when grants are made under this NIA, 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR part 74, as applicable or, when grants are awarded, the standards in 2 CFR 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure

information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department developed the following performance measures to evaluate the overall effectiveness of CAMP: (1) the percentage of CAMP participants completing the first academic year of their postsecondary program, and (2) the percentage of CAMP participants who, after completing the first academic year of college, continue their postsecondary education.

Applicants must propose annual targets for these measures in their applications. The national target for GPRA measure 1 for FY 2015 is that 86 percent of CAMP participants will complete the first academic year of their postsecondary program. The national target for GPRA measure 2 for FY 2015 is that 85 percent of CAMP participants continue their postsecondary education after completing the first academic year of college. The national targets for subsequent years may be adjusted based on additional baseline data. The panel readers will score related selection criteria on the basis of how well an applicant addresses these GPRA measures. Therefore, applicants will want to consider how to demonstrate a sound capacity to provide reliable data on GPRA measures, including the project's annual performance targets for addressing the GPRA performance measures, as is required by the Office of Management and Budget approved annual performance report that is included in the application package. All grantees will be required to submit, as part of their annual performance report, information with respect to these GPRA performance measures.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved

application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
