United States Department of Education
OFFICE OF ELEMENTARY AND SECONDARY EDUCATION
OFFICE OF MIGRANT EDUCATION

Dear Colleague:

Thank you for your interest in the College Assistance Migrant Program (CAMP), administered by the Office of Elementary and Secondary Education of the U.S. Department of Education (Department). This program is authorized under Title IV, Section 418A of the Higher Education Act of 1965, as amended by section 408 of the Higher Education Opportunity Act P.L. 110-315 (H.R. 4137) (HEA, as amended).

The purpose of CAMP is to assist migrant and seasonal farmworkers and members of their immediate family to complete their first academic year of college and to continue in postsecondary education.

Please take the time to review the applicable priorities, selection criteria, and all of the application instructions thoroughly. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the program (EDGAR §75.216 (b) and (c)). And, as part of a broader effort to reduce barriers for applicants seeking funds under a Department discretionary grant competition, the Department has issued a set of Common Instructions for Applicants available at <https://www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf> and also in this application package.

All applicants are eligible to receive up to 100 points based on the published selection criteria. In addition, there are two competitive preference priorities in this competition: the first competitive preference priority is for projects creating or expanding partnerships between schools, local educational agencies, State educational agencies, businesses, not-for-profit organizations, or institutions of higher education to give students access to internships, apprenticeships, or other work-based learning experiences in STEM fields, including computer science (as defined in Secretary's Final Supplemental Priorities and Definitions for Discretionary Grant Programs). The second competitive preference priority is consideration of a project's prior experience. Applicants that administer an expiring CAMP project are eligible to receive up to 15 additional points for prior experience of service delivery.

For this competition it is **mandatory** for applicants to use the government-wide website, Grants.gov (<http://www.grants.gov>), to apply. Please note that the Grants.gov site works differently than the U.S. Department of Education's e-Application System. We strongly encourage you to familiarize yourself with Grants.gov and strongly recommend that you register *and* submit early.

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Please review the **Submitting Applications with Adobe Reader Software and Education Submission Procedures and Tips for Applicants** forms found within this package for further information and guidance related to this requirement.

Using FY 2019 funds, the Department expects to award approximately \$4,823,000 for new grants under this competition. We will award discretionary grants on a competitive basis for a project period of up to 60 months. Grants are expected to be awarded in June 2019.

Please visit our program website at www.ed.gov/programs/camp for further information. If you have any questions about the program after reviewing the application package, please contact Carla Kirksey by telephone at (202) 260-2114 or via e-mail at carla.kirksey@ed.gov, or Steven Carr by telephone at (202) 260-2067 or via email at steven.carr@ed.gov.

Program Background Information

Program Overview

The purpose of the CAMP is to provide the academic and financial support necessary to help migrant and seasonal farmworkers and members of their immediate family successfully complete their first year of college.

Official Documents Notice

The official document governing this competition is the Notice Inviting Applications (NIA) published in the Federal Register on February 8, 2019. (See Legal and Regulatory Documents of this application package). The NIA is also available electronically at the following Web sites: www.FederalRegister.gov and www.gpo.gov.

Eligible Applicants

Eligible applicants include:

- Institutions of higher education
- Private nonprofit organizations

Competitive Preference Priorities

The FY 2019 competition includes one competitive preference priority. Competitive Preference Priority 1: For fiscal year (FY) 2019 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award an additional 3 points to an application that meets this priority. This priority is: Promoting Science, Technology, Engineering, or Math (STEM) Education, With a Particular Focus on Computer Science. Projects that are designed to address the following priority will be considered for additional points under Competitive Preference Priority 1: Creating or expanding partnerships between schools, local educational agencies, State educational agencies, businesses, not-for-profit organizations, or institutions of higher education to give students access to internships, apprenticeships, or other work-based learning experiences in STEM fields, including computer science (as defined in Secretary's Final Supplemental Priorities and Definitions for Discretionary Grant Programs).

Competitive Preference Priority 2: For FY 2019 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority authorized in section 418A of the Higher Education Act. Under 34 CFR 75.105(c)(2)(i) we award up to an additional 15 points to an application, depending on how well the application meets this priority. This priority is: Consideration of Prior Experience. Projects that are expiring (current CAMP grantees going into their fifth year) will be considered for additional points under Competitive Preference Priority 2. The Secretary will consider the

applicant's prior experience in implementing its expiring CAMP project, based on the performance reports previously provided to the Department.

Program Contact

If you have any questions about the program after reviewing the application package, please contact Carla Kirksey by telephone at (202) 260-2114 or via e-mail at carla.kirksey@ed.gov.

Frequently Asked Questions

Q1: What are the performance reporting requirements for the grant?

A1: Grantees are required to submit the OMB-approved CAMP Annual Performance Report (APR) Form. This form is generally due in November following the most recently ending budget period. A copy of the performance report instructions for the 2018-19 performance period is available at: <https://www2.ed.gov/programs/camp/2019-camp-instruction-apr.pdf>.

Q2: What is the relationship between the requirement in Section 75.590 of EDGAR for an APR and the selection criterion for evaluation, which comes from section 75.210(h) of EDGAR?

A2: Section 75.590 of EDGAR requires each grant recipient to submit an APR or, for the last year of a project, a final report in addition to an APR, that evaluates at least annually (1) the

recipient's progress in achieving the objectives in its approved application, (2) the effectiveness of the project in meeting the purposes of the program, and (3) the effect of the project on served participants. Excluding the final report, the APR that the program uses identifies the minimum information the Department needs from recipients to satisfy this provision. However section 75.590 does not identify how a grantee is to collect this information.

In evaluating project applications, the Secretary considers, as one of the selection criteria, the quality of the applicant's proposed project evaluation. The elements of this selection criterion come from section 75.210(h) of EDGAR, and are designed to have applicants address how they will conduct their project evaluation. The evaluation an applicant proposes in response to this selection criterion will dictate how and what data that the applicant would collect each year. Thus the applicant's response to the selection criterion governing evaluation would guide the collection of the evaluative information it will report in the APR if the applicant receives a grant award.

Q3: What information specific to project objectives must applicants address in their application?

A3: According to Section 75.112 of EDGAR, applicants must include in their application a narrative that describes how and when the applicant plans to meet each objective of the project, in each budget period of the project. The objectives of the project include the performance measures that the Department has established under the Government Performance and Results Act (GPRA) as well as any other objectives grantees have established that are specific to the project. Hence, in the course of implementing their projects, grantees will need to examine the goals and objectives of the particular project, as well as GPRA measures for the program (See GPRA objectives on page 60 of this application package).

Q4: What are the projected national targets for the CAMP GPRA 1 and GPRA 2 measures for the first year of this grant?

A4: The national target for measure 1 for FY 2019 is that 86 percent of CAMP program participants will complete the first academic year of their postsecondary program, and for measure 2 the target for FY 2019 is that 90 percent of CAMP participants who complete their first academic year of college will continue their postsecondary education. Targets for subsequent years will be determined after additional baseline data is collected on the APR.

Applicants must propose annual targets for these measures in their applications. Grantees will be held accountable for serving the number of students they propose to serve in their application. At minimum, applicants must include in their applications:

- the number of CAMP participants the applicant expects to serve each year of the grant;
- the number of CAMP participants the applicant expects will complete the first academic year of their postsecondary program (GPRA measure 1); and,

- the number of CAMP participants who, after completing the first academic year of college, the applicant expects will continue their postsecondary education (GPRA measure 2).

Applicants must report annually in their APRs their success in meeting these GPRA measures as well as the individual measures they have established for their projects.

Q5: Are the GPRA targets considered to be the objectives for the program?

A5: GPRA targets are the core objectives that apply to all CAMP grantees, but projects may also establish their own goals and objectives, within the scope of the program's authorizing legislation and regulations.

Q6: If the GPRA targets are the core objectives of the project, what are the merits of going beyond these requirements to write other project goals/objectives?

A6: The GPRA targets may not address all the needs you have identified for your project.

Q7: In addition to the GPRA targets, how many objectives are recommended?

A7: There is no minimum or maximum number of proposed project objectives. However, be mindful you will be competing with others, you will be held to everything you propose, and you will have to report on each project objective in the APR.

Q8: Should the page count of each section of the application be based on how many points are allotted to each selection criteria section?

A8: The Department recommends a 25-page limit; how the applicant chooses to distribute the narrative among the sections is its decision.

Q9: Can the applicant reference in one section a chart that is in another section, if the chart supports the section where the reference is made?

A9: Readers will only consider information that is in that section. However, readers may refer to information in the budget narrative when scoring other sections.

Q10: What fonts must be used in the application?

A10: Times New Roman, Courier, Courier New, and Arial are suggested fonts, and all are recommended to be either 12 point or larger, or no smaller than 10 pitch (characters per inch).

Q11: Can sections that will take a considerable amount of space in the narrative be addressed in tables?

A11: Tables are appropriate to display quantitative data or a combination of quantitative and

qualitative data (*e.g.*, a table of project specific objectives with numerical targets); however, tables are not appropriate for a narrative. Moreover, narratives displayed in tables may be confusing to readers and result in a low score.

Q12: Do charts, tables, etc. need to be in 12 pt. font Times New Roman, Courier, Courier New or Arial font also?

A12: Chart, tables, etc. are recommended to be in 12 pt. font Times New Roman, Courier, Courier New or Arial font.

Q13: Does the Table of Contents count towards the recommended 25-page limit for the project narrative?

A13: No.

Q14: How long can the abstract be?

A14: The Department recommends one double-spaced page for the abstract.

Q15: What information should be included in the abstract?

A15: The project abstract should include a concise description of the following information, preferably in the following order:

- Name of Applicant
- City and State of Applicant
- Project objectives and activities
- Applicable priorities
- Proposed project outcomes
- Number of participants to be served annually, distinguished by commuter or residential
- Number and location of proposed sites
- Project targets for meeting each of the GPRA measures each year

Q16: Can footnotes be in a bibliography format in the appendices, since they take up space (especially double-spaced) in the actual narrative?

A16: The applicant may include a bibliography in the appendices; however, readers will not score information in the appendices.

Q17: Is it okay to include "cover pages" for the appendices (that would not count toward the recommended page limit)?

A17: Applicants may organize appendices as they choose. The recommended page limit for the appendices is 20 pages.

Q18: What parts of the budget narrative must be double spaced?

A18: It is recommended the narrative text be double-spaced but charts, tables and graphs can be single-spaced.

Q19: How do we determine if costs are reasonable? Are there guidelines to determine if costs are allowable, allocable and reasonable?

A19: See "Important Notes" under Part 5, Budget Narrative on page 50 of the application.

Q20: Does the annual requested amount include indirect costs?

A20: Yes.

Q21: What is meant by a maximum award limit that an applicant may request?

A21: The Department has established a maximum CAMP award of \$425,000 for any of the five single budget periods of 12 months. This limit applies only to the amount of Federal funds requested in Section A of ED Form 524, and does not apply to other funds a grantee or its partners may contribute to the project.

Q22: May a project budget exceed the maximum award amount if it includes funding from non-Federal sources?

A22: Yes. The project budget may exceed this amount of \$425,000 for any of the five single 12-month budget periods if volunteered non-Federal funds are combined in the project budget. If other non-Federal funds are contributed to the project, applicants must enter those amounts in Section B of ED Form 524 and provide a Section C budget detail that identifies and describes these non-Federal funds.

Applicants should be aware that amounts representing the difference between the 8 percent restricted indirect cost rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [§75.562(c)(5)]

Q23: Can the project director be the authorized representative or principal investigator (PI) as well?

A23: In cases where a nonprofit organization is very small or operating solely on the Federal CAMP grant, the organization's CEO could technically be both the authorized representative (person who signed and represents the application) as well as the project director. It would not be reasonable, however, to have one person be both the PI (i.e., supervisor over the project staff) and the director.

Q24: Are external evaluators preferred, particularly those that may be directors or PIs

of other projects?

A24: An applicant should conduct its evaluation in the manner that it determines to be most effective for the project. OME cannot say that one manner of evaluation is "preferred" over another, though many grantees find an outside evaluator to be an effective practice.

Q25: Should we list all project personnel as key personnel?

A25: While it is up to the applicant to decide which personnel are "key personnel," the applicant should be aware that, according to Section 200.308(c)(2) of the OMB Uniform Administrative requirements Guidance, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Requirements), grantees must request prior approval from ED program officials for any change in key personnel.

Q26: Are the costs of instructional items, such as textbooks, to be included on the Training Stipend line of the budget form?

A26: Depending on how instructional items are used, they may be included on the Other or Supply lines or the Training Stipends. For example, if a project purchases a "lending library" of textbooks, to be collected at the end of each term and used again for new participants, the costs could be included on the Other or Supply line items; if the textbooks are given to participants with the expectation that participants keep the textbooks after completing the program, it would be appropriate to include the costs in the Training Stipends line.

Q27: In regards to participant eligibility, what is the definition of "immediate family?"

A27: The program's definition of "immediate family" can be found in the Department's regulations, 34 CFR section 206.5(c)(5), and is defined as:

- (i) A spouse.
- (ii) A parent, step-parent, adoptive parent, foster parent, or anyone with guardianship.
- (iii) Any person who—
 - (A) Claims the individual as a dependent on a Federal income tax return for either of the previous two years, or
 - (B) Resides in the same household as the individual, supports that individual financially, and is a relative of that individual.

Q28: What is meant by successfully completing the first year of college for CAMP? Is the first year a calendar-12 months, or number of academic units the institution establishes for completing the freshman year of college?

A28: The institution needs to define the "completion of the first academic year." There is no standard definition that fits all grantees, due to variations in academic schedules. However, the definition must meet certain minimum standards which can be found in the CAMP APR available on-line.

Q29: Is it appropriate to design a project that incorporates early awareness of postsecondary education with students currently in high school or adult basic education courses with an end goal of having them enroll and complete one year of college?

A29: CAMP students must have completed high school or its equivalent (either with a high school diploma or with a HSE certificate) and be eligible for enrollment in an IHE. To be served by CAMP, students must be enrolled or admitted for enrollment as a full time student at the participating IHE.

Q30: There is a MEP student in high school who is interested in our CAMP program, but the student does not demonstrate academic need, should we turn him/her away?

A30: The CAMP program regulations state that the prospective student must "be determined by the grantee to need the academic and supporting services and financial assistance provided by the project in order to complete an academic program of study at the IHE." So, if you determine that the CAMP candidate does not need the academic services offered by your project, then, no, that student may not participate. Keep in mind, however, that the regulations refer to three types of need (academic, supporting services, and financial), and your determination of a student's need should incorporate your assessment of all three factors.

Q31: How many students is the CAMP project required to serve per year? Are applicants expected to continue serving these students until graduation, while adding new students each year?

A31: While there is no required number to be served, applicants should be mindful that they are competing with other applicants. Grantees will be held accountable for serving the number of students they propose to serve in their applications. The first requirement of the grant (as measured by GPRA 1) is for students to complete the first academic year. The second requirement (as measured by GPRA 2) is for those students who completed the first academic year, to remain in postsecondary education (their second year). CAMP projects must provide follow-up services (referrals to resources and data collection of progress) for students continuing in postsecondary instruction beyond their first year, and may use up to 10 percent of their budget to do so.

Q32: Can program directors write the actual grant?

A32: Program staff that are directly funded by the Federal grant and write a grant proposal for future funding have to do so outside of their time serving in their capacity with the project. Program staff may not write a grant application for future Federal funding while being paid directly by a Federal grant.

Q33: Does the Department have the authority to adjust an award amount in a successful proposal?

A33: Yes. If there are not enough funds or if an applicant proposes budget items and activities

which the program staff determines to be unallowable or unreasonable during the budget analysis, the Department has the authority to adjust an award amount.

Q34: How many applications is the Department expecting and how many applications does the Department plan to fund?

A34: We expect to receive approximately 50 CAMP applications, and we plan to fund 11 new CAMP programs.

Q35: If the applicant has a current TRIO program federal grant can the applicant receive prior experience points from the TRIO program grant?

A35: No. Prior experience points will only be given to applicants with expiring CAMP projects.

Q36: To what extent does prior project performance affect eligibility for a new grant?

A36: The Secretary awards up to 15 additional points to applicants whose projects expire this year (grantees going into their fifth year). These points are largely awarded based on the grantee's prior performance as determined by related data already collected by the Department.

Moreover, under EDGAR section 75.217(d)(3)(ii), the Secretary determines the order in which applications will be selected for funding, considering an applicant's performance under a previous award from any Department program, among other information. Even if an application is evaluated by a panel of readers and assigned a score within the funding range, the Secretary may exclude an application from funding following our review of past performance results.

Q37: On the cover sheet, Application for Federal Assistance SF 424, what amounts should an applicant enter in the section "Estimated Funding?"

A37: Enter only the Year One amounts from each applicable source and the total Year One budget.

Q38: What will happen if an applicant requests more than the maximum award limit for Federal (CAMP) funds?

A38: The Department may reject any application that proposes a budget exceeding the maximum award limit of \$425,000 in Federal funds for any of the five single 12-month budget periods.

Q39: What will happen if an applicant requests less than the minimum award limit for Federal CAMP funds?

A39: The Department will reject any application that proposes a CAMP award that is less than \$180,000 for any of the five single 12-month budget periods as reflected in the applicant's ED 524 Budget Form, Table A, submitted as a part of the project application.

Q40: Must an applicant propose a project budget covering 60 months in duration?

A40: Yes, applicants must propose a project of 60 months (five 12-month budget periods) in duration. However, if an applicant receives a grant award, annual continuation funding is contingent upon availability of funds and grantees meeting minimum performance standards.

Applicants under this competition are required to provide detailed budget information for each year of the proposed project and for the total grant, and we may reject any application that does not do so as reflected on the applicant's ED 524 form, Table A, submitted as a part of the application.

Q41: When completing ED 524 Form, should the applicant enter whole dollar amounts for budget costs?

A41: Yes, round budgeted amounts to the nearest dollar.

Q42: As the Department makes continuation awards, will it hold grantees accountable for meeting national GPRA targets?

A42: Yes. Section 75.253(a)(2)(i) of EDGAR states that the Secretary may make a continuation award for a budget period after the first budget period of an approved multi-year project if the recipient has made substantial progress toward meeting the objectives in its approved application. In determining substantial progress for making continuation awards, the Department will use project performance data reported in the APR. While grantee GPRA performance data will not be the only factor the Department will use in determining whether a project has made substantial progress in meeting its goals and objectives, these data will be a significant factor.

Q43: Is the geographic distribution of existing projects and new applicants taken into account when awarding new projects?

A43: Yes, the Secretary will consider the need to provide an equitable geographic distribution of grants in selecting applications for awards, in accordance with section 418A of the HEA (20 U.S.C. 1070d-2(g)).

Q44: If an applicant encounters a problem while uploading an application, does obtaining a Support Desk Case Number from Grants.gov mean that the application will be accepted even though it may be submitted after the deadline?

A44: Obtaining a Support Desk Case Number from Grants.gov does not guarantee that an application will be accepted when submitted late. The program office must confirm that a

technical problem with the Grants.gov system caused the application to be submitted late before the program office can determine if accepting the late application is appropriate.

Q45: How early should applicants submit applications?

A45: Start the application as soon as possible. An applicant is required to obtain several credentials before uploading an application to Grants.gov. Obtaining these credentials (Data Universal Numbering System (DUNS) Number, Tax Identification Number (TIN), System for Award Management (SAM) certification, etc.) can take several weeks.

Q46: Will an application that fails to adhere to the formatting standards outlined in this application be rejected?

A46: No. However, the Department recommends any project narrative [Part 4] not exceed 25 pages and meet the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions. Applicants may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the application narrative count toward the page limit.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch) throughout the entire application package.
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.
- The 25-page limit is suggested for the project narrative section. The suggestion does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract.

Technical Assistance Webinars for Prospective Applicants

Pre-application webinars are planned following the publication of the Notice Inviting Applications. The dates and times of these webinars will be posted on the program website at: <http://www2.ed.gov/programs/hep/applicant.html>. Please check the site regularly for updates.

Tips for Preparing and Submitting an Application

Beginning the Application Process

- Read this application package in its entirety, including the NIA, and make sure you follow all of the instructions.
- Read the Common Instructions for Applicants to Department of Education Discretionary Grant Programs at <https://www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf>

and included in this application package for your quick reference.

- Read the Frequently Asked Questions section in this application package.
- If you do not understand an instruction or requirement, contact Carla Kirksey, U.S. Department of Education, Office of Migrant Education, Room 3E337, Washington, D.C. 20202. Telephone: (202) 260-2114 or by email: Carla.Kirksey@ed.gov for information about this grant competition.

Preparing Your Application

- Organize your narrative according to the selection criteria headings and respond comprehensively.
- Be thorough in your responses. Write so that someone who knows nothing about your community and the proposed activities, curricula, programs, and services can understand what you are proposing and why.
- Make sure your budget provides sufficient itemization and detailed descriptions about planned expenditures so Department staff can easily determine how amounts were calculated.
- Link your planned expenditures to the proposed activities, curricula, programs, and services. Do not request funds for miscellaneous purposes. Make sure you demonstrate that your proposed expenditures are necessary to carry out your program.

Submitting Your Application

- Use the checklist provided in this application package to ensure your application is complete before submitting it.
- Make sure all required forms are included and signed by an Authorized Representative of your organization.
- Transmit your application by the deadline date and time. When submitting your application electronically, you must use Grants.gov at: www.grants.gov. Unless you qualify for an exception in accordance with the instructions found in Common Instructions for Applicants to Department of Education Discretionary Grant Programs available at <https://www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf>, and in this application package, you must submit your application electronically.

What Happens Next?

- Once the Department receives your application from Grants.gov, an agency tracking number (PR Award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application <https://www.grants.gov/web/grants/applicants/track-my-application.html>. Please refer to this PR/Award number if you need to contact us about your application.
- The Department screens each application to ensure that all program eligibility requirements are met and that all forms are included and signed by the Authorized Representative. Ineligible applicants will receive a notification letter, including the reasons for ineligibility.
- If eligible, your application will be assigned to a panel of independent reviewers who will evaluate and score your proposal according to the selection criteria in this package. Your application will receive a score from 0 to 100, not including competitive preference

priority (CPP) points. We award three (3) additional points for competitive preference priority one, depending on how well the application addresses the selection criteria, and up to an additional 15 points for competitive preference priority two (consideration of prior experience).

- A Grant Award Notification will be sent to applicants whose proposals rank high enough to be awarded a grant. Both successful and unsuccessful applicants will receive peer reviewers' comments after grant awards are announced. Unsuccessful applicants will also receive a notification letter. Please be sure your application contains a valid mailing address for both the Project Director and the Authorized Representative so that reviewers' comments can be successfully delivered.

Application Deadline

The deadline for submitting an application is April 9, 2019. Review the instructions in this application package for meeting the deadline.

Common Instructions for Applicants to Department of Education Discretionary Grant Programs

The application and submission information that follows comes directly from the Department's Common Instructions, referenced in the NIA and available at <https://www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf>.

Application and Submission Information

1. *Address To Request Application Package:* You can obtain an application package from the Department's website or *Grants.gov*. To obtain a copy via the Department's website, use the following address: www.ed.gov/fund/grant/apply/grantapps/index.html.

2. *Content and Form of Application Submission:* Requirements concerning the content and form of an application, together with the forms you must submit, are in the application package for the program.

3. *Submission Dates and Times:* Submit applications for grants under the program electronically using *Grants.gov*. For information (including dates and times) about how to submit your application electronically, please refer to *Other Submission Requirements* in section 5 of these instructions. We do not consider an application that does not comply with the deadline requirements. Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact Carla Kirksey by telephone at (202) 260-2114 or via e-mail at carla.kirksey@ed.gov.

If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in the competition NIA.

4. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management*: To do business with the Department, and to submit your application electronically using *Grants.gov*, you must—

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the System for Award Management (*SAM.gov*), the Government’s primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following website:

<http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days. If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service (IRS). If you are an individual, you can obtain a TIN from the IRS or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the *SAM.gov* database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early. **Note:** Once your *SAM.gov* registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, *Grants.gov*. If you are currently registered with *SAM.gov*, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in *SAM.gov* or updating your existing SAM account, we have prepared a *SAM.gov* Tip Sheet, which you can find at:

<https://www2.ed.gov/fund/grant/apply/sam-faqs.html>. In addition, in order to submit your application via *Grants.gov*, you must (1) register as an applicant using your DUNS number; and (2) be designated by your organization’s E-Biz Point of Contact as an Authorized Organization Representative (AOR). Details on these steps are outlined at the following *Grants.gov* web page: <https://www.grants.gov/web/grants/register.html>.

5. *Other Submission Requirements:*

a. *Electronic Submission of Applications*. We are participating as a partner in the Government-wide *Grants.gov* site. Submit applications electronically using *Grants.gov* and do not email them unless explicitly allowed in a competition NIA. On December 31, 2017, *Grants.gov* retired the

Legacy PDF format for submitting grant applications. A *Grants.gov* applicant must apply online using Workspace, a shared environment where members of a grant team may simultaneously access and edit different web forms within an application. An applicant can create an individual Workspace for each application notice and establish for that application a collaborative application package that allows more than one person in the applicant's organization to work concurrently on an application. The *Grants.gov* system also enables the applicant to reuse forms from previous submissions, check them in and out to complete them, and submit the application package. For access to further instructions on how to apply using *Grants.gov*, refer to: www.grants.gov/web/grants/applicants/apply-for-grants.html. You may access the electronic grant applications at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.299 not 84.299B). Please note the following:

- Applicants needing assistance with *Grants.gov* may contact the *Grants.gov* Support Center either by calling 1-800-518-4726 or by sending an email to support@grants.gov. The *Grants.gov* Support Center is available 24 hours a day, seven days a week, except for Federal holidays.
- Applications received by *Grants.gov* are date- and time-stamped upon submission. Your application must be fully uploaded and submitted and must be date- and time-stamped by the *Grants.gov* system no later than 4:30:00 p.m., Eastern Time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date- and timestamped by the *Grants.gov* system—after 4:30:00 p.m., Eastern Time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from *Grants.gov*, we will notify you if we are rejecting your application because it was late.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your internet connection. Therefore, we strongly recommend that you leave yourself plenty of time to complete your submission.
- You should review and follow the Education Submission Procedures for submitting an application through *Grants.gov* that are included in the application package for the program to ensure that you submit your application on time. You can also find the Education Submission Procedures pertaining to *Grants.gov* under News and Events on the Department's G5 system home page at www.G5.gov. In addition, for specific guidance and procedures for submitting an application through *Grants.gov*, please refer to the *Grants.gov* website at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

- When you submit your application electronically, all documents must be submitted in this manner, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in a read-only flattened Portable Document Format (PDF), meaning any fillable documents must be saved and submitted as non-fillable PDF files. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-fillable PDF (*e.g.*, Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will be unable to review that material. Please note that this will likely result in your application not being considered for funding. The Department will not convert material from other formats to PDF.
- After you electronically submit your application, you will receive from *Grants.gov* an automatic notification of receipt that contains a *Grants.gov* tracking number. *Grants.gov* also will notify you automatically by email if your application met all of the *Grants.gov* validation requirements or if there were any errors (such as submission of your application by someone other than a registered AOR, issues with your DUNS number, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications. Once your application is successfully validated by *Grants.gov*, the Department will retrieve your application from *Grants.gov* and send you an email with a unique PR/Award number for your application.

Email confirmations and receipts from *Grants.gov* do not indicate receipt by the Department, nor do they mean that your application is complete or has met all application requirements. While your application may have been successfully validated by *Grants.gov*, it also must be reviewed in accordance with the Department's application requirements as specified in the competition NIA and in these application instructions. It is your responsibility to ensure that your submitted application has met all of the Department's requirements. Additionally, we may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you experience problems submitting your application through *Grants.gov*, please contact the *Grants.gov* Support Desk immediately, toll-free, at 1-800-518-4726. The *Grants.gov* Support Center will provide you with a ticket number documenting your communication. You must retain your ticket number for future reference as proof of your communication with the Support Center. Please subsequently contact a person listed in the **FOR FURTHER INFORMATION CONTACT** section in the competition NIA and provide an explanation of the technical problem you experienced with *Grants.gov*, along with the *Grants.gov* Support Desk Case Number. If you are prevented from electronically submitting your application on the application deadline date because of technical problems within the *Grants.gov* system, we will grant you an extension until 4:30:00 p.m., Eastern Time, the following business day to enable you to transmit your

application electronically, provided we can verify the technical issues affected your ability to submit your application on time via your *Grants.gov* Support Desk Case Number. **Note:** The extensions to which we refer in this section apply only to technical problems with the *Grants.gov* system. We will not grant you an extension if you failed to fully register in order to submit your application to *Grants.gov* (including with the required DUNS number and TIN currently registered in SAM) before the application deadline date and time or if the technical problem you experienced is unrelated to the *Grants.gov* system.

b. *Submission of Paper Applications.* We discourage paper applications, but if electronic submission is not possible (*e.g.*, you do not have access to the internet), you must provide a written statement that you intend to submit a paper application. Send this written statement no later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday). If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. Please send this statement to a person listed in the **FOR FURTHER INFORMATION CONTACT** section of the competition NIA. If you submit a paper application, you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center, Attention: (CFDA Number)
LBJ Basement Level 1
400 Maryland Avenue SW
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office. We will not consider applications postmarked after the application deadline date.

Note for Mail Delivery of Paper Applications: If you mail your application to the Department—
(1) You must indicate on the envelope and in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the Application Control Center at (202) 245-6288.

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser>

ATTENTION – Workspace, Adobe Forms and PDF Files Required

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: <https://www.grants.gov/web/grants/applicants/workspace-overview.html>

- 1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.
- 2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.
 - a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader. NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

- b. **Mandatory Fields in Forms:** In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.
- c. **Complete SF-424 Fields First:** The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.
- 3) **Submit a Workspace:** An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.
- 4) **Track a Workspace Submission:** After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Helpful Reminders

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload

an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: <mailto:support@grants.gov> or access the Grants.gov Self-Service Knowledge Base web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m. Washington, DC time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later

than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html> as well as additional information on Workspace at <http://www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace>.

Dial-Up Internet Connections

1. When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, flattened .PDF files** in their application:

- Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, flattened format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

Application Instructions

Electronic Application Format

Applications for grants under this competition must be submitted electronically, unless you qualify for an exception to the electronic submission requirement in accordance with the instructions in the Common Instructions for Applicants to Department of Education Discretionary Grant Programs (<https://www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf>) and in this application package under Application Submission Procedures.

In accordance with [34 CFR 75.216 \(b\) and \(c\)](#) application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the program.

It is recommended that your electronic application be organized in the following manner and include the following parts in order to expedite the review process. Instructions for all parts and forms of the application are found either on the following pages of the application package or individually for each form on Grants.gov.

Important note: Applications submitted to Grants.gov for the Department of Education will be posted using web forms and Adobe forms. Therefore, applicants will need to download a compatible version of Adobe reader.

Information on computer and operating system compatibility with Adobe and links to download a compatible version is available on Grants.gov. Also, please review the **Application Submission Procedures** and in particular the **Grants.gov Submission Procedures and Tips for Applicants** forms found within this package for further information and guidance related to this requirement.

We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Instructions for all parts and forms of the application are found either on the following pages of the application package or individually for each form on Grants.gov.

Note: Please do not attach any narratives, supporting files, or application components to any forms unless it is specifically required by the instructions for the individual section of the application. Although several forms accept attachments, the Department of Education will only review materials/files attached in accordance with the instructions provided within this application package.

**Instructions for U.S. Department of Education
Supplemental Information for the SF-424**

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. Novice Applicant. Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

3a. If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

3a. If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

3b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. **(A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/search.aspx?styp=bsc>)** If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

3c. If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

***Paperwork Burden Statement.** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0007. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-0170. Definitions for U.S. Department of Education Supplemental Information for the SF-424

Definitions:

Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual, the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures

involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. *[This exemption applies only to retrospective studies using data collected before the initiation of the research.]*

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. *[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by HHS at the time the regulations were established. We will strictly construe this exemption because it was not intended to apply to ED research.]*

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide

more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance

site(s), name the sites and briefly describe their involvement or role in the research.

*Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4331, telephone: (202) 245-8090, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:
<http://www.ed.gov/about/offices/list/ocfo/humansub.html>*

NOTE: The **State Applicant Identifier** on the SF-424 is for State Use only. Please complete it on the SF-424 in the upper right corner of the form (if applicable).

Part 2: Budget Information

ED Budget Information Non-Construction Programs (ED Form 524, Tables A and B)

This part of your application contains information about the Federal funding you are requesting. Remember that you must provide all requested budget information for each year of the project (60 months) and the total in order to be considered for Federal funding. Specific instructions for completing the budget forms are provided within this application package.

Instructions for completing ED Form 524 Section A:

Name of Institution/Organization: Enter the name of the applicant in the space provided.

Personnel (line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6. Include a statement describing the total commitment of time, and salary to be charged to the project for the Project Director and/or Coordinator in Section C of the Budget Narrative.

Fringe Benefits (line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants on line 6. Individual expenses for participant transportation must be included in the application for a two-day OME Annual Meeting for CAMP Directors in the Washington, DC area in each year of the project period.

Equipment (line 4): Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. *Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project.*

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. *Do not include costs that are included in the indirect cost rate.*

Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant does not have an approved indirect cost rate agreement with a cognizant Federal agency and wishes to charge indirect costs to the grant, the applicant must apply to the Department for a temporary indirect cost rate. For more information, go to the Department's website at: <http://www.ed.gov/about/offices/list/ocfo/fipao/icgindex.html>.

Training Stipends (line 11):

Indicate the total of all training stipends for each year of the project. Refer to Part 5 Budget Narrative program-specific instructions, Number 11 Training Stipends for more information.

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs plus indirect plus stipends). The sum for column one, labeled *Project Year 1* (a), should also be equal to item 15a on the application cover sheet (SF Form 424).

Note on Sections A and B:

Please note: Regardless of any other information in the application, the Department will interpret an ED 524 form that, in Part A, provides a blank budget summary for any of the five project years as the applicant's intent to seek "\$0" for that year, and thus to not operate a project that year. Similarly, the Department will interpret any blank spaces on the ED 524 budget form as \$0.

This program does not require cost-sharing or matching funds. An applicant that voluntarily provides non-Federal resources to the project should show these funds for each applicable budget category on lines 1-11 of Section B, and provide an itemized breakdown for each budget category listed in Sections A and B.

Please remember: Amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [EDGAR §75.562(c)(5)]

Program-suggested guidelines for completing Section C, the Budget Narrative, are included in Part 5: Budget Narrative.

Instructions for ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. You may access the Education Department General Administrative Regulations cited within these instructions at:

<http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html>. You may access requirements from 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" cited within these instructions at: <https://www.federalregister.gov/articles/2013/12/26/2013-30465/uniform-administrative-requirements-cost-principles-and-audit-requirements-for-federal-awards>.

You must consult with your Business Office prior to submitting this form.

Section A - Budget Summary

U.S. Department of Education Funds

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

(1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (**complete (4) of this section when using the temporary rate**) subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked "yes" in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State

agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3): If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note, you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary

Non-Federal Funds

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;

- b. The source of the costs or contributions; and

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied. When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.
5. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0008**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to (insert program office), U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

Part 3: ED Abstract Form

This section should be attached as a single document to the ED Abstract Form in accordance with the instructions found on Grants.gov and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, flattened .pdf files). Also, do not upload any password-protected files to your application.

Please note that Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files.

Project Abstract

We recommend the project abstract be exceed **one** double spaced page and include a concise description of the following information, preferably in the following order:

- Name of Applicant
- City and State of Applicant
- Project objectives and activities
- Applicable priorities
- Proposed project outcomes
- Number of participants to be served annually, distinguished by commuter or residential
- Number and location of proposed sites
- Project targets for meeting each of the GPRA measures each year

Part 4: Project Narrative Attachment Form

This section should be attached as a **single** document to the Project Narrative Attachment Form in accordance with the instructions found on [Grants.gov](https://www.grants.gov) and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, flattened .pdf files). Also, do not upload any password-protected files to your application.

When attaching files, applicants should limit the size of file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend file names of less than 50 characters. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files.

Table of Contents

The Table of Contents shows where and how the important sections of your proposal are organized. We recommend it not exceed **one** double spaced page.

Application Narrative

The application narrative responds to the selection criteria found in this application package and should follow the order of the selection criteria.

We recommend the project narrative not exceed 25 pages and adhere to the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the project narrative, including titles, headings, footnotes, quotations, references, and captions. However, you may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the project narrative count toward the page limit.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The recommended page limit of no more than 25 pages applies to the project narrative; however, the recommended page limit does not apply to the cover sheet, the budget section, including the narrative budget justification, the assurances and certifications, nor the one-page abstract.

The Appendices recommended page limit is 20 pages and should include the following: resumes, job descriptions, letters of support, and bibliography.

Selection Criteria for Program Narrative

The maximum score for all selection criteria is 100 points. The points or weights assigned to each criterion are indicated in parentheses. Non-Federal peer reviewers will review each application. They will be asked to evaluate and score each program narrative against the following selection criteria:

The applicant must address all the following criteria from 34 CFR 75.210 (General Selection Criteria). The total maximum score is 100 points for the following selection criteria. The maximum score for each criterion is indicated after each criterion.

	Selection Criteria	Maximum Points
1.	Need for Project	20 points
2.	Quality of the Project Design	28 points
3.	Quality of Project Services	12 points
4.	Quality of Project Personnel	10 points
5.	Adequacy of Resources	10 points
6.	Quality of the Project Evaluation	20 points

TOTAL SCORE (100 points maximum)

Panel readers will award points only for an applicant's response to a given selection criterion that is contained within the section of the application designated to address that particular selection criterion. Readers will not review, or award points for responses to a given selection criterion that are in any other section of the application or appendices. However, readers will use the information contained within the Budget and Budget Narrative sections of the application to award points for relevant selection criteria responses.

In describing the proposed project, applicants should address the six selection criteria in the order in which they are listed above.

1. Need for Project (up to 20 points). The Secretary considers the need for the proposed project. In determining the need for the proposed project, the Secretary considers the following factors:

- i. The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project. (up to 10 points).
- ii. The extent to which the proposed project will focus on serving or otherwise addressing the needs of disadvantaged individuals (*i.e.*, eligible migrant and seasonal farmworkers and their families). (up to 10 points)

2. Quality of the Project Design (up to 28 points). The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

- i. The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable. (up to 7 points)

- ii. The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs. (up to 7 points)
- iii. The extent to which the proposed project will establish linkages with other appropriate agencies and organizations providing services to the target population. (up to 7 points)
- iv. The extent to which the proposed project demonstrates a rationale (as defined in 34 CFR 77.1(c)). (up to 7 points)

Note: Applicants may address this criterion in any way that is reasonable. However, as required in section 418A (d) of the HEP/CAMP program statute, “Each project application shall include a management plan which contains assurances that the grant recipient will coordinate the project, to the extent feasible, with other local, State, and Federal programs to maximize the resources available for migrant students, and that staff shall have a demonstrated knowledge and be sensitive to the unique characteristics and needs of the migrant and seasonal farmworker population, and provisions for:

- (1) staff in-service training;
- (2) training and technical assistance;
- (3) staff travel;
- (4) student travel;
- (5) interagency coordination; and
- (6) an evaluation plan.”

In addition, 34 CFR 206.20(d) requires that the grantee provide the following assurances “(1) the grantee will develop and implement a plan for identifying, informing, and recruiting eligible participants who are most in need of the academic and supporting services and financial assistance provided by the project; (2) the grantee will develop and implement a plan for identifying and using the resources of the participating IHE and the community to supplement and enhance the services provided by the project.”

3. Quality of Project Services (up to 12 points). The Secretary considers the quality of the services to be provided by the proposed project. In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Secretary considers the following factor:

- i. The extent to which the services to be provided by the proposed project are appropriate to the needs of the intended recipients or beneficiaries of those services. (up to 12 points)

4. Quality of Project Personnel (up to 10 points). The Secretary considers the quality of the personnel that will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on

race, color, national origin, gender, age, or disability. In addition, the Secretary considers the following factors:

- i. The qualifications, including relevant training and experience, of the project director or principal investigator. (up to 7 points)
- ii. The qualifications, including relevant training and experience of key project personnel. (up to 3 points)

Note: Applicants may address this criterion in any way that is reasonable. Given the purpose of the CAMP project, the applicant may want to consider the staff sensitivity and understanding of the unique characteristics and needs of the migrant and seasonal farmworker population.

5. Adequacy of Resources (up to 10 points). The Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

- i. The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization.(up to 3 points)
- ii. The relevance and demonstrated commitment of each partner in the proposed project to the implementation and success of the project. (up to 3 points)
- iii. The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project. (up to 4 points)

Note: When addressing this criterion, applicants may want to consider including the information in EDGAR section 206.20(d)(2) which requires applicants to develop and implement a plan for identifying and using the resources of the participating IHE and the community to supplement and enhance the services provided by the project.

6. Quality of the Project Evaluation (up to 20 points). The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

- i. The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project (up to 10 points)
- ii. The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes. (up to 5 points)
- iii. The extent to which the methods of evaluation will, if well implemented, produce promising evidence (as defined in 34 CFR 77.1(c)) about the project's effectiveness. (up to 5 points)

Note: A strong evaluation plan should be included in the application narrative and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The plan should include benchmarks to monitor progress toward specific project objectives and also

outcome measures to assess the impact on teaching and learning or other important outcomes for project participants. More specifically, the plan should identify the individual and/or organization that has agreed to serve as evaluator for the project and describe the qualifications of that evaluator.

The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports of results and outcomes will be available; and (7) how the applicant will use the information collected through the evaluation to monitor progress of the funded project and to provide accountability information both about success at the initial site and effective strategies for replication in other settings. Applicants are encouraged to devote an appropriate level of resources to project evaluation.

Additional Factors

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary considers, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23)

Competitive Preference Priorities

Competitive Preference Priority 1--Promoting Science, Technology, Engineering, or Math (STEM) Education, With a Particular Focus on Computer Science. (0 or 3 points)

Projects designed to improve student achievement or other educational outcomes in one or more of the following areas: Science, technology, engineering, math, or computer science. These projects must address the following priority area: Creating or expanding partnerships between schools, local educational agencies, State educational agencies, businesses, not-for-profit organizations, or IHEs to give students access to internships, apprenticeships, or other work-based learning experiences in STEM fields, including computer science (as defined the Supplemental Priorities).

Competitive Preference Priority 2--Consideration of Prior Experience. (0 to 15 points)

Projects that are expiring (current CAMP grantees in their fifth year) will be considered for additional points under Competitive Preference Priority 2. The Secretary will consider the applicant's prior experience in implementing its expiring CAMP project, based on performance report information to include, but not limited to, the percentage of CAMP participants completing the first academic year of their postsecondary program and the percentage of CAMP participants who, after completing the first academic year of college, continue their postsecondary education.

Part 5: Budget Narrative

This section should be attached as a **single** document to the Budget Narrative Attachment Form in accordance with the instructions found on [Grants.gov](https://www.grants.gov). It should be organized in the following manner and include the following parts in order to expedite the review process.

When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files.

Each application must also provide a Budget Narrative (which serves to meet the requirements of ED Form 524, Section C) for requested Federal funds. The Budget Narrative for requested Federal funds should provide a justification of how the money requested for each budget item will be spent.

This section requires an **itemized budget breakdown** for each project year and the **basis for estimating the costs** of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures. Be sure to complete an itemized budget breakdown and narrative for each year of the proposed project (60 months).

The Budget Narrative provides an opportunity for the applicant to identify the nature and amount of the proposed expenditures. The applicant should provide sufficient detail to enable reviewers and project staff to understand how requested funds will be used, how much will be expended, and the relationship between the requested funds and project activities and outcomes.

Though not required, if an applicant chooses to include non-Federal funds in the application, the applicant must include the non-Federal funds in Section B of ED Form 524 and include a description of the use of funds in the budget narrative. As a reminder, if an applicant proposed non-Federal matching funds and they are awarded a grant the grantee must provide those funds for each year the funds are proposed.

Applicants should be aware that amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

[EDGAR §75.562(c) (5)]

Important Notes

Applicants are encouraged to review the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

- Please provide total costs for each year of the project as well as grand total cost for the entire project (60 months).

Important Information Regarding Indirect Costs

Grants awarded under the CAMP (CFDA 84.149A) have been designated training grants. EDGAR limits reimbursement of indirect costs under training grants to non-governmental grantees. These grantees may recover indirect costs under training grants up to the grantee's actual indirect costs as determined by the grantee's negotiated indirect cost agreement or a maximum of eight percent of a modified total direct cost, whichever is less.

Note: This limitation does not apply to State agencies, local governments or Federally-recognized Indian tribal governments. [EDGAR §75.562(c)(2)]

Grantees charging indirect costs to an Education training grant at the eight percent rate should have a negotiated rate with their cognizant agency, *i.e.*, either the Federal agency from which it has received the most direct funding subject to indirect cost support, the particular agency specifically assigned cognizance by the OMB, or the State agency that provides the most subgrant funds to the grantee.

Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the eight percent rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8 percent [EDGAR §75.562(d)].

Applicants should be aware that amounts representing the difference between the eight percent rate and a greater indirect cost rate negotiated with an agency may not be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [EDGAR §75.562(c)(5)]

Part 6: Other Attachments Form

Attach one or more documents to the Other Attachments Form in accordance with the instructions found on Grants.gov. You may provide all of the required information in a single document, or in multiple documents.

When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files.

- Individual Resumes for Project Directors and Key Personnel:** If the project director and key personnel have been selected and identified in the application, provide brief resumes that describe their unique qualifications for the responsibilities they will carry out under the project. If the project director and key personnel have not been selected, at least provide the Job Descriptions and minimum required qualifications for their positions (see below).
- Job Descriptions:** Regardless of whether or not the project director and key personnel have been selected, provide brief job descriptions that outline the minimum required qualifications, responsibilities and duties of these positions under the project. These will be the standards the Department will use for approval of key personnel changes.
- Letters of Support (if any):** Applicants may provide letters of support from organizations specifically referenced in the project narrative that will provide significant collaboration to the project.
- Copy of Indirect Cost Rate Agreement:** If an applicant decides to charge indirect costs to this program and there is an indirect cost rate in place, the applicant shall provide a copy of the most recent approved Indirect Cost Agreement in the Other Attachments Form section of the application.

If an applicant decides to charge indirect costs to this program and there is a no indirect cost rate in place, the applicant must follow the instructions found in the Important Information Regarding Indirect Cost Rates section found in this application package.

Instructions for Meeting the General Education Provisions Act (GEPA) Section 427 Requirements

All applicants for new awards **must** include information in their applications to address this new provision in order to receive funding under this program.

Section 427 **requires** each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

A general statement of an applicant's nondiscriminatory hiring policy is **not** sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Please review the Notice to all Applicants (included in the electronic application package in Grants.gov) for further information on meeting the provisions in the Department of Education's General Education Provisions Act (GEPA).

Applicants are **required** to address this provision by attaching a statement (not to exceed three pages) to the **ED GEPA427 form** that is included in the electronic application package in Grants.gov.

Part 8: Intergovernmental Review of Federal Programs (Executive Order 12372)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact (SPOC) process and a list of names by State can be found at:

https://www.whitehouse.gov/wp-content/uploads/2017/11/Intergovernmental_Review-SPOC_01_2018_OFFM.pdf

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# 84.149A, U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (eastern time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

Not all states have chosen to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located in a State that does not have a SPOC, you may send application materials directly to the Department as described in the *Federal Register* notice.

Reporting and Accountability

Successful applicants with multi-year grants must submit an APR demonstrating their progress in meeting approved project objectives. Grantees must also provide the most current financial and performance measure data for each year of the project. Grantees are required to submit the CAMP APR Form, which is generally due in November for the most recently ending budget period. At the end of the project period, applicants will also be required to submit a **final performance report**. A copy of the performance report instructions for the 2018-19 performance period is available at:

<https://www2.ed.gov/programs/camp/2019-camp-instruction-apr.pdf>

Under the Government Performance and Results Act (GPRA), the following two performance indicators have been established to evaluate the overall effectiveness of the CAMP. Grantees are required to report on the following GPRA performance measures:

1. The percentage of CAMP participants completing the first academic year of their postsecondary program.
2. The percentage of CAMP participants who, after completing the first academic year of college, continue their postsecondary education.

With regard to the GPRA measures, grantees are required to report specific performance data on the APR, including:

- the number of CAMP participants the project was funded to serve each year of the grant;
- the number of CAMP participants that completed the first academic year of their postsecondary program (GPRA 1); and
- the number of CAMP participants who, after completing the first academic year of college, continued their postsecondary education (GPRA 2).

Grantees are required to report additional project performance data, as described in the APR package. Specific instructions for requirements on grantee reporting, as well as information on how the percentages for GPRA measures will be computed, are also included in the APR form. In addition to the specific data elements that are required for reporting on the APR form, grantees are required to report on any other project specific objectives that are stated in their application.

Grantees will be held accountable for meeting the national targets for the CAMP GPRA measures. While the exact GPRA targets for all five years of the grant have not been set (since some of the targets for subsequent years will be determined after additional baseline data is collected on the APR), the following are the national targets for FY 2019:

- For GPRA measure 1, the target is 86 percent for FY 2019.
- For GPRA measure 2, the target is 85 percent for FY 2019.

The program office will use project performance data reported in the APR in making determinations for continuation awards.
