Alcohol and Other Drug Prevention Models on College Campuses Grant Competition
CFDA #84.184N

Information and Application Procedures for Fiscal Year 2007
OMB No. 1890-0009   Expiration Date: 06/30/2008

Application Deadline: April 9, 2007

U.S. Department of Education
Office of Safe and Drug-Free Schools
Dear Colleague:

Thank you for your interest in applying for funding through the Alcohol and Other Drug Prevention Models on College Campuses Grant Competition. We know that high-risk drinking and drug use by college students contribute to a number of academic, social, and health-related problems. According to recent findings from the Monitoring the Future study, approximately 40 percent of the nation’s college students engage in heavy drinking. In addition, 37 percent have used an illicit drug. Given these statistics, there is a national need to identify effective programs and strategies that reduce alcohol and other drug abuse among college students.

Funds awarded through this program may be used to identify, enhance, further evaluate, and disseminate information about effective alcohol or other drug prevention programs implemented on college campuses. We hope that other institutions of higher education will use the model programs identified through this competition to strengthen their prevention programs.

We look forward to receiving your application under this grant competition.

Sincerely,

Deborah A. Price
Assistant Deputy Secretary

Our mission is to ensure equal access to education and to promote educational excellence throughout the Nation.

I. APPLICATION SUBMISSION PROCEDURES

Application Transmittal Instructions

Applications for grants under this grant competition may be submitted electronically or in paper format by mail or hand delivery. The electronic submission of applications is voluntary. However, if you choose to submit your application electronically you must use the site listed below. Note: You may not submit your application by e-mail or facsimile.

Attention Electronic Applicants: Please note that you must follow the application procedures as described in the Notice Inviting Applications for this grant competition, published in the Federal Register on February 5, 2007. Some programs may require electronic submission of applications and those programs will have specific requirements and waiver instructions in the Federal Register notice.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

Applications Submitted Electronically
You must submit your grant application through the Internet using the software provided on the Grants.gov Web site (www.grants.gov) by 4:30 p.m. (Washington, DC time) on the application deadline date. If you submit your application through the Internet via the Grants.gov Web site, you will receive an automatic acknowledgment when we receive your application.

You may access the electronic application for the Alcohol and Other Drug Prevention Models on College Campuses Grant Competition at the following Web sites: www.grants.gov or www.ed.gov/programs/dvpcollege/index.html.

Applications Sent by Mail
You must mail the original and two copies of the application on or before the deadline date. To help expedite our review of your application, we would appreciate your voluntarily including an additional copy of your application. Please mail copies to: U.S. Department of Education, Application Control Center, Attention: CFDA # 84.184N, 400 Maryland Avenue, SW, Washington, DC 20202-4260.

You must show one of the following as proof of mailing:

(1) A legibly dated U. S. Postal Service Postmark.
(2) A legible mail receipt with the date of mailing stamped by the U. S. Postal Service.
(3) A dated shipping label, invoice, or receipt from a commercial carrier.
(4) Any other proof of mailing acceptable to the Secretary.
If you mail an application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.
(2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

**Applications Delivered by Commercial Carrier**

Special Note: Due to disruptions to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; or U. S. Postal Service Express Mail) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Sent by Mail,” then follow the mailing instructions under the appropriate delivery method.

You must mail the original and two copies of the application on or before the deadline date. To help expedite our review of your application, we would appreciate your voluntarily including an additional copy of your application. Applications that are delivered by commercial carrier, such as Federal Express or United Parcel Service should be mailed to: U.S. Department of Education, Application Control Center – Stop 4260, Attention: CFDA #84.184N, 7100 Old Landover Road, Landover, MD 20785-1506.

**Applications Delivered by Hand**

You or your courier must hand deliver the original and two copies of your application by 4:30 p.m. (Washington, DC time) on or before the deadline date. To help expedite our review of your application, we would appreciate your voluntarily including an additional copy of your application. Please hand deliver copies to: U.S. Department of Education, Application Control Center, Attention: CFDA #84.184N, 550 12th Street, SW, PCP – Room 7041, Washington, DC 20202-4260. The Application Control Center accepts application deliveries daily between 8:00 a.m. and 4:30 p.m. (Washington, DC time), except Saturdays, Sundays, and federal holidays.

**Grants.gov Submission Procedures and Tips for Applicants**

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education (ED).

1. **Register Early** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the registration steps are complete. For detailed information on the registration steps, go to [www.grants.gov/applicants/get_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.
2. **Submit Early** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date and time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step 3 below), you will need to resubmit successfully before 4:30 p.m. (Washington, DC time) on the deadline date.

   **Note**: To submit successfully, you must provide the D-U-N-S Number on your application that was used when your organization registered with the CCR.

3. **Verify Submission is OK** – You will want to verify that Grants.gov and ED received your Grants.gov submission timely and that it was validated successfully. To see the date and time your application was received, log in to Grants.gov and click on the Track My Application link. For a successful submission, the date and time received should be earlier than 4:30 p.m. (Washington, DC time) on the deadline date, and the application status should be Validated, Received by Agency, or Agency Tracking Number Assigned.

   If the date and time received is later than 4:30 p.m. (Washington, D.C. time) on the closing date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site (www.grants.gov/help/submit_application_faqs.jsp#10). For more detailed information on why an application may be rejected, please review the Application Error Tips document (www.grants.gov/section910/ApplicationErrorTips.pdf). If you discover your application is late or has been rejected, please see the instructions below.

   **Note**: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

**Submission Problems – What should you do?**

If you have problems submitting to Grants.gov before the deadline date, contact Grants.gov Customer Support at 800/518-4726 or use the customer support available on the Web site (www.grants.gov/applicants/applicant_help.jsp).

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30 p.m. (Washington, DC time), unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later...
than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. See the Federal Register notice for detailed instructions.

**Helpful Hints When Working with Grants.gov**

Please note that once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit the application. You must provide on your application the D-U-N-S Number that was used when your organization registered with the CCR.

Please go to [www.grants.gov/applicants/applicant_help.jsp](http://www.grants.gov/applicants/applicant_help.jsp) for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on Grants.gov ([www.grants.gov/help/submit_application_faqs.jsp](http://www.grants.gov/help/submit_application_faqs.jsp)).

**Dial-Up Internet Connections**

When using a dial-up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection (e.g., cable modem/DSL/T1). While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial-up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. See the Federal Register notice for detailed instructions.

**MAC Users**

If you do not have a Windows operating system, you will need to use the Citrix solution discussed on Grants.gov or a Windows Emulation program to submit an application using Grants.gov. For additional information, review the FAQs for non-Windows users ([www.grants.gov/resources/download_software.jsp#non_window](http://www.grants.gov/resources/download_software.jsp#non_window)). To view the white paper for Macintosh users published by Pure Edge, go to [www.grants.gov/section678/PureEdgeSupportforMacintosh.pdf](http://www.grants.gov/section678/PureEdgeSupportforMacintosh.pdf) or contact Grants.gov Customer Support ([www.grants.gov/contactus/contactus.jsp](http://www.grants.gov/contactus/contactus.jsp)) for more information. If electronic submission is required and you are concerned about your ability to submit electronically as a non-Windows user, please follow the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. See the Federal Register notice for detailed instructions.
II. PROGRAM BACKGROUND INFORMATION

General Information

ELIGIBILITY
This competition limits eligibility to institutions of higher education (IHEs) that offer an associate or baccalaureate degree. Additionally, to be eligible, an IHE must not have received an award under this grant competition (CFDA 84.184N) during the previous five fiscal years (fiscal years 2002 through 2006).

AUTHORITY
This application package is based on 34 CFR Parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, 99, and 299 of the Education Department General Administrative Regulations (EDGAR). This competition is authorized under Title IV, Section 4121 of the Elementary and Secondary Education Act as amended by the No Child Left Behind Act of 2001.

OFFICIAL DOCUMENTS NOTICE
The official document governing this competition is the Notice Inviting Applications published in the Federal Register (See Section III [Legal and Regulatory Documents] of this application package). This notice also is available electronically at the following Web sites: www.ed.gov/legislation/FedRegister and www.gpoaccess.gov/nara.

RESOURCES
Any questions related to the requirements of this grant competition should be directed to Richard Lucey, Jr. (202/205-5471) or Ruth Tringo (202/260-2838) of the Office of Safe and Drug-Free Schools (OSDFS). The OSDFS Web site is located at www.ed.gov/osdfs. For more information about alcohol and other drug abuse and violence prevention programs in higher education, contact ED’s Higher Education Center for Alcohol and Other Drug Abuse and Violence Prevention. The Center is a national resource for training and technical assistance in drug abuse and violence prevention in college communities. The Center can be contacted via telephone (800/676-1730) or its Web site (www.higheredcenter.org). Additional prevention resources are listed on page 24 of this application package.

GRANT AWARDS AND PROJECT PERIOD
The project period for this grant is 15 months. We intend the project and budget periods for projects funded under this grant competition to be July 1, 2007 – September 30, 2008. However, awards may be made as late as September 30, 2007.

An estimated 5 new awards will be made. Projects will be funded for approximately $125,000 to $175,000 depending on the scope of work. These figures are only estimates and do not bind ED to a specific number of grants or amount of any grant. Contingent upon the availability of funds and the quality of applications, we may make additional awards in fiscal year 2007 and subsequent years based on the list of unfunded applications from this competition.
TRAVEL BUDGET
Applicants must budget for the project director and at least one additional staff member to attend ED’s annual National Meeting on Alcohol and Other Drug Abuse and Violence Prevention in Higher Education during their project period. For planning purposes, applicants should include funds for transportation, lodging for four nights and four days, per diem costs, and conference registration fee. The 2007 National Meeting will be at the Doubletree Hotel and Executive Meeting Center in Omaha, Nebraska from October 18-21. For more information about this year’s National Meeting, visit [www.higheredcenter.org/natl/2007](http://www.higheredcenter.org/natl/2007).

SITE VISITS
Applicants with high-scoring proposals will receive a 1- to 2-day site visit by two peer reviewers. These individuals may not be the same reviewers who evaluated and scored your proposal. The purpose of the site visit is to provide another source of information about each project. Since the grantees under this program will be recognized as having model programs, and information about their programs will be nationally disseminated, a site visit is conducted to clarify any concerns or questions that are raised by the first-stage reviewers and confirm the effectiveness of the project. We expect site visits to high-scoring applicants to be conducted in May and June 2007 and expect applicants selected for a site visit to be available during that time.

E-MAIL ADDRESSES
As part of our review of your application, we may need to contact you with questions for clarification. Please be sure your application contains valid e-mail addresses for the project director and authorized representative or another party designated to answer questions in the event the project director and authorized representative are unavailable.

REVIEW OF APPLICATIONS AND NOTIFICATION OF AWARD
The review of applications and notification of awards for this grant competition requires approximately 6 to 8 weeks. We expect to notify successful applicants by late June 2007. Unsuccessful applicants will be notified within 60 days of the award start date.

HUMAN SUBJECTS RESEARCH ACTIVITIES
Please see Item 3 of the instructions for Supplemental Information for Standard Form 424 in Section IV of this application package. Projects funded under this grant program may be subject to protection of human subjects research requirements. If you have any questions about your responsibilities under these requirements, please contact ED’s protection of human subjects coordinator at 202/245-6153.

THE U.S. DEPARTMENT OF EDUCATION’S EXPECTATIONS
By submitting an application for this program, applicants agree to fully cooperate with any evaluation efforts conducted by ED and its contractors. At a minimum, grantees are expected to maintain records on how their program is operating; maintain records on the extent to which their program objectives are being met; include specific performance measures in their evaluation plan; and make ongoing project information, findings, and products available to ensure the dissemination of knowledge gained from this effort during the grant period.
Grantees also will be expected to work with ED’s Higher Education Center for Alcohol and Other Drug Abuse and Violence Prevention to assist in developing a national publication describing the model programs or for other dissemination efforts (see page 17).

**CONTRACTING FOR SERVICES**

Generally, all procurement transactions must be conducted in a manner providing full and open competition, consistent with the standards in Section 80.36 of EDGAR. This section requires that grantees use their own procurement procedures (which reflect state and local laws and regulations) to select contractors, provided that those procedures meet certain standards described in EDGAR, available online at [www.ed.gov/policy/fund/reg/edgarReg/edgar.html](http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html).

Because grantees must use appropriate procurement procedures to select contractors, applicants should not include information in their grant applications about specific contractors that will be used to provide services for the proposed project.

Consistent with the limitations in Section 75.515 of EDGAR concerning the use of consultants, contractors or consultants may be used to help prepare grant applications, but their participation in the application development process should not be presumed to result in the receipt of a contract for work under the project if a grant is awarded. Applicants may include a sum for grant writing costs in their proposed budget provided that the amount requested is necessary and reasonable.

The Government Performance and Results Act (GPRA)

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

The Secretary may choose to develop performance measures for the Alcohol and Other Drug Prevention Models on College Campuses Grant Competition in accordance with GPRA. If measures are developed, grantees will be asked to provide information that relates to participant outcomes. In the absence of specific performance measures, however, grantees are expected to further enhance and implement evaluation plans capable of demonstrating the impact their programs have had on target populations, for example, student behavior changes as a direct result of the program.

Grantees funded through this program are expected to collect data on their respective performance measures and report that data to the Department in their performance report ([www.ed.gov/fund/grant/apply/appforms/ed524b_coverfill.pdf](http://www.ed.gov/fund/grant/apply/appforms/ed524b_coverfill.pdf) and [www.ed.gov/fund/grant/apply/appforms/ed524b_statusfill.pdf](http://www.ed.gov/fund/grant/apply/appforms/ed524b_statusfill.pdf)).
Tips for Preparing and Submitting an Application

A. Before You Begin
- Read this application package carefully and make sure you follow all of the instructions.
- Use the tools we have provided to help you including:
  - Frequently Asked Questions section in this application package
  - Resources related to this specific grant competition on our Web site at www.ed.gov/programs/dypcollege/index.html
  - General grant application technical assistance resources on our Web site at www.ed.gov/admins/grants/apply/techassist/index.html
- If there is information that you do not understand, contact the competition manager for this grant competition.

B. Preparing Your Application
- Be thorough in your program description. Write so that someone who knows nothing about your organization or your program plan can understand what you are proposing.
- Organize your application according to the selection criteria and respond comprehensively.
- Make sure your budget narrative provides enough detail about planned expenditures so ED staff can easily determine how the funds will be spent.
- Link your planned expenditures to the goals and objectives of your program. Do not request funds for miscellaneous purposes and make sure you demonstrate that your proposed expenditures are necessary to carry out your program.

C. Submitting Your Application
- Use the checklist provided in this application package to ensure your application is complete before submitting it.
- Make sure all required forms are included and signed by an authorized representative of your organization.
- Transmit your application by the deadline date. If you submit your application electronically, you must use the Grants.gov Web site. If you use the U.S. Postal Service, make sure you have a legible postmark date. If you use an overnight carrier, get a receipt.

D. What Happens Next?
- In approximately two weeks (depending on the volume of applications we receive), you should receive a postcard from ED’s Application Control Center acknowledging receipt of your application and giving you its assigned number. Please refer to this number if you need to contact us about your application.
- OSDFS staff members screen each application to ensure that all program eligibility requirements are met and all forms are included.
- Your application will be assigned to a three-person panel of independent reviewers and will receive a score from 0 to 100 depending how well it addresses the selection criteria.
- A Grant Award Notification will be sent to applicants whose proposals score within the funding range. Unsuccessful applicants will receive a notification letter. All applicants will receive information on how to get access to peer reviewers’ comments. Please be sure your application contains valid e-mail addresses.
Preventing Alcohol and Other Drug Abuse among College Students

The Department of Education (ED) has supported campus- and community-based prevention programs for two decades, in response to alcohol and other drug (AOD) abuse on college campuses and in their surrounding communities. Through discretionary grants and dissemination of information on effective strategies via its Higher Education Center for Alcohol and Other Drug Abuse and Violence Prevention, ED supports efforts to address these complex issues facing our nation’s institutions of higher education. Projects funded by ED have been based on theory, expert consensus, practical experience, and evaluated programs.

Data from the Monitoring the Future study show that approximately 40 percent of the nation’s college students engaged in heavy drinking (defined as five or more drinks in a row) in the previous two weeks and nearly 37 percent have used an illicit drug. Furthermore, data also indicate that alcohol and other drug abuse can result in negative consequences on college campuses, including sexual assaults, fights, residence hall damage, and other violence. The Core Institute reports that alcohol and other drugs contributed to students getting into an argument or fight (31 percent), doing something they later regretted (38.1 percent), driving a car while under the influence (26.3 percent), or missing a class (30.7 percent).

Campus-based programs, which include individual, group, and environmental approaches, have been implemented nationwide in an attempt to curb AOD abuse and its associated negative consequences. Comprehensive prevention approaches that combine individual and group approaches with strategies aimed at changing the environment in which students make decisions about AOD use have shown the most promise.

There is a national need to identify effective programs and strategies that address alcohol and other drug abuse among college students. ED seeks to make the most of its limited funds by supporting projects that can become practical models for replication and adaptation at other institutions of higher education. The goals of this grant competition are to identify models of effective campus-based alcohol and other drug prevention programs and disseminate information about these programs to other colleges and universities where similar efforts may be adopted.

Effective programs will show reductions in campus alcohol and other drug use or reductions in AOD-related problems. These programs should have a significant role in developing or maintaining a safe and healthy campus environment. Programs also should be part of a comprehensive approach—a broad, multifaceted, campus-based strategy focused on AOD prevention. A comprehensive approach is one that combines a range of policies, practices, and programs to address the various factors that influence student behavior, and results in an institution-wide approach to reducing alcohol and other drug problems on campus. Note: All grantees funded under this program will be expected to promote a nonuse message to students under the minimum legal drinking age as part of their funded project.

---

NATIONAL PUBLICATION AND AWARDS CEREMONY
Each recognized institution and its respective program will be featured in a national publication highlighting the model programs and providing information on how to create safer and healthier campuses. Also, in addition to receiving a monetary award, representatives of recognized institutions will be invited to attend a national awards ceremony. ED will publicize the awards and bring national attention to the selected institutions and their respective programs.

LESSONS LEARNED
Two decades of experience with discretionary grant programs has shown that successful projects adapt strategies that are based on sound prevention theory, research, or model programs and practices. The selection of the appropriate strategy must be made based on a strong assessment to identify the existing needs, opportunities, and strengths of the campus and surrounding community.

Prevention and early intervention initiatives should be designed to reduce both individual and environmental risk factors and enhance protective factors in specific populations and settings. There are a number of features that effective prevention programs share. Specifically, they are targeted; designed to effect long-term change; strengthen the natural support systems of family, school, and community; and can document their success in meeting stated goals and objectives.

Institutions of higher education have considerable experience in educational- and individual-based prevention programs on campuses, and these strategies are necessary in order to provide a comprehensive array of prevention programming on campus. However, they are insufficient alone to create systemic, long-lasting change on college campuses. ED is interested in projects that incorporate individual-based strategies into a broader and more comprehensive approach. Research strongly supports the use of comprehensive, integrated programs with multiple complementary components that target individuals, including at-risk or alcohol-dependent drinkers; the student population as a whole; and the college and the surrounding community.

The evidence supporting prevention strategies varies, which does not mean that one strategy is better than another. Some strategies have not been as thoroughly studied as others or have not been evaluated for specific application to drinkers in college. The Task Force of the National Advisory Council on Alcohol Abuse and Alcoholism placed prevention strategies in tiers based on the evidence available to support or refute them. Applicants should examine these tiers closely when identifying which strategies they plan to incorporate in their project design.

The concept of responsible drinking is much more complicated than it appears in preventing high-risk drinking among college students. There are many factors involved, including what was drunk and how rapidly; what, if anything, was eaten; and environmental factors. Furthermore, as people drink, their ability to make an unimpaired decision is lessened by the amount of alcohol consumed. Responsible drinking messages are at the least mixed and potentially misleading, which can result in a neutral, if not negative impact on preventing high-risk drinking among college students.

5 See number 4.
college students. Educational campaigns will be ineffective in campus environments that encourage drinking and deny or ignore the risks associated with drinking.⁶

Applicants must document the ability to start their project within 60 days after receiving federal funding. Experience shows that there is an increased likelihood that projects will show success if applicants are able to start a project soon after receiving federal funding. Applicants that are not able to demonstrate their readiness to implement a project are unlikely to score well in this grant competition. Projects supported under this grant competition should be designed to demonstrate and document outcome measures over the 15-month grant period.

To strengthen the quality of drug abuse and violence prevention programs implemented with funds from the Office of Safe and Drug-Free Schools, ED established a set of Principles of Effectiveness in 1998, since incorporated into the No Child Left Behind Act of 2001 (Title IV – Section 4115). Although the new statutory requirements do not specifically apply to this grant competition, a subset of the principles of effectiveness that are most applicable to institutions of higher education can be summed up as follows:

- Design programs based on a thorough needs assessment of objective data;
- Establish a set of measurable goals and objectives linked to identified needs;
- Implement prevention activities that research or evaluation have shown to be effective in preventing alcohol or other drug abuse among college students; and
- Use evaluation results to refine, improve, and strengthen the program and refine goals and objectives as appropriate.

Basic to the success of any program to prevent alcohol and other drug abuse among college students is the need to ensure the widespread involvement of key stakeholders including students, faculty members, alumni, and community members in the program’s design and implementation. Leadership from college and university presidents and other senior administrators is essential to institutionalizing prevention as a priority on campus.

**EVALUATION REQUIREMENTS**

Evaluation is a powerful tool that supports program planning and an understanding of effective strategies to prevent alcohol or other drug abuse among college students. Therefore, applicants must propose to implement an evaluation of their efforts, using outcome-based performance measures that document the effectiveness of the project’s strategies. Applications that include only process measures (e.g., attendance at meetings) will not be funded.

Keep in mind that what constitutes convincing evidence of success may differ from one project to the next. In preparing the project design and evaluation plan, applicants are encouraged to carefully review information from similar projects and the research literature to determine what has or has not been shown to be successful. This information should be reflected in the project design. Applicants also should include a description of all evaluation instruments they intend to use. The evaluation plan should demonstrate both qualitative and quantitative measures.

⁶ See number 3.
This grant competition requires projects to implement an evaluation that uses specific outcome-based performance indicators to measure the project’s effectiveness. Although it is anticipated that applicants may use a variety of both outcome-based and process measures, all applicants must use outcomes-based performance measures that are related to the prevention and reduction of alcohol or other drug abuse among college students.

**Outcome-Based Performance Measures**

Examples of outcome-based performance measures may include, but are not limited to:

- Changes in alcohol sales and service techniques and policies in social or commercial hosting situations that cater to students;
- Decreases in the overall quantity and frequency of high-risk drinking;
- Increases in the development of state or local policies that are designed to decrease alcohol or other drug abuse among college students; and
- Changes in the number of AOD-related incidents or problems.

**Process Measures**

Examples of process measures may include, but are not limited to:

- Decreases in the percentage of media advertisements promoting high-risk drinking;
- Increases in the number and frequency of alcohol-free social activities;
- Increases in the percentage of individuals involved in AOD abuse prevention efforts; and
- Increases in the number of individuals participating in responsible beverage service training.

**Funding Priority**

For FY 2007 and any subsequent year in which we make awards on the basis of the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this absolute priority.

Under this priority, ED provides funding to IHEs that have been implementing effective alcohol and other drug prevention programs on their campuses. An IHE that receives funding under this priority must identify, enhance, further evaluate, and disseminate information about an effective alcohol or other drug prevention program being implemented on its campus.

To meet the absolute priority, applicants must provide:

1. A description of an alcohol or other drug prevention program that has been implemented for **at least two full academic years** on the applicant’s campus;
2. **Evidence of the effectiveness** of the program on the applicant’s campus;
3. A plan to **enhance and further evaluate** the program during the project period; and
4. A plan to **disseminate information** to assist other IHEs in implementing a similar program.
Selection Criteria

The following selection criteria will be used to evaluate applications. For ease of reading by the reviewers, applicants should develop their narrative description to follow the sequence of criteria provided below. The maximum number of possible points for all selection criteria is 100. Note: The criteria contain weighted subcriteria. Applicants must address each subcriterion to qualify for the maximum number of points for each criterion.

1) Significance - 20 points
2) Quality of the Project Design - 40 points
3) Quality of the Project Evaluation - 40 points

Because this grant competition seeks to identify model programs that have been operational for at least two full academic years, these selection criteria primarily will be used by reviewers to evaluate your existing program and plan to disseminate information about it. Secondarily, these criteria will be used to evaluate your plan to enhance and further evaluate the program. The notes below each selection criterion provide further guidance.

1. Significance (20 points)

A. The potential contribution of the proposed project to the development and advancement of theory, knowledge, and practices in the field of study. (15 points)
B. The extent to which the results of the proposed project are to be disseminated in ways that will enable others to use the information or strategies. (5 points)

In your response to this criterion, you must provide a detailed description of the existing alcohol or other drug program that has been implemented on your campus for at least two full academic years (i.e., no later than spring 2005) and explain how you propose to enhance and further evaluate that program during the 15-month grant period.

Your application must describe a comprehensive dissemination strategy that provides information to other IHEs about the existing program, informs them as to how the program might be used on their campus, and provides materials or enough detailed information so interested campuses can create a similar program. The plan may include but not be limited to writing articles for appropriate publications, providing consultations at your institution or at institutions interested in using the model, hosting a conference, or creating Web sites.

2. Quality of the Project Design (40 points)

A. The extent to which the design of the proposed project reflects up-to-date knowledge from research and effective practice. (20 points)
B. The extent to which the proposed project involves the development or demonstration of promising new strategies that build on, or are alternatives to, existing strategies. (20 points)

In your response to this criterion, clearly describe how your existing program is based on current research about effective strategies to prevent alcohol or other drug abuse among college students.
You also must provide a comprehensive rationale for the enhancements you propose to make to the existing program, including how you selected the proposed enhancements and why they are appropriate strategies. You must clearly describe the conceptual framework underlying the proposed enhancements to your existing program, and explain how the enhancements also reflect effective practice in preventing alcohol or other drug abuse among college students.

### 3. Quality of the Project Evaluation (40 points)

A. The extent to which the evaluation data provide evidence of the effectiveness of the program in reducing either alcohol or other drug use, in reducing the problems resulting from either alcohol or other drug use, or in meeting outcome objectives that are associated with reductions in alcohol or other drug use or resulting problems. (30 points)

B. The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes. (5 points)

C. The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings. (5 points)

In your response to this criterion, reviewers will look for evidence of the effectiveness of your existing program including a clear link between the program and reductions in alcohol or other drug use and/or the program’s success in reducing negative consequences resulting from alcohol or other drug use, such as health problems, vandalism, or interpersonal violence.

Ideally, program effectiveness is linked to data that were collected prior to implementation of the existing program and throughout the duration of the existing program. The strongest evidence shows a clear link between the program and reductions in alcohol or other drug use. Supporting evidence may show that the program succeeded in reducing problems resulting from alcohol or other drug use, such as health problems, vandalism, or interpersonal violence. To this end, you must describe the methods used to evaluate your existing program, include the instruments used to measure the observed outcomes (or an in-depth description of those instruments), and provide quantitative and qualitative data collected before and after program implementation. Examples of possible outcome-based performance measures are listed on page 18.

Furthermore, your application must specify your plan to enhance and further evaluate the existing program during the project period. Enhancements may include expanding the number of students served; adding a new strategy for evaluation; or making improvements to the existing program. You should demonstrate how proposed enhancements will build on or improve the existing program. Evaluations should be designed to continue to collect data on existing program elements as well as any program enhancements. Data should be collected on reductions in alcohol or other drug use, AOD-related problems, or other outcome-based measures that show effectiveness in developing or maintaining a safe and healthy campus environment.
Frequently Asked Questions

What is the goal of this grant competition?

- The goals of this grant competition are to identify models of effective campus-based alcohol and other drug prevention programs and disseminate information about these programs to other colleges and universities where similar efforts may be adopted.

Do I need to address all four elements of the absolute priority to be considered for this grant competition?

- Yes. Applications that do not clearly address all four required elements of the absolute priority will be deemed ineligible.

Who is eligible to apply?

- This competition limits eligibility to institutions of higher education (IHEs) that offer an associate or baccalaureate degree. Additionally, to be eligible, an IHE must not have received an award under this grant competition (CFDA 84.184N) during the previous five fiscal years (fiscal years 2002 through 2006).

What is the deadline date for applications under this grant competition?

- April 9, 2007.

May I get an extension of the deadline date?

- Waivers for individual applications failing to meet the deadline will not be granted, regardless of the circumstances. Under very extraordinary circumstances the Department may change the closing date for a grant competition. When this occurs, the Department announces such a change in a notice published in the Federal Register.

If you experience problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk at 800/518-4726. You must obtain a Grants.gov Support Desk Case Number and keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m. (Washington, DC time) the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this application package.

If you submit an application after 4:30 p.m. (Washington, DC time) on the application deadline date, please contact either Rich Lucey (richard.lucey@ed.gov or 202/205-5471) or Ruth Tringo (ruth.tringo@ed.gov or 202/260-2838) and provide an explanation of the
technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m. (Washington, DC time) on the application deadline date. ED will contact you after a determination is made on whether your application will be accepted.

**Note:** The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

**Do I have to submit my application electronically?**

- No. Applications may be submitted electronically or in paper format by mail or hand delivery. The electronic submission of applications is voluntary. However, if you choose to submit your application electronically you must use the Grants.gov site. **Note:** You may not submit your application by e-mail or facsimile.

**What are the project and budget periods for these grants?**

- The project period for this grant is 15 months. We intend the project and budget periods for projects funded under this grant competition to be July 1, 2007 – September 30, 2008.

**How many new awards will be made and what is the average amount of each award?**

- It is estimated that 5 new awards will be made. Projects will be funded for approximately $125,000 to $175,000 depending on the scope of work. These figures are only estimates and do not bind the Department of Education to a specific number of grants or amount of any grant.

**Is there a matching requirement?**

- No.

**Is there a restricted indirect cost rate for this program?**

- No. For this grant competition, you may charge indirect costs using the rate negotiated with your cognizant federal agency (e.g., Department of Education, Department of Health and Human Services, Department of the Interior). **Note:** Because these grants are not research grants, it is not appropriate to use the institutional research indirect cost rate. Instead, applicants should use the appropriate program or operations rate specified in their institution’s federally-approved indirect cost rate agreement in their proposed project budgets. Individuals who apply for any grant competition through ED are not allowed to budget for an indirect cost rate.
You are encouraged to give priority to direct services to students by limiting the indirect costs charged to the project. You will not be penalized for failure to reduce indirect costs nor will you gain a competitive advantage if you do.

If you claim indirect costs in the budget for your proposed project and do not have a negotiated rate with the federal government, you have 90 days from the time you transmit your application to submit the necessary paperwork to ED to receive a negotiated indirect cost rate. For more information about indirect cost rates, please visit www.ed.gov/about/offices/list/ocfo/intro.html.

Will all applicants receive a site visit as part of the peer review process?

- No. Only high-scoring applicants will be selected for site visits. We expect the site visits to be conducted in May and June 2007 and expect applicants selected for site visits to be available during that time.

Can grant funds be used to support professional development activities?

- Yes, as long as the activities directly support the purposes of the grant.

Are there guidelines for how much money can be spent on consultants? What is the daily limit and is there a cap?

- There is no daily limit or cap for consultant fees. Information related to these fees should be included on ED Form 524 under the Contractual budget category. Also, applicants should be sure to fully substantiate all expenditures in the budget narrative.

How does the Freedom of Information Act affect my application?

- The Freedom of Information Act (FOIA) provides that any person has the right to request access to federal agency records or information. All U.S. Government agencies are required to disclose records upon receiving a written request for them, except for those records that are protected from disclosure by the nine exemptions listed in the FOIA. All applications submitted for funding consideration under this grant competition are subject to the FOIA. To read the text of the Freedom of Information Act, visit www.usdoj.gov/04foia/foiastat.htm.

Who do I contact for more information about this grant competition?

- Richard Lucey, Jr., Education Program Specialist, U.S. Department of Education, 400 Maryland Avenue, SW – Room 3E335, Washington, DC 20202-6450, Phone: 202/205-5471, Fax: 202/260-7767, E-mail: richard.lucey@ed.gov.

Overview Information
Alcohol and Other Drug Prevention Models on College Campuses
Notice inviting applications for new awards for fiscal year (FY) 2007.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.184N

Dates:

Eligible Applicants: Institutions of higher education (IHEs) that offer an associate or baccalaureate degree. Additionally, to be eligible an IHE must not have received an award under this grant competition (CFDA 84.184N) during the previous five fiscal years (fiscal years 2002 through 2006).

Estimated Available Funds: The Administration’s budget request for FY 2007 does not include funds for this program. However, we are inviting applications to allow enough time to complete the grant process before the end of the current fiscal year if Congress appropriates funds for this program. Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2007 and subsequent years based on the list of unfunded applications from this competition.

Estimated Range of Awards: $125,000 - $175,000.
Estimated Average Size of Awards: $150,000.
Estimated Number of Awards: 5.
Note: The Department is not bound by any estimates in this notice.
Project Period: Up to 15 months.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The goals of this program are to identify models of effective campus-based alcohol and other drug prevention programs and disseminate information about these programs to other colleges and universities where similar efforts may be adopted.

Priority: This priority is from the notice of final priority and eligibility requirements for this program, published in the Federal Register on June 24, 2005 (70 FR 36570).

Absolute Priorities: For FY 2007 and any subsequent year in which we make awards on the basis of the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority. This priority is:
Under this priority the Department provides funding to IHEs that have been implementing effective alcohol and other drug prevention programs on their campuses. An IHE that receives funding under this priority must identify, enhance, further evaluate, and disseminate information about an effective alcohol or other drug prevention program being implemented on its campus.

To meet the priority, applicants must provide in their application—

(1) A description of an alcohol or other drug prevention program that has been implemented for at least two full academic years on the applicant’s campus;
(2) Evidence of the effectiveness of the program on the applicant’s campus;
(3) A plan to enhance and further evaluate the program during the project period; and
(4) A plan to disseminate information to assist other IHEs in implementing a similar program.

**Program Authority:** 20 U.S.C. 7131.

**Applicable Regulations:** (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, 99, and 299. (b) The notice of final priority and eligibility requirements published in the *Federal Register* on June 24, 2005 (70 FR 36570).

**II. Award Information**

**Type of Award:** Discretionary grants.

**Estimated Available Funds:** The Administration’s budget request for FY 2007 does not include funds for this program. However, we are inviting applications to allow enough time to complete the grant process before the end of the current fiscal year if Congress appropriates funds for this program. Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2007 and subsequent years based on the list of unfunded applications from this competition.

**Estimated Range of Awards:** $125,000 - $175,000.
**Estimated Average Size of Awards:** $150,000.
**Estimated Number of Awards:** 5.

**Note:** The Department is not bound by any estimates in this notice.

**Project Period:** Up to 15 months.

**III. Eligibility Information**

**Eligible Applicants:** Institutions of higher education (IHEs) that offer an associate or baccalaureate degree. Additionally, to be eligible an IHE must not have received an award under this grant competition (CFDA 84.184N) during the previous five fiscal years (fiscal years 2002 through 2006).

2. **Cost Sharing or Matching:** This program does not involve cost sharing or matching.

**IV. Application and Submission Information**

1. **Address to Request Application Package:** Education Publications Center (ED Pubs), P.O. Box 1398, Jessup, MD 20794-1398. Telephone (toll-free): 1-877-433-7827. Fax: 1-301-470-1244. If you use a telecommunications device for the deaf (TDD), you may call (toll free): 1-877-576-7734.

   You may also contact ED Pubs at its Web site: [www.ed.gov/pubs/edpubs.html](http://www.ed.gov/pubs/edpubs.html) or you may contact ED Pubs at its e-mail address: [edpubs@inet.ed.gov](mailto:edpubs@inet.ed.gov).
You may also access the electronic version of the application at the following Web sites: [www.grants.gov](http://www.grants.gov) or [www.ed.gov/programs/dvpcollege/index.html](http://www.ed.gov/programs/dvpcollege/index.html).

If you request an application from ED Pubs, be sure to identify this competition as follows: CFDA Number 84.184N.

Individuals with disabilities may obtain a copy of the application package in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) by contacting one of the program contact persons listed under For Further Information Contact in section VII of this notice.

2. **Content and Form of Application Submission:** Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

   Page Limit: The program narrative section should not exceed 25 double-spaced pages using a standard font no smaller than 12-point, with 1-inch margins (top, bottom, left, and right). The narrative should follow the format and sequence of the selection criteria.

3. **Submission Dates and Times:**

   Applications for grants under this competition may be submitted electronically using the Grants.gov Apply site (Grants.gov), or in paper format by mail or hand delivery. For information (including dates and times) about how to submit your application electronically, or by mail or hand delivery, please refer to section IV. 6. Other Submission Requirements in this notice.

   We do not consider an application that does not comply with the deadline requirements.

   Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact either of the persons listed under For Further Information Contact in section VII of this notice.

4. **Intergovernmental Review:** This competition is subject to Executive Order 12372 and the regulations in 34 CFR Part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. **Funding Restrictions:** We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. **Other Submission Requirements:** Applications for grants under this competition may be submitted electronically or in paper format by mail or hand delivery.

   a. **Electronic Submission of Applications.**
      To comply with the President’s Management Agenda, we are participating as a partner in the Governmentwide Grants.gov Apply site. The Alcohol and Other Drug Prevention Models on College Campuses Grant Competition, CFDA Number 84.184N, is included in this project. We request your participation in Grants.gov.
If you choose to submit your application electronically, you must use the Governmentwide Grants.gov Apply site at http://www.grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

You may access the electronic grant application for the Alcohol and Other Drug Prevention Models on College Campuses Grant Competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.184, not 84.184N).

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf.
- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see www.grants.gov/section910/Grants.govRegistrationBrochure.pdf). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.
- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.
- If you submit your application electronically, you must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms--the SF 424 and the Department of Education Supplemental Information for SF 424--have replaced the ED 424 (Application for Federal Education Assistance).
• If you submit your application electronically, you must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.
• Your electronic application must comply with any page-limit requirements described in this notice.
• After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department). The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).
• We may request that you provide us original signatures on forms at a later date.
• Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact either of the persons listed elsewhere in this notice under For Further Information Contact and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

b. Submission of Paper Applications by Mail.
If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the applicable following address:

By mail through the U.S. Postal Service:
U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.184N)
400 Maryland Avenue, SW., Washington, DC 20202-4260

or

By mail through a commercial carrier:
U.S. Department of Education, Application Control Center, Stop 4260, Attention: (CFDA Number 84.184N), 7100 Old Landover Road, Landover, MD 20785-1506
Regardless of which address you use, you must show proof of mailing consisting of one of the following:

1. A legibly dated U.S. Postal Service postmark.
2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
3. A dated shipping label, invoice, or receipt from a commercial carrier.
4. Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:
1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.
If you submit your application in paper format by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.184N)
550 12th Street, SW., Room 7041, Potomac Center Plaza, Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30 p.m., Washington, DC time, except Saturdays, Sundays, and federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department—
1. You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
2. The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at 1-202-245-6288.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from section 75.210 of EDGAR and are listed in the application package.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy
requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting**: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. **Performance Measures**: The Secretary may choose to develop performance measures for the Alcohol and Other Drug Prevention Models on College Campuses Program in accordance with the Government Performance and Results Act (GPRA). If measures are developed, grantees will be asked to provide information that relates to participant outcomes and project management.

**VII. Agency Contacts**

For Further Information Contact: Richard Lucey, Jr., U.S. Department of Education, 400 Maryland Avenue, SW., room 3E335, Washington, DC 20202-6450. Authorizing Legislation – No Child Left Behind Act of 2001

Subpart 2-National Programs
SEC. 4121. FEDERAL ACTIVITIES.

(a) Program Authorized—From funds made available to carry out this subpart under section 4003(2), the Secretary, in consultation with the Secretary of Health and Human Services, the Director of the Office of National Drug Control Policy, and the Attorney General, shall carry out programs to prevent the illegal use of drugs and violence among, and promote safety and discipline for, students. The Secretary shall carry out such programs directly, or through grants, contracts, or cooperative agreements with public and private entities and individuals, or through agreements with other Federal agencies, and shall coordinate such programs with other appropriate Federal activities. Such programs may include—

1) the development and demonstration of innovative strategies for the training of school personnel, parents, and members of the community for drug and violence prevention activities based on State and local needs;

2) the development, demonstration, scientifically based evaluation, and dissemination of innovative and high quality drug and violence prevention programs and activities, based on State and local needs, which may include—
   a) alternative education models, either established within a school or separate and apart from an existing school, that are designed to promote drug and violence prevention, reduce disruptive behavior, reduce the need for repeat suspensions and expulsions, enable students to meet challenging State academic standards, and enable students to return to the regular classroom as soon as possible;
   b) community service and service-learning projects, designed to rebuild safe and health neighborhoods and increase students’ sense of individual responsibility;
   c) video-based projects developed by noncommercial telecommunications entities that provide young people with models for conflict resolution and responsible decision-making; and
   d) child abuse education and prevention programs for elementary and secondary students;

3) the provision of information on drug abuse education and prevention to the Secretary of Health and Human Services for dissemination;

4) the provision of information on violence prevention and education and school safety to the Department of Justice for dissemination;

5) technical assistance to chief executive officers, State agencies, local educational agencies, and other recipients of funding under this part to build capacity to develop and implement high-quality, effective drug and violence prevention programs consistent with the principles of effectiveness in section 4115(a);

6) assistance to school systems that have particularly severe drug and violence problems, including hiring drug prevention and school safety coordinators, or assistance to support appropriate response efforts to crisis situations;

7) the development of education and training programs, curricula, instructional materials, and professional training and development for preventing and reducing the incidence of crimes and conflicts motivated by hate in localities most directly affected by hate crimes;

8) activities in communities designated as empowerment zones or enterprise communities that will connect schools to community-wide efforts to reduce drug and violence problems; and

9) other activities in accordance with the purpose of this part, based on State and local needs.

(b) Peer Review—The Secretary shall use a peer review process in reviewing applications for funds under this section.
IV. GENERAL APPLICATION INSTRUCTIONS AND INFORMATION

Preparing the Application

A completed application for assistance under this competition consists of two parts: a detailed narrative description of the proposed project and budget, and all forms and assurances that must be submitted in order to receive a grant. An application under this program should address the specific needs of the applicant and propose activities specifically designed to meet those needs. We strongly discourage applicants from using “form” applications or proposals that address general rather than specific local needs. Identical or substantially similar applications are not responsive to the scoring criteria.

A panel of non-federal readers with experience in alcohol and other drug abuse prevention or evaluation in higher education will review each eligible application submitted by the deadline. The panel will award points ranging from 0 to 100 to each application depending on how well the selection criteria are addressed. Be sure you provide a comprehensive response to each factor under each selection criterion. Applications that fail to do so will be read, but our experience suggests they may not score well enough to be funded.

If you apply via Grants.gov, you will use the following Grants.gov narrative forms:

- ED Abstract Narrative Attachment Form
- Project Narrative Attachment Form
- Other Narrative Attachment Form
- Budget Narrative Attachment Form

The ED Abstract Narrative Attachment Form is where you will attach your program abstract.

The Project Narrative Attachment Form is where you will attach the narrative sections addressing the selection criteria that will be used to evaluate applications submitted for this grant competition.

The Other Narrative Attachment Form is where you will attach proposal appendices, such as curriculum vitae of key personnel, letters of commitment, and samples of evaluation instruments. The Grants.gov system will allow applicants to attach as many as 10 separate appendices in this section.

The Budget Narrative Attachment Form is where you will attach a detailed line item budget and any supplemental budget information.

All applicants should adhere to the following formatting guidelines:

- Use 1-inch margins. If you submit your application in paper format by mail or hand delivery, your application must be printed on 8 1/2” by 11” paper.
- Use consistent font no smaller than 12-point type throughout your document. You may use boldface type, underlining, and italics; however, do not use colored text.
For the project narrative, your application should consist of the number and text of each selection criterion followed by the narrative. The text of the selection criterion, if included, does not count against any page limitation.

Place a page number at the bottom right of each page beginning with 1, and number your pages consecutively throughout your document, beginning with the Abstract and ending with the Appendices. Note: Do not paginate any of the forms.

If you submit your proposal via Grants.gov, you will use your own word-processing software to complete the application for this grant competition.

If you submit your application in hard copy, you will follow the same general instructions but you will not attach your abstract, project narrative, or other narratives to the Grants.gov forms.

Organizing the Application

Supplemental Instructions for Standard Form 424

1. Application for Federal Assistance (SF Form 424): Reminder: All applicants must obtain and use a D-U-N-S Number, and all applicants applying through Grants.gov must register with Grants.gov. Information on how to obtain a D-U-N-S Number is included below. The D-U-N-S Number used on the application must be the same number that you used to register with the Central Contractor Registry. If the numbers are not the same, Grants.gov will reject the application.

D-U-N-S NUMBER INSTRUCTIONS
The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built-in check digit helps to ensure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

You can obtain a D-U-N-S Number at no charge by calling 800/333-0505 or by completing the D-U-N-S Number Request Form, available online at www.dnb.com/US/duns_update/index.html. Dun & Bradstreet, a global information provider, has assigned D-U-N-S Numbers to more than 43 million companies worldwide. Customer service is available on Monday-Friday from 8:00 a.m. to 6:00 p.m. (Eastern Time) at 888/814-1435.

Use the Application for Federal Assistance and the Department of Education Supplemental Information for SF 424. This is the title page of your application. Be sure that Item 10 identifies the CFDA Number for this grant competition: 84.184N and the Title as Alcohol and Other Drug Prevention Models on College Campuses Grant Competition.

If you submit your proposal for this grant competition via Grants.gov, please complete the SF 424 first. Grants.gov will insert the correct CFDA number and program name automatically where needed.

If you submit your proposal in paper format by mail or hand delivery, you will need to insert the correct CFDA number and program name where requested.
Under Item 3 in the ED Supplemental Information, indicate whether the proposed project includes human subjects research activities, and if so, whether any or all of the proposed activities are exempt. For additional guidance, see instructions for ED Supplemental Information in the required forms section of this application package or call ED’s protection of human subjects coordinator at 202/245-6153.

Electronic submission requires that narratives and other files be attached to the following attachment forms per the instructions in this document, such as:

One-Page Abstract must be attached to the ED Abstract Narrative Attachment Form.
Program Narratives must be attached to the Program Narrative Attachment Form.
Budget Narratives must be attached to the Budget Narrative Attachment Form.
All appendices must be attached to the Other Narrative Attachment Form.

Note: Do not attach any narratives, supporting files, or application components to the SF 424. Although this form accepts attachments, ED will only review materials and files attached to the appropriate attachment forms listed above.

2. Abstract: Include a concise, one-page, double-spaced abstract following the Table of Contents. This is a key element and should include a brief narrative describing a brief summary of the project goals and objectives and the intended outcomes of the project. Clearly mark this page with the applicant’s name as shown in Item 1 of SF Form 424. If you submit your application via Grants.gov, attach this document to the ED Abstract Narrative Attachment Form.

3. Project Narrative: This section should be no more than 25 double-spaced typewritten pages. The narrative must contain evidence that the applicant meets the grant competition’s absolute priority, and should contain and follow in sequence the information requested for each selection criterion. Applicants should review Section II for a discussion of the selection criteria and the chief considerations for this specific grant competition. A timeline or schedule of tasks and events, responsible person(s), project milestone(s), and/or completion dates should be included in the narrative. Include a Table of Contents with page references. The Table of Contents does not count against any page limitations. If you submit your application via Grants.gov, attach this document to the Project Narrative Attachment Form.

4. Budget Narrative: You will use the Budget Information Form (ED Form 524) form provided in the required forms section of this application package to prepare a budget for the project. That form will not be attached to the Budget Narrative Attachment Form.

You must include a detailed budget narrative that supports and explains the information provided in ED Form 524. Use the same budget categories as those on ED Form 524 and explain the basis used to estimate costs for all budget categories, and how the cost items relate to the project’s goals, objectives, and activities. All expenditures must be necessary to carry out the goals and objectives of the project, reasonable for the scope and complexity of the project, and allowable under the terms and conditions of the grant and in accordance with government cost principles.
The Budget Information Form and accompanying narrative should provide enough detail for ED staff to easily understand how costs were determined and if the budget is commensurate with the scope of the project. Note: Failure to submit a detailed budget narrative may result in significant cuts to your request. If you submit your application via Grants.gov, attach this document to the Budget Narrative Attachment Form.

For this grant competition, you may charge indirect costs using the rate negotiated with your cognizant federal agency (e.g., Department of Education, Department of Health and Human Services, Department of the Interior). Be sure to include evidence of a federally negotiated indirect cost rate. Note: Because these grants are not research grants, it is not appropriate to use the institutional research indirect cost rate. Instead, applicants should use the appropriate program or operations rate specified in their institution’s federally-approved indirect cost rate agreement in their proposed project budgets. Individuals who apply for any grant competition through ED are not allowed to budget for an indirect cost rate.

If you budget for contractual services, please note that indirect costs may be applied only to the first $25,000 of each subcontract, regardless of the period covered by the subcontract.

You are encouraged to give priority to direct services to students by limiting the indirect costs charged to the project. You will not be penalized for failure to reduce indirect costs nor will you gain competitive advantage if you do.

If you claim indirect costs in the budget for your proposed project and do not have a negotiated rate with the federal government, you have 90 days from the time you transmit your application to submit the necessary paperwork to ED to receive a negotiated indirect cost rate. For more information about indirect cost rates, please visit www.ed.gov/about/offices/list/ocfo/intro.html.

5. Appendices: If you submit your application via Grants.gov, the Other Narrative Attachment Form is where you will attach proposal appendices that applicants may choose to submit in support of their capacity and preparation to undertake the project, such as curriculum vitae of key personnel, letters of commitment, and samples of evaluation instruments. The Grants.gov system allows applicants to attach as many as 10 separate appendices in this section.

If you submit your application in paper format via mail or hand delivery, information provided in this section includes forms and other material required by ED in order for an application to be eligible for funding as well as any other information that applicants may choose to submit in support of their capacity and preparation to undertake the proposed project.

The following items are not part of the appendices and may not be included:

- Budget or program narrative information that the applicant wishes to have reviewed as part of its response to one or more scoring criteria—all such information must be included in the narrative portion of the application
- Videotapes, CD-ROMs, photographs, or floppy disks—they will not be reviewed and we will not return them.
This section **must** include the following:

- GEPA 427, Equitable Access to and Participation in Federally Assisted Programs
- Letter of Transmittal to State Single Point of Contact (if your state participates)
- Proof of federally negotiated indirect cost rate (if you are claiming indirect costs)

This section **may** include the following:

- Other information the applicant wishes to include in support of its capacity, experience, and readiness to undertake the project, including:
  - Resumes of key personnel. If personnel have yet to be hired for this project, include a narrative description of expected staff qualifications.
  - Letters of commitment that reflect each person’s awareness of their role in the project. Each letter should indicate a willingness to put forth the necessary time and effort to make the project work efficiently and effectively.
  - Relevant prior grant experience.

**6. Assurances and Certifications:** If you submit your application electronically, you must complete all forms posted on Grants.gov.

If you submit your application in paper format via mail or hand delivery, you **must** fill out, have signed by the person authorized to sign for the institution, and submit the following forms:

- Assurances, Non-Construction Programs (Standard Form, 424B)
- Grants.gov Lobbying Form (formerly ED Form 80-0013)
- Disclosure of Lobbying Activities (Standard Form-LLL)

**Note:** If Item 2 of the Grants.gov Lobbying Form applies because of lobbying activities related to a previous grant, or are anticipated to occur with this project if it is funded, you must submit Standard Form LLL. If your organization does not engage in lobbying, please submit Standard Form LLL and indicate as “Not Applicable.”

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0043), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

This is a standard form (including the continuation sheet) required for use as a cover sheet for submission of preapplications and applications and related information under discretionary programs. Some of the items are required and some are optional at the discretion of the applicant or the Federal agency (agency). Required items are identified with an asterisk on the form and are specified in the instructions below. In addition to the instructions provided below, applicants must consult agency instructions to determine specific requirements.

17. Proposed Project Start and End Dates: (Required) Enter the proposed start date and end date of the project.

18. Estimated Funding: (Required) Enter the amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines, as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses.

19. Is Application Subject to Review by State Under Executive Order 12372 Process? Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process. Select the appropriate box. If “a.” is selected, enter the date the application was submitted to the State.

20. Is the Applicant Delinquent on any Federal Debt? (Required) Select the appropriate box. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes. If yes, include an explanation on the continuation sheet.

21. Authorized Representative: (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body’s authorization for you to sign this application as the official representative must be on file in the applicant’s office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)
Instructions for Department of Education
Supplemental Information for Standard Form 424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant. Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, leave blank.

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information for SF 424.

3a. Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

Paperwork Burden Statement. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0017. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4700. If you have comments or concerns regarding the status of your individual submission of this form write directly to: Joyce I. Mays, Application Control Center, U.S. Department of Education, Potomac Center Plaza, 550 12th Street, S.W. Room 7076, Washington, D.C. 20202-4260.
Definitions for Department of Education
Supplemental Information for Standard Form 424

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

1. Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

2. Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

3. Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

Potential Risks: Reference the Department of Education Protection of Human Subjects, 34 CFR Part 97. Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

Protection Against Risk: Reference the Department of Education Protection of Human Subjects, 34 CFR Part 97. Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

Importance of the Knowledge to be Gained: Describe the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTE: The State Applicant Identifier on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).
Instructions for Department of Education Budget Information – Non-Construction Programs (ED Form 524)

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

Section A - Budget Summary
U.S. Department of Education Funds

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information:
If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. (1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. (2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement. (3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary
Non-Federal Funds

If you are required to provide or volunteer to provide matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.
Section C - Budget Narrative [Attach separate sheet(s)]
Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements ("Restricted Rate" programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED’s website at: http://www.ed.gov/fund/grant/apply/appforms/appforms.html. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0004. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4651. If you have comments or concerns regarding the status of your individual submission of this form, write directly to (insert program office), U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.
Instructions for Disclosure of Lobbying Activities (Standard Form LLL)

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1) Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2) Identify the status of the covered Federal action.

3) Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4) Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5) If the organization filing the report in item 4 checks “Subawardee,” then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6) Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7) Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8) Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., “RFP-DE-90-001.”

9) For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

   (b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).

11) The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.
Intergovernmental Review of Federal Programs

This grant competition is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by state and local governments for coordination and review of proposed federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the state’s process under Executive Order 12372. Applicants proposing to perform activities in more than one state should immediately contact the Single Point of Contact for each of those states and follow the procedure established in each state under the Executive Order. *Note: A copy of the applicant’s letter to the State Single Point of Contact must be included with the application.*

To view a list of states that participate in the intergovernmental review process, visit [www.whitehouse.gov/omb/grants/spoc.html](http://www.whitehouse.gov/omb/grants/spoc.html). States that are not listed have chosen not to participate in the intergovernmental review process, and therefore do not have a State Single Point of Contact. If you are located within one of these states, you are exempt from this requirement.

In states that have not established a process or chosen a program for review, state, area-wide, regional, and local entities may submit comments directly to the Department.

Any state process recommendation and other comments submitted by a State Single Point of Contact and any comments from state, area-wide, regional, and local entities must be received by June 8, 2007, at the following address: The Secretary, EO 12372—CFDA #84.184N, U.S. Department of Education, 400 Maryland Avenue, SW, Room 7W300, Washington, DC 20202-0124. Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on June 8, 2007. Please do not send applications to this address.

**General Education Provisions Act (GEPA) Section 427**

Section 427 of GEPA affects applicants for new discretionary grant awards under this program. All applicants for new awards must include information in their applications to address this provision, summarized below, in order to receive funding under this program.

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation that you may address: *gender, race, national origin, color, disability,* or *age.* Based on local circumstances, you can determine whether these or other barriers may prevent your students, teachers, or others from equitable access or participation. Your description need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the
information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

**NOTE:** A general statement of an applicant’s nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the federal funds awarded to eliminate barriers it identifies.

**Examples**

The following examples help illustrate how an applicant may comply with section 427.

1. An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

2. An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audiotape or in Braille for students who are blind.

3. An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course might indicate how it tends to conduct “outreach” efforts to girls to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

**Estimated Public Reporting Burden**

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for the GEPA 427 is OMB No. 1890-0007. The time required to complete GEPA 427 is estimated to average 1.5 hours per response, including the time to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: U.S. Department of Education, Office of Safe and Drug-Free Schools, 400 Maryland Avenue, SW, Washington, DC 20202-6450.
