SUPPLEMENTARY INFORMATION: For the purpose of providing individuals who are blind with remunerative employment, enlarging their economic opportunities, and stimulating greater efforts to make themselves self-supporting, the Randolph-Sheppard Act, 20 U.S.C. 107 *et seq.* (Act), authorizes individuals who are blind to operate vending facilities on Federal property and provides them with a priority for doing so. The vending facilities include, among other things,

cafeterias, snack bars, and automatic vending machines. The Department administers the Act and designates an agency in each State—the State Licensing Agency (SLA)—to license individuals who are blind to operate vending facilities on Federal and other property in the State.
 The Act requires arbitration of disputes between SLAs and vendors who are blind and between SLAs and Federal agencies before three-person panels convened by the Department whose decisions constitute final agency action. 20 U.S.C. 107d-1. The Act also

makes these decisions matters of public record and requires their publication in the **Federal Register**. 20 U.S.C. 107d-2(c).
 On September 5, 2017, the Department announced that it would publish quarterly lists of Randolph-Sheppard arbitration panel decisions in the **Federal Register** and that the full text of the decisions listed would be available on the Department’s website or by request (see 82 FR 41941).
 In the fourth quarter of 2017, Randolph-Sheppard arbitration panels issued the following decision.

Case name	Docket No.	Date	State
<i>Phylliss P. Davis v. Georgia Vocational Rehabilitation Agency</i>	R-S/15-14	11/21/17	Georgia.

That decision, and other decisions that we have already posted, are searchable by key terms, accessible under Section 508 of the Rehabilitation Act, and are available for download in Portable Document Format (PDF) format at www.ed.gov/programs/rsarsp/arbitration-decisions.html or by request to the person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION:
 Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The GAANN Program provides grants to academic departments and programs of institutions of higher education (IHEs) to support graduate fellowships for students with excellent academic records who demonstrate financial need and plan to pursue the highest degree available in their course of study at the institution.

Background: In accordance with section 712(b) of the Higher Education Act of 1965, as amended (20 U.S.C. 1135a), the Secretary designates areas of national need following a required consultation. Four broad areas have been identified as national needs:

- 1. Computer and Information Sciences:** Cybersecurity, secure computer programming, and artificial intelligence.
- 2. Rebuilding the Nation’s Infrastructure:** The Administration’s *Legislative Outline for Rebuilding Infrastructure in America*¹ identifies a need for public and private investment in rebuilding the Nation’s infrastructure. To meet this goal, the Nation needs to expand the prepared workforce to ensure timely planning, delivery, and inspection of infrastructure projects. Therefore, there is a national need to increase the number of professional engineers able to facilitate a wide range of infrastructure projects.
- 3. National Civic Literacy:** Studies of American adults’ knowledge of American history and institutions have demonstrated low levels of knowledge and that “greater civic knowledge trumps a college degree as the leading factor in encouraging active civic

engagement.”² In order to improve civic engagement, Americans need a clear understanding of American history and the Western traditions that gave rise to the American Republic.

4. Workforce Development: The Nation needs innovative solutions that enable individuals to gain the knowledge and skills necessary to meet workforce demands through shorter-term programs that align with the needs of employers. Professional Science Master’s (PSM) degrees provide such a solution within graduate education. To better meet the Nation’s needs in computer and information sciences and in engineering, PSM programs are included as terminal degree programs chosen for these areas in this competition.

Priority: This competition includes one absolute priority. In accordance with 34 CFR 75.105(b)(2)(ii), this priority is from the regulations for this program (34 CFR 648.33(a) and Appendix to part 648—Academic Areas).

Absolute Priority: For FY 2018 and any subsequent year for which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

The absolute priority is:

Graduate Assistance in Areas of National Need.

A project must provide fellowships in one or more of the following areas of national need, in an interdisciplinary program of study involving at least two of these areas, or for a multidisciplinary project. A multidisciplinary project is one that requests fellowships for more than a single academic department in one or more of the following areas, and in which each department’s program of study is independent.

A. For the following academic areas, the project must provide fellowships for programs that lead either to a PSM degree or a doctoral degree.

1. Computer and Information Sciences. A degree or a degree with specialization in one or more of the following areas:
 - Cybersecurity (the interdisciplinary of “Computer and Information Sciences, General” and “Computer Systems Analysis”).
 - Secure computer programming (the interdisciplinary of “Computer and

Information Sciences, General” and “Computer Programming”).

- Artificial Intelligence (the interdisciplinary of “Computer Programming,” “Information Sciences and Systems,” and “Computer Engineering”).

2. Professional Engineering. A degree or a degree with specialization in one or more of the following areas:

- Aerospace, Aeronautical, and Astronautical Engineering.
- Architectural Engineering.
- Chemical Engineering.
- Civil Engineering.
- Computer Engineering.
- Electrical, Electronic, and Communications Engineering.
- Industrial/Manufacturing Engineering.
- Mechanical Engineering.
- Naval Architecture and Marine Engineering.
- Petroleum Engineering.
- Systems Engineering.
- Engineering Design.
- Engineering/Industrial Management.
- Materials Science.
- Polymer/Plastics Engineering.

B. For the following academic areas, the project must provide fellowships to students who plan to pursue the highest possible degree available in their course of study at the institution in a program that provides a master’s degree, professional degree, or other post-baccalaureate degree in, or a doctorate that includes, one or more of the following specializations:

- American Political Development, Foundations of Western Civilization, American History and Institutions, or the American Founding (subsets of “Area Studies”).
- Constitutional Law (a subset of “Law and Legal Studies”).

Program Authority: 20 U.S.C. 1135.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 648.

Note: The open licensing requirement in 2 CFR 3474.20 does not apply for this program.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian Tribes.

Note: The regulations in 34 CFR part 86 apply to IHEs only.

II. Award Information

Type of Award: Discretionary grants, including funds redistributed as graduate fellowships to individual fellows.

V. Application

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 648.31 and are as follows:

(1) The applicant shows a clear understanding of the acceptable uses of program funds; and

(2) The costs of the project are reasonable in relation to the objectives of the project.

(7) Include a time-line chart that relates key evaluation processes and benchmarks to other project component processes and benchmarks.

(k) *Adequacy of resources* (5 points). The Secretary reviews each application to determine the adequacy of the resources that the applicant makes available to graduate students receiving fellowships under this program, including facilities, equipment, and supplies.

2. *Review and Selection Process*: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of

Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Additional factors we consider in selecting an application for an award are in 34 CFR 648.32.

3. *Risk Assessment and Specific Conditions*: Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System*: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$150,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. *Award Notices*: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN), or we may send you an email containing a link to access an electronic version of your GAN. We also may notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118 and 34 CFR 648.66. To view the performance report currently required, visit <http://www2.ed.gov/programs/gaann/performance.html>. Please be advised that the posted report requirements are for informational purposes only and do not reflect the actual reporting instrument that you will use should you receive a GAANN grant. The Secretary also may require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please visit www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Grantees will be required to submit a supplement to the Final Performance Report two years after the expiration of their GAANN grant. The purpose of this supplement is to identify and report the educational outcome of each GAANN fellow.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993, the following measures will be used by the Department in assessing the performance of the GAANN Program:

(1) The percentage of GAANN fellows completing the terminal degree in the designated areas of national need.

(2) The median time to completion of master's and doctoral degrees for GAANN fellows.

(3) The percentage of GAANN fellows who have placements in faculty or

professional positions in the area of their studies within one year of completing the degree.

If funded, you will be required to collect and report data in your project's annual performance report (34 CFR 75.590) on those measures and steps taken toward improving performance toward those outcomes. Consequently, applicants are advised to include these outcome measures in conceptualizing the design, implementation, and evaluation of their proposed projects. These outcome measures should be included in the project evaluation plan, in addition to measures of your progress toward the goals and objectives specific to your project.

All grantees will be expected to submit an annual performance report documenting their success in addressing these performance measures.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
