

GAANN

Supervised Teaching Experience

Sue A. Thomas, PhD, RN, FAAN

University of Maryland

School of Nursing

Evaluation Criteria for Supervised Teaching

- Provides each fellow with required supervised training in instruction
- Provides adequate instruction on effective techniques
- Provides extensive supervision, and
- Provides evaluation.

Supervised Teaching Experiences

- **Post Masters Certificate in Teaching in Nursing and Health Professions**
- **3 required courses and one elective**
- **One of the required courses is a practicum**
- **12 credits total**

Criteria One and Two

- **Provides each fellow with required supervised training in instruction**
- **Provides adequate instruction on effective techniques**

Achieved in two online or in classroom courses

Theoretical Foundations of Teaching and Learning

- Provides a foundation in theory and application of essential knowledge for education**
- Content includes the teaching/learning process, the learning environment, organizational standards, theories of learning, and organization of teaching and learning**

Instructional Strategies and Assessment of Learning

- **Provides instructional strategies appropriate to the learning style of adults and to the topic**
- **A full range of educational technology and simulation technology**
- **Theory and practice of the assessment of learning**
- **Basic measurement principles of reliability and validity, test construction, assessing skill acquisition and competence, and interpreting results from measures**

Criteria Three and Four

- **Provides extensive supervision, and**
- **Provides evaluation**

**Achieved in second required course and
practicum**

Practicum in Teaching

- **Applied practicum of teaching experiences (average of 9 hours/week - 8 of these in practicum activities and 1 in seminar activities)**
- **Individual aspects of the practicum will be negotiated between the student, preceptor, and faculty facilitator in a learning contract**
- **Synthesis of aspects of role development activities in this course and aspects of course/program evaluation will be accomplished in an asynchronous online seminar.**

Evaluation of Teaching

In the second course

- **Videotape teaching experience**
- **Evaluated by peers and faculty**
- **Feedback on improving performance**

In the teaching practicum teaching is evaluated by the learners, preceptor and student

Teaching Grand Rounds

- **Monthly forums**
- **Topics including learned centered education, online teaching strategies and evaluation of teaching effectiveness**

Example GAANN Supervised Experience

- Worked with preceptor in the pathophysiology course**
- Test item refinement and test item analysis**
- Lectured in course on Hypothermia in Traumatic Brain Injury**
