June 14, 2010

Dear Applicant:

Thank you for your interest in applying for a grant under the Alaska Native and Native Hawaiian-Serving Institutions (ANNH) Program (84.031N, W) authorized under Title III, Part A, Section 317 of the Higher Education Act (HEA) of 1965, as amended.

The ANNH program provides grants and related assistance to Alaska Native-Serving institutions and Native Hawaiian-Serving institutions to enable such institutions to improve and expand their capacity to serve Alaska Natives and Native Hawaiians.

For fiscal year (FY) 2010 there are four invitational priorities for these programs. We are particularly interested in applications that address these priorities, however, under 34 CFR 75.105 (c) (1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications. These priorities are: 1) Support activities that will improve the institution's persistence and graduation rates; 2) Work with the appropriate State agencies to develop strategies for using State longitudinal data systems to track outcomes for students attending the grantee institution, including the extent to which the student complete certificates, 2-year degrees, and 4-year degrees at other institutions; 3) Develop academic programs to improve completion rates or develop innovative support programs that are designed to increase completion rates; and, 4) Develop dual enrollment programs or career pathways programs that integrate basic academic instruction with technical or professional occupational training to advance individuals, particularly adult learners, on a career path toward high-wage occupations in high-demand industries.

For FY 2010, the ANNH program received \$15,084,000 in discretionary funding under Title III, Part A, Section 317 of the HEA and an additional \$15 million in mandatory funding under Title III, Part F, Section 371. Applicants should refer to Title III, Part A and Part F for the allowable activities.

To receive a grant under the ANNH program, an institution of higher education must have applied for and received designation as an eligible institution. The notice inviting FY 2010 applications to Request Designation As An Eligible Institution Under The Title III, Part A Programs was published in the Federal Register on December 7, 2009. The deadline date for receipt of that application was January 6, 2010.

Applications for grants under the ANNH program, for the FY 2010 grant competition, must be submitted electronically using e-Application, which is accessible through the Department's e-grants system. The Department requires applicants to use the Department's Internet-based system, e-Grants, for submitting applications. A detailed description of this internet-based system is included in this application package. You are urged to acquaint yourself with the requirements of this system early. You may access e-Grants through its portal page at:

<http://e-grants.ed.gov>

For information (including dates and times) about how to submit your application electronically, please refer to the official Notice Inviting Applications for New Awards for FY 2010 published in the Federal Register. The Federal Register Notice Inviting Applications for New Awards and application instructions are included in this package.

You are reminded that you should not rely upon any information that is inconsistent with the guidance contained within this application package. I urge you to carefully read all the information contained in this package, including the eligibility requirements found in the HEA as amended by the Higher Education Opportunity Act of 2008 (HEOA), and the competition highlights, before preparing your application.

This package contains the necessary forms and instructions to apply for a fiscal year (FY) 2010 grant under this program.

If you have questions, please contact the Program Officer, Kelley Harris at 202-219-7083 or by email at Kelley.Harris@ed.gov or Don Crews at 202-502-7574 or by email at Don.Crews@ed.gov or Team Leader, Darlene Collins at 202-502-7576 or by email at Darlene.Collins@ed.gov.

Sincerely,

/s/

Alan J. Schiff
Acting Deputy Assistant Secretary
Higher Education Programs

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education
e-Application Submission Procedures and Tips for Applicants
<http://e-grants.ed.gov>

To facilitate your use of e-Application, this document includes important application preparation and submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education. Please read and follow these step-by-step directions to create and submit your application.

ATTENTION

Applicants using the Department of Education's e-Application system will need to register first to access an application package. Forms in an application package are completed on line and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you have not used e-Application in the past, you may want to walk through the Demo available on the e-Application homepage. If you encounter difficulties, you may also contact the e-Grants help desk on 1-888-336-8930. The following are steps you should follow to successfully complete an application with e-Application.

Step 1 – **Determine** if your program is accepting electronic applications. The Federal Register Notice of each program will indicate whether the program is accepting e-Applications as part of the Department's e-Application program. Here is a link to the Department's Federal Register notices: <http://www.ed.gov/news/fedregister/announce/index.html>. Additional information on the Department of Education's grant programs can be found at <http://www.ed.gov/about/offices/list/ocfo/grants/grants.html>.

Step 2 – **Register in e-Application** to access the application package. If you are a new user, you will need to register to use e-Application. From the e-Grants Portal Page <http://e-grants.ed.gov/>, click on the continue button and click the register button on the right side of the next page. Select the e-Application module and click the next button. Please provide the requested information. Your e-Grants password will be sent to the e-mail address you provide. Once you receive the e-mail, enter your username and password and click the login button.

If you already have a username and password for e-Grants, use them to login. If you have access to more than one e-Grants module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all e-Grants modules. In order to update your registration for additional e-Grants modules, click the appropriate tab on the top of the screen and provide the requested information.

Note the following browser compatibility problems. The site is viewed best in Internet Explorer 5. We currently support IE 5, Netscape 6.2, Firefox 2.2 (along with later versions of IE, Netscape and Firefox). Please make sure that you have **Cookies** and **JavaScript** enabled in your browser.

Step 3 - Add Application Package to Your Start Page. From your Start Page, click on the "Add" button to see the list of application packages. Click on a specific package link on the List of Application Packages to apply. The package will now appear on your Start Page. From this point forward, you will access your unique application from your Start Page (not the Packages Page).

Step 4 - Begin The Application. Click on the underlined Application Package Title on your Start Page. This brings you to a page where you will see all of the application's forms and narratives listed as underlined links.

Step 5 - Fill Out Forms. Enter a form by clicking on the underlined form title in order to enter data. Remember to click the "Save" button at the bottom of the form and check the "Form Completed" box for each form as you complete it.

Step 6 - Upload File(s) for Narrative Responses. Click on an underlined narrative form title for the e-Application. Enter the title of the document, and click on the "Browse" button to locate your file. Remember to click the "Save" button after you upload the document and check the "Form Completed" box when you finish uploading your file(s). Please note for file uploads, we accept .doc, .rtf, and .pdf files only. If you are using Word 2007, please save your document in a lower version of Word before uploading into e-Application.

Step 7 - Verify Information/Print Application. Verify your information is complete and correct on all required forms and narratives. You have the option to print each form at any time by clicking on the print/view icon next to the appropriate form. After submission of the forms and narratives, you have the option to print a complete e-Application package in PDF by clicking on the "Request Complete Package in PDF" on the e-Application PR/Award page. A second window will open informing you that your request has been received and that you will be notified via e-mail once it is available. This process can take anywhere from a few minutes to a few hours. Once you receive the e-mail, click on the link in the text of the message and enter your username and password in the new window. This will open the PDF file from which you can view/print the entire package. In addition, a blank complete package in PDF will be accessible from the package page in e-Application.

Step 8 - Submit Your Application. Only authorized individuals for your organization can submit an application. Please check with your Authorizing Representative or sponsored research office before submission. Click on the "Ready to submit" button at the bottom of your application. Enter and verify the Authorizing Representative information. Click the "Submit" button. You will receive an e-mail to confirm that your application was received, and it will include a unique application number. Please print and keep this e-mail for your records. [Reminder: applications must

be submitted before 4:30:00 p.m., Washington, DC time, on the deadline date for applications. e-Application will not accept your application if you try to submit it after 4:30:00 on the deadline date.]

Step 9 - Fax The Signed SF 424 Cover Page (or Program Specific Cover Page). Write your unique application number (received in step 8) on the upper right corner of your printed SF 424 Cover Page (or Program Specific Cover Page), and fax it to the Application Control Center (202) 245-6272 within 3 business days of submitting your e-Application.

NOTE: For more detailed information on submitting an e-Application, please see the **User Guide**. In addition, please try practicing with our e-Application Demo site by clicking on the Demo button found on the upper left corner of the e-Application Home Page. Both the User Guide and Demo can be found at <http://e-grants.ed.gov>.

Other Submission Tips

- 1) **SUBMIT EARLY - We strongly recommend that you do not wait until the last day to submit your application.** The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 p.m., Washington, DC time on the deadline date, the e-Application system will not accept it.
- 2) If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

- 3) **Dial-Up Internet Connections** - When using a dial-up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial-up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the

application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). If using Word 2007, save your file to an earlier version of Word before uploading. Also, do not upload any password-protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.
3. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation, which is anywhere from 2 to 8 MB, and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS: Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition.

This program requires the electronic submission of applications. Specific requirements and waiver instructions can be found in the Federal Register notice.

According to the instructions found in the Federal Register notice, those requesting and qualifying for an exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

1. A private metered postmark, or
2. A mail receipt that is not dated by the U.S. Postal Service

If your application is postmarked after the application deadline date, we will **not** consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

Submission of Paper Applications by Hand Delivery

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

**U.S. Department of Education

2. The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

FOR ALL GRANT APPLICATIONS

This section provides you with information critical to your successful completion and submission of a grant application for these programs.

When developing your application, be sure to address the selection criteria (34 CFR §607.22(a)-(g)) **separately for each proposed activity**, as precisely as possible to ensure your application contains the information readers will need to judge the quality of the proposed development project.

Your development grant application (individual or cooperative arrangement) must contain the following:

1. Application for Federal Assistance (SF 424)

Use the Application for Federal Assistance (SF 424) as the official request for Title III funding. This form is accessible on-line using our e-grants system. Be sure to download the correct application (by CFDA number) and to specify, on the SF 424, the type of grant (individual development, cooperative arrangement development, construction, or renovation) for which you are applying.

2. Department of Education Supplemental Information Form for the SF 424

3. ED Abstract Form

Applicants are required to submit a one page single-spaced Program Abstract. Please include in the Program Abstract the name of the institution, city, and purpose. The Program Abstract must be uploaded into the "Project Narrative Abstract Form" in the e-grants system. Do not use charts in your abstracts.

4. Program Profile Page (To be attached to the “Program Narrative Profile Page”).

This form is used to profile each applicant. It also addresses endowment funding, dual submission certification, and cooperative arrangements. The Profile Page also records the certifying data on each institution.

5. Selection Criteria - Program Narrative

As part of addressing the selection criteria and developing the Comprehensive Development Plan (CDP), we presume that your institution has analyzed the major problems affecting it, and designed specific strategies to address and possibly resolve these problems. You should be ready to carry out the proposed project once you receive the grant and should not use the funds for intensive planning activities.

Be sure to include a Table of Contents. The Table of Contents will not be included in the page count. Prepare your complete program narrative in a .DOC, .RTF, or .PDF format and attach it to the “Program Narrative Selection Criteria” in the e-grants system.

Content: This is the narrative portion of your application where you address the weighted selection criteria that the readers will use to evaluate your application and to assess the strengths and weaknesses of your application. **These pages will be included in the mandatory page count.**

For each proposed activity, separately address the selection criteria ((a) through (g)), in the same order as they appear below and as precisely as possible, to ensure your application contains the information readers will need to judge the quality of the proposed development (individual or cooperative arrangement) grant activities. Please remember that the Secretary is inviting applicants to include new activities.

Title each activity so that the reader readily knows your focus. The HEA lists the allowable activities for the Alaska Native and Native Hawaiian-Serving Institutions Program. See Section 317 of the HEA.

(a) Quality of the Applicant’s Comprehensive Development Plan
(Maximum: 25 points).

(1) The strengths, weaknesses, and significant problems of the institution’s academic programs, institutional management, and fiscal stability are clearly and comprehensively analyzed and result from a process that involved major constituencies of the institution.

Content: Separately describe and analyze your institution's strengths, weaknesses, and significant problems in the following three areas as they relate to each proposed activity:

1. Academic programs,
2. Institutional management, and
3. Fiscal stability.

We are considering “weaknesses” and “significant problems” to be one and the same. Use the grant funds to address some of these weaknesses and problems. Here are some guidelines for stating the problems:

- State what is “too high” or what is “too low”. For example, the percentage of freshmen students who fail four courses is too high. When you state the problem this way, the objectives become obvious. Such as, “to decrease, from 42 percent to 30 percent, the percentage of freshmen students who fail four courses.”
- Avoid problem statements that declare the problem as "the lack of " or "the need for" the very solution you are proposing for funding. Such as, "the problem with our academic programs is a lack of or need for student services outside the classroom. Thus, we propose an activity to establish those student services." This type of statement usually contains circular reasoning.

- Provide summaries of or excerpts from recent data, reports, evaluations or studies that demonstrate that you have objectively and thoroughly analyzed your institution's main problems.
- Describe the process you used to formulate the above information.
- Provide evidence of the extent and nature of the faculty, staff, students, community, industry, and other major constituents' involvement in this process. You may rely on previously written information, such as a self-study for accreditation, as long as your process for developing the information involved the major constituencies' representatives and reflects your institution's current situation.

(2) The goals for the institution's academic programs, institutional management, and fiscal stability are realistic and based on comprehensive analysis.

Content: Based on a comprehensive analysis of your institution's strengths, weaknesses, and significant problems, separately state the institutional goals as they relate to each proposed activity you plan to address using Title III, Part A funds.

(3) The objectives stated in the plan are measurable, related to institutional goals, and if achieved, will contribute to the growth and self-sufficiency of the institution.

Content: Focusing only on the institutional objectives that are specifically related to your proposed Title III, Part A activities, separately provide measurable objectives for how you will reach each of the goals as you discussed in #2. Achieving the objectives outlined should contribute to the growth and self-sufficiency of the institution.

Describe in measurable terms how objectives are related to the goals of the institution. The description should include details on the following:

Specific Tasks

Institutionalize personnel, programs and services.

Methods Involved

Operational funding budgeted and allocated to sustain improvements.

Tangible Results

Program, services and personnel fully institutionalized.

(4) The plan clearly and comprehensively describes the methods and resources the institution will use to institutionalize practices and improvements developed under the proposed project, including, in particular, how operational costs for personnel, maintenance, and upgrades of equipment will be paid with institutional resources.

Content: In this section, separately describe the following for each proposed activity:

The methods your institution will use to integrate practices and improvements developed into its operations and, if appropriate, continue them after the grant ends. For example, provide specifics on how your institution will obtain approval from appropriate internal and/or external governance authorities to conduct new or revised curricula and use new intervention strategies. What will the time period be for these actions?

1. Provide the resources you will need to institutionalize newly developed practices and improvements and, most importantly, how you will fund them. In particular, discuss how your institution will fund operational costs such as personnel, maintenance, and upgraded equipment. For example, one way to ensure that positions continue after the grant ends is for your institution to pay a percentage of the salary during the grant and increase that percentage during years two, three, four, and five.
2. If you are applying under the ANNH Program, incorporate your institution's five-year plan for improving the assistance it provides to the target student population (Alaska Native or Native Hawaiian) within your CDP.

(b) Quality of Activity Objectives (Maximum: 15 Points).

(1) The extent to which the objectives for each activity are realistic and defined in terms of measurable results.

Content: State your annual objectives, separately for each activity, which, when combined with their performance indicator(s), are measurable and realistic (not too high, not too low). Connect each objective to the problem or weakness it should address, as you described in the CDP. In addition:

- DO NOT identify process objectives such as: "To establish a college-wide committee", whose measurement is: "We formed a committee." Identify processes or tasks under the Implementation Strategy, as discussed next.
- DO use words such as "to increase" or "to decrease" since you are more likely to be describing a genuine, outcome objective.
- DO NOT begin your objective with words such as "to provide," "to develop," or "to establish." This heightens the likelihood you may be describing a process or task rather than an outcome objective.
- DO provide a realistic number of objectives and performance indicators for each proposed activity and for each year you are requesting funds for that activity.

(2) The extent to which the objectives for each activity are directly related to the problems to be solved and to the goals of the comprehensive development plan.

Content: Separately describe how meeting the objectives of each proposed activity will address a problem identified in the CDP and affect your institution's ability to address its goals for its academic programs, institutional management, or fiscal stability.

If you need funds for more than one activity, you may propose different start and end dates and vary the duration of each. For example, you may need only three years to develop a new curriculum but five years to develop a new management information system. Any proposed activity should address a critical problem that the CDP describes as hindering institutional growth and self-sufficiency. If you propose to use up to 20% for endowment investing, do not write an activity narrative regarding this use of endowment investing, as we do not consider it an activity in the usual sense.

(c) Quality of Implementation Strategy (Maximum: 20 Points).

(1) The extent to which the implementation strategy for each activity is comprehensive.

(2) The extent to which the rationale for the implementation strategy for each activity is clearly described and is supported by the results of relevant studies or projects.

Content: For each proposed activity, explain why you chose a specific method for implementing that activity. Include how you determined that method to be most effective, indicating relevant studies or projects that you reviewed and experts that you consulted.

(3) The timetable for each activity is realistic and likely to be attained.

- Chart an implementation strategy to meet your objectives for each year you are requesting funds and for each activity.
- Use time frames that are realistic for completing a task. Chart each of the five years using the budget period of October 1 to September 30.
- Describe in a comprehensive, sequential and clear manner who will do what and how they will do it to meet the objectives of each activity.
- Identify, by title, the primary participants who will carry out the tasks to meet the objectives. Describe how the personnel will perform the tasks and the results you expect from them.

(d) Quality of Key Personnel (Maximum: 7 Points).

(1) The extent to which the experience and training of key professional personnel are directly related to the stated activity objectives.

(2) The extent to which the time commitment of key personnel is realistic.

Content: For each proposed activity, list, by title and name (if available) which positions are being proposed using Title III funds and describe the qualifications you require of that position and the amount of time each person will allot to the proposed activity.

If you want to use a consultant, explain why a consultant is more advantageous than using the institution's personnel.

(e) **Quality of Project Management Plan (Maximum: 10 Points).**

(1) The extent to which procedures for managing the project are likely to ensure efficient and effective project implementation.

(2) The extent to which project coordinator and activity directors have sufficient authority to conduct the project effectively, including access to the president or chief executive officer.

The following information applies to the Title III, Part A, coordinator position:

- Under "Quality of Key Personnel", be sure to include the coordinator's required qualifications (education, experience, training) and the specific duties of the position. Directly relate the duties to the stated purposes and objectives of the project.
- Indicate how much time the Title III, Part A, coordinator will commit to the project. Make the time commitment realistic, not too high nor too low, relative to the tasks the individual will perform.

Note: Your Title III, Part A coordinator's time commitment to a project may vary considerably from that in another project or another institution's project. One project focused on developing a management information system, for example, may have a coordinator who is the director of technology in the ordinary hierarchy of the college. He or she may allot 10 percent time to coordinate the project for which the college will pay. On the other hand, a new coordinator of a faculty development project may be an instructional developer with a 50 percent time or maybe 100 percent time commitment paid for with Title III, Part A, funds. Carefully think through the management structure and time commitment that will work best at your institution and specify the reasons for your choice.

- Describe the procedures the project coordinator (project director) will use to manage and monitor the project's progress such as how information will be provided to key administrators so they can integrate project activities with related, on-going institutional activities.

- Describe the project coordinator's (project director) administrative authority over the activity director(s) who is normally responsible for accomplishing a specific activity's objectives. Also, describe the administrative authority of the activity director(s) over subordinates.
- Chart the lines of authority of the project coordinator to key institutional decision makers, including the president.

(f) Quality of Evaluation Plan (Maximum: 15 Points).

(1) The extent to which the data elements and the data collection procedures are clearly described and appropriate to measure the attainment of activity objectives and to measure the success of the project in achieving the goals of the comprehensive development plan.

Content: For each proposed activity, describe the data collection procedures the institution will use to identify the data elements, objectives, and goals identified in the CDP. Include measure attainment of each proposed activity. Include procedures for analyzing and using both formative and summative data.

(2) The extent to which the data analysis procedures are clearly described and are likely to produce formative and summative results on attaining activity objectives and measuring the success of the project on achieving the goals of the comprehensive development plan.

Content: For each proposed activity, describe in detail the project's evaluation plan, including who, what, when and how. Define the baseline indicators of progress that you will use.

The detailed evaluation plan should:

- Produce a valid assessment of your implementation strategies;
- Result in annual, quantifiable evidence of the extent to which you attained your objectives for each activity and your goals for which funding is requested;
- Include the data elements and collection procedures that you will use; and
- Describe procedures for analyzing and using both formative and summative data.

All applicants must submit a plan to conduct a project evaluation as part of their grant activities. The planned evaluation should be systematic in assessing the worth of a project and useful in guiding project objectives and focus primarily on determining the outcomes and impacts of the project relative to those objectives. The evaluation should also serve to strengthen the management of the project and lead to better knowledge of what works in producing the desired outcomes.

An individual or organization, independent of the project team (and all of its partners), but not necessarily external to the grantee institution, should execute the

project evaluation plan. This independent evaluator should assist in the initial preparation of the evaluation plan and be willing to work alongside the project team throughout the duration of the project. The evaluator should possess good evaluation skills commonly found among practitioners of the American Evaluation Association. Helpful Web sites to consult when preparing an evaluation plan include:

- Department of Education’s Fund for the Improvement of Postsecondary Education: <http://www.ed.gov/about/offices/list/ope/fipse/evaluate.html>
- National Science Foundation:
http://www.nsf.gov/pubs/2004/nsf04016/nsf04016_4.htm
- Kellogg Foundation:
<http://www.wkkf.org/default.aspx?tabid=75&CID=281&NID=61&LanguageID=0> (for their evaluation handbook)
- Academic Competitiveness Council
http://hub.mspnet.org/search/?action=true&search_text=evaluation

The project director and team should be committed to gathering the best evaluation data possible for formative and summative purposes. Projects should collect baseline data before the project starts as a basis for measuring progress.

A summary of the evaluation report must be included in the final performance report submitted by the project to the Department of Education. The report, which also includes fiscal and management performance information, is due within 90 days after expiration of the award. The evaluation report should be included as an appendix to the final performance report as well as available upon request. (Please see 34 CFR 75.217 for information on how project performance may affect future funding).

For the Title III, Part A Programs, the evaluation plan should produce a valid assessment of the implementation strategies. It should also result in annual, quantifiable evidence of the attainment of objectives for each activity and of the goals in the CDP.

(g) Budget (This selection criteria must be included in the program narrative document attached to the “Project Narrative Attachment Form.”)
(Maximum: 8 Points).

The extent to which the proposed costs are necessary and reasonable in relation to the project’s objectives and scope.

Content: Review the program regulations (34 CFR 607.10 and 607.30) for guidance on which activities and costs are allowable. For example, you may not use your grant funds to:

- Recruit students,
- Carry out activities that are operational rather than developmental,
- Carry out student activities such as entertainment, cultural or social enrichment programs, student publications, social clubs or associations,
- Pay for organized fund raising,
- Cover indirect costs.

Prepare a separate, detailed, budget narrative for each proposed activity for each year you are requesting grant funds. Demonstrate and justify that all costs are reasonable in today's market and necessary to accomplish your activity objectives. Please pay particular attention in your justification to those (per item) costs exceeding \$25,000, excluding salaries and fringe benefits. For each activity, provide itemized costs (in dollars), and a narrative justification to support your request for:

- Personnel
- Fringe Benefits
- Travel
- Equipment
- Supplies
- Contractual
- Construction
- Other
- Total

You must provide details so we can determine if the costs are allowable, necessary and reasonable.

NOTE: The Title III, Part A, Alaska Native and Native Hawaiian-Serving Institutions Program, CFDA 84.031 N and W do not reimburse grantees for indirect costs they incur in carrying out a project funded under these programs. Therefore, applicants should not show any dollar amounts for indirect costs on either line 10 of the application budget form (ED 524) or in their budget narrative. Applicants should also be aware that un-reimbursed indirect costs under grants of this program may not be charged as direct cost items in the same award, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

Do not include a budget narrative (as a separate activity) for endowment investing.

Note: Check all combined totals for the proposed activity budgets and compare it to the total on the ED 524. The totals must match.

(6.) U. S. Department of Education Budget Information Non-Construction Programs (Section A - Budget Summary U.S. Department of Education Funds and Section B – Budget Summary Non-Federal Funds (ED 524 form)).

First, carefully read the instructions contained in this document. Then, using the Department of Education Budget Information for Non-Construction Programs (ED524) form, prepare a budget for the entire project that totals all the costs for each year of the grant. If you choose to use up to 20 percent of grant funds to establish or increase your institution's endowment fund through endowment investing, enter the amount of your contribution in the summary budget on the "other" line. If you have additional items for the other category, separate the endowment contribution from the other items and make two entries for "other." Endowment monies should be listed first.

7. Required Assurances and Certifications

All applicants must submit these forms electronically, as a part of your application.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Programs: The ANNH Programs provide grants to eligible institutions of higher education (IHEs) to help them become self sufficient and expand their capacity to serve low-income students, by providing funds to improve and strengthen the institution's academic quality, institutional management, and fiscal stability. For FY 2010, the ANNH program received \$15,084,000 in

discretionary funding under Title III, Part A, Section 317 of the Higher Education Act of 1965, as amended (HEA) and an additional \$15 million in mandatory funding under Title III, Part F, Section 371 of the HEA. Applicants should refer to section 317 of the HEA for the allowable activities.

Priorities: Under this competition we are particularly interested in applications that address the following priorities.

Invitational Priorities: For FY 2010, there are four invitational priorities for this program. Under 34 CFR 75.105 (c) (1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1.

Support activities that will improve the institution's persistence and graduation rates.

Invitational Priority 2.

Work with appropriate State agencies to develop strategies for using State longitudinal data systems to track outcomes for students attending the grantee institution, including the extent to which the students

complete certificates, two-year degrees, and four-year degrees at other institutions.

Invitational Priority 3.

Develop academic programs to improve course completion rates or develop innovative support programs that are designed to increase completion rates.

Invitational Priority 4.

Develop dual--enrollment programs that facilitate the transition between high school and college or career pathways programs that integrate basic academic instruction with technical or professional occupational training to advance individuals, particularly adult learners, on a career path toward high-wage occupations in high-demand industries.

Program Authority: 20 U.S.C. 1057 - 1059d and 1067q.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 82, 84, 85, 86, 97, 98, and 99. (b) The regulations for these programs in 34 CFR part 607.

III. Eligibility Information

1. Eligible Applicants: An IHE that qualifies as an eligible institution under the ANNH Programs may apply for grants under this notice. At the time of application, an Alaska Native-Serving institution must have an enrollment of undergraduate students that is at least twenty percent (20%) Alaska Native. At the time of application, a Native Hawaiian-Serving Institution must have an enrollment of undergraduate students that is at least ten percent (10%) Native Hawaiian. These programs are authorized by Title III, Part A, of the HEA. To qualify as an eligible institution under any Title III, Part A program, an institution must, among other requirements--

(1) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered;

(2) Be legally authorized by the State in which it is located to be a junior college or to provide an educational program for which it awards a bachelor's degree;

(3) Be designated as an "eligible institution" by demonstrating that it: A) has an enrollment of needy students as described in 34 CFR 607.3; and B) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student as described in 34 CFR 607.4.

Relationship between the Title III, Part A programs and the Hispanic-Serving Institutions Program (HSI).

Note 1: A grantee under the HSI program, which is authorized under Title V of the HEA, may not receive a grant under any HEA, Title III, Part A program, including the Alaska Native-Serving and Native Hawaiian-Serving Institutions Programs (ANNH). Further, a current HSI program grantee may not give up its HSI grant in order to receive a grant under any Title III, Part A program.

Note 2: An eligible HSI that does not fall within the limitation described in Note 1 (i.e., is not a current grantee under the HSI program) may apply for a FY 2010 grant under all Title III, Part A programs for which it is eligible, as well as receive consideration for a grant

under the HSI program. However, a successful applicant may receive only one grant.

Note 3: An eligible IHE that submits more than one application may only be awarded one individual development grant or one cooperative arrangement development grant in a fiscal year. Furthermore, we will not award a second cooperative arrangement development grant to an otherwise eligible IHE for the same award year as the IHE's existing cooperative arrangement development grant award.

Note 4: The Department will make five-year awards for individual development grants, five-year awards for cooperative arrangement development grants, and two-year renovation grants in rank order, from separate funding slates, according to the average score received from a panel of three readers.

2. Cost Sharing or Matching: These programs do not require cost sharing or matching unless the grantee uses a portion of its grant for establishing or improving an endowment fund. If a grantee uses a portion of its grant for endowment fund purposes, it must match those grant funds with non-Federal funds (20 U.S.C. 1059(c)(3)(B)).

Page Limits: We have established mandatory page limits for the applications to be submitted under this notice. You must limit your application to the equivalent of no more than 50 pages for an individual development grant, 70 pages

for a cooperative arrangement development grant and 35 pages for a renovation grant using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1 inch margins at the top, bottom, and both sides. Page numbers and an identifier may be outside the 1" margin.
- Double space (no more than three lines per vertical inch) all text in the application narrative, except titles, headings, footnotes, quotations, references, captions and all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs in the application narrative may be single spaced and will count toward the page limit.
- Use a font that is either 12 point or larger, and no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An applications submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the Application for Federal Assistance (SF-424); the Supplemental Information for SF-424 Form required by the Department of Education; Part II, the Budget Information Summary Form (ED Form 524); and Part IV, the assurance and certifications. The page limit also does not apply to the one-page abstract, the table of contents, the resumes, and

the bibliography. If you include any attachments or appendices, these items will be counted as part of the Program Narrative (Part III of the application) for purposes of the page limit requirement. You must include your complete response to the selection criteria in the program narrative.

We will reject your application if you exceed the page limit.

3. Submission Dates and Times:

Applications Available: June 14, 2010.

Deadline for Transmittal of Applications: July 14, 2010.

Applications for grants under this competition must be submitted electronically using the Electronic Grant Application System (e-Application) accessible through the Department's e-Grants site. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 6. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the

application process should contact the person listed under For Further Information Contact in section VII in this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: September 13, 2010.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for these programs.

5. Funding Restrictions: We reference the regulations outlining funding restrictions in the Applicable Regulations section of this notice.

Applicability of Executive Order 13202. Applicants that apply for construction funds under the Title III, Part A programs, must comply with Executive Order 13202 signed by former President George W. Bush on February 17, 2001, and amended on April 6, 2001. This Executive Order provides that recipients of Federal construction funds may not "require or prohibit bidders, offerors, contractors, or subcontractors to enter into or adhere to agreements with

one or more labor organizations, on the same or other construction project(s)" or "otherwise discriminate against bidders, offerors, contractors, or subcontractors for becoming or refusing to become or remain signatories or otherwise adhere to agreements with one or more labor organizations, on the same or other construction project(s)." However, the Executive Order does not prohibit contractors or subcontractors from voluntarily entering into these agreements. Projects funded under these programs that include construction activity will be provided a copy of this Executive Order and will be asked to certify that they will adhere to it.

6. Other Submission Requirements: Applications for grants under the ANNH Programs must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Alaska Native-Serving Institutions Program (CFDA number 84.031N) and the Native Hawaiian-Serving Institutions Program (CFDA number 84.031W) must be submitted electronically using the Department's e-Grants Web site at: <http://e-grants.ed.gov>.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

- You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. E-Application will not accept an application for this program after 4:30:00 p.m., Washington, DC time, on the application deadline date. Application Deadline Date Extension in Case of e-

Application Unavailability: If you are prevented from

electronically submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if--

(1) You are a registered user of e-Application and you have initiated an electronic application for this competition; and

(2) (a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgment of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under For Further Information Contact (see VII. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. If e-Application is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an e-mail

will be sent to all registered users who have initiated an e-Application. Extensions referred to in this section apply only to the unavailability of E-Application.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the e-Application system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to e-Application;

and

V. Application Review Information

1. Selection Criteria: The selection criteria for these programs are in 34 CFR 607.22(a)-(g). Applicants must address each of the following selection criteria (separately for each proposed activity). The total weight of the selection criteria is 100 points; the maximum score for each criterion is noted in parentheses.

(a) Quality of The Applicant's Comprehensive Development Plan (Maximum 25 Points).

(b) Quality of Activity Objectives (Maximum 15 Points).

(c) Quality of Implementation Strategy (Maximum 20 Points).

(d) Quality of Key Personnel (Maximum 7 Points).

(e) Quality of Project Management Plan (Maximum 10 Points).

(f) Quality of Evaluation Plan (Maximum 15 Points).

(g) Budget (Maximum 8 Points).

2. Review and Selection Process: Awards will be made in rank order according to the average score received from a panel of three readers.

Tie-breaker for Development Grants. In tie-breaking situations for development grants, 34 CFR 607.23(b),

requires that additional points be awarded to any applicants that: (1) has an endowment fund of which the current market value, per full-time equivalent (FTE) enrolled student is less than the average current market value of the endowment funds, per FTE enrolled student at comparable institutions that offer similar instruction; has expenditures for library materials per FTE enrolled student that are less than the average expenditures per FTE enrolled student at comparable institutions that offer similar instruction; or that proposes to carry out one or more of the following activities-

- (1) Faculty development;
- (2) Funds and administrative management;
- (3) Development and improvement of academic programs;
- (4) Acquisition of equipment for use in strengthening management and academic programs;
- (5) Joint use of facilities; and
- (6) Student services.

For the purpose of these funding considerations, we use 2007-2008 data.

If a tie remains after applying the tie-breaker mechanism above, priority will be given in the case of applicants for: a) individual development grants to applicants that have the lowest endowment values per FTE

student; and b) cooperative arrangement development grants to applicants in accordance with Section 394(b) of the HEA, if the Secretary determines that the cooperative arrangement is geographically and economically sound or will benefit the applicant institution.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section in this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary in 34 CFR 75.118 and 34 CFR 607.31. Higher Education Act of 1965, as amended (HEA)
(Also, see attached amendments to Title III, Part A authorized by the Higher Education Opportunity Act of 2008)

TITLE III, PART A---INSTITUTIONAL AID

SEC. 301. FINDINGS AND PURPOSES.

(a) **FINDINGS.** --The Congress finds that--

(1) there are a significant number of institutions of higher education serving high percentages of minority students and students from low-income backgrounds, that face problems that threaten their ability to survive;

(2) the problems relate to the management and fiscal operations of certain institutions of higher education, as well as to an inability to engage in long-range planning and development activities, including endowment building;

(3) in order to be competitive and provide a high-quality education for all, institutions of higher education should improve their technological capacity and make effective use of technology;

(4) the title III program prior to 1985 did not always meet the specific development needs of historically Black colleges and universities and other institutions with large concentrations of minority, low-income students;

(5) the solution of the problems of these institutions would enable them to become viable, fiscally stable and independent, thriving institutions of higher education;

(6) providing assistance to eligible institutions will enhance the role of such institutions in providing access and quality education to low-income and minority students;

(7) these institutions play an important role in the American system of higher education, and there is a strong national interest in assisting them in solving their problems and in stabilizing their management and fiscal operations, and in becoming financially independent; and

(8) there is a particular national interest in aiding those institutions of higher education that have historically served students who have been denied access to postsecondary education because of race or national origin and whose participation in the American system of higher education is in the Nation's interest so that equality of access and quality of postsecondary education opportunities may be enhanced for all students.

(b) **PURPOSE.** --It is the purpose of this title to assist such institutions in equalizing educational opportunity through a program of Federal assistance.

SEC. 312. DEFINITIONS; ELIGIBILITY.

(a) **EDUCATIONAL AND GENERAL EXPENDITURES.** -- For the purpose of this part, the term "educational and general expenditures" means the total amount expended by an institution of higher education for instruction, research, public service, academic support (including library expenditures), student services, institutional support, scholarships and fellowships, operation and maintenance expenditures for the physical plant, and any mandatory transfers which the institution is required to pay by law.

(b) ELIGIBLE INSTITUTION. -- For the purpose of this part, the term “eligible institution” means --

(1) an institution of higher education--

(A) which has an enrollment of needy students as required by subsection (c) of this section;

(B) except as provided in section 392(b), the average educational and general expenditures of which are low, per full-time equivalent undergraduate student, in comparison with the average educational and general expenditures per full-time equivalent undergraduate student of institutions that offer similar instruction;

(C) which is

(i) legally authorized to provide, and provides within the State, an educational program for which such institution awards a bachelor’s degree;

(ii) a junior or community college; or

(iii) the College of the Marshall Islands, the College of Micronesia/Federated States of Micronesia, and Palau Community College;

(D) which is accredited by a nationally recognized accrediting agency or association determined by the Secretary to be reliable authority as to the quality of training offered or which is, according to such an agency or association, making reasonable progress toward accreditation;

(E) which meets such other requirements as the Secretary may prescribe; and

(F) located in a State; and

(2) any branch of any institution of higher education described under paragraph (1) which by itself satisfies the requirements contained in subparagraphs (A) and (B) of such paragraph.

For purposes of the determination of whether an institution is an eligible institution under this paragraph, the factor described under paragraph (1)(A) shall be given twice the weight of the factor described under paragraph (1)(B).

(c) ENDOWMENT FUND.-- For the purpose of this part, the term “endowment fund” means a fund that--

(1) is established by State law, by an institution of higher education, or by a foundation that is exempt from Federal income taxation;

(3) does not include real estate.

(d) ENROLLMENT OF NEEDY STUDENTS. -- For the purpose of this part, the term “enrollment of needy students” means an enrollment at an institution of higher education or a junior or community college which includes--

(1) at least 50 percent of the degree students so enrolled who are receiving need-based assistance under title IV of this Act in the second fiscal year preceding the fiscal year for which the determination is being made (other than loans for which an interest subsidy is paid pursuant to section 428), or

(2) a substantial percentage of students receiving Pell Grants in the second fiscal year preceding the fiscal year for which determination is being made, in comparison with the percentage of students receiving Pell Grants at all such institutions in the second fiscal year preceding the fiscal year for which the determination is made, unless the requirement of this subdivision is waived under section 392(a).

(e) FULL-TIME EQUIVALENT STUDENTS. For the purpose of this part, the term “full-time equivalent students” means the sum of the number of students enrolled full time at an institution, plus the full-time equivalent of the number of students enrolled part time (determined on the basis of the quotient of the sum of the credit hours of all part-time students divided by 12) at such institution.

(f) JUNIOR OR COMMUNITY COLLEGE.--For the purpose of this part, the term “junior or community college” means an institution of higher education--

(1) that admits as regular students persons who are beyond the age of compulsory school attendance in the State in which the institution is located and who have the ability to benefit from the training offered by the institution;

(3) that--

(A) provides an educational program of not less than 2 years that is acceptable for full credit toward such a degree, or

(B) offers a 2-year program in engineering, mathematics, or the physical or biological sciences, designed to prepare a student to work as a technician or at the semiprofessional level in engineering, scientific, or other technological fields requiring the understanding and application of basic engineering, scientific, or mathematical principles of knowledge.

**INTERGOVERNMENTAL REVIEW
STATE SINGLE POINT OF CONTACT**

Executive Order 12372 (Intergovernmental Review of Federal Programs)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

<http://www.whitehouse.gov/omb/grants/spoc.pdf>

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (eastern time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

GENERAL EDUCATION PROVISIONS ACT (GEPA)

SECTION 427

Section 427 of GEPA requires all applicants for new awards to include in their applications a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. The provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: *gender, race, national origin, color, disability, or age.*

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

NOTES:

- **Applicants for new awards must include information in their applications to address this provision in order to receive funding under this program.**
- **Applicants are required to address this provision by attaching a statement to the ED GEPA 427 Form that must be downloaded from e-application.**

Government Performance and Results Act (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2007-2012. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Increase student achievement, reward qualified teachers, and renew troubled schools so that every student can read and do math at grade level by 2014, as called for by the No Child Left Behind Act.

Goal 2: Encourage more rigorous and advanced coursework to improve the academic performance of our middle and high school students.

Goal 3: Work with colleges and universities to improve access, affordability, and accountability, so that our higher education system remains the world's finest.

What are the Performance Indicators for the Title III, Part A Programs?

The performance indicators for the Title III, Part A Programs are part of the Department's plan for meeting Goal 3. The Department's specific goal for this program is "to improve the capacity of minority-serving institutions, which traditionally have limited resources and serve large numbers of low-income and minority students, to improve student success and to provide high-quality educational opportunities for their students."

The performance indicators for the Title III, Part A Programs are:

1. The number of full-time degree-seeking undergraduates enrolled at institutions of higher education (IHEs). Note that this is a long-term measure, which will be used periodically to gauge performance, beginning in FY 2009.
2. The percentage of full-time undergraduate students who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same institution.
3. The cost per successful program outcome: federal cost per undergraduate and graduate degree at institutions.
4. The percentage of students enrolled at four-year IHEs graduating within six years of enrollment.
5. The percentage of students enrolled at two-year IHEs who graduate within three years of enrollment.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met.

The most recent version of this program's annual performance report can be viewed at <http://www.ed.gov/programs/iduestitle3a/performance.html>.

Instructions for Completing the Application Package

The Title III, Part A program applications consist of four parts. These parts are organized in the same manner that the submitted application should be organized. The parts are as follows:

Part I: 424 Forms

Application for Federal Assistance – (SF424)
Department of Education Supplemental Information Form for SF424

***Notes:**

Applicants must complete the SF 424 form first because some of the information you provide here is automatically inserted into other sections of the e-grants application package.

Please do not attach any narratives, supporting files, or application components to the Standard Form (SF 424). Although the form accepts attachments, the Department of Education will only review materials/files attached to the forms listed below.

Part II: 524 Forms

Department of Education Budget Summary Form – (ED 524)
Sections A & B
(Section C – Budget Narrative should be included in the Budget Program Narrative Selection Criteria, located in Part III.)

Part III: Program Narratives

Program Narrative Abstract Form
Program Narrative Selection Criteria
Budget Program Narrative
Program Narrative Profile Form

The Program Narrative Abstract Form (found in the e-grants application package) is where you attach a one page abstract narrative in **word format** to include an overview of your proposed project and a description of your institution's distinguishing features, including:

- Your institution's level (2-year/4-year); control (private/public); affiliation; primary service population; and programs of study (e.g., liberal arts, technical programs).
- Student Body Characteristics: include the number of students-either full-time equivalent or headcount - and the racial, ethnic, age, and gender breakdown.
- Faculty Characteristics: include the number of full-time and adjunct faculty and faculty to student ratio.

In preparing your Project Abstract for posting to the Web, the following guidelines must be followed:

- Acronyms are placed in parentheses after the words are spelled out the first time;
- The word *percent* should be spelled out (except in tables and charts);
- Numbers 0-9 should be spelled out;
- Create a table for text in columns and rows;
- Use the same font and font size throughout your document;
- Use uppercase, bold, and large fonts for emphasis only (i.e., headings and subheadings); and
- Be consistent throughout your document.
- Do not use Charts.

The “**Program Narrative Selection Criteria**” (found in the e-grants application package) is where applicants will attach their narrative responses to the selection criteria that will be used to evaluate applications submitted for this competition. The “budget narrative” is part of the selection criteria and is to be included in the narrative attached to the “Program Narrative Selection Criteria.” **Remember to submit a single narrative document that addresses each proposed activity (except endowment investing). BE SURE TO ADHERE TO THE ESTABLISHED PAGE LIMITATIONS OF:**

- ❑ **50 pages for 5-year individual development grants;**
- ❑ **70 pages for cooperative arrangement development grants; and**
- ❑ **35 pages for 1-year renovation grants.**

The **Program Narrative Budget** is where you attach a detailed line item budget and any supplemental budget information. The budget should demonstrate and justify that all costs are reasonable and necessary to accomplish the proposed project activities. Include a description of the activities in the budget that respond to the announced invitational priorities.

The “**Program Narrative Profile Form**” (found in the e-grants application package) is where applicants will attach the “Program Profile” page. The “Program Profile” page is found in this instructions document. Applicants must cut/copy and paste this page or recreate this page into a separate word document, complete the document with the information requested, and attach it to the “Program Narrative Profile Form” found in the application package downloaded from e-grants.
