Dear Applicant:

Thank you for your interest in applying for a fiscal year (FY) 2012 grant under the American Overseas Research Centers (AORC) program. The AORC program provides grants to consortia of United States institutions of higher education to establish or operate an AORC that promotes postgraduate research, exchanges, and area studies.

The U. S. Department of Education has announced an invitational priority for the FY 2012 competition. We encourage all applicants to include information in their AORC program applications that addresses the invitational priority. For additional information about this priority, please refer to the notice inviting applications published in the Federal Register (FR) and included in the application package.

This letter references sections in the application package that will be helpful to you in applying for a grant under this program but please review the entire application package and instructions carefully before preparing and submitting your application.

First, review the "Competition Highlights" page that describes the invitational priority and outlines other aspects of the FY 2012 competition. In addition, review the application checklist to ensure that your application is complete and includes all required narratives and forms.

Applications for grants under the AORC program must be submitted electronically using the Grants.gov system. The instructions on using the Grants.gov system are in the FR notice and in the application package. You are urged to acquaint yourself with the requirements of the Grants.gov system early.

You may access the system through its portal page at:

<http://grants.gov>

After you have electronically submitted your application, you will receive an e-mail with your assigned PR award number confirming that your application was received.

Please be advised that the FR notice is the official document for the FY 2012 AORC competition, and that you should not rely upon any information that is inconsistent with the guidance contained in the official document. For information (including dates and times) about how to submit your application electronically, please refer to the FR notice.

If you are unable to submit an application through the grants.gov system, you must submit a written request for a waiver of the electronic submission requirement at least two weeks before the deadline date. The grants.gov submission requirements can be found in the transmittal instructions in the FR notice and in the application package. An overview of the AORC program is accessible at the Department Web site at:

<http://www.ed.gov/programs/iegpsaorc/index.html>

If you have any questions or require additional information, please contact Cheryl Gibbs at cheryl.gibbs@ed.gov or by phone at (202) 502-7634.

We look forward to receiving your application and appreciate your contribution to strengthening U.S. capacity in international education.

Sincerely,

/signed/

Sylvia W. Crowder
Acting Deputy Assistant Secretary
International and Foreign Language Education

COMPETITION HIGHLIGHTS

1. **Grants.gov Submission Requirement**: Applications for FY 2012 grants under the AORC program must be submitted **electronically using Grants.gov**. For complete information about submitting your application through Grants.gov, you should review and follow the “U.S. Department of Education Grants.gov Submission Procedures and Tips for Applicants” included in this application package. You are urged to acquaint yourself with the Grants.gov procedures early to ensure sufficient time for completing the registration process and submitting your application in a timely manner, as the registration process may require 5 or more days to complete.

Grants.gov is accessible through its portal page at: <http://www.Grants.gov>.

You must upload any narrative sections and all other attachments to your application as files in a .PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Additional, detailed information on how to attach files is in the application instructions.

2. **Page Limitation**: Adhere to the **25-page limit** for Part III, the Program Narrative section of the application. The Program Narrative is where you address the selection criteria for the AORC grant competition. This section must not exceed 25 pages.
3. **Waiver to the Electronic Submission Requirement**: The requirements for obtaining an exception to the electronic submission are included in the Notice Inviting Applications for New Awards for FY 2012. If you think you might need an exception, you should review the exception requirements early in the application process. The Department must receive your written waiver request and justification at least two weeks before the application deadline date.
4. **Uploading and Submitting using Grants.gov**: The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

Please note that you must submit your application by 4:30:00 p.m. (Washington, D.C. time) on or before the application deadline date (**August 27, 2012**). Late applications will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time.

NOTE: Grants.gov does not allow applicants to “un-submit” applications. Therefore, if you discover that you need to make changes or additions to your application after you have submitted it, you must submit another application on or before the application deadline date. The Department will accept and process the application with the latest “date/time received” validation.

5. **Grants.gov Support:** For Grants.gov related questions and assistance, please call toll-free at 1-800-516-4726, or e-mail Support@grants.gov. The Support Desk is available 24 hours, 7 days a week except Federal holidays.
6. **AORC Program Invitational Priority:** For the FY 2012 competition, the U.S. Department of Education is particularly interested in applications that address the following invitational priority:

Projects that propose outreach and related activities designed to inform scholars and faculty at community colleges and minority-serving institutions of potential fellowship and other research and professional development opportunities at the Overseas Centers and encourage and facilitate the participation of these individuals in Center programs.

Under 34 CFR 75.105(c) (1), we do not give an application that meets this priority a competitive or absolute preference over other applications.

7. **Project Abstract:** All applicants must provide a one-page abstract. The abstract should describe the purpose of the overseas center and the constituents it serves. The abstract should also outline the center’s goals and activities for the four-year project period. You may single-space the abstract, which does not count against the 25-page limit. The project abstract must be uploaded into the **ED Abstract Form** in Grants.gov.
8. **Project Objectives:** Provide a table of key objectives and outcomes that the center expects to achieve during the *FY 2012-15 performance period. Project objectives should be clearly defined and measurable. Upload your table of objectives into the Other Attachment Form in Grants.gov. The objectives form does not count against the 25-page limit.

*Timeframes covered by the FY 2012-15 performance period:

FY 2012-13 is October 1, 2012 – September 30, 2013
FY 2013-14 is October 1, 2013 – September 30, 2014

IMPORTANT – PLEASE READ FIRST
U.S. Department of Education
Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]
- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the CCR (Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS your registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/assets/AdobeReaderErrorMessages.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or use the customer support available on the Web site: http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/help/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g., cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following**

the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include .pdf files** in their application:

1. Ensure that you attach **.PDF files only** for any attachments to your application. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to this Grants.gov webpage with links to conversion programs: http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces, and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79.

Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must--

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
 - b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;
 - c. Provide your DUNS number and TIN on your application;
- and
- d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR.

Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/applicants/get_registered.jsp.

7. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the American Overseas Research Centers program, CFDA number 84.274A, must be submitted

electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the American Overseas Research Centers program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.274, not 84.274A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to

the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Additional, detailed information on how to attach files is in the application instructions.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues

with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may

mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may

submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large

documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS EXECUTIVE ORDER 12372

This program falls under Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

<http://www.whitehouse.gov/omb/grants/spoc.pdf>

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200, 400 Maryland Avenue, S.W., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. ***Do not send applications to the above address.***

AORC Program Eligibility Certification

Applicants must complete and save this form as a word document on your computer first, then attach it to the “Other Attachments Form” in Grants. gov as a .PDF document. If you chose to recreate the form (rather than cut and paste into a document), please do not modify the language in any way.

I certify that the applicant center meets the following eligibility requirements as authorized in section 609(c) of the program statute:

- (a) **LIMITATION** – The Secretary shall only award grants to and enter into contracts with centers under this section that--
- (1) receive more than 50 percent of their funding from public or private United States sources;
 - (2) have a permanent presence in the country in which the center is located; and
 - (3) are organizations described in section 501(c)(3) of the Internal Revenue Code of 1993, which are exempt from taxation under section 501(a) of the Code.

INSTRUCTIONS FOR PROGRAM NARRATIVE

The following information supplements the information provided in the “Dear Applicant” letter, “Competition Highlights,” and the Notice.

The Program Narrative is to be attached to the Program Narrative Attachment Form (Part III) in the **Grants.gov application.**

The Secretary evaluates AORC applications using the selection criteria listed in the Notice included in this application package. The Program Narrative should provide substantive information that addresses all factors listed in the Notice for each selection criterion. A summary of the total points possible for the criteria appears below.

You must limit the Program Narrative to **25 pages** and adhere to the formatting standards prescribed in the **Notice**. Please refer to the Content and Form of Application Submission section of the **Notice** for specific guidance.

To facilitate the review of your application, present the Program Narrative in the following sequence because this is the how the selection criteria appear on the technical review form that reviewers will use to evaluate your application:

- | | |
|--|-------------|
| (1) Meets the purpose of the authorizing statute | (20 points) |
| (2) Need for project | (15 points) |
| (3) Significance | (10 points) |
| (4) Quality of the project design | (10 points) |
| (5) Quality of project services | (10 points) |
| (6) Quality of project personnel | (10 points) |

IMPORTANT NOTE: Only the criteria headings are listed above. The FR Notice provides all of the evaluation factors related to these criteria that you must address in your application narrative.

Regarding the “Quality of the project evaluation” criterion”:

A meaningful and useful evaluation plan shapes the development and progress of activities from throughout the grant cycle. Include baseline data and benchmarks to monitor progress toward meeting stated project objectives and indicators to assess the impact of the project.

Formatting

Include a header or footer that contains the AORC’s name and the narrative page number. Applicants may use the one-inch (1”) top or bottom margin for the identifying header or footer. Number the pages consecutively.

INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant. Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424

Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

(Attachment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and

For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) *If an activity involves obtaining information about a living person by*

manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal

statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture. II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women,

prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, DC 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/OCFO/humansub.html>

Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

"Please provide your Indirect Cost Rate (e.g., 10 percent) and your Restricted Indirect Cost Rate, if applicable as part of your budget narrative."

12. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. INSTRUCTIONS FOR THE BUDGET SUMMARY AND ITEMIZED LINE ITEM BUDGET

NOTE: Applicants must submit: (1) ED Form 524 with amounts entered for the categories, **AND** (2) a detailed budget narrative for the 4-year project period.

The budget costs, per category, are included on **ED Form 524 Budget Summary Section A – Non-Construction Programs**.

The **budget narrative attachment** for the 4-year project period is one of the attachments in **Part III Attachments**. In the **budget narrative attachment** please provide the detailed line item budget with notations to justify the funds being requested for the 4 years. The funds requested should be reasonable and necessary to carry out the proposed activities.

The Budget Summary Section A – Non-Construction Programs and the Budget Narrative (Part III Attachment) cover the following categories, as applicable to your project.

1. Personnel. Project personnel salaries and wages. [Fees and expenses for **consultants should be included in line 8.**] **The narrative budget should include** position title, percent of time on the grant, and salary to be charged to the grant.
2. Fringe Benefits. Indicate both the dollar amount and fringe benefits rate as a percent. Leave this line item blank if the fringe benefits are treated as part of the indirect costs. Provide notations to explain how fringe benefits are assessed.
3. Travel. Include travel costs for project personnel and participants in this category. Consultant related travel should be included in “Other” (line 8). In the budget narrative, specify domestic and international travel. Provide the purpose and the number of persons traveling. Include per diem rates, ground transportation, etc.
4. Equipment. Is defined in EDGAR as non-expendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. However, consistent with the center’s guidelines, lower limits may be established. In the budget detail, explain why the requested equipment is necessary to carry out project activities and include a list of all equipment in the following format: item, quantity, cost per unit, and total cost.
5. Supplies. All tangible personal property not included as “equipment” on line 4. In the budget, provide an itemized list of supplies.
6. Contractual. Not applicable. Leave blank.
7. Construction. Not applicable. Leave blank.

8. Other. Includes direct costs not covered in lines 1 through 5. Consultant and evaluator fees and their travel should be included here. Additional examples of “Other” costs include: rental of space; utilities costs; communication costs, technology costs; conference costs, and library acquisitions. In the budget narrative provide a breakdown of all costs included as “Other”.

Note regarding use of consultants, evaluators.

If the project proposes to use consultants and evaluators, provide a detailed breakdown of the costs (daily fees to be paid, estimated number of days, and all travel expenses, including per diem). Cost allowances for consultant fees, per diem, and travel should not be excessively high for the scope of work to be performed.

9. Total Direct Costs. The total direct costs requested (lines 1-8.)
10. Indirect Costs. The amount of indirect costs that you propose to charge against the grant.

All grants awarded under the AORC program are considered training grants. EDGAR limits reimbursement to grantees for the indirect costs they incur under training grants to the grantee’s actual indirect costs as determined by the grantee’s negotiated indirect cost agreement or a maximum of 8 percent of a modified total direct cost base, **whichever is less**.

Grantees charging indirect costs to a Department grant are required to have a negotiated rate with their cognizant agency (i.e., either the Federal agency from which it has received the most direct funding that is subject to indirect cost support, or a particular agency specifically assigned cognizance by the Office of Management and Budget). Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the 8 percent rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8 percent [§75.563(d)]. In the event that they receive an award under this program, applicants without a negotiated indirect cost rate with its cognizant agency should seek to identify that agency and contact it to obtain an approved rate as soon as possible after award notification.

11. Training Stipends: Not applicable. Leave blank.
12. Total Costs: The sum of lines 9 and 10.

GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

Section 427 of GEPA requires all applicants for new awards to include in their applications a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. The provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: *gender, race, national origin, color, disability, or age*.

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

NOTES:

- **Applicants must include information in their applications to address this provision in order to receive funding under this program. You must provide information within the Program Narrative in response to the relevant selection criteria.**
- **You are also asked to include the ED GEPA 427 Form in Part IV (Assurances, Certifications, and Survey Forms).**

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education (ED) has prepared a strategic plan for 2011-2014. The ED plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Increase student achievement, reward qualified teachers, and renew troubled schools so that every student can read and do math at grade level by 2014, as called for by the No Child Left Behind Act.

Goal 2: Encourage more rigorous and advanced coursework to improve the academic performance of our middle and high school students.

Goal 3: Work with colleges and universities to improve access, affordability, and accountability, so that our higher education system remains the world's finest.

The performance measures for the International Education Programs are part of the Department's plan for meeting Goal 3.

What are the GPRA performance measures for the American Overseas Research Centers (AORC) Program?

AORC Performance Measure 1: Percentage of AORC program participants employed in jobs where they utilize their language and/or area or international studies training.

AORC Performance Measure 2: Percentage of postgraduate research projects conducted that focus on the 78 priority languages and/or world regions as defined by the Secretary of Education.

How does the Department of Education determine whether performance goals have been met?

The Department will use the information and data that grantees submit in their IRIS performance reports to determine whether grantees have met these performance measures.
