APPLICANT LETTER
Dear Applicant:

This application packet contains information and the required forms for you to use in submitting a new application for funding under one program authorized by the Individuals with Disabilities Education Act (IDEA). This packet covers one competition under the Educational Technology, Media, and Materials for Individuals with Disabilities (CFDA 84.327) program—Applications for New Awards; Educational Technology, Media, and Materials for Individuals with Disabilities--Center on Technology and Disability (CFDA No. 84.327F).

Please take the time to review the applicable requirements, definitions, selection criteria, and all of the application instructions thoroughly. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required (EDGAR §75.216 (b) and (c)).

Please note the following:

• **GRANTS.GOV APPLICATION SUBMISSION.** Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (www.Grants.gov). Please read carefully the Grants.gov Submission Procedures and Tips for Applicants document that we have included on page A-26-28, which includes helpful tips about submitting electronically using the Grants.gov Apply site. We strongly encourage you to familiarize yourself with Grants.gov and strongly recommend that you register and submit early. Also, applicants are required to upload their attachments in PDF format only. Please be aware that applications submitted to Grants.gov for the Department of Education will now be posted using Adobe forms. Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically can also be found in section D-1 of this application package, Application Transmittal Instructions and Requirements for Intergovernmental Review. Additional instructions for sending applications electronically are provided on page E-4, Application Forms and Instructions for Grants.gov Applications.

• **MAXIMUM AWARD AMOUNT.** In addition to providing detailed budget information for the total grant period requested, the competitions included in this package have maximum award amounts. Please refer to the specific information for the priority/competition to which you are submitting an application (i.e., Section B of this package). Please be advised that for the priority in this package, the maximum award amount covers all project costs including indirect costs.

• **STRICT PAGE LIMITS AND LINE SPACING OF APPLICATION NARRATIVE.** The competitions included in this package limit the Part III Application Narrative to a specified number of double-spaced pages. This page limitation and double-line spacing requirement applies to all material presented in the application narrative. (Please refer to the specific requirements on page limits for the priority/competition to which you are submitting an application, Section B of this package). The Department will reject, and will NOT consider an application that does not adhere to the narrative’s double-line spacing and page limit requirements for the competition.
• FORMAT FOR APPLICATIONS.
Additional information regarding formatting applications has been included on Pages C-3 and C-4 of the “General Information on Completing an Application” section of this package. Please note that charts, tables, figures, graphs, and logic models can be single spaced and placed in an Appendix A. Reviewers will be instructed to review the content of Appendix A as they do the application narrative but will not be required to review any other appendices. Appendix A is to be used only for charts, tables, figures, graphs, and logic models that provide information directly relating to the application requirements for the narrative—it should not be used for supplementary information.

• PROTECTION OF HUMAN SUBJECTS IN RESEARCH.
The discretionary grant Application Form SF 424 requires applicants to indicate whether they plan to conduct research involving human subjects at any time during the proposed project period. The Protection of Human Subjects in Research Attachment is an integral part of the SF 424 form. It includes information that applicants need to complete the protection of human subjects item and, as appropriate, to provide additional information to the Department regarding human subjects research projects. Additional information on completing the protection of human subjects item is also available and can be accessed on the INTERNET at:

www.ed.gov/about/offices/list/ocfo/gcsindex.html

www.ed.gov/about/offices/list/ocfo/humansub.html

• RESPONSE TO GPRA.
As required by the Government Performance and Results Act (GPRA) of 1993 OSEP has developed a strategic plan for measuring GPRA performance. The program included in this announcement is authorized under Part D - National Activities to Improve Education of Children with Disabilities of the Individuals with Disabilities Education Act. The Office of Special Education Programs (OSEP) will collect information to assess progress and performance. See Performance Measures included in the Priority Description section of this application package. Applicants are encouraged to consider this information as applications are prepared.

• COPIES OF THE APPLICATION.
Unless you qualify for an exception in accordance with the instructions found in the Notice inviting applications, you must submit your application electronically. Therefore, you do not need to submit paper copies of the application. If you are granted an exception, current Government-wide policy requires that an original and two paper copies need to be submitted. Please note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request an electronic copy of the application in MS Word or a PDF file. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.
A contact person is available to provide information to you regarding this competition. Please refer to the name of the program contact at the end of the priority description. OSEP also provides information on developing performance measures and logic models at http://www.tadnet.org/pages/589 to assist you in preparing a quality application. For information about other U.S. Department of Education grant and contract opportunities, we encourage you to use the Department’s grant information web page which can be accessed on the INTERNET at:

www.ed.gov/about/offices/list/ocfo/grants/grants.html

We appreciate your efforts to improve the provision of services for individuals with disabilities.

Sincerely,

Applications Available: July 1, 2013.

Full Text of Announcement
I. Funding Opportunity Description

**Purpose of Program:**

The purpose of the Educational Technology, Media, and Materials for Individuals with Disabilities Program is to:

(1) improve results for students with disabilities by promoting the development, demonstration, and use of technology;

(2) support educational activities designed to be of educational value in the classroom for students with disabilities;

(3) provide support for captioning and video description that is appropriate for use in the classroom; and

(4) provide accessible educational materials to children with disabilities in a timely manner.

**Priority:**

In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute (see sections 674(b)(1), 674 (b) (2) (A), and 681(d) of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1400 et seq.)).

**Absolute Priority:**

For FY 2013, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

**Educational Technology, Media, and Materials for Individuals with Disabilities—Center on Technology and Disability.**

**Background:**

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a Center on Technology and Disability (Center). The Center will
increase the capacity\(^1\) of families and providers\(^2\) to advocate for, acquire, and implement effective assistive technology (AT)\(^3\) and instructional technology (IT)\(^4\) to help infants, toddlers, children, and youth with disabilities (collectively, “children with disabilities”) participate fully in daily routines in their natural environments, have increased access to the general education curriculum, improve their functional outcomes and educational results, and meet college- and career-ready standards.

The Center will achieve these results by: (1) compiling and disseminating accurate and current information on evidence-based AT and IT for families and providers in formats that are usable and accessible and that address the needs of diverse families and providers; (2) providing technical assistance (TA) to State educational agencies (SEAs) to enable SEAs to effectively increase the capacity of their local educational agencies (LEAs) to support families and providers in acquiring and implementing appropriate AT and IT; (3) providing TA to other projects funded by the Office of Special Education Programs (OSEP) to enable these projects to more effectively train families and providers on how to advocate for, acquire, and implement AT and IT for children with disabilities; and (4) providing TA to personnel development projects funded by OSEP to enable them to better prepare providers on effective AT and IT use by children with disabilities.

Almost 30 years of research and experience have demonstrated that supporting the development and use of AT and IT to maximize accessibility for children with disabilities can enhance the education and development of children with disabilities (section 601(c)(5)(H) of IDEA). With the increased use of appropriate AT and IT, more children with disabilities will to the maximum extent possible participate fully in daily routines in their natural environments, have access to the general education curriculum, be prepared to meet college- and career-ready standards, and lead productive and independent adult lives.

Providers play a key role in ensuring that AT and IT are used effectively by children with disabilities. However, research shows that these providers often lack knowledge about AT and IT; and, furthermore, this lack of knowledge has been identified as a critical barrier to effective

---

\(^1\) “Capacity” means possessing essential knowledge, skills, and competencies to act effectively.

\(^2\) “Providers” denotes teachers, therapists, paraprofessionals, and other professionals providing services to children with disabilities under Parts B and C of IDEA. The term includes general educators serving children in inclusive settings.

\(^3\) Section 602 of IDEA defines an “assistive technology device” as “any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified or customized, that is used to increase, maintain, or improve the functional capabilities of a child with a disability;” and an “assistive technology service” as “any service that directly assists a child with a disability in the selection, acquisition, or use of an assistive technology device.” For purposes of this priority, “AT” refers to any assistive technology device or assistive technology service.

\(^4\) IDEA does not provide a definition for IT, but for the purposes of this priority, “IT” is defined as technology processes and resources that facilitate learning and improve student performance for all students.
technology use by children with disabilities (Smith & Robinson, 2003; Lee & Vega, 2005; Bausch, Ault, Evmenova, & Behrmann, 2008; Zhou, Parker, Smith, & Griffin-Shirley, 2011; U.S. Department of Education, 2010). Families also often lack knowledge of effective AT and IT, and how they can support their children’s use of AT and IT. Informed parents actively involved in their children’s development and education contribute significantly to positive educational outcomes (Caspe & Lopez, 2006). Studies suggest that parents of children with disabilities want to be involved in planning AT and IT for their children (Long, Huang, Woodbridge, Woolverton, & Minkel, 2003; Parette & McMahan, 2002; Lee & Templeton, 2008) and that a lack of family involvement may lead to misuse and disuse of AT and IT (Alper & Raharinirina, 2006; Zabala & Carl, 2005).

To increase their knowledge of effective, evidence-based AT and IT and to actively support children’s use of AT and IT, both families and providers need ongoing, reliable, accurate, and current information (Marino, Marino, & Shaw, 2006). The information must help families and providers make sense of the rapid proliferation of new technologies, products, and approaches developed for all users and specifically for children with disabilities. The information must also help families and providers navigate the growing number of sources of information about AT and IT, including projects and clearinghouses supported by the Department of Education (Department). Lastly, information about AT and IT must be tailored to the specific technologies, audiences, and environments in which the technologies will be used and must also promote the adoption and use of AT and IT (Hazen, Wu, Sankar, & Jones-Farmer, 2011). The Center will provide accurate and current information on evidence-based AT and IT for providers and families. The Center will tailor this information to the particular needs of providers and families.

Knowledge alone, however, is not enough to build capacity and increase the effective use of AT and IT. The Center will also develop a comprehensive approach to providing TA that uses strategies built on the most current evidence base for effective AT and IT use. These strategies will increase the capacity of families and providers to advocate for, acquire, and implement effective AT and IT for children with disabilities to help them participate fully in daily routines in their natural environments, increase their access to the general education

---

5 Examples of Department projects and clearinghouses include, but are not limited to, the following: (1) projects partially focused on AT and IT such as the What Works Clearinghouse, the Doing What Works Web site, Comprehensive Centers, Regional Resource Centers, Parent Training and Information Centers (PTIs), and Community Parent Resource Centers (CPRCs); and (2) projects exclusively focused on AT and IT such as the Family Center on Technology and Disability, Center for Implementing Technology in Education (CITED), AbleData, [AT] Connects, National Center on Accessible Instructional Materials (AIM Center), the Center on Technology Implementation, Tots ‘n Tech, Stepping-up to Technology Implementation, and Steppingstones of Technology Innovation.
curriculum, improve their functional outcomes and educational results, and meet college- and career-ready standards. These strategies are:

First, the Center will build support for scaling up effective practices in LEAs and individual schools through the provision of targeted TA\textsuperscript{6} to SEAs. A survey of SEAs on their efforts to support LEAs in the provision of education-related AT revealed significant variability among States (Sopko, 2008). Most States provide general information and personnel development regarding AT, while few States provide specific TA on AT and IT. The Center will work with SEAs to effectively increase the capacity of LEAs to provide services to families and providers that increase their skills in advocating for, acquiring, and implementing effective AT and IT for children with disabilities.

Second, the Center will provide targeted TA to OSEP-funded projects, including Parent Training and Information Centers (PTIs) and Community Parent Resource Centers (CPRCs), to increase the projects’ capacity to provide effective training on AT and IT to families, as well as collaborate with providers to foster the effective implementation of AT and IT (Edyburn, 2004).

And third, the Center will provide targeted TA to personnel development projects funded under the Personnel Preparation program authorized under section 662 of IDEA to increase their capacity to prepare providers on the effective use of AT and IT with children with disabilities. One of the objectives of the Personnel Preparation program is to ensure that projects provide training to early intervention and special education personnel, including administrators, on the use of new technologies (section 662(a)(6)(A) of IDEA). Personnel development projects also need to improve the AT and IT content they provide in order to reduce providers’ knowledge gaps (Chesley & Jordan, 2012; Manning & Carpenter, 2008). The Center will provide targeted TA to personnel development projects to better enable them to prepare providers on the effective use of AT and IT with children with disabilities.

\textbf{Priority:}

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a Center on Technology and Disability. The Center will increase the capacity of families and providers to advocate for, acquire, and implement effective AT and

\textsuperscript{6} As used in this priority, “targeted TA” means TA service based on needs common to multiple recipients and not extensively individualized. A relationship is established between the TA recipient and one or more TA center staff. This category of TA includes one-time, labor-intensive events, such as facilitating strategic planning or hosting regional or national meetings. It can also include episodic, less labor-intensive events that extend over a period of time, such as facilitating a series of conference calls on single or multiple topics that are designed around the needs of the recipients. Facilitating communities of practice can also be considered targeted, specialized TA. The following Web site provides more information on levels of TA: www.tadnet.org.
IT to help children with disabilities participate fully in daily routines in their natural environments, have increased access to the general education curriculum, improve their functional outcomes and educational results, and meet college- and career-ready standards.

The Center must provide, at a minimum, the necessary TA to meet the following expected outcomes:

(a) Families and providers will have access to accurate and current information on evidence-based AT and IT for children with disabilities in formats that are relevant to their needs so that they can (1) advocate for appropriate AT and IT; (2) participate effectively in planning, acquiring, and implementing AT and IT; and (3) make informed decisions about how resources should be spent.

(b) SEAs will increase their capacity to provide TA to LEAs so that LEAs can more effectively support families and providers in the acquisition and implementation of appropriate AT and IT in order to improve educational results and functional outcomes for children with disabilities.

(c) Other OSEP-funded projects, including PTIs and CPRCs, will increase their capacity to train families and providers so that they can effectively advocate for, acquire, and implement AT and IT for children with disabilities.

(d) OSEP-funded personnel development projects will increase their capacity to prepare providers to help children with disabilities use AT and IT more effectively.

To be considered for funding under this absolute priority, applicants must meet the application, programmatic, and administrative requirements specified in this priority.

The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application under “Significance of the Project,” how the project--

(1) Addresses families’ and providers’ need for useful, relevant, and current information and training on evidence-based AT and IT for children with disabilities. To address this requirement the applicant must--

(i) Demonstrate knowledge of the following:

(A) Evidence-based research and effective practices on AT and IT use by children with disabilities and providers;

(B) Information and training currently available on AT and IT through various sources;

(C) Federal and State TA currently available to LEAs on AT and IT; and

(ii) Identify gaps and weaknesses in the information and training on AT and IT that is currently available to SEAs, LEAs, OSEP-funded projects, families, and providers;
(2) Increases families’ and providers’ understanding of effective strategies to advocate for, acquire, and use appropriate AT and IT for children with disabilities. To address this requirement the applicant must--

(i) Demonstrate knowledge of best practices in providing information to families and providers;

(ii) Identify dissemination strategies that will enable more families and providers to efficiently acquire reliable and up-to-date information on AT and IT, as well as use the acquired information effectively, including families and providers who are underserved or have limited access to information; and

(iii) Identify effective strategies for providing TA to SEAs, LEAs, OSEP-funded projects, families, and providers; and

(3) Increases families’ and providers’ capacity to advocate for, acquire, and use appropriate AT and IT for children with disabilities.

(b) Demonstrate, in the narrative section of the application under “Quality of the Project Services,” how the project will--

(1) Use a conceptual framework and project logic model (see paragraph (f)(1)) to guide the development of project plans and activities describing any underlying concepts, assumptions, expectations, beliefs, or theories, as well as the presumed relationship or linkages among these variables, and any empirical support for this framework;

(2) Collect and evaluate information on AT and IT using consistent evidence standards, such as those used by the What Works Clearinghouse (see http://ies.ed.gov/ncee/wwc). The information on AT and IT must--

(i) Address a variety of topics, including, but not limited to: emerging technologies; new and available AT and IT products; universally designed alternatives to traditional AT and IT; resources to help families and providers acquire AT and IT; and best practices in the selection, implementation, and use of AT and IT to benefit children with disabilities; and

(ii) Include current and archival information from other projects funded by the Department, such as grants funded under the Educational Technology, Media, and Materials for Individuals with Disabilities Program;

(3) Create new training and information materials for families and providers that--

(i) Synthesize reliable information about evidence-based AT and IT, including advancements in AT and IT;

(ii) Are accessible, usable, and easy for families and others to understand;
(iii) Are available in other languages and address the linguistic needs of English learners (ELs) with disabilities;

(iv) Respond to the changing needs of SEAs, LEAs, OSEP-funded projects, families, and providers; and

(v) Increase parents’ and providers’ knowledge of AT, IT, and effective practices in the use of technology to improve functional outcomes and educational results for children with disabilities;

(4) Provide universal TA, 7 using information collected in response to paragraph (b)(2), on effective AT and IT for children with disabilities, including how to acquire, use, and implement that AT and IT, that—

(i) Meets the needs of multiple audiences, including, but not limited to: families, families with limited English proficiency, parent service organizations, providers, administrators, professional organizations, SEAs, LEAs, lead agencies, professional training programs, AT and IT developers, vendors, and researchers;

(ii) Includes a variety of formats that are appropriate to the audience and to the nature of the information, such as Web sites, newsletters, guidebooks, research syntheses, conference presentations, and published articles, among others;

(iii) Uses various dissemination methods (in-person, remote, and Web-based, among others) to reach as many families and providers as possible;

(iv) Uses best practices for training and providing TA to adult learners; and

(v) Uses technology to increase the efficiency and effectiveness of the TA provided;

(5) Provide targeted TA to SEAs that—

(i) Increases SEAs’ capacity to help LEAs to support families and providers in the acquisition and implementation of appropriate AT and IT by children with disabilities;

(ii) Includes a variety of formats, such as webinars, workshops, training modules, meetings, communities of practice, and wikis;

(iii) Uses various dissemination methods (in-person, remote, and Web-based, among others) to reach as many families and providers as possible;

(iv) Uses best practices for training and providing TA to adult learners;

(v) Uses technology to increase the efficiency and effectiveness of the TA provided; and

---

7 As used in this priority, “universal TA” means TA and information provided to independent users through their own initiative, resulting in minimal interaction with TA center staff and including one-time, invited, or offered conference presentations by TA center staff. This category of TA also includes information or products, such as newsletters, guidebooks, or research syntheses, downloaded from the TA center’s Web site by independent users. Brief communications by TA center staff with recipients, either by telephone or email, are also considered universal, general TA. The following Web site provides more information on levels of TA: www.tadnet.org.
(vi) Makes use of existing knowledge and expertise within SEAs;

(6) Provide targeted TA to OSEP-funded personnel development projects, PTIs, CPRCs, and other projects that—

(i) Increases the projects’ knowledge of AT and IT and their capacity to more effectively train families and providers on how to advocate for, acquire, and implement effective AT and IT for children with disabilities;

(ii) Uses a variety of formats, such as webinars, workshops, training modules, meetings, communities of practice, and wikis, among others;

(iii) Uses various dissemination methods (in-person, remote, and Web-based, among others) to reach as many families and providers as possible;

(iv) Uses best practices for training and providing TA to adult learners;

(v) Uses technology to increase the efficiency and effectiveness of the TA provided; and

(vi) Makes use of existing knowledge and expertise within personnel development projects, parent training and information centers, deaf-blind projects, TA centers, and State personnel development projects, among others;

(7) Collaborate with other projects and initiatives that can contribute to meeting the Center’s outcomes, including, but not limited to: AbleData, [AT] Connects, State projects supported by the AT Act, and AT and IT vendors and researchers;

(8) Disseminate information about the Center’s products and services in order to promote their use to improve outcomes for children with disabilities; and

(9) Consult with a group of persons, including, but not limited to: representatives from OSEP-funded personnel development and other projects; SEAs, LEAs, and Part C lead agencies; providers and provider associations; families; people with disabilities; and researchers, as appropriate; on the activities and outcomes of the Center; and solicit programmatic support and advice from various participants in the group, as appropriate. The Center must identify the members of this group to OSEP, for its approval, within eight weeks following receipt of the award.

(c) Demonstrate, in the narrative section of the application under “Quality of the Evaluation Plan,” how—

(1) The applicant will evaluate the effectiveness of the proposed project by undertaking a formative evaluation and a summative evaluation, including a description of how the applicant will measure the outcomes proposed in the logic model (see paragraph (f)(1)). The description must include--
(i) Evaluation methodologies, including proposed instruments, data collection methods, evaluation questions, and possible analyses;
(ii) Proposed standards or targets for determining effectiveness; and
(iii) A proposed third-party evaluator to carry out the summative evaluation;
(2) The applicant will use the results of the formative evaluation to provide performance feedback for examining the effectiveness of project implementation strategies and progress toward achieving intended outcomes; and
(3) Formative evaluation activities during the project period will complement and inform the summative evaluation. The final summative evaluation will be developed in consultation with the third-party evaluator and the OSEP project officer.

(d) Demonstrate, in the narrative section of the application under “Adequacy of Project Resources,” how--

(1) The proposed personnel, consultants, and contractors are highly qualified, experienced, and committed to carrying out the proposed activities and meeting the outcomes identified in the project logic model (see paragraph (f)(1));
(2) The qualifications of the members of the group referred to in paragraph (b)(9) are relevant to the proposed activities and outcomes;
(3) The applicant will encourage applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, language, linguistic background, gender, age, or disability, as appropriate; and
(4) The applicant and any key partners will ensure that they have adequate resources to carry out the proposed activities.

(e) Demonstrate, in the narrative section of the application under “Quality of the Management Plan,” how--

(1) The proposed management plan will ensure that the project’s outcomes, identified in the project logic model (see paragraph (f)(1)), will be achieved on time and within budget;
(2) The time of key personnel, consultants, and contractors will be sufficiently allocated to the project;
(3) The proposed management plan will ensure that the products and services provided are of high quality; and
(4) The proposed project will benefit from a diversity of perspectives, including families, researchers, personnel development projects, parent training and information centers, SEAs and lead agencies, and other OSEP-funded projects, among others.

(f) Address the following application requirements as directed. The applicant must--
(1) Include, in Appendix A, a logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: The following Web sites provide more information on logic models:

www.researchutilization.org/matrix/logicmodel_resource3c.html and
www.tadnet.org/pages/589;

(2) Include, in Appendix A, a conceptual framework for the project;
(3) Include, in Appendix A, person-loading charts and timelines to illustrate the management plan described in the narrative;

(4) Ensure that the budget includes attendance at all of the following events:
   (i) A one and one-half day kick-off meeting to be held in Washington, DC, following receipt of the award, and an annual planning meeting held in Washington, DC, with the OSEP project officer and other relevant staff during each subsequent year of the project period.

Note: Within 30 days of receipt of the award, a post-award teleconference must be held between the OSEP project officer and the grantee’s project director or other authorized representative.

   (ii) A three-day project directors’ conference in Washington, DC, during each year of the project period.

   (iii) One trip annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP;

(5) Ensure that the budget includes--
   (i) A line item for an annual set-aside of five percent of the grant amount to support emerging needs that are consistent with the proposed project’s activities, as those needs are identified in consultation with OSEP;

Note: With approval from the OSEP project officer, the Center should reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

   (ii) A line item for a summative evaluation to be conducted by an independent third party; and

(6) Ensure that the project maintains a Web site that meets government or industry-recognized standards for accessibility.
Fourth and Fifth Years of the Project:

In deciding whether to continue funding the Center for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), as well as--

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC, that will be held during the last half of the second year of the project period. The Center must budget for travel expenses associated with this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center; and

(c) The quality, relevance, and usefulness of the Center’s activities and products and the degree to which the Center’s activities and products increase families’ and providers’ capacity to advocate for, acquire, and implement effective AT and IT for children with disabilities and thereby improve educational and developmental outcomes for children with disabilities.

**Waiver of Proposed Rulemaking:**

Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priority in this notice.
Program Authority:

Applicable Regulations:

(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 86, 97, 98, and 99.

(b) The Education Department debarment and suspension regulations in 2 CFR part 3485.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.
II. Award Information

Type of Award:
Cooperative agreement.

Estimated Available Funds:
$1,435,500. Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2014 from the list of unfunded applicants from this competition.

Maximum Award:
We will reject any application that proposes a budget exceeding $1,435,500 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

Estimated Number of Awards: 1.
Note: The Department is not bound by any estimates in this notice.

Project Period:
Up to 60 months.
III. Eligibility Information

1. Eligible Applicants:

State educational agencies (SEAs); LEAs, including public charter schools that are considered LEAs under State law; IHEs; other public agencies; private nonprofit organizations; outlying areas; freely associated States; Indian tribes or tribal organizations; and for-profit organizations.

2. Cost Sharing or Matching:

This competition does not require cost sharing or matching.

3. Other:

General Requirements:

(a) The projects funded under this competition must make positive efforts to employ, and advance in employment, qualified individuals with disabilities (see section 606 of IDEA).

(b) The applicant and grant recipient funded under this competition must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the project (see section 682(a)(1)(A) of IDEA).
IV. Application and Submission Information

1. Address to Request Application Package:

   Education Publications Center (ED Pubs)
   U.S. Department of Education
   P.O. Box 22207
   Alexandria, VA 22304

   FAX: (703) 605-6794.

   If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY),

You can contact ED Pubs at its Web site, also: www.EDPubs.gov or at its e-mail address:
edpubs@inet.ed.gov.

If you request an application package from ED Pubs, be sure to identify this competition as
follows: CFDA number 84.327F.

Individuals with disabilities can obtain a copy of the application package in an accessible format
(e.g., braille, large print, audiotape, or compact disc) by contacting the person or team listed
under Accessible Format in section VIII of this notice.

2. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms you must
submit, are in the application package for this competition.

Page Limit:

The application narrative (Part III of the application) is where you, the applicant, address the
selection criteria that reviewers use to evaluate your application. You must limit Part III to the
equivalent of no more than 50 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
• Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

• Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

• Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the page limit does apply to all of the application narrative section (Part III).

We will reject your application if you exceed the page limit; or if you apply other standards and exceed the equivalent of the page limit.

3. Submission Dates and Times:

Applications Available: July 1, 2013.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.
4. Intergovernmental Review:

This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. However, under 34 CFR 79.8(a), we waive intergovernmental review in order to make an award by the end of FY 2013.

5. Funding Restrictions:

We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, Central Contractor Registry, and System for Award Management:

To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government’s primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The SAM registration process may take seven or more business days to complete. If you are currently registered with the SAM, you may not need to make any changes. However, please
make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days to complete. Information about SAM is available at SAM.gov.

In addition, if you are submitting your application via Grants.gov, you must

(1) be designated by your organization as an Authorized Organization Representative (AOR); and

(2) register yourself with Grants.gov as an AOR.

Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/applicants/get_registered.jsp.

7. Other Submission Requirements:

Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Center on Technology and Disability competition, CFDA number 84.327F, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for Center on Technology and Disability at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.327, not 84.327F).
Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.
• You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Additional, detailed information on how to attach files is in the application instructions.

• Your electronic application must comply with any page-limit requirements described in this notice.

• After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

• We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System:

If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and
that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

**Note:** The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

**Exception to Electronic Submission Requirement:**

You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.
Address and mail or fax your statement to:

Carmen Sanchez  
U.S. Department of Education  
400 Maryland Avenue, SW.  
Room 4057, Potomac Center Plaza (PCP)  
Washington, DC 20202-2600  

FAX: (202) 245-7617.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education  
Application Control Center  
Attention: (CFDA Number 84.327F)  
LBJ Basement Level 1  
400 Maryland Avenue, SW.  
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

(1) A legibly dated U.S. Postal Service postmark.

(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

(3) A dated shipping label, invoice, or receipt from a commercial carrier.

(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.
If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

**Note:** The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. **Submission of Paper Applications by Hand Delivery.**

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education  
Application Control Center  
Attention: (CFDA Number 84.327F)  
550 12th Street, SW.  
Room 7041, Potomac Center Plaza  
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

**Note for Mail or Hand Delivery of Paper Applications:**

If you mail or hand deliver your application to the Department--

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.
V. Application Review Information

1. Selection Criteria:

The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. Review and Selection Process:

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Additional Review and Selection Process Factors:

In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under section 682(b) of IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers, by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.
4. **Special Conditions**: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.
VI. Award Administration Information

1. Award Notices:

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting:

(a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.
4. Performance Measures:

Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Educational Technology, Media, and Materials for Individuals with Disabilities Program. For purposes of this priority, the Center will use these measures, which focus on the extent to which projects provide high-quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice. Grantees will be required to report information on their project’s performance in annual reports to the Department (34 CFR 75.590).

5. Continuation Awards:

In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made “substantial progress toward meeting the objectives in its approved application.” This consideration includes the review of a grantee’s progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Dated:

Michael K. Yudin,  
Delegated the authority to perform the functions and duties of the Assistant Secretary for Special Education and Rehabilitative Services.
To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION—Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download a newer version of Adobe reader (Grants.gov recommends Adobe Reader 10.1.4). Information on computer and operating system compatibility with Adobe, links to download a newer version, and warnings about using Adobe Reader XI are all available on Grants.gov. We strongly recommend that you review these details on [www.Grants.gov](http://www.Grants.gov) before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”).

Please be aware that [Grants.gov has discovered an issue with the newest version of Adobe Reader XI](https://www.grants.gov). Applicants may encounter the following error that will prevent them from submitting their application:

“At least one required Field was empty. Please fill in the required field (highlighted) before continuing.”

Grants.gov recommends that if applicants encounter this issue, they submit their application using any version below Adobe Reader XI. Please refer to the [compatibility table](https://www.grants.gov) for additional information about supported versions of Adobe Reader. If you have any questions regarding this matter please email the Grants.gov Contact Center at [support@grants.gov](mailto:support@grants.gov) or call 1-800-518-4726.

1) REGISTER EARLY

Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: [http://www.grants.gov/applicants/get_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp) [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR)).

2) SUBMIT EARLY

We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

**Note:** To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR - Central Contractor Registry). If
you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) VERIFY SUBMISSION IS OK

You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at http://www.grants.gov/assets/AdobeReaderErrorMessages.pdf. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

SUBMISSION PROBLEMS—WHAT SHOULD YOU DO?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or http://www.grants.gov/contactus/contactus.jsp, or access the Grants.gov Self-Service web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

HELPFUL HINTS WHEN WORKING WITH GRANTS.GOV

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

DIAL-UP INTERNET CONNECTIONS

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1.
While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

MAC USERS

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

ATTACHING FILES—ADDITIONAL TIPS

Please note the following tips related to attaching files to your application, especially the requirement that applicants only include read-only, non-modifiable .PDF files in their application:

1. Ensure that you attach .PDF files only for any attachments to your application, and they must be in a read-only, non-modifiable format. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources: http://www.grants.gov/applicants/app_help_reso.jsp

2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

* Please note that the Central Contractor Registry (CCR) was replaced by the System for Award Management (SAM) effective July 30, 2012. For more information on the migration of CCR data to SAM, grant applicants should read this information located on Grants.gov: http://grants.gov.blogspot.com/2012/07/information-about-pending-migration.html#l/2012/07/information-about-pending-migration.html

PRIORITY DESCRIPTION AND SELECTION CRITERIA
CENTER ON TECHNOLOGY AND DISABILITY
(CFDA 84.327F)

DEADLINE: 08/15/2013

ABSOLUTE PRIORITY:

Background:

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a Center on Technology and Disability (Center). The Center will increase the capacity of families and providers to advocate for, acquire, and implement effective assistive technology (AT) and instructional technology (IT) to help infants, toddlers, children, and youth with disabilities (collectively, “children with disabilities”) participate fully in daily routines in their natural environments, have increased access to the general education curriculum, improve their functional outcomes and educational results, and meet college- and career-ready standards.

The Center will achieve these results by: (1) compiling and disseminating accurate and current information on evidence-based AT and IT for families and providers in formats that are usable and accessible and that address the needs of diverse families and providers; (2) providing technical assistance (TA) to State educational agencies (SEAs) to enable SEAs to effectively increase the capacity of their local educational agencies (LEAs) to support families and providers in acquiring and implementing appropriate AT and IT; (3) providing TA to other projects funded by the Office of Special Education Programs (OSEP) to enable these projects to more effectively train families and providers on how to advocate for, acquire, and implement AT and IT for children with disabilities; and (4) providing TA to personnel development projects funded by OSEP to enable them to better prepare providers on effective AT and IT use by children with disabilities.

Almost 30 years of research and experience have demonstrated that supporting the development and use of AT and IT to maximize accessibility for children with disabilities can

1 “Capacity” means possessing essential knowledge, skills, and competencies to act effectively.

2 “Providers” denotes teachers, therapists, paraprofessionals, and other professionals providing services to children with disabilities under Parts B and C of IDEA. The term includes general educators serving children in inclusive settings.

3 Section 602 of IDEA defines an “assistive technology device” as “any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified or customized, that is used to increase, maintain, or improve the functional capabilities of a child with a disability;” and an “assistive technology service” as “any service that directly assists a child with a disability in the selection, acquisition, or use of an assistive technology device.” For purposes of this priority, “AT” refers to any assistive technology device or assistive technology service.

4 IDEA does not provide a definition for IT, but for the purposes of this priority, “IT” is defined as technology processes and resources that facilitate learning and improve student performance for all students.
enhance the education and development of children with disabilities (section 601(c)(5)(H) of IDEA). With the increased use of appropriate AT and IT, more children with disabilities will to the maximum extent possible participate fully in daily routines in their natural environments, have access to the general education curriculum, be prepared to meet college- and career-ready standards, and lead productive and independent adult lives.

Providers play a key role in ensuring that AT and IT are used effectively by children with disabilities. However, research shows that these providers often lack knowledge about AT and IT; and, furthermore, this lack of knowledge has been identified as a critical barrier to effective technology use by children with disabilities (Smith & Robinson, 2003; Lee & Vega, 2005; Bausch, Ault, Evmenova, & Behrmann, 2008; Zhou, Parker, Smith, & Griffin-Shirley, 2011; U.S. Department of Education, 2010). Families also often lack knowledge of effective AT and IT, and how they can support their children’s use of AT and IT. Informed parents actively involved in their children’s development and education contribute significantly to positive educational outcomes (Caspe & Lopez, 2006). Studies suggest that parents of children with disabilities want to be involved in planning AT and IT for their children (Long, Huang, Woodbridge, Woolverton, & Minkel, 2003; Parette & McMahahan, 2002; Lee & Templeton, 2008) and that a lack of family involvement may lead to misuse and disuse of AT and IT (Alper & Raharinirina, 2006; Zabala & Carl, 2005).

To increase their knowledge of effective, evidence-based AT and IT and to actively support children’s use of AT and IT, both families and providers need ongoing, reliable, accurate, and current information (Marino, Marino, & Shaw, 2006). The information must help families and providers make sense of the rapid proliferation of new technologies, products, and approaches developed for all users and specifically for children with disabilities. The information must also help families and providers navigate the growing number of sources of information about AT and IT, including projects and clearinghouses supported by the Department of Education (Department). Lastly, information about AT and IT must be tailored to the specific technologies, audiences, and environments in which the technologies will be used and must also promote the adoption and use of AT and IT (Hazen, Wu, Sankar, & Jones-Farmer, 2011). The Center will provide accurate and current information on evidence-based AT and IT for

---

5 Examples of Department projects and clearinghouses include, but are not limited to, the following: (1) projects partially focused on AT and IT such as the What Works Clearinghouse, the Doing What Works Web site, Comprehensive Centers, Regional Resource Centers, Parent Training and Information Centers (PTIs), and Community Parent Resource Centers (CPRCs); and (2) projects exclusively focused on AT and IT such as the Family Center on Technology and Disability, Center for Implementing Technology in Education (CITEd), AbleData, [AT] Connects, National Center on Accessible Instructional Materials (AIM Center), the Center on Technology Implementation, Tots ‘n Tech, Stepping-up to Technology Implementation, and Steppingstones of Technology Innovation.
providers and families. The Center will tailor this information to the particular needs of providers and families.

Knowledge alone, however, is not enough to build capacity and increase the effective use of AT and IT. The Center will also develop a comprehensive approach to providing TA that uses strategies built on the most current evidence base for effective AT and IT use. These strategies will increase the capacity of families and providers to advocate for, acquire, and implement effective AT and IT for children with disabilities to help them participate fully in daily routines in their natural environments, increase their access to the general education curriculum, improve their functional outcomes and educational results, and meet college- and career-ready standards. These strategies are:

First, the Center will build support for scaling up effective practices in LEAs and individual schools through the provision of targeted TA to SEAs. A survey of SEAs on their efforts to support LEAs in the provision of education-related AT revealed significant variability among States (Sopko, 2008). Most States provide general information and personnel development regarding AT, while few States provide specific TA on AT and IT. The Center will work with SEAs to effectively increase the capacity of LEAs to provide services to families and providers that increase their skills in advocating for, acquiring, and implementing effective AT and IT for children with disabilities.

Second, the Center will provide targeted TA to OSEP-funded projects, including Parent Training and Information Centers (PTIs) and Community Parent Resource Centers (CPRCs), to increase the projects’ capacity to provide effective training on AT and IT to families, as well as collaborate with providers to foster the effective implementation of AT and IT (Edyburn, 2004).

And third, the Center will provide targeted TA to personnel development projects funded under the Personnel Preparation program authorized under section 662 of IDEA to increase their capacity to prepare providers on the effective use of AT and IT with children with disabilities. One of the objectives of the Personnel Preparation program is to ensure that projects provide training to early intervention and special education personnel, including administrators, on the use of new technologies (section 662(a)(6)(A) of IDEA). Personnel development projects also need to improve the AT and IT content they provide in order to

---

6 As used in this priority, “targeted TA” means TA service based on needs common to multiple recipients and not extensively individualized. A relationship is established between the TA recipient and one or more TA center staff. This category of TA includes one-time, labor-intensive events, such as facilitating strategic planning or hosting regional or national meetings. It can also include episodic, less labor-intensive events that extend over a period of time, such as facilitating a series of conference calls on single or multiple topics that are designed around the needs of the recipients. Facilitating communities of practice can also be considered targeted, specialized TA. The following Web site provides more information on levels of TA: www.tadnet.org.
reduce providers’ knowledge gaps (Chesley & Jordan, 2012; Manning & Carpenter, 2008). The Center will provide targeted TA to personnel development projects to better enable them to prepare providers on the effective use of AT and IT with children with disabilities.

**Priority:**

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a Center on Technology and Disability. The Center will increase the capacity of families and providers to advocate for, acquire, and implement effective AT and IT to help children with disabilities participate fully in daily routines in their natural environments, have increased access to the general education curriculum, improve their functional outcomes and educational results, and meet college- and career-ready standards.

The Center must provide, at a minimum, the necessary TA to meet the following expected outcomes:

(a) Families and providers will have access to accurate and current information on evidence-based AT and IT for children with disabilities in formats that are relevant to their needs so that they can (1) advocate for appropriate AT and IT; (2) participate effectively in planning, acquiring, and implementing AT and IT; and (3) make informed decisions about how resources should be spent.

(b) SEAs will increase their capacity to provide TA to LEAs so that LEAs can more effectively support families and providers in the acquisition and implementation of appropriate AT and IT in order to improve educational results and functional outcomes for children with disabilities.

(c) Other OSEP-funded projects, including PTIs and CPRCs, will increase their capacity to train families and providers so that they can effectively advocate for, acquire, and implement AT and IT for children with disabilities.

(d) OSEP-funded personnel development projects will increase their capacity to prepare providers to help children with disabilities use AT and IT more effectively.

To be considered for funding under this absolute priority, applicants must meet the application, programmatic, and administrative requirements specified in this priority.

The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application under “Significance of the Project,” how the project--
(1) Addresses families’ and providers’ need for useful, relevant, and current information and training on evidence-based AT and IT for children with disabilities. To address this requirement the applicant must--

(i) Demonstrate knowledge of the following:

(A) Evidence-based research and effective practices on AT and IT use by children with disabilities and providers;
(B) Information and training currently available on AT and IT through various sources;
(C) Federal and State TA currently available to LEAs on AT and IT; and
(ii) Identify gaps and weaknesses in the information and training on AT and IT that is currently available to SEAs, LEAs, OSEP-funded projects, families, and providers;

(2) Increases families’ and providers’ understanding of effective strategies to advocate for, acquire, and use appropriate AT and IT for children with disabilities. To address this requirement the applicant must--

(i) Demonstrate knowledge of best practices in providing information to families and providers;

(ii) Identify dissemination strategies that will enable more families and providers to efficiently acquire reliable and up-to-date information on AT and IT, as well as use the acquired information effectively, including families and providers who are underserved or have limited access to information; and

(iii) Identify effective strategies for providing TA to SEAs, LEAs, OSEP-funded projects, families, and providers; and

(3) Increases families’ and providers’ capacity to advocate for, acquire, and use appropriate AT and IT for children with disabilities.

(b) Demonstrate, in the narrative section of the application under “Quality of the Project Services,” how the project will--

(1) Use a conceptual framework and project logic model (see paragraph (f)(1)) to guide the development of project plans and activities describing any underlying concepts, assumptions, expectations, beliefs, or theories, as well as the presumed relationship or linkages among these variables, and any empirical support for this framework;

(2) Collect and evaluate information on AT and IT using consistent evidence standards, such as those used by the What Works Clearinghouse (see http://ies.ed.gov/ncee/wwc). The information on AT and IT must--

(i) Address a variety of topics, including, but not limited to: emerging technologies; new and available AT and IT products; universally designed alternatives to traditional AT and IT;
resources to help families and providers acquire AT and IT; and best practices in the selection, implementation, and use of AT and IT to benefit children with disabilities; and

(ii) Include current and archival information from other projects funded by the Department, such as grants funded under the Educational Technology, Media, and Materials for Individuals with Disabilities Program;

(3) Create new training and information materials for families and providers that--

(i) Synthesize reliable information about evidence-based AT and IT, including advancements in AT and IT;

(ii) Are accessible, usable, and easy for families and others to understand;

(iii) Are available in other languages and address the linguistic needs of English learners (ELs) with disabilities;

(iv) Respond to the changing needs of SEAs, LEAs, OSEP-funded projects, families, and providers; and

(v) Increase parents’ and providers’ knowledge of AT, IT, and effective practices in the use of technology to improve functional outcomes and educational results for children with disabilities;

(4) Provide universal TA, using information collected in response to paragraph (b)(2), on effective AT and IT for children with disabilities, including how to acquire, use, and implement that AT and IT, that--

(i) Meets the needs of multiple audiences, including, but not limited to: families, families with limited English proficiency, parent service organizations, providers, administrators, professional organizations, SEAs, LEAs, lead agencies, professional training programs, AT and IT developers, vendors, and researchers;

(ii) Includes a variety of formats that are appropriate to the audience and to the nature of the information, such as Web sites, newsletters, guidebooks, research syntheses, conference presentations, and published articles, among others;

(iii) Uses various dissemination methods (in-person, remote, and Web-based, among others) to reach as many families and providers as possible;

(iv) Uses best practices for training and providing TA to adult learners; and

(v) Uses technology to increase the efficiency and effectiveness of the TA provided;

As used in this priority, “universal TA” means TA and information provided to independent users through their own initiative, resulting in minimal interaction with TA center staff and including one-time, invited, or offered conference presentations by TA center staff. This category of TA also includes information or products, such as newsletters, guidebooks, or research syntheses, downloaded from the TA center's Web site by independent users. Brief communications by TA center staff with recipients, either by telephone or email, are also considered universal, general TA. The following Web site provides more information on levels of TA: www.tadnet.org.
(5) Provide targeted TA to SEAs that—
   (i) Increases SEAs’ capacity to help LEAs to support families and providers in the acquisition and implementation of appropriate AT and IT by children with disabilities;
   (ii) Includes a variety of formats, such as webinars, workshops, training modules, meetings, communities of practice, and wikis;
   (iii) Uses various dissemination methods (in-person, remote, and Web-based, among others) to reach as many families and providers as possible;
   (iv) Uses best practices for training and providing TA to adult learners;
   (v) Uses technology to increase the efficiency and effectiveness of the TA provided; and
   (vi) Makes use of existing knowledge and expertise within SEAs;
(6) Provide targeted TA to OSEP-funded personnel development projects, PTIs, CPRCs, and other projects that—
   (i) Increases the projects’ knowledge of AT and IT and their capacity to more effectively train families and providers on how to advocate for, acquire, and implement effective AT and IT for children with disabilities;
   (ii) Uses a variety of formats, such as webinars, workshops, training modules, meetings, communities of practice, and wikis, among others;
   (iii) Uses various dissemination methods (in-person, remote, and Web-based, among others) to reach as many families and providers as possible;
   (iv) Uses best practices for training and providing TA to adult learners;
   (v) Uses technology to increase the efficiency and effectiveness of the TA provided; and
   (vi) Makes use of existing knowledge and expertise within personnel development projects, parent training and information centers, deaf-blind projects, TA centers, and State personnel development projects, among others;
(7) Collaborate with other projects and initiatives that can contribute to meeting the Center’s outcomes, including, but not limited to: AbleData, [AT] Connects, State projects supported by the AT Act, and AT and IT vendors and researchers;
(8) Disseminate information about the Center’s products and services in order to promote their use to improve outcomes for children with disabilities; and
(9) Consult with a group of persons, including, but not limited to: representatives from OSEP-funded personnel development and other projects; SEAs, LEAs, and Part C lead agencies; providers and provider associations; families; people with disabilities; and researchers, as appropriate; on the activities and outcomes of the Center; and solicit programmatic support and advice from various participants in the group, as appropriate. The
Center must identify the members of this group to OSEP, for its approval, within eight weeks following receipt of the award.

(c) Demonstrate, in the narrative section of the application under “Quality of the Evaluation Plan,” how--

(1) The applicant will evaluate the effectiveness of the proposed project by undertaking a formative evaluation and a summative evaluation, including a description of how the applicant will measure the outcomes proposed in the logic model (see paragraph (f)(1)). The description must include--

(i) Evaluation methodologies, including proposed instruments, data collection methods, evaluation questions, and possible analyses;

(ii) Proposed standards or targets for determining effectiveness; and

(iii) A proposed third-party evaluator to carry out the summative evaluation;

(2) The applicant will use the results of the formative evaluation to provide performance feedback for examining the effectiveness of project implementation strategies and progress toward achieving intended outcomes; and

(3) Formative evaluation activities during the project period will complement and inform the summative evaluation. The final summative evaluation will be developed in consultation with the third-party evaluator and the OSEP project officer.

(d) Demonstrate, in the narrative section of the application under “Adequacy of Project Resources,” how--

(1) The proposed personnel, consultants, and contractors are highly qualified, experienced, and committed to carrying out the proposed activities and meeting the outcomes identified in the project logic model (see paragraph (f)(1));

(2) The qualifications of the members of the group referred to in paragraph (b)(9) are relevant to the proposed activities and outcomes;

(3) The applicant will encourage applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, language, linguistic background, gender, age, or disability, as appropriate; and

(4) The applicant and any key partners will ensure that they have adequate resources to carry out the proposed activities.

(e) Demonstrate, in the narrative section of the application under “Quality of the Management Plan,” how--

(1) The proposed management plan will ensure that the project’s outcomes, identified in the project logic model (see paragraph (f)(1)), will be achieved on time and within budget;
(2) The time of key personnel, consultants, and contractors will be sufficiently allocated to the project;

(3) The proposed management plan will ensure that the products and services provided are of high quality; and

(4) The proposed project will benefit from a diversity of perspectives, including families, researchers, personnel development projects, parent training and information centers, SEAs and lead agencies, and other OSEP-funded projects, among others.

(f) Address the following application requirements as directed. The applicant must--

(1) Include, in Appendix A, a logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: The following Web sites provide more information on logic models:
www.researchutilization.org/matrix/logicmodel_resource3c.html and
www.ta.tadnet.org/pages/589;

(2) Include, in Appendix A, a conceptual framework for the project;

(3) Include, in Appendix A, person-loading charts and timelines to illustrate the management plan described in the narrative;

(4) Ensure that the budget includes attendance at all of the following events:
   (i) A one and one-half day kick-off meeting to be held in Washington, DC, following receipt of the award, and an annual planning meeting held in Washington, DC, with the OSEP project officer and other relevant staff during each subsequent year of the project period.

Note: Within 30 days of receipt of the award, a post-award teleconference must be held between the OSEP project officer and the grantee’s project director or other authorized representative.

   (ii) A three-day project directors’ conference in Washington, DC, during each year of the project period.

   (iii) One trip annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP;

(5) Ensure that the budget includes--

(i) A line item for an annual set-aside of five percent of the grant amount to support emerging needs that are consistent with the proposed project’s activities, as those needs are identified in consultation with OSEP;
Note: With approval from the OSEP project officer, the Center should reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

(ii) A line item for a summative evaluation to be conducted by an independent third party; and

(6) Ensure that the project maintains a Web site that meets government or industry-recognized standards for accessibility.

Fourth and Fifth Years of the Project:

In deciding whether to continue funding the Center for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), as well as--

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC, that will be held during the last half of the second year of the project period. The Center must budget for travel expenses associated with this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center; and

(c) The quality, relevance, and usefulness of the Center’s activities and products and the degree to which the Center’s activities and products increase families’ and providers’ capacity to advocate for, acquire, and implement effective AT and IT for children with disabilities and thereby improve educational and developmental outcomes for children with disabilities.

PROGRAM AUTHORITY:

PERFORMANCE MEASURES:
Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Educational Technology, Media, and Materials for Individuals with Disabilities program. For purposes of this priority, the Center will use these measures, which focus on the extent to which projects provide high-quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice.

Grantees will be required to report information on their project’s performance in annual reports to the Department (34 CFR 75.590).

APPLICATIONS AVAILABLE:
July 1, 2013.

DEADLINE FOR TRANSMITTAL OF APPLICATIONS:
August 15, 2013.

ESTIMATED AVAILABLE FUNDS:
$1,435,500.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2014 from the list of unfunded applicants from this competition.

ESTIMATED NUMBER OF AWARDS: 1.
Note: The Department is not bound by any estimates in this notice.

MAXIMUM AWARD:
We will reject any application that proposes a budget exceeding $1,435,500 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

PROJECT PERIOD:
Up to 60 months.

PAGE LIMITS:
The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative to the equivalent of no more than 50 pages, using the following standards:

- A "page" is 8.5" x 11" (on one side only) with 1" margins at the top, bottom, and both sides.
• Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions.

• Use a font that is either 12 point or larger and no smaller than 10 pitch (characters per inch).

  The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, references, or the letters of support. However, the page limit does apply to the application narrative in Part III.

We will reject any application if you exceed the page limit; or if you apply other standards and exceed the equivalent of the page limit.

GENERAL REQUIREMENTS:

(a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA).

APPLICABLE REGULATIONS:

(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

ELIGIBLE APPLICANTS:

State educational agencies (SEAs); LEAs, including public charter schools that are considered LEAs under State law; IHEs; other public agencies; private nonprofit organizations; outlying areas; freely associated States; Indian tribes or tribal organizations; and for-profit organizations.

INTERGOVERNMENTAL REVIEW:

The program in this notice is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79. However, under 34 CFR 79.8(a), we waive intergovernmental review in order to make an award by the end of FY 2013.

This document provides early notification of our specific plans and actions for this program.

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the Applications for New Awards; Educational Technology, Media, and Materials for Individuals with Disabilities—Center on Technology and Disability (CFDA 84.327F) competition are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points.

The application narrative should include the following sections in this order:

**(a) Significance**  (10 points)

(1) The Secretary considers the significance of the proposed project.

(2) In determining the significance of the proposed project, the Secretary considers the following factors:

(i) The extent to which the proposed project will focus on serving or otherwise addressing the needs of disadvantaged individuals;

(ii) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project;

(iii) The potential contribution of the proposed project to increase knowledge or understanding of educational problems, issues, or effective strategies; and

(iv) The extent to which the results of the proposed project are to be disseminated in ways that will enable others to use the information or strategies.

**(b) Quality of the project services**  (35 points)

(1) The Secretary considers the quality of the products and/or services to be provided by the proposed project.

(2) In determining the quality of the products and/or services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have
traditionally been underrepresented based on race, color, national origin, gender, age or disability.

(3) In addition, the Secretary considers one or more of the following factors:

(i) The extent to which the products and/or services to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

(ii) The extent to which the products and/or services are of sufficient quality, intensity, and duration to lead to outcomes to be achieved by the proposed project;

(iii) The extent to which the product and/or services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services; and

(iv) The extent to which the product and/or services to be provided by the proposed project involve the use of efficient strategies and the leveraging of non-project resources.

(c) Quality of project evaluation

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project;

(ii) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies;

(iii) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data; and

(iv) The extent to which the evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

(d) Adequacy of resources

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:
(i) The qualifications, including relevant training and experience, of key project personnel;

(ii) The qualifications, including relevant training and experience, of project consultants or subcontractors;

(iii) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization; and

(iv) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project.

(e) Quality of the management plan  (20 points)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks;

(ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project; and

(iii) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.
GENERAL INFORMATION ON COMPLETING AN APPLICATION
GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Department regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, the Office of Special Education Programs staff have assembled the following most commonly raised issues. In general, this information applies to the grant competitions covered by this application package.

EXTENSION OF DEADLINES

Waivers for individual applications are not granted, regardless of the circumstances. Under very extraordinary circumstances a closing date may be changed. Such changes are announced in the Federal Register.

COPIES OF THE APPLICATION

Unless you qualify for an exception in accordance with the instructions found in the Notice inviting applications, you must submit your application electronically. Therefore, you do not need to submit paper copies of the application. If you are granted an exception, current Government-wide policy requires that an original and two paper copies need to be submitted. Please note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request an electronic copy of the application in MS Word or a PDF file. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

MAKING APPLICATIONS MORE ACCESSIBLE TO REVIEWERS WHO ARE BLIND OR HAVE LOW VISION

The Department will accept one copy of the application in an accessible format (i.e., IBM PC compatible WordPerfect or ASCII code diskette) along with the original and two print copies of the application. The accessible format copy can be used with available software to convert the text of the application into Braille, or with text to voice applications. If there are any differences in the print original provided on the disk and in print, the print original is assumed to be the correct version. Please note that it is not a requirement that one copy of the application be in an accessible format.

MISSED DEADLINES AND SUBMISSION UNDER OTHER COMPETITIONS

Should an application miss the deadline for a particular competition, it may be submitted to another competition. However, if an application is properly prepared to meet the specifications of one competition, it is extremely unlikely that it would be favorably evaluated under a different competition.

SUBMISSION TO MORE THAN ONE PROGRAM

Applications may be submitted to more than one Federal program if you are unsure of the most appropriate program. Each application should be prepared following the instructions for that particular program as closely as possible (which may require some reformulation). It is very helpful if each program is notified that an identical or similar application is being submitted to another program.

HELP PREPARING APPLICATIONS

We are happy to provide general program information. Clearly it would not be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about our application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.
NOTIFICATION OF FUNDING

The time required to complete the evaluation of applications is variable. Once applications have been received staff must determine the areas of expertise needed to appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. You can expect to receive notification within 3 to 6 months of the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time.

POSSIBILITY OF LEARNING THE OUTCOME OF REVIEW PANELS PRIOR TO OFFICIAL NOTIFICATION

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a local school district, etc. Regardless of the reason, we cannot share information about the review with anyone until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or through a letter (if your application is not successful).

FORMAT FOR APPLICATIONS

The application narrative (Part III of the application form) should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (The selection criteria for the competitions covered by this packet are listed following the specific competition information in section “B” of this packet. The abstract, not to exceed one page, should precede the table of contents, and application narrative. In submitting your application through Grants.gov, the one page abstract should be uploaded and attached to the Abstract File. For the table of contents, and application narrative, you will have to PDF these documents into one file, then upload and attach to the Mandatory Project Narrative File. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

In addition to any requirements for the abstract in the priority, it would be helpful if it included the following information: Purpose of the project; disability addressed by the project; age group (e.g., 0-3, preschool, elementary school, middle school, high school, secondary transition, and postsecondary); geography (e.g., rural, suburban, urban); severity (e.g., mild, moderate, and severe); proposed products; proposed outcomes; names/affiliations of key collaborators. It would be helpful if the abstract includes: (a) the title of the program, (b) the name of the Absolute Priority, and (c) the CFDA Number (e.g., 84.327F).

For Technology and Technical Assistance and Dissemination applications, the abstract should include (a) design and (b) project evaluation, including measures.

To aid in screening and reviewing the application, applicants should list after the abstract, all general, special, and other requirements for the priority and corresponding page number (s) where requirements are addressed within the application. (All requirements are found in each priority description included in this application package.) Page limits do not apply to this list of priority requirements (see Application Forms and Instructions for Grants.gov Submission document for upload instructions). The format included below is an example of how you might provide this information in your application.
(a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities. (See Section 606 of IDEA)

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects. (See Section 682(a)(1)(A) of IDEA)

(c) Applicant must describe steps to ensure equitable access to, and participation in, its program for students, teachers, and other program beneficiaries with special needs. (See Section 427, GEPA)

(d) Projects funded under these priorities must budget for a three-day Project's Directors' meeting in Washington, D.C. during each year of the project.

**PAGE LIMITS**

Please note that all applications submitted under the competition in this application package must adhere to the Part III—Application Narrative page limit requirements that are specified under each priority/competition description. Your application should provide enough information to allow the review panel to evaluate the importance and impact of the project as well as to make knowledgeable judgments about the methods you propose to use (design, subjects, sampling procedures, measures, instruments, data analysis strategies, etc.). It is often helpful to have:

1. **Staff Vitae:** They should include each person's title and role in the proposed project and contain only information that is relevant to this proposed project's activities and/or publications. Vitae for consultants and Advisory Council members should be similarly brief.

2. **Instruments:** Except in the case of generally available and well known instruments.

3. **Agreements:** When the participation of an agency other than the applicant is critical to the project. This is particularly critical when an intervention will be implemented within an agency, or when subjects will be drawn from particular agencies. Letters of cooperation should be specific, indicating agreement to implement a particular intervention or to provide access to a particular group of students.

The items listed above are not included under page limits.

**MAKING SURE APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION**

Applicants should clearly indicate in Item 11 on the application (SF Form 424) the CFDA number of the program priority (e.g., 84.327F, etc.) representing the competition in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended.

**RETURN OF NON-FUNDED APPLICATIONS**

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.

**PROPOSED STAFF AVAILABILITY TO PROJECT**

For each staff person named in the application, please provide documentation of all internal and external time commitments. In instances where a staff person is committed on a federally supported project, please provide the project name, Federal office, program title, the project federal award number, and the
amount of committed time by each project year. This information (e.g., **Staff**: Jane Doe; **Project Name**: Succeeding in the General Curriculum; **Federal office**: Office of Special Education Programs; **Program title**: Educational Technology, Media, and Materials for Individuals with Disabilities; **Award number**: H326A030002; **Time commitments**: Year 1—30%; Year 2—25% and Year 3—40%) can be provided as an Appendix to the application.

In general, we will not reduce time commitments on currently funded grants from the time proposed in the original application. Therefore, we will not consider for funding any application where key staff are bid above a time commitment level that staff have available to bid. Further, the time commitments stated in newly submitted applications will not be negotiated down to permit the applicant to receive a new grant award.

**USE OF PERSON LOADING CHARTS**

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity, as shown in the following example.

**DELIVERING/SENDING APPLICATIONS TO THE COMPETITION MANAGER**

Applications that are mailed or hand delivered **must** go to the Application Control Center at the address listed in the Application Transmittal Instructions. Delivering or sending the application to the competition manager in the program office may prevent it from being logged in on time to the appropriate competition and may result in the application not being reviewed.

**ALLOWED TRAVEL UNDER THESE PROJECTS**

Travel is allowed if the travel specifically relates to the expressed goals of the project. Travel by students to further their education under the project's goals is also allowed. Travel to conferences is the travel item that is most likely to be questioned during negotiations. Such travel is sometimes allowed when it is for purposes of dissemination, when there will be results to be disseminated, and when it is clear that a conference presentation or workshop is an effective way of reaching a particular target group.

**FUNDING OF APPROVED APPLICATIONS**

It is often the case that the number of applications recommended for approval by the reviewers exceeds the dollars available for funding projects under a particular competition. When the panel reviews are completed for a particular competition, the individual reviewer scores and applications are ranked. The higher ranked, approved applications are funded first, and there are often lower ranked, approved applications that do not receive funding. Sometimes, one or two applications that are approved and fall next in rank order (after those projects selected for funding) are placed on hold. If dollars become available as a result of negotiations, or if a higher ranked applicant declines the award, the projects on
hold may receive funding. If you receive a letter stating that you will not receive funding, then your project has neither been selected for funding nor placed on hold.

**INDIRECT COST RATE**

There is no maximum indirect cost for the competitions in this application package. An organization’s current effective indirect cost rate is the rate that should be reflected in your proposed budget. The Department of Education (ED) reimburses grantees for its portion of indirect costs that a grantee incurs in projects funded by the Applications for New Awards; Educational Technology, Media, and Materials for Individuals with Disabilities--Center on Technology and Disability (CFDA 84.327F) competition. Any grantee charging indirect costs to a grant from this program must use the indirect cost rate (ICR), negotiated with its **cognizant agency**, i.e., either the Federal agency from which it has received the most direct funding, subject to indirect cost support, the particular agency specifically assigned cognizance by the Office of Management and Budget or the State agency that provides the most subgrant funds to the grantee.

**Note:** Applicants should pay special attention to specific questions on the application budget form (ED 524) about their cognizant agency and the ICR they are using in their budget.

If an applicant selected for funding under this program has not already established a current ICR with its cognizant agency as a result of current or previous funding, ED will require it to do so within 90 days after the date the grant was issued by ED. Applicants should be aware that ED is very often **not** the cognizant agency for its own grantees. Rather, ED accepts, for the purpose of funding its awards, the current ICR established by the appropriate cognizant agency.

An applicant that has not previously established an indirect cost rate with the Federal government or a State agency under a Federal program and that is selected for funding will not be allowed to charge its grant for indirect costs until it has negotiated a current indirect cost rate agreement with its cognizant agency.

Applicants are encouraged to use their accountant (or CPA) to calculate an indirect cost rate using information in the IRS Form 990, audited financial statements, actual cost data or a **cost policy statement** that such applicants are urged to prepare (but NOT submit to ED) during the application process.

Applicants should use this proposed rate in their application materials and indicate which of the above methods was used to calculate the rate. Guidance for creating a cost policy statement can be obtained by sending an E-mail to:

```
katrina.mcdonald@ed.gov
```

Applicants with questions about using indirect cost rates under this program should contact the program contact person shown elsewhere in this application package.

**ISSUES RAISED DURING DISCUSSIONS PRIOR TO AWARD**

If your application is recommended for funding, discussions may be held prior to award to clarify technical or budget issues. These are issues that have been identified during panel and staff review. Generally, technical issues are minor issues that require clarification. Alternative approaches may be presented for your consideration, or you may be asked to provide additional information or rationale for something you have proposed to do. Sometimes, concerns are stated as “conditions”. These are concerns that have been identified as so critical that the award cannot be made unless those conditions are met. Questions are also raised about the proposed budget during the discussion phase. Generally, budget issues are raised because there is inadequate justification or explanation of the particular budget item, or because the budget item does not seem critical to the successful completion of the project. A Federal project officer will present the issues to you and ask you to respond. If you do not understand the question, you should ask for clarification. In responding to discussion items you should provide any additional information or clarification requested. You may feel that an issue was addressed in the application. It may not, however, have been
explained in enough detail to make it understood by reviewers, and more information should be provided. If you are asked to make changes that you feel could seriously affect the project's success, you may provide reasons for not making the changes, or provide alternative suggestions. Similarly, if proposed budget reductions will, in your opinion, seriously affect the proposed activities, you may want to explain why and provide additional justification for the proposed expenses. Your changes, explanations and alternative suggestions will be carefully evaluated by staff. In some instances, an applicant may again be contacted for additional information. An award cannot be made until all issues have been resolved and conditions met.

**TREATING A PRIORITY AS TWO SEPARATE COMPETITIONS.**

In the past, there have been problems in finding peer reviewers without conflicts of interest where applications are made by many entities throughout the country. The Standing Panel requirements also place additional constraints on the availability of reviewers. Therefore, The Department has determined that, for some discretionary priorities, applications may be ranked and selected for funding in two or more groups, which will ensure the availability of a much larger group of reviewers without conflicts of interest. This procedure will increase the quality, independence and fairness of the review process and will permit panel members to review applications under discretionary priorities to which they have also submitted applications.

**SUCCESSFUL APPLICATIONS AND ESTIMATED/PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS**

There is a maximum award amount specified for the priority/competitions included in this package. The Department rejects and does not consider an application that proposes a budget exceeding the maximum amount for any single budget period of 12 months for the priorities included in this package. Please refer to the priority description to determine the maximum award for any one particular competition. Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the study design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

**REQUIREMENT TO REPORT THE RESULTS OF GRANT ACTIVITIES**

The Department shall, where appropriate, require recipients of all grants, contracts and cooperative agreements under Part D of the *Individuals with Disabilities Education Act* to prepare reports describing their procedures, findings, and other relevant information. The Department shall require their delivery to the Department of Education and other networks as The Department may determine appropriate. (20 U.S.C. 1482)

**DIFFERENCE BETWEEN A COOPERATIVE AGREEMENT AND A GRANT**

A cooperative agreement is similar to a grant in that its principal purpose is to accomplish a public purpose of support or stimulation as authorized by a Federal statute. It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education) and the recipient during the performance of the contemplated activity.

**DIFFERENCE BETWEEN AN ABSOLUTE PRIORITY, AN INVITATIONAL PRIORITY, AND A COMPETITIVE PRIORITY**

An absolute priority is a priority that an applicant must address in order to receive an award. If an applicant does not address an absolute priority, their application will be returned as being non-responsive to the priority.

An invitational priority is a priority that reflects a particular interest of the Department, and an applicant is encouraged to address the invitational priority along with the required absolute priority. However, an applicant choosing to address an invitational priority will not receive any competitive preference over other applications.
A competitive priority is like an invitational priority in that it reflects a particular interest of the Department, and an applicant is encouraged to address the competitive priority along with the required absolute priority. A competitive priority may be handled in one of two ways:

1. an application may be awarded additional points depending on how effectively it addresses the competitive priority; or

2. an application that meets a competitive priority may be selected over an application of comparable merit that does not address the competitive priority. The type of competitive priority for a particular competition is always included in the Federal Register announcement.

**OBTAINING COPIES OF THE FEDERAL REGISTER, PROGRAM REGULATIONS AND FEDERAL STATUTES**

Copies of these materials can usually be found at your local library. If not, they can be obtained by writing to:

Superintendent of Documents  
U.S. Government Printing Office  
Washington, DC 20402

Telephone: 202-512-1800

Information about the Department's funding opportunities, including copies of application notices for discretionary grant competitions, can be viewed on the Department's grant information web page which can be accessed on the Internet at: www.ed.gov/about/offices/list/ocfo/gcsindex.html

However, the official application notice for a discretionary grant competition is the notice published in the Federal Register.
APPLICATION TRANSMITTAL INSTRUCTIONS AND REQUIREMENTS FOR INTERGOVERNMENTAL REVIEW
APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS:
Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition. This program requires electronic submission of applications, and specific requirements and waiver instructions can be found in the Federal Register notice.

We will reject your application if you submit it in paper format unless, as described in the Federal Register notice for this competition, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

APPLICATIONS SUBMITTED ELECTRONICALLY

Applications for grants under this program must be submitted electronically using the Government-wide Grants.gov Apply site at http://www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in Federal Register notice for this competition, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30:00 p.m., Washington, DC time, on the application deadline date.

You should review and follow the Grants.gov Submission Procedures and Tips for Applicants for submitting an application through Grants.gov that are included in this application package to ensure that you submit your application in a timely manner to the Grants.gov system.

Please note the following:

- You must attach any narrative sections of your application as files in a .pdf (Portable Document) format. If you upload a file type other than a .pdf file, or submit a password-protected file, we will not review that material.

- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

- When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters. The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- Your electronic application must comply with any page-limit requirements described in this application package.

- If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.
According to the instructions found in the Federal Register notice, only those requesting and qualifying for an Exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

**Submission of Paper Applications by Mail:**

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education  
Application Control Center  
Attention: (CFDA Number 84.327F)  
LBJ Basement Level 1  
400 Maryland Avenue, SW.  
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

1. A legibly dated U.S. Postal Service postmark.
2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
3. A dated shipping label, invoice, or receipt from a commercial carrier.
4. Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

*Note:* The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

**Submission of Paper Applications by Hand Delivery:**

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education  
Application Control Center  
Attention: (CFDA Number 84.327F)  
550 12th Street, SW.  
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.
NOTE FOR MAIL OR HAND DELIVERY OF PAPER APPLICATIONS:

If you mail or hand deliver your application to the Department--

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

SUBMITTING APPLICATIONS WITH ADOBE READER SOFTWARE

The Department of Education has moved from using PureEdge software to using Adobe Reader software exclusively and applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms.

Please note: The compatible version of Adobe Reader is required for viewing, editing and submitting a complete grant application package for the Department of Education through Grants.gov. Applicants should confirm the compatibility of their Adobe Reader version before downloading the application. To ensure applicants have a version of Adobe Reader on their computer that is compatible with Grants.gov, applicants are encouraged to use the test package provided by Grants.gov that can be accessed at http://www.grants.gov/applicants/AdobeVersioningTestOnly.jsp.

IMPORTANT ISSUES TO CONSIDER:

• If the applicant opened or edited the application package with any software other than the compatible version of Adobe Reader, the application package may contain errors that will be transferred to the new package even if you later download the compatible Adobe Reader version.

• Applicants cannot copy and paste data from a package initially opened or edited with an incompatible version of Adobe Reader and will need to download an entirely new package using the compatible version of Adobe Reader.

• Some applicants using an incompatible version of Adobe Reader may have trouble opening and viewing the application package while others may find they can open, view and complete the application package but may not be able to submit the application package through Grants.gov.

• Grants.gov does not guarantee to support versions of Adobe Reader that are not compatible with Grants.gov.

• Any and all edits made to the Adobe Reader application package must be made with the compatible version of Adobe Reader.

For your convenience, the latest version of Adobe Reader is available for free download at http://grantsgov.tmp.com/static2007/help/download_software.jsp#adobe811.

We strongly recommend that you review the information on computer and operating system compatibility with Adobe available at http://www.grants.gov/applicants/applicant_faqs.jsp#software before downloading, completing or submitting your application.

Applicants are reminded that they should submit their application a day or two in advance of the closing date as detailed in the Federal Register Notice. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.
APPENDIX
INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for state and local government coordination and review of proposed federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the state's process under Executive Order 12372. Applicants proposing to perform activities in more than one state should immediately contact the Single Point of Contact for each of those states and follow the procedure established in each of those states under the Executive order. A listing containing the Single Point of Contact for each state is included in this appendix.

In states that have not established a process or chosen a program for review, state, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from state, areawide, regional and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address:

The Secretary
EO 12372—CFDA 84.327F [commenter must insert number—including suffix letter, if any]
U.S. Department of Education, Room 7W301
400 Maryland Avenue, SW
Washington, DC 20202

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, D.C. time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS.
STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2008 the federal government will outlay $449 billion in grants to state and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed federal financial assistance and direct federal development. The order allows each state to designate an entity to perform this function. Below is the official list of those entities. For those states that have a home page for their designated entity, a direct link has been provided below by clicking on the state name.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a state that does not have a SPOC, you may send application materials directly to a federal awarding agency.

Contact information for federal agencies that award grants can be found in Appendix IV of the Catalog of Federal Domestic Assistance.

NOTICE TO ALL APPLICANTS
ENSURING EQUITABLE ACCESS AND
APPLICATION FORMS AND INSTRUCTIONS
NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. All applicants for new awards must include information in their applications to address this new provision in order to receive funding under this program.

(If this program is a state-formula grant program, a state needs to provide this description only for projects or activities that it carries out with funds reserved for state-level uses. In addition, local school districts or other eligible applicants that apply to the state for funding need to provide this description in their applications to the state for funding. The state would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the federally-funded project or activity.

The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in Braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct “outreach” efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

OMB Control No. 1894-0005 (Exp. 03/2014)
ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0005**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:

APPLICATION FORMS AND INSTRUCTIONS FOR GRANTS.GOV APPLICATIONS

The electronic application on Grants.gov consists of multiple mandatory forms that must be completed as well as narrative attachment forms that should be used to upload any file attachments. While there are no file size restrictions, we strongly discourage submission of very large documents. Follow the guidance provided on Grants.gov as well as the Submission Tips document located in this application instruction document for specific information on file sizes, file naming requirements, etc. NOTE: As stated in the application notice, the Department only accepts PDF files.

Listed below are all forms that must be completed and instructions on where to upload narratives for the application.

General Forms:
- Application for Federal Assistance (SF-424)
- Department of Education Budget Information for Non-Construction Programs (ED-524)
- Department of Education Supplemental for SF-424

Note: instructions for all of the standard forms (SF-424, 524, and 424 Supplemental, etc.), will follow the forms included elsewhere in the application package.

Assurances and Certifications:
- Assurances for Non-Construction Programs (SF-424B)
- Disclosure of Lobbying Activities (SF-LLL)
- Grants.gov Lobbying Form (Formerly ED Form 80-0013)
- ED GEPA427 Form

Narrative Attachment Forms:
- ED Abstract Form—(Upload and attach your one page abstract to Abstract File)
- Project Narrative Attachment Form* (Upload and attach to Mandatory Project Narrative File)
  - Table of Contents (Upload and attach to Mandatory Project Narrative File)
  - List of Priority Requirements (Upload and attach to Mandatory Project Narrative File)
  - Appendix A (See Dear Applicant Letter for description) (attach to Mandatory Project Narrative File)

  Note—Submit only one PDF document that includes, in the following order: 1) the table of contents, 2) list of priority requirements, and 3) project narrative. Then attach the one PDF document to the Mandatory Project Narrative File.
  Attach Appendix A as a second document to the Mandatory Project Narrative File.

- Other Narrative Attachments (Upload and attach to Optional Other Attachment File)

Suggested order...
  - Bibliography/References (attach to Optional Other Attachment File)
  - Resumes (attach to Optional Other Attachment File)
  - Letters (attach to Optional Other Attachment File)
  - Supplementary Information/Syllabi (attach to Optional Other Attachment File)
  - Other Appendices (attach to Optional Other Attachment File)
*NOTE:* The Project Narrative Attachment Form should include the narrative (text) that addresses each of the selection criteria, listed elsewhere in this document. The selection criteria will be used to evaluate applications submitted for this competition. The narrative has a strict page limit (check the Page Limits section of this document for exact page limits for the competition to which you are applying).

**NOTE:** The Federal Funding Opportunity Number for this program is **ED-GRANTS-070113-002**

**NOTE:** Please do not attach any narratives, supporting files, or application components to the Standard Form (SF 424) in Part I. Although this form accepts attachments, that option should not be used.

INSTRUCTIONS FOR DEPARTMENT OF EDUCATION
SUPPLEMENTAL INFORMATION FOR SF 424

1. **Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. **Novice Applicant.** Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, leave blank.

   Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

   **If Not Human Subjects Research.** Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

   **If Human Subjects Research.** Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. **If Human Subjects Research is Exempt from Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information Form SF 424.”

3a. **Human Subjects Assurance Number.** If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**NOTE ABOUT INSTITUTIONAL REVIEW BOARD APPROVAL.**

ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.
According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0017. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to:

U.S. Department of Education
Washington, DC 20202-4700

If you have comments or concerns regarding the status of your individual submission of this form write directly to:

DEFINITIONS

Novice Applicant (See 34 CFR 75.225).
For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;

- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and

- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

---Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

---Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]
B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by
ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics**: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) **Sources of Materials**: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent**: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks**: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk**: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained**: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

SECTION C—BUDGET NARRATIVE
(see instructions)
INSTRUCTIONS FOR ED FORM 524

GENERAL INSTRUCTIONS

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

SECTION A: BUDGET SUMMARY—U.S. DEPARTMENT OF EDUCATION FUNDS

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

(1) Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government.

(2) If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement.

(3) If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.
SECTION B: BUDGET SUMMARY—NON-FEDERAL FUNDS

If you are required to provide or volunteer to provide matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

SECTION C: BUDGET NARRATIVE

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

   [Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB’s website at: http://www.whitehouse.gov/omb/circulars/index.html]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.
When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at:

You may also contact 202-377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

**PAPERWORK BURDEN STATEMENT**

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0004. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:

U.S. Department of Education
Washington, DC 20202-4651

If you have comments or concerns regarding the status of your individual submission of this form, write directly to:

PART III: APPLICATION NARRATIVE

This narrative section of the application requires applicants to address the selection criteria that will be used by reviewers in evaluating individual applications. Please refer to the "Selection Criteria and Format" sections in this package for the competition to which you wish to submit an application.

Also, all of the competitions covered by this package have page limitations for the application narrative. Please refer to the "Page Limits" information for the competition to which you wish to submit an application.
PART IV: ASSURANCES AND CERTIFICATIONS

ASSURANCES — NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

Note: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management, and completion of the project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646), which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property required for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clear Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).

14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.

15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.

16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.

**Federal Use Only**

**Authorized for Local Reproduction Standard Form — LLL (Rev. 7-97)**
**INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES**

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks “Subawardee,” then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., “RFP-DE-90-001.”

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

11. The certifying official shall sign and date the form, print his/her name, title and telephone number.
PAPERWORK REDUCTION ACT STATEMENT

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to:

**DUNS Number Instructions**

**D-U-N-S No.**

Please provide the applicant’s D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

www.dnb.com

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.
