

As published in the notice inviting applications (NIA) for RTT-ELC in the Federal Register on August 26, 2011.

Appendix B. Scoring Rubrics

I. Introduction

To help ensure inter-reviewer reliability and transparency for the RTT-ELC applicants, ED and HHS have created and are publishing a rubric for scoring State applications. The pages that follow detail the rubric and allocation of point values that reviewers will be using. The rubric will be used by reviewers to ensure consistency across and within review panels.

The rubric allocates points to each criterion. In all, the RTT-ELC scoring rubric includes 17 selection criteria and two competitive preference priorities. These collectively add up to 300 points. The selection criteria are divided into two sections: Core Areas and Focused Investment Areas.

Applicants must respond to all of the selection criteria within each of the two Core Areas: (A) Successful State Systems and (B) High-Quality, Accountable Programs.

- Applicants have more flexibility within each of the Focused Investment Areas: (C) Promoting Early Learning and Development Outcomes for Children; (D) A Great Early Childhood Education Workforce; and (E) Measuring Outcomes and Progress. In these sections, applicants may select which selection criteria to address, focusing on those that the State believes will have the most impact on school readiness for its Children with High Needs, given that State's context and the current status of its early learning and development activities. The Focused Investment Areas must be addressed as follows.

Focused Investment Areas

- The applicant must select and address--
 - At least two selection criteria from Focused Investment Area (C) Promoting Early Learning and Development Outcomes for Children; and
 - At least one selection criterion each from Focused Investment Areas (D) A Great Early Childhood Education Workforce and (E) Measuring Outcomes and Progress.
- Each Focused Investment Area (C), (D), and (E) is worth a specific number of points; these points will be evenly divided across the selection criteria that the applicant chooses to address in that section.

Priorities

Applicants address the absolute priority throughout their applications; they do not write separately to this priority. The absolute priority must be met in order for an applicant to receive funding.

Applications that choose to address a competitive preference priority will earn extra points under that priority if the reviewers determine that the response is of high quality. Applicants may choose to write to invitational priorities to extend the scope of the application; applicants are invited to address these and may apply funds from this grant to implement activities under them, but do not earn additional points for doing so.

Reviewers will be required to make thoughtful judgments about the quality of the State’s application and will be assessing, based on the criteria, the comprehensiveness, feasibility, and likely impact of the State’s application. Reviewers will also be asked to evaluate, for example, the extent to which the State has set ambitious but achievable annual targets in its application. Reviewers will also need to make informed judgments about the State’s goals, the rationales for the Focused Investment Areas, the activities the State has chosen to undertake, and the timelines and credibility of the State’s plans.

This appendix includes information about the point values for each criterion and priority, guidance on scoring, and the rubric that we will provide to reviewers.

II. Points Overview

The chart below shows the maximum number of points that are assigned to each criterion.

Race to the Top-Early Learning Challenge: Points Overview	Points Available	Percent
A. Successful State Systems		
(A)(1) Demonstrating past commitment to early learning and development.	20	
(A)(2) Articulating the State’s rationale for its early learning and development reform agenda and goals.	20	
(A)(3) Aligning and coordinating work across the State	10	
(A)(4) Developing a budget to implement and sustain the work	15	
Core Area A Subtotal	65	23
B. High-Quality, Accountable Programs		
(B)(1) Developing and adopting a common, statewide Tiered Quality Rating and Improvement System	10	
(B)(2) Promoting participation in the State’s Tiered Quality Rating and Improvement System	15	
(B)(3) Rating and monitoring Early Learning and Development Programs	15	
(B)(4) Promoting access to high-quality Early Learning and Development Programs	20	
(B)(5) Validating the State’s Tiered Quality Rating and Improvement System	15	
Core Area B Subtotal	75	27
C. Promoting Early Learning and Development Outcomes for Children		
(C)(1) Developing and using statewide, high-quality Early Learning and Development Standards	60 (divided evenly)	

Race to the Top-Early Learning Challenge: Points Overview		Points Available	Percent
(C)(2) Supporting effective uses of Comprehensive Assessment Systems	across the criteria addressed)		
(C)(3) Identifying and addressing health, behavioral, and developmental needs			
(C)(4) Engaging and supporting families			
Focused Investment Area C Subtotal		60	21
D. A Great Early Childhood Education Workforce			
(D)(1) Developing Workforce Knowledge and Competency Framework and a progression of credentials		40 (divided evenly across the criteria addressed)	
(D)(2) Supporting Early Childhood Educators			
Focused Investment Area D Subtotal		40	14
E. Measuring Outcomes and Progress			
(E)(1) Understanding the status of children at kindergarten entry		40 (divided evenly across the criteria addressed)	
(E)(2) Building or enhancing an early learning data system			
Focused Investment Area E Subtotal		40	14
Total Points Available for Selection Criteria		280	
Competitive Priority 2: Including all Early Learning and Development Programs in the TQRIS		10	
Competitive Priority 3: Understanding status of learning and development at Kindergarten Entry		10	
Grand Total		300	

III. About Scoring

General Notes about Scoring

There are two terms that we use repeatedly in the notice: High-Quality Plan and “ambitious yet achievable” goals or targets. These are anchor terms for both applicants to understand and reviewers to use in guiding their scoring. We discuss each below.

- *A High-Quality Plan.* In determining the quality of a State’s plan for a given selection criterion or competitive preference priority, reviewers will assess the extent to which the plan meets the definition (as provided in the notice) of a High-Quality Plan, including whether it is feasible and has a high probability of successful implementation and contains the following components--

- (a) The key goals;
- (b) The key activities to be undertaken; the rationale for the activities; and, if applicable, where in the State the activities will be initially implemented, and where and how they will be scaled up to achieve statewide implementation;
- (c) A realistic timeline, including key milestones, for implementing each key activity;
- (d) The party or parties responsible for implementing each activity and other key personnel assigned to each activity;
- (e) Appropriate financial resources to support successful implementation of the plan;
- (f) The information requested as supporting evidence, if any, together with any additional information the State believes will be helpful to peer reviewers in judging the credibility of the plan;
- (g) The information requested in the performance measures, where applicable;
- (h) How the State will address the needs of the different types of Early Learning and Development Programs, if applicable; and
- (i) How the State will meet the needs of Children with High Needs, as well as the unique needs of special populations of Children with High Needs.

Using the information provided to them in the application, reviewers will assess the extent to which the proposed plan in a specific selection criterion is a High-Quality Plan that is credible, feasible to implement, and likely to result in the outcomes the State has put forward.

- *Ambitious yet achievable.* In determining whether a State has ambitious yet achievable goals or targets for a given selection criterion, reviewers will examine the State’s goals or targets in the context of the State’s plan and the evidence submitted (if any) in support of the plan. Reviewers will not be looking for any specific targets nor will they necessarily reward higher targets above lower ones with higher scores. Rather, reviewers will reward States for developing goals and targets that, in light of each State’s plan and the current context and status of the work in that State, are shown to be “ambitious yet achievable.”

About Assigning Points

Reviewers will assign points to an application for each selection criterion in Core Areas (A) and (B) and for each selection criterion that the State has chosen to address within Focused Investment Areas (C), (D), and (E). Reviewers will also assign points to the competitive preference priorities. Points for a selection criterion or priority (e.g., (B)(4) or Priority 2) are assigned by reviewers for the totality of the applicant's response; that is, reviewers need not divide the total available points equally across the sub-criteria.

There are two scoring rubrics to guide reviewers when awarding points:

- The Quality Rubric, which provides guidance on how to allocate points for high-, medium-, and low-quality responses to specified selection criteria; and

- The Quality and Implementation Rubric, which provides guidance on how to allocate points for selection criteria and competitive preference priority two where reviewers are assessing the quality of both plans and existing implementation.

The chart below indicates which rubric the State will use for each criterion or competitive preference priority.

Race to the Top-Early Learning Challenge: Rubric Table	Points Available	Type of Rubric Used
A. Successful State Systems		
(A)(1) Demonstrating past commitment to early learning and development.	20	Quality
(A)(2) Articulating the State's rationale for its early learning and development reform agenda and goals.	20	Quality
(A)(3) Aligning and coordinating work across the State	10	Quality and Implementation
(A)(4) Developing a budget to implement and sustain the work	15	Quality
Core Area A Subtotal	65	
B. High-Quality, Accountable Programs		
(B)(1) Developing and adopting a common, statewide Tiered Quality Rating and Improvement System	10	Quality and Implementation
(B)(2) Promoting participation in the State's Tiered Quality Rating and Improvement System	15	Quality and Implementation
(B)(3) Rating and monitoring Early Learning and Development Programs	15	Quality and Implementation
(B)(4) Promoting access to high-quality Early Learning and Development Programs	20	Quality and Implementation
(B)(5) Validating the State's Tiered Quality Rating and Improvement System	15	Quality
Core Area B Subtotal	75	
C. Promoting Early Learning and Development Outcomes for Children		
(C)(1) Developing and using statewide, high-quality Early Learning and Development Standards	60 (divided evenly across criteria addressed)	Quality and Implementation
(C)(2) Supporting effective uses of Comprehensive Assessment Systems		
(C)(3) Identifying and addressing health, behavioral, and developmental needs		
(C)(4) Engaging and supporting families		
Focused Investment Area C Subtotal	60	
D. A Great Early Childhood Education Workforce		

Race to the Top-Early Learning Challenge: Rubric Table	Points Available	Type of Rubric Used
(D)(1) Developing Workforce Knowledge and Competency Framework and a progression of credentials	40 (divided evenly across criteria addressed)	Quality and Implementation
(D)(2) Supporting Early Childhood Educators		
Focused Investment Area D Subtotal	40	
E. Measuring Outcomes and Progress		
(E)(1) Understanding the status of children at kindergarten entry	40 (divided evenly across criteria addressed)	Quality and Implementation
(E)(2) Building or enhancing an early learning data system		
Focused Investment Area E Subtotal	40	
Total Points Available for Selection Criteria	280	
Competitive Priority 2: Including all Early Learning and Development Programs in the TQRIS	10	Quality and Implementation
Competitive Priority 3: Understanding the status of children at kindergarten entry	10	Addressed in Table (A)(1)-12 or in selection criterion (E)(1)
Grand Total	300	

Quality Rubric

The following scoring rubric will be used to guide the reviewers in scoring selection criteria governed by the Quality Rubric. (See “General Notes about Scoring” for more information about how reviewers will assess High-Quality Plans and “ambitious yet achievable” targets and goals.)

	Percentage of Available Points Awarded
High-quality response	80-100%
Medium/high-quality response	50-80%
Medium/low-quality response	20-50%
Low-quality response	0-20%

Quality and Implementation Rubric

This scoring rubric provides guidance on how to allocate points for selection criteria and Competitive Preference Priority 2 where reviewers are assessing both plans and existing implementations. In reviewing the elements for each selection criterion, reviewers will need to consider the degree of implementation; more points are awarded for implementation efforts in the implementation phase than those that are in the planning stages, and more points are awarded for efforts where implementation is complete or closer to completion. When evaluating the degree of implementation, reviewers will consider:

- The extent to which each element in the selection criterion is implemented in the State;
- The extent to which the State has implemented each element across different types of Early Learning and Development Programs, if applicable; and
- The extent to which the State has implemented each element across the State’s special populations of Children with High Needs, if applicable.

The reviewers will also need to make a determination about the quality of the response to each element. High-quality responses are rewarded over low-quality responses. Therefore, elements that are fully implemented with high quality are rewarded over plans that are of fully implemented but of lower quality. (See “General Notes About Scoring” for more information about how reviewers will assess High-Quality Plans and “ambitious yet achievable” targets and goals.) The chart below shows how points will be awarded.

	Not or Minimally Implemented	Partially Implemented	Substantially or Fully Implemented
High-quality response	40-60%	60-80%	80-100%
Medium-quality response	1-40%	10-60%	20-80%
Low-quality response	0%	0-10%	0-20%

About Priorities

There are three types of priorities in the RTT-ELC competition.

- Applicants should address the absolute priority across the entire application and should not address it separately. It will be assessed by reviewers after they have fully reviewed and evaluated the entire application, to ensure that the application has met the priority. If an application has not met the priority, it will be eliminated from the competition. A State meets the absolute priority if a majority of reviewers determines that the State has met the absolute priority
- The competitive preference priorities earn points in a manner similar to selection criteria.
 - Competitive Preference Priority 2 is worth up to 10 points and will be assessed using the Quality and Implementation Rubric.
 - Competitive Preference Priority 3 is worth 10 points; all 10 points are earned if the competitive preference priority is met. A State will earn competitive preference priority points if a majority of reviewers determines that the State has met the competitive preference priority. No points are earned if a majority of reviewers determine that the applicant has not met the competitive preference priority.
A State meets the competitive preference priority for—
 - Demonstrating , by verifying that all elements in Table (A)(1)-12 have been met, that the State has already implemented a Kindergarten Entry Assessment that meets selection criterion (E)(1); or
 - Writing to selection criterion (E)(1) and earning a score of at least 70 percent of the maximum points available for that criterion.
- The invitational priorities are addressed in their own separate sections. While applicants are invited to write to the invitational priorities, these will not earn points.

In the Event of a Tie

If two or more applications have the same score and there is not sufficient funding to support all of the tied applicants, the applicants' overall scores on Core Area (B) will be used to break the tie.
