Timeline

A number of important dates are identified below for local educational agencies (LEAs) or chartering authorities intending to apply for School Improvement Grant (SIG) funds.

Important Events	Dates
Early Notification of the Request for Applications and the list of persistently lowest-achieving schools sent to each LEA that has Tier I and/or Tier II schools	Week of March 1, 2010
Request for Applications (RFA) posted on the California Department of Education (CDE) Web site	June 23, 2010
LEA seeks public input and approval on its application by its local governing board	Prior to July 2, 2010
LEA SIG application due to the CDE	July 2, 2010
The CDE conducts a SIG RFA readers' conference where readers evaluate and score applications	To Be Determined
SBE takes action on LEA applications. The CDE will immediately notify LEAs of approval status. LEAs receiving a FY 2009 SIG sub-grant must begin full implementation of the intervention model(s) they select for their funded schools at the beginning of the 2010–11 school year.	To Be Determined
Sub-grant award notification letters sent to LEAs	August, 2010
Signed sub-grant award notification returned to the CDE	Within 10 days of receipt by the LEA
LEAs with applications approved at the July SBE meeting will submit (for SBE information and progress update only) their revised LEA Plan amendment and Single Plan for Student Achievement (SPSA) to the CDE.*	October 1, 2010

***While the LEA Plan addendum can be completed concurrent with initial implementation of the intervention(s), the models must be implemented within the required timelines described below.**

LEAs receiving a FY 2010 SIG sub-grant must begin full implementation of the intervention model(s) they select for their funded schools at the beginning of the 2010–11 school year, which is Year 1 of the SIG sub-grant. Specific requirements for initial implementation of each of the four intervention models are:

Restart Model – Schools that close and reopen under a charter school operator, a charter management organization, or an education management organization **must open under the new management on Day 1 of the 2010–11 school year.**

Turnaround Model – Schools that implement the turnaround model, including replacing the principal and up to 50 percent of instructional staff, as well as other required school improvement activities, **must have completed principal and instructional staff replacements prior to the beginning of the 2010–11 school year.**

Transformation Model – Schools that implement the transformation model, including replacing the principal and increasing instructional time, as well as other required school improvement activities, **must have replaced the principal and instituted the new school schedule that increases instructional time by Day 1 of the 2010–11 school year.**

Closure Model – If an LEA elects to close a school and enroll the students who attended that school in other schools in the LEA that are higher achieving, the LEA **may prepare for the school’s closure during the 2010–11 school year, but must close the school no later than the end of the 2010–11 school year.**

LEAs and schools planning to implement their intervention models in the 2011–12 school year should not apply in response to the 2009–10 SIG RFA, but are encouraged to apply in response to the 2010–11 SIG RFA.

General Information

A. Overview

Hereafter, the term California Department of Education (CDE) refers to the CDE operating under the policy direction of the State Board of Education (SBE). For information regarding the definition of terms used in this document, refer to the [SIG Application from the U.S. Department of Education \(ED\)](#) (outside source), Appendix A, following page 13, of that document.

SIG, authorized under Section 1003(g) of Title I, Part A, of the Elementary and Secondary Education Act (ESEA), provides funding, through state educational agencies (SEAs), to LEAs and independent charter schools that received Title I funds and have at least one school identified in Tier I, II, or III. These funds are for identified and approved schools that demonstrate the greatest need and the strongest commitment to use the funds. These sub-grants are intended to provide adequate resources in order to raise substantially the achievement of students to enable the schools to make adequate yearly progress and exit improvement status.

The state of California intends to align the resources of Race to the Top (RTTT), State Fiscal Stabilization Funding (SFSF), and SIG to support specific and

substantial school improvement activities as directed by federal guidance. SIG funding will be provided to LEAs with schools that meet eligibility requirements as defined by the ED according to prescribed priorities and evidence of greatest need and demonstration of greatest commitment. Based on the priorities for RTTT and SIG, California will specifically base its funding on the state's list of "persistently lowest-achieving" schools – Tier I and Tier II schools. Therefore, California will give highest priority for funding to applications from LEAs that commit to serve all of their Tier I and Tier II schools. California will not fund any Tier III schools until all LEA applications to serve Tier I or Tier II schools are funded. Given the substantial numbers of Tier I and Tier II schools on California's list of SIG-eligible schools, California does not anticipate funding any Tier III schools with the 2009–2010 SIG funds.

The CDE will provide guidance to LEAs as they plan, implement, monitor, and evaluate selected intervention models in their lowest achieving schools. The state will also work to ensure that schools successfully implement one of the four intervention models by promoting district partnerships to share expertise and lessons learned in ways that can build upon and sustain success. The services provided to Tier I, II, and III schools are clearly focused on making sure that schools are equipped to maximize student success. Technical assistance will be provided to LEAs during the implementation process by the Statewide System of Support. The extent of this support will be contingent on the level of RTTT funding provided for California.

LEAs that currently receive District Assistance and Intervention Team (DAIT) services will be required to describe how they will coordinate their DAIT and SIG improvement activities to improve performance in their lowest-achieving schools. LEAs must identify the major LEA improvement actions and describe how the LEA will align its proposed SIG improvement activities with the recommendations of the DAIT, if appropriate. LEAs receiving DAIT services will continue to participate in the DAIT process and will still be subject to the program improvement (PI) sanctions the SBE deems necessary.

B. Opportunity to Improve

To receive a SIG sub-grant, an LEA must submit an application to the CDE that complies with the provisions herein. These funds are intended to support research-based and effective, sustainable school improvement activities that increase the likelihood that all students learn challenging academic content and achieve proficiency on state assessments in reading/language arts and mathematics.

For fiscal year (FY) 2009, California is scheduled to receive \$415 million, approximately \$64 million through the ED Appropriations Act of 2009, and \$351 million through the American Reinvestment and Recovery Act (ARRA).

FY 2009 SIG funds are available for obligation by the CDE and LEAs from July 1, 2010, through September 30, 2012. In its application for these funds, the state has requested a waiver of the funding term to permit the state and its participating LEAs to obligate the funds through September 30, 2013.

C. Eligibility

Under the final requirements, as amended through the interim final requirements published in the *Federal Register* in January 2010, SIG funds will focus on each state's "Tier I" and "Tier II" schools. In keeping with federal requirements, California has defined "persistently lowest-achieving schools" as those that are determined to have been among the lowest five percent of schools in PI in terms of their average three-year proficiency rate for English-language arts and mathematics in the three previous school years (2006–07, 2007–08, and 2008–09). In accordance with ED guidance, any high school in either Tier I or Tier II with a 4-year graduation rate of less than 60 percent was also included. Prior to identifying specific schools, the SEA excluded from the list of potential schools those that had shown at least 50 points of growth in the Academic Performance Index (API) over the previous five years (to address the requirement that only schools showing a lack of progress over a certain number of years should be included). In addition, schools not meeting California's established minimum group size of 100 students with valid test scores for each of the three years were excluded.

California has defined Tier II schools as the persistently lowest-achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds. In the Tier I and Tier II schools an LEA commits to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model. If approved to do so, an LEA may also use SIG funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools, referred to in federal SIG guidance as "Tier III" schools. An LEA must be receiving Title I funding in order to be eligible to apply.

D. Funding Priority and Levels

Federal SIG regulations provide equal priority for funding Tier I and Tier II schools. ED requires the SEA to award SIG funds to serve Tier I and Tier II schools that LEAs commit to serve prior to awarding any funds to an LEA to serve any Tier III schools. There may not be sufficient funding to serve all eligible schools. Therefore, California intends to fund all Tier I and Tier II schools statewide prior to funding any Tier III schools. Given this intent, LEA applicants are strongly encouraged to commit to serve all of their Tier I and Tier II schools prior to including any Tier III schools in their SIG sub-grant application.

The SEA will allocate SIG funds to LEAs in accordance with the following priorities:

- (i) LEAs that commit to serve **all** of their Tier I and Tier II schools

- (ii) LEAs that commit to serve some, but not all, of their Tier I and Tier II schools
- (iii) LEAs that commit to serve Tier III schools

Persistently lowest-achieving charter schools that do not select the School Closure intervention model must clarify how the intervention selected will create a significantly different instructional model and school culture.

In making awards consistent with the priorities, an LEA's capacity to implement the selected school interventions, and other factors, such as the number of schools served in each tier, the selected intervention model, school enrollment, and the overall quality of LEA applications will be considered. If the SEA determines that the LEA does not have the capacity to meet the needs of all schools in the application, the SEA reserves the right to fund the LEA to serve only a portion of the schools included in the LEA's application. The SEA will only consider awarding funds to those LEAs that develop and submit a comprehensive and viable application likely to improve student academic achievement. The SEA also reserves the right to fund applications at a lesser amount if the application can be implemented with less funding. Furthermore, if funding is not sufficient to fully fund all applications that merit award, the SEA reserves the right to fund applications at a lesser amount, identify which schools or sites will receive funding, and award sub-grants accordingly.

If sufficient SIG funds are not available to allow each LEA to implement fully and effectively the selected intervention model(s) at all of their Tier I and Tier II schools, the SEA may take into account the distribution of Tier I and Tier II schools among such LEAs in the State to ensure that Tier I and Tier II schools throughout the State can be served.

An approved LEA application will receive a minimum of \$50,000 and a maximum \$2,000,000 per year for each of their eligible Tier I, Tier II, and Tier III schools that are included and approved in the sub-grant application. Funding levels will reflect the LEA's projected cost of implementing the selected intervention strategy for each school as approved by the state.

The maximum funding available to each LEA each year is determined by multiplying the total number of Tier I, Tier II, and Tier III schools that the LEA commits to serve by \$2,000,000 (the maximum amount that an SEA may award to an LEA for each participating Title I school). For example, an LEA with three Tier I schools and two Tier II schools could receive up to \$10 million (5 X \$2,000,000) each year, or a three-year total of \$30 million (assuming the SEA or LEA has been granted a waiver to extend the period of funding availability).

Program Guidelines

A. School Improvement Strategies

An LEA that wishes to receive a SIG must submit an application to the state identifying which schools it commits to serve from the state's list of Tier I, Tier II, and Tier III schools. Tier I and Tier II schools must implement one of the following four school intervention models (as described in the *Federal Register* and provided below) intended to improve the management and effectiveness of these schools:

- i. **Turnaround model**, which includes, among other actions, replacing the principal and rehiring no more than 50 percent of the school's staff, adopting a new governance structure, and implementing an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California's adopted content standards. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten-grade eight and standards-aligned core and intervention instructional materials in grades nine-twelve.

Required Activities:

A turnaround model is one in which an LEA implements each of the following strategies:

- a. Replace the principal and grant the new principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully and effectively a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates.
- b. Use locally-adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students, to screen all existing staff and rehire no more than 50 percent, and select new staff.
- c. Implement such strategies as (1) financial incentives, (2) increased opportunities for promotion and career growth, and (3) more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school.
- d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.

- e. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a new “turnaround office” in the LEA, hire a “turnaround leader” who reports directly to the LEA, or enter into a multi-year contract with the LEA.
- f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California’s adopted academic standards. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten-grade eight and standards-aligned core and intervention instructional materials in grades nine-twelve.
- g. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.
- h. Establish schedules and implement strategies that provide increased learning time.
- i. Provide appropriate social-emotional and community-oriented services and supports for students.

Permissible Activities:

A turnaround model may also implement other strategies such as:

- j. Any of the required and permissible activities under the transformation model
 - k. A new school model (e.g., themed or dual language academy)
- ii. **Restart model**, in which an LEA converts a school or closes and reopens a school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a locally-determined rigorous review process, using SEA provided guidance, by the LEA. (A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides “whole-school operation” services to an LEA.) A restart model school must enroll, within the grades it serves, any former student who wishes to attend the school.
 - iii. **School closure**, in which an LEA closes a school and enrolls the students who attended that school in other schools in the LEA that are higher achieving. These other schools should be within reasonable proximity to the closed school and

may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.

iv. Transformation model, in which an LEA implements each of the following strategies:

Note: An LEA that has nine or more Tier I and Tier II schools can only use the transformation model in 50 percent or less of these schools.

a. Developing and increasing teacher and school leader (and other staff) effectiveness.

Required Activities:

- (1) Replace the principal who led the school prior to commencement of the transformation model
- (2) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that
 - (A) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates
 - (B) Are designed and developed with teacher and principal involvement
- (3) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so
- (4) Provide instructional staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, coaching, instruction that reflects a deeper understanding of the community served by the school, differentiated instruction, and teacher collaboration) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies
- (5) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that

are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school

Permissible Activities:

- (1) Providing additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school
- (2) Instituting a system for measuring changes in instructional practices resulting from professional development
- (3) Ensuring that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority

b. Comprehensive instructional reform strategies

Required Activities:

- (1) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California's adopted academic content standards. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten-grade eight and standards-aligned core and intervention instructional materials in grades nine-twelve.
- (2) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students

Permissible Activities:

- (1) Conducting periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if deemed ineffective
- (2) Implementing a schoolwide "response-to-intervention" model
- (3) Providing additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that English learner students acquire the English proficiency (language) skills necessary to master academic content within a certain time period

(4) Using and integrating technology-based supports and interventions as part of the instructional program

(5) In secondary schools

(A) Increasing rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework

(B) Improving student transition from middle to high school through summer transition programs or freshman academies

(C) Increasing graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills

(D) Establishing early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate

c. Increasing learning time and creating community-oriented schools.

Required Activities:

(1) Establish schedules and strategies that provide increased learning time

(2) Provide ongoing mechanisms for family and community engagement

Permissible activities:

(1) Partnering with parents and parent organizations, faith- and community-based organizations, health clinics, other state or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs

(2) Extending or restructuring the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff

- (3) Implementing approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment
- (4) Expanding the school program to offer full-day kindergarten or pre-kindergarten

d. Providing operational flexibility and sustained support.

Required Activities:

- (1) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates
- (2) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO)

Permissible Activities:

- (1) Allowing the school to be run under a new governance arrangement, such as a turnaround division within the LEA
- (2) Implementing a per-pupil school-based budget formula that is weighted based on student needs

B. Responsibilities of the LEA

- i. For each Tier I and Tier II school that the LEA commits to serve, the LEA must demonstrate that:
 - The LEA has analyzed the needs and the appropriateness of each model for each school and then selected the model that will be most effective for each school
 - The LEA has the capacity to use SIG funds to provide adequate resources and related support to each Tier I and Tier II school identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model(s) it has selected
- ii. If the LEA is not applying to serve each Tier I school identified, the LEA must explain why it lacks capacity to serve each Tier I school.

- iii. The LEA must describe actions it has taken, or will take, to:
 - Design and implement intervention(s) consistent with the final requirements
 - Recruit, screen, and select external providers, if applicable, to ensure their quality
 - Align other resources with the intervention(s) including federal, state, private, and other district resources
 - Modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively
 - Sustain the reforms after the funding period ends
- iv. The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each Tier I and Tier II school identified in the LEA's application using the appropriate Implementation Chart.
- v. The LEA must describe the annual school goals for student achievement on the California Standards Test (CST) in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
- vi. For each Tier III school the LEA commits to serve, the LEA must identify the services the school will receive or the activities the school will implement.
- vii. The LEA must describe the school goals it has established in order to hold accountable its Tier III schools that receive school improvement funds.
- viii. As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of school improvement models in its Tier I and Tier II schools.

C. Program Accountability and Monitoring

The SEA is responsible for monitoring LEA SIG implementation in accordance with the following program accountability requirements:

1. Each LEA receiving funding through this RFA meets the eligibility requirements for the sub-grant described herein, and the LEA has provided all required assurances that it will comply with all program implementation and reporting requirements established through this RFA.

2. Each LEA receiving funding through this RFA appropriately uses these funds to implement one of the four school improvement models described in this application.
3. Each LEA implements a selected intervention model in each school funded through this application within the timeline in which the funds provided are to be used.

To fulfill its monitoring responsibilities, the SEA will require funded LEAs to submit appropriate fiscal and program information. In addition, representatives of the state and/or the regional consortia may conduct site visits to a selected representative sample of funded LEAs and their funded schools. The purpose of these visits would be to validate information submitted by LEAs and gather additional information from interviews and observations for technical assistance, monitoring, and evaluation purposes.

Reporting and Accountability Requirements

Applicants awarded SIG funds must satisfy periodic reporting and accountability requirements throughout the term of the sub-grant. These requirements address: (A) program accountability; (B) fiscal reporting requirements; (C) site visits; and (D) program evaluation.

A. Program Accountability

Each identified PI school and LEA receiving SIG sub-grant funds is responsible for carrying out its school improvement responsibilities under ESEA [Section 1116\(b\) and \(c\)](#), respectively.

The LEA must include on its application a list of each of the schools served, their CDS codes, their National Council on Education Statistics (NCES) Identification Number, the intervention model selected for each school, and the amount of funds or value of services to be provided at each school.

Each LEA and school receiving a SIG sub-grant is responsible for carrying out its school improvement responsibilities in accordance with its approved sub-grant application and improvement plan. This includes making progress toward annual school goals and benchmarks.

For any Tier I or Tier II school, the LEA must provide school-level data on all of the metrics designated by ED. Refer to page 17 of Appendix A of the [SIG Application from ED](#) (outside source) for a complete listing of metrics and indicators.

Because SIG is mostly funded by ARRA, California is required to submit reports containing the information required under Section 1512(c) of the ARRA. At a

minimum, Section 1512(c) of the ARRA requires a state to report the total amounts of Title I, Part A ARRA funds received and expended or obligated; the project's or activity's name, description, and evaluation of its completion status on which Title I, Part A, ARRA funds are used; and an estimate of the number of jobs that were saved or created with those funds. Therefore, LEAs receiving SIG funding pursuant to this application will be required to report this information in addition to SIG program reporting. The state has developed a web-based reporting process through which LEAs will report this information required by ARRA. For more information, go to <http://www.cde.ca.gov/ar/ts/index.asp>.

The first report is due no later than ten days after the initial calendar quarter in which California first receives SIG, ARRA funds. Thereafter, reports must be submitted no later than the tenth day after the end of each calendar quarter.

B. Fiscal Reporting Requirements

SIG sub-grantees must submit quarterly expenditure reports to the CDE by the following dates: October 31, January 31, April 30, and July 31 for the duration of their sub-grant award. The LEA or chartering authority is responsible for ensuring that reports are accurate, complete, and submitted on time.

C. Site Visits by Regional Consortia or State Staff

If selected as part of a site visit sample, LEAs and their funded schools must agree to site visits by state representatives and/or the regional consortia. The site visit is intended to validate information provided in expenditure and program evaluation reports and gather more detailed information on implementation efforts and challenges, and provide technical assistance and support.

D. Program Evaluation

All SIG recipients will be responsible for fulfilling the following program evaluation requirements:

- i. Report annual accountability data to the CDE including, but not limited to:
 - a. Fiscal information on the use of grant funds provided under ESEA Section 1003(g)
 - b. Measures to demonstrate implementation of the research- and evidence-based strategies identified in the sub-grant application
 - c. The number and percentage of students who score proficient in reading/language arts and mathematics, as measured by the state's annual assessments, both overall in the LEA and for each school receiving funds through this application

- d. Whether the LEA has made Annual Yearly Progress (AYP) and moved out of PI status, and whether any of the schools receiving funds through this application have made AYP and moved out of PI status
- ii. Respond to any specific data requests from the ED
- iii. Utilize annual student achievement goals and student achievement data to evaluate the effectiveness of improvement strategies identified in the SIG sub-grant application for purposes of local monitoring and continuous improvement efforts
- iv. In addition, the CDE will review the performance of participating schools on the nine leading indicators identified by ED in its January 20, 2010, SIG guidance:
 - (1) Number of instructional minutes within the school year
 - (2) Student participation rate on state assessments in reading/language arts and in mathematics, and by student subgroup
 - (3) Dropout rate where applicable
 - (4) Student attendance rate
 - (5) Number and percentage of students completing advanced coursework (e.g., where applicable, AP/IB), early-college high schools, and dual enrollment classes
 - (6) Discipline incidents
 - (7) Truants
 - (8) Distribution of teachers by performance level on an LEA's teacher evaluation systems
 - (9) Teacher attendance rate

For those indicators for which the CDE does not currently collect data, the CDE will require that funded LEAs include this information in their annual reports for this program if applicable. Refer to page 17 of Appendix A of the [SIG Application from ED](#) (outside source) for a complete listing of metrics and indicators.

Fiscal Operations

Sub-grantees must comply with the following fiscal operation requirements.

A. Use of Funds

SIG funding shall be used to support school improvement efforts by LEAs and their eligible schools funded by this sub-grant process. Sub-grant funds may be used for staff salaries, materials, services, training, equipment, supplies, evaluation, facilities, or other purposes, except as specifically limited by all applicable legal requirements including all regulations or statutes or by the SEA. Each eligible LEA that receives an award may use the funds to carry out activities that advance the SIG sub-grant priorities. Sub-grantees may only use sub-grant funds for their intended purposes.

The SIG funds must supplement, not supplant, existing services and may not be used to supplant federal, state, local, or nonfederal funds. Programs may not use SIG funds to pay for existing levels of service funded from any other source. An LEA that commits to serve one or more Tier I, Tier II, or Tier III schools that do not receive Title I, Part A funds must ensure that each of those schools receives all of the state and local funds it would have received in the absence of the SIG funds.

Sub-grantees may not carry over unexpended sub-grant funds beyond the ending date for each sub-grant award period.

If the sub-grantee terminates program operation, the CDE will bill the LEA sub-grantee for any overpayment.

Please refer to page 41 for a list of the expenditure codes to be used in this RFA. For a detailed description of these expenditure classifications, refer to the *California School Accounting Manual*, 2008 Edition. Visit the CDE accounting Web site at <http://www.cde.ca.gov/fg/ac/sa/> for viewing and downloading information.

B. Payments to Sub-grantees

The CDE will issue payments in five increments as follows:

- The first payment: 25 percent of the annual sub-grant award, plus all expenses already incurred, no later than 30 days after the CDE receives the Grant Award Notification letter (AO-400), or within 30 days after the Budget Act becomes effective, whichever is later
- Subsequent payments will be made quarterly in amounts that equal 25 percent of the total award, plus expenses already incurred to date, upon verification that quarterly reports have been submitted to the CDE by the LEA
- No payments will be made in excess of the grant award. Ten percent will be withheld until approval of the final year-end expenditure report.

C. Renewal of Funding

The SEA will consider the following factors annually in determining whether to recommend to the SBE that the LEA's SIG sub-grant, in whole or in part, will be renewed:

- LEA Progress on Annual School Achievement Goals

Each participating LEA must establish clear, measurable, and challenging goals for student achievement on the state's assessments in reading/language arts and mathematics, Standardized Testing and Reporting Program data, AYP, and API **for each school**. The SEA will use annual results from these assessment and accountability systems to determine progress made and compare them with LEA applicant goals for each funded school in reading/language arts and mathematics for all students and subgroup. In cases in which one or more of the schools served in an LEA are not meeting their improvement goals, the LEA's sub-grant will be considered for a reduction equivalent to the annual award for the non-achieving school(s) with the intent that the school(s) no longer receive(s) funding.

- LEA Progress on SIG Plan Implementation

For each participating school, the LEA must describe the actions and activities required to implement the selected intervention model, including a timeline with specific dates of implementation. The LEA must annually report progress on these actions and activities. The SEA will annually evaluate whether the LEA has made sufficient progress on the implementation of each school's plan. In cases in which the LEA has not made sufficient progress, the LEA's sub-grant will be considered for a reduction equivalent to the annual award for the non-achieving school(s) with the intent that the school(s) no longer receive(s) funding.

D. Termination of Funding

Funding shall be terminated if there is evidence of fraud or fiscal irregularity in the use of funds for their intended purpose.

Application Review and Sub-grant Award Process

A. Selection Process

LEAs with eligible Title I schools may apply for SIG funding through this application. When recommending sub-grant applications for funding, the CDE will recommend funding those applications that fully comply with all requirements described in this RFA. Applications found not to meet those requirements will not be recommended for funding. LEAs with applications not recommended for funding will be provided

information regarding deficiencies in the application to assist them in preparing applications for subsequent SIG cohorts. The SEA will only consider awarding funds to those LEAs that develop and submit a comprehensive and viable application likely to improve student academic achievement.

Each LEA application will be reviewed and scored according to the following process:

Narrative Response	40 percent
Implementation Charts.....	25 percent
Budget Forms	25 percent
Collaborative signatures	5 percent
Completeness of Application	5 percent

Applicants are advised to refer to the SIG Rubric for further guidance on developing an appropriate response. If any applicable element of the application receives a score of “0 – Inadequate”, including any of the eleven Application Narrative elements, the five Implementation Chart elements, or the five Budget elements, that application will not be recommended for funding. Non-applicable elements will not be included in the scoring process.

B. Award Notification

The CDE will post its notification of proposed sub-grant awards for the SIG program on the CDE Web site at <http://www.cde.ca.gov/> within 30 days of the SEA’s action to award SIG sub-grants to LEAs. Applicants will be notified in writing as soon as possible thereafter. All applications, whether approved or not, will be posted in their entirety on the CDE Web site in accordance with federal requirements. In addition, CDE will post a summary of the SIG grant awards including LEA name and NCES number, amount of grant, name of each school approved to be served, and the intervention model to be implemented in each school served.

Application Requirements

LEAs responding to this RFA must submit a complete application packet, including a complete response to all narrative items described in this RFA, required forms, and all original signatures required as noted on each application form. The LEA must complete an Implementation Chart for each Tier I, Tier II, and Tier III school it commits to serve (SIG Forms 10 and 11).

A. List of Schools to Be Served

An LEA must submit a list of schools it commits to serve and identify the intervention model the LEA will use in each Tier I, Tier II school. **Note:** An LEA that has nine or

more Tier I and Tier II schools can only use the transformation model in 50 percent or less of those schools. Complete SIG Form 9 - Schools to Be Served chart.

B. Narrative Response Requirements

LEAs must respond to all of the narrative elements below using SIG Form 3. Narrative sections of the application must be in 12 point Arial font using one inch margins. When responding to the narrative elements, LEAs should provide a thorough response that addresses **all** components of each element. The CDE has provided a rubric that describes expectations for LEA responses to each narrative element and other requirements of the application. This rubric is included as Appendix A of this RFA. Respondents are advised to use the rubric as a guide in preparing their applications. The rubric will also be used as a guide for reviewers during the application review and approval process. An application that receives a rating of “inadequate” on any element will not be recommended for funding. The eleven narrative elements are described below.

i. Needs Analysis

The LEA must describe the process and findings of the needs assessment conducted on **each** school it commits to serve and the evidence used to select the intervention model to be implemented at each school. This description of the needs assessment must address the following areas:

- Assessment instruments used to conduct the analysis (e.g., Academic Performance Survey (APS), Least Restrictive Environment (LRE), and District Assessment Survey (DAS))
- The roles and responsibilities of LEA and school personnel and other collaborative partners that were responsible for conducting the needs assessment and/or analyzing its results
- The process for analyzing the findings and determining the appropriate intervention model
- Findings concerning each school’s current practices and potential for improvement in each of the following areas:
 - Use of California’s standards-aligned instructional materials and targeted interventions. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten-grade eight and standards-aligned core and intervention instructional materials in grades nine-twelve.
 - Curriculum pacing and appropriate use of instructional time

- Faculty professional development activities, collaboration, and instructional support
- Capacity to develop, access, and analyze student performance data to inform and modify instruction
- Alignment of federal, state, and private fiscal resources to support improved school performance, including other district resources
- Staff effectiveness including, but not limited to, methods of instruction, experience, subject-matter knowledge, and ability to support implementation of the selected intervention model

ii. Selection of Intervention Model(s)

Based on the findings of the needs analysis, the LEA must describe its rationale for selecting the intervention model for **each** school and how specific findings from the needs analysis led to the LEA's selection of the intervention model for each school. Include collaborative partners involved and their roles in the selection process. The LEA must include the selected intervention model in the Implementation Chart (Form 10) for each Tier I and Tier II school, and when appropriate, Tier III (Form 11) school, that the LEA intends to serve. The rationale must also provide the basis for not selecting one of the other three intervention models. LEAs that have implemented, in whole or in part, one of the models in a Tier I or Tier II school within the last two years may continue or complete the intervention being implemented provided the intervention conforms to all the requirements of the intervention(s) required in the SIG program and the school is showing significant progress. However, keep in mind that **all** SIG components of the selected intervention model must be fully and effectively implemented. If an LEA is selecting to continue an existing implementation model, sufficient detail on progress and evidence of student achievement must be included in the description and rationale for this model.

iii. Demonstration of Capacity to Implement Selected Intervention Models

The LEA must demonstrate that it has the capacity to use SIG funds to provide adequate resources and related support to **each** Tier I and Tier II school identified in the LEA's application in order to implement, fully and effectively, **all** required activities of the school intervention model(s) it has selected. This demonstration of capacity may include a description of the roles and responsibilities of collaborative partners involved in developing and implementing the LEA's SIG plan. The state will evaluate the LEA's capacity to implement its selected intervention(s) by reviewing the LEA's description of the following application elements and verifying that all elements are sufficiently detailed and aligned with each other, and as a whole provide clear evidence that the LEA has

a viable plan and sufficient personnel and other resources to successfully implement its selected intervention(s):

1. Needs Analysis
2. Process and Rationale for Selection of Intervention Model(s)
3. Recruitment, Screening, and Selection of External Providers
4. Alignment with other Federal, State and Private Resources with the Selected Intervention Model(s)
5. Modification of LEA Policies and Practices
6. Sustainment of Reforms After the Funding Period Ends
7. Annual School Goals for Student Achievement
8. Consultation with Relevant Stakeholders

If the LEA is not applying to serve all Tier I schools within its jurisdiction, the LEA must explain why it lacks the capacity to serve each Tier I school. If the limitation is at the LEA level then the LEA must identify the specific barriers that preclude serving all of its Tier I schools. If the limitation is based on conditions at a specific school or schools, the LEA must describe those conditions. If there are additional limiting factors, the LEA must describe them. The SEA will review the description of the limitation and any supporting evidence provided by the LEA to determine whether the rationale provided supports the LEA's claim of lack of capacity.

iv. Recruitment, Screening, and Selection of External Providers (if applicable)

If the LEA intends to use external entities (including EMOs and CMOs) to provide technical assistance in selecting, developing, and implementing one of the four intervention models it must describe its process for ensuring their quality. Describe the process that will be undertaken to recruit, screen, and select external providers including specific criteria such as experience, qualifications, and record of effectiveness in providing support for school improvement. Indicate whether the external provider has previously provided support to the LEA and/or school, or whether this is a new external provider to the LEA. Applicants planning to continue with the same external provider should include evidence of the provider's effectiveness to date.

v. Align Other Resources with the Selected Intervention Models

The LEA must identify all federal, state, or private resources that are currently available to the school(s) that will be used to support implementation of the

selected intervention model(s), including other district resources and services provided by the district and/or collaborative partners. The LEA must describe the LEA's process for ensuring that these resources will be coordinated with SIG funding to ensure maximum effectiveness in the use of all resources.

vi. Align Proposed SIG Activities with Current DAIT Process

If an LEA is currently receiving DAIT services, it must describe how it will coordinate its DAIT and its SIG activities to improve the performance of their lowest-achieving schools. The description must identify the major LEA improvement actions recommended by the DAIT and describe how the LEA has aligned its proposed SIG activities with those major LEA improvement actions while assuring that all components of the selected intervention model(s) are implemented.

vii. Modify LEA Practices or Policies

Depending on the intervention model selected, the LEA may need to revise some of its current policies and practices to enable its schools to implement the interventions fully and effectively. These may include, but are not limited to, collective bargaining agreements, the distribution of resources among schools, parental involvement policies and practices, school attendance areas and enrollment policies, and agreements with charter organizations and other external service providers.

If the LEA anticipates the need to modify any of its current practices or policies in order to fully implement the selected intervention model(s), it must identify and describe which policies and practices need to be revised, the process for revision, and a description of the proposed revision, including timelines.

Successful applicants will be required to revise their LEA Plan and SPSA for each funded school upon approval of the application by the SBE. The revised LEA Plan must also be submitted for SBE approval. See the SIG Timeline on page 4 of this RFA for specific due dates for the revised LEA Plan and SPSA.

viii. Sustain the Reforms after the Funding Period Ends

SIG funding provided through this application must be expended by September 30, 2012, unless the LEA intends to implement a waiver to extend the funding through September 30, 2013. Each LEA must state whether it intends to implement a waiver to extend the funding period and identify all the resources that will be used to sustain the selected intervention(s) after the SIG funding period expires for each participating school.

ix. LEAs' Annual School Goals for Student Achievement

The LEA must establish challenging annual goals for student achievement on the state's assessments in both reading/language arts and mathematics that it will use to monitor the performance of **each** participating Tier I and Tier II school that receives SIG funds and the LEA commits to serve. To this end, the LEA must provide specific annual student achievement goals for each Tier I and Tier II school that it commits to serve.

Examples of appropriate annual goals may include making at least one year's progress in reading/language arts and mathematics or reducing the percentage of students who are non-proficient on the state's reading/language arts and mathematics assessments by 10 percent or more from the prior year.

x. Serving Tier III Schools

For each Tier III school the LEA commits to serve, the LEA must identify and describe the services the school will receive or the activities the school will implement. The LEA must include any findings concerning each school's current condition and analysis of needs that led to the LEA's selection of the specific improvement activities that will be implemented. The LEA must also establish challenging annual school goals for student achievement on the state's assessments in both reading/language arts and mathematics that it will use to monitor the performance of **each** participating Tier III school that receives SIG funds and the LEA commits to serve.

Note: There may not be sufficient funding to serve all eligible schools. Therefore, California intends to fund all Tier I and Tier II schools – those most in need – statewide prior to funding any Tier III schools. Given this intent, LEA applicants are strongly encouraged to serve all of their Tier I and Tier II schools prior to including any Tier III schools in their SIG sub-grant application.

xi. Consultation with Relevant Stakeholders

The LEA must consult with relevant stakeholders such as students, parents, educators, and the community regarding the LEA's application, and solicit their input for the development and implementation of school improvement models in participating Tier I and Tier II schools. The LEA must describe the specific activities the LEA has undertaken to ensure that it consulted with parents and fulfilled this requirement such as soliciting input at District and School Advisory Committee (DAC/SAC) meetings, School Site Council (SSC) meetings, school or district English Language Advisory Committee (ELAC/DELAC), local bargaining unit(s), parent and community forums, and/or governing board meetings.

LEAs must hold at least two public meetings to consult with staff, parents, and the community regarding the LEAs application and its selection of one of the four

intervention models for its Tier I and II schools (per *Education Code* Section 53202(b)). The LEA must provide documentation that such meetings were held (e.g., meeting agenda or meeting minutes), provide a summary of input obtained through these meetings, indicate which input was incorporated into the LEA's SIG application, and provide a rationale for not accepting any input that the LEA rejected.

C. Implementation Charts for Each School the LEA Plans to Serve

For each identified Tier I and Tier II school, the LEA must complete SIG Form 10, Implementation Chart for a Tier I or Tier II school and specify the intervention model to be implemented. The LEA must include required component, actions and activities required to implement the selected intervention model, a timeline with specific dates of implementation, the estimated cost of the identified activity, the personnel and material resources necessary, and the individual(s) who will be responsible for oversight and monitoring. Use the appropriate required component acronym as stated in Appendix C: School Improvement Grant Model Component Acronyms that correlate with the stated Services and Activities listed on SIG Form 10. LEAs that have implemented, in whole or in part, one of the intervention models in a Tier I or Tier II school within the last two years may continue or complete the intervention model being implemented provided the intervention conforms to all the requirements of the intervention(s) required in the SIG and the school is showing significant progress. However, the implementation chart must include all required components of the selected intervention model. The LEA must include specific activities for the components that have already been completed as well as the components that will be completed in the future.

The LEA must complete SIG Form 11, Implementation Chart for a Tier III school for each Tier III school the LEA commits to serve. The LEA must identify the services the school will receive or the activities the school will implement. If the LEA is opting to implement one of the four intervention models, it must indicate which intervention model will be selected. If the LEA has opted to implement other services or activities, it must provide a brief description at the top of the chart where it is indicated. The LEA must include a timeline with specific dates of implementation, the estimated cost of the identified activity or service, the personnel and material resources necessary, and the individuals who will be responsible for oversight and monitoring. LEAs that have implemented, in whole or in part, one of the three intervention models (excluding the School Closure model) in a Tier III school within the last two years may continue or complete the intervention being implemented provided the intervention conforms to all the requirements of the intervention(s) required in the SIG and the school is showing significant progress. However, the implementation chart must include all required components of the selected intervention model. The LEA must include specific activities for the components that have already been completed as well as the components that will be completed in the future.

D. Budget

The LEA must include LEA Proposed Budget (SIG Form 4a), a School Proposed Budget (SIG Form 4b) for each school the LEA commits to serve, an LEA Budget Narrative (SIG Form 5a), and a School Budget Narrative (SIG Form 5b) for each school the LEA commits to serve. The LEA budget must indicate the amount of SIG funds the LEA will use each year in the Tier I, Tier II, and Tier III schools it commits to serve. As the LEA is preparing the proposed budget it should take into account the selected intervention model and size of school enrollment. The LEA and School Budget Narrative must provide more detail regarding the information provided in the LEA budget. The School Budget Narrative must provide more detail on school-level information provided in both the school proposed budget and the Implementation Charts.

Note: An LEA's budget must cover the period of availability, including any extension granted through a waiver, and be of sufficient size and scope to implement the selected school intervention model in each Tier I and Tier II school the LEA commits to serve, and the proposed activities to be implemented in each Tier III school the LEA commits to serve.

An LEA's budget for each year may not exceed the number of Tier I, Tier II, and Tier III schools it commits to serve, and are approved, multiplied by \$2,000,000.

In awarding SIG funds to an LEA, the state may allocate up to \$2,000,000 per year for each Tier I, Tier II, and Tier III school that will implement a rigorous intervention model for which the LEA has requested funds in its budget and for which the SEA determines the LEA has the capacity to serve, unless the SEA determines on a case-by-case basis, considering such factors as school size, the intervention selected, and other relevant circumstances, that less funding is needed to implement the intervention fully and effectively.

E. Waivers

The state has requested a waiver of the requirements listed below. These waivers would allow any LEA in California that receives SIG funds to use those funds in accordance with the final requirements for SIG and the LEA's application for a sub-grant.

The LEA must specify each waiver that it intends to implement on SIG Form 8. If the LEA does not intend to implement a waiver with respect to each applicable school, the LEA must indicate for which schools it will implement that waiver on the Schools to Be Served Chart (SIG Form 9).

- Waive Section 421(b) of the General Education Provisions Act (20 U.S.C. § 1225(b)) to extend the period of availability of school

improvement funds for LEAs with an approved application to September 30, 2013.

- Waive Section 1116(b)(12) of the ESEA for an LEA with an approved application to allow its Tier I schools to implement a turnaround or restart model and “start over” in the school improvement (PI) timeline. (**Note:** Tier I schools only)
- Waive the 40 percent poverty eligibility threshold in Section 1114(a)(1) of the ESEA to permit an LEA with an approved application to implement a schoolwide program in a Tier I school that does not meet the poverty threshold. (**Note:** Tier I schools only)

F. Collaborative Signatures, Attachments, and Memoranda of Understanding

The SIG program must be designed, implemented, and sustained through a collaborative organizational structure that may include students, parents, representatives of participating LEAs and school sites, and private and/or public external technical assistance and support providers. The LEA must complete SIG Form 2, Collaborative Signatures, and provide required information concerning partners collaborating with the LEA in implementation of its SIG plan. The LEA may also attach documents from these collaborative partners that indicate support of its application. Please include a table of contents with this section if supporting documents are included.

Attachments

Attachments may include, but are not limited to, letters of support and/or involvement from the LEA’s collaborative partners. Please identify the type of attachment (e.g., parent letter) in the upper right-hand corner and number each page. All attachments must be submitted in English or include an English translation.

Memoranda of Understanding

Applicants may also provide Memoranda of Understanding (MOUs) describing commitments in support of the LEA SIG application from and private and/or public external technical assistance and support providers. Though not legally binding, the purpose of the MOUs is to clearly describe the specific commitments of staff, services, facilities, equipment, and roles of responsible persons or entities in the delivery of services or resources provided by each partner, including the estimated monetary value of these contributions.

If an LEA is involved in the application (either as the applicant agency or as a collaborative partner), the commitments, responsibilities, and involvement of the LEA **must** be documented in an MOU.

Submission of Applications

LEAs responding to this RFA must submit a complete application packet, and provide all original signatures required, as noted on each application form. Applications must be submitted with all forms compiled in the order listed on the SIG Application Checklist provided on page 31 of this RFA.

Applicants must submit an original, two hard copies, and one electronic copy (all in 12 point Arial font with one inch margins) of each application and ensure that the original and copies are received by the Regional Coordination and Support Office on or before (not postmarked by) 4 p.m., July 2, 2010. Applicants must submit an electronic copy to RCSO@cde.ca.gov. Mailed documents must arrive on or before the July 2, 2010, deadline and should be sent to the following address:

California Department of Education
District and School Improvement Division
Regional Coordination and Support Office
1430 N Street, Suite 6208
Sacramento, CA 95814-5901

Applicants may personally deliver the sub-grant application package to the Regional Coordination and Support Office on or before (not postmarked by) 4 p.m., July 2, 2010, at the following location:

California Department of Education
District and School Improvement Division
Regional Coordination and Support Office
1430 N Street, Suite 6208
Sacramento, CA 95814-5901

SIG Application Checklist

Required Components

The following components must be included as part of the application. Check or initial by each component, and include this form in the application package. These forms can be downloaded at <http://.cde.ca.gov/sp/sw/t1/sig10rfa.asp>. Please compile the application packet in the order provided below.

Include this completed checklist in the application packet

_____ Form 1 Application Cover Sheet
(Must be signed in **blue ink** by the LEA Superintendent or Designee)

_____ Form 2 Collaborative Signatures
(Must be signed in **blue ink** by the appropriate personnel at each school selected for participation and by the LEA Superintendent or Designee)

_____ Form 3 Narrative Response

_____ Form 4a LEA Projected Budget

_____ Form 4b School Projected Budget

_____ Form 5a LEA Budget Narrative

_____ Form 5b School Budget Narrative

_____ Form 6 General Assurances
 Drug Free Workplace Certification
 Lobbying Certification
 Debarment and Suspension Certification

_____ Form 7 Sub-grant Conditions and Assurances (three pages)

_____ Form 8 Waivers Requested

_____ Form 9 Schools to Be Served Chart

_____ Form 10 Implementation Chart for a Tier I or Tier II School

_____ Form 11 Implementation Chart for a Tier III School, (if applicable)

SIG Form 1–Application Cover Sheet

**School Improvement Grant (SIG)
Application for Funding**

**APPLICATION RECEIPT DEADLINE
July 2, 2010, 4 p.m.**

Submit to:
California Department of Education
District and School Improvement Division
Regional Coordination and Support Office
1430 N Street, Suite 6208
Sacramento, CA 95814

NOTE: Please print or type all information.

County Name:		County/District Code:

Budget Narrative Instructions

Instructions for Completing Budget Narrative

Use the LEA and school budget narrative forms to describe the costs associated with each activity reflected in the budget. Please include both school and district level budget forms. A general description of activities and their corresponding range of object codes are provided below. See the complete list of object codes on page 41.

<u>Activity</u>	<u>Object Codes</u>
For all personnel, include number of full-time equivalent (FTE) employees, number of days, rate of pay, etc., and a brief description of the duties/services to be performed.	1000–2999
Benefit costs charged to this program must be proportionate to the salary charged to the program. Costs for PERS reduction must be identified separately.	3000–3999
Costs for instructional materials and other materials/office supplies must be identified separately. Provide examples of what will be purchased or other justification. For example, general office supplies at \$100 per month x 20 months = \$2,000.	4000–4999
Each expense must be listed separately with the costs broken out. Identify costs for rental of meeting facilities (when justified), rental of equipment, equipment repair, etc. For all instructional consultant contracts/services include FTE, number of days, rate of pay, etc., and a brief description of the duties/services to be performed. Costs must be broken out and detail must be provided describing how the expenditure supports the School restructuring plan.	5000–5999
Capital outlay costs are allowable under this sub-grant. Please provide detail describing how the expenditure supports the action plan.	6000–6999

SIG Form 5a–LEA Budget Narrative

LEA Budget Narrative

Provide sufficient detail to justify the LEA budget. The LEA budget narrative page(s) must provide sufficient information to describe activities and costs associated with each object code. Include LEA budget items that reflect the actual cost of implementing the selected intervention models and other activities described for each participating school. Please duplicate this form as needed.

Activity Description (See instructions)	Subtotal (For each activity)	Object Code

SIG Form 5b–School Budget Narrative

School Budget Narrative

Provide sufficient detail to justify the school budget. The school budget narrative page(s) must provide sufficient information to describe activities and costs associated with each object code. Include budget items that reflect the actual cost of implementing the selected intervention models and other activities described for each participating school. Please duplicate this form as needed.

School Name:

Activity Description (See instructions)	Subtotal (For each activity)	Object Code

Object of Expenditure Codes

School districts and county superintendents of schools are required to report expenditures in accordance with the object classification plan in the California School Accounting Manual. The use of these object codes will facilitate the preparation of budgets and the various financial reports requested by federal, state, county, and local agencies. The California School Accounting Manual is available from the CDE Publication Sales (call 1-800-995-4099).

1000–1999 Certificated Personnel Salaries

- 1100 Certificated Teachers' Salaries
- 1200 Certificated Pupil Support Salaries
- 1300 Certificated Supervisors' and Administrators' Salaries
- 1900 Other Certificated Salaries

2000–2999 Classified Personnel Salaries

- 2100 Classified Instructional Salaries
- 2200 Classified Support Salaries
- 2300 Classified Supervisors' and Administrators' Salaries
- 2400 Clerical, Technical, and Office Staff Salaries
- 2900 Other Classified Salaries

3000–3999 Employee Benefits

- 3101 State Teachers' Retirement System, certificated positions
- 3102 State Teachers' Retirement System, classified positions
- 3201 Public Employees' Retirement System, certificated positions
- 3202 Public Employees' Retirement System, classified positions

5600 Rentals, Leases, Repairs, and Noncapitalized Improvements
5700–5799 Transfers of Direct Costs
5710 Transfers of Direct Costs
5750 Transfers of Direct Costs—Interfund
5800 Professional/Consulting Services and Operating Expenditures
5900 Communications

6000–6999 Capital Outlay

6100 Land
6170 Land Improvements
6200 Buildings and Improvements of Buildings
6300 Books and Media for New School Libraries or Major Expansion of School Libraries
6400 Equipment
6500 Equipment Replacement
6900 Depreciation Expense (for proprietary and fiduciary funds only)

7000–7499 Other Outgo

7100–7199 Tuition

7110 Tuition for Instruction Under Interdistrict Attendance Agreements
7130 State Special Schools
7141 Other Tuition, Excess Costs, and/or Deficit Payments to Districts or Charter Schools
7142 Other Tuition, Excess Costs, and/or Deficit Payments to County Offices
7143 Other Tuition, Excess Costs, and/or Deficit Payments to JPAs

7200–7299 Interagency Transfers Out

7211 Transfers of Pass-Through Revenues to Districts or Charter Schools
7212 Transfers of Pass-Through Revenues to County Offices
7213 Transfers of Pass-Through Revenues to JPAs
7221 Transfers of Apportionments to Districts or Charter Schools
7222 Transfers of Apportionments to County Offices
7223 Transfers of Apportionments to JPAs
7281 All Other Transfers to Districts or Charter Schools
7282 All Other Transfers to County Offices
7283 All Other Transfers to JPAs
7299 All Other Transfers Out to All Others

7300–7399 Transfers of Indirect Costs (Effective 2008-09)

7310 Transfers of Indirect Costs
7350 Transfers of Indirect Costs—Interfund
7370 Transfers of Direct Support Costs (Valid through 2007-08)
7380 Transfers of Direct Support Costs—Interfund (Valid through 2007-08)

7430–7439 Debt Service

7432 State School Building Repayments
7433 Bond Redemptions
7434 Bond Interest and Other Service Charges
7435 Repayment of State School Building Fund Aid—Proceeds from Bonds
7436 Payments to Original District for Acquisition of Property
7438 Debt Service—Interest
7439 Other Debt Service—Principal

SIG Form 6–General Assurances and Certifications

General Assurances (Required for all Applicants)

Note: All sub-grantees are required to retain on file a copy of these assurances for your records and for audit purposes. Please download the General Assurances form at <http://www.cde.ca.gov/fg/fo/fm/>. Your agency should **not** submit this form to the CDE.

Certifications Regarding Drug-Free Workplace, Lobbying, and Debarment and Suspension

Download the following three forms from <http://www.cde.ca.gov/fg/fo/fm/>, and obtain the necessary signatures and include the original forms with your application submission.

1. Drug-Free Workplace
2. Lobbying
3. Debarment and Suspension

SIG Form 7–Sub-grant Conditions and Assurances (page 1 of 3)

Sub-grant Conditions and Assurances

As a condition of the receipt of funds under this sub-grant program, the applicant agrees to comply with the following Sub-grant Conditions and Assurances:

1. Use its SIG to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final requirements of SIG;
2. Establish challenging annual goals for student achievement on the state's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in Section III of the final requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds;
3. If it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements; and
4. Report to the CDE the school-level data as described in this RFA.
5. The applicant will ensure that the identified strategies and related activities are incorporated in the revised LEA Plan and Single Plan for Student Achievement.
6. The applicant will follow all fiscal reporting and auditing standards required by the CDE.
7. The applicant will participate in a statewide evaluation process as determined by the SEA and provide all required information on a timely basis.
8. The applicant will respond to any additional surveys or other methods of data collection that may be required for the full sub-grant period.
9. The applicant will use funds only for allowable costs during the sub-grant period.
10. The application will include all required forms signed by the LEA Superintendent or designee.
11. The applicant will use fiscal control and fund accountability procedures to ensure proper disbursement of, and accounting for, federal funds paid under the sub-grant, including the use of the federal funds to supplement, and not supplant, state and local funds, and maintenance of effort (20 USC § 8891).

SIG Form 7–Sub-grant Conditions and Assurances (page 2 of 3)

12. The applicant hereby expresses its full understanding that not meeting all SIG requirements will result in the termination of SIG funding.
13. The applicant will ensure that funds are spent as indicated in the sub-grant proposal and agree that funds will be used **only** in the school(s) identified in the LEA's AO-400 sub-grant award letter.
14. All audits of financial statements will be conducted in accordance with Government Auditing Standards (GAS) and with policies, procedures, and guidelines established by the Education Department General Administrative Regulations (EDGAR), Single Audit Act Amendments, and OMB Circular A-133.
15. The applicant will ensure that expenditures are consistent with the federal Education Department Guidelines Administrative Regulations (EDGAR) under Title 34 Education. <http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html> (Outside Source)
16. The applicant agrees that the SEA has the right to intervene, renegotiate the sub-grant, and/or cancel the sub-grant if the sub-grant recipient fails to comply with sub-grant requirements.
17. The applicant will cooperate with any site visitations conducted by representatives of the state or regional consortia for the purpose of monitoring sub-grant implementation and expenditures, and will provide all requested documentation to the SEA personnel in a timely manner.
18. The applicant will repay any funds which have been determined through a federal or state audit resolution process to have been misspent, misapplied, or otherwise not properly accounted for, and further agrees to pay any collection fees that may subsequently be imposed by the federal and/or state government.
19. The applicant will administer the activities funded by this sub-grant in such a manner so as to be consistent with California's adopted academic content standards.
20. The applicant will obligate all sub-grant funds by the end date of the sub-grant award period or re-pay any funding received, but not obligated, as well as any interest earned over one-hundred dollars on the funds.
21. The applicant will maintain fiscal procedures to minimize the time elapsing between the transfer of the funds from the CDE and disbursement.

SIG Form 7–Sub-grant Conditions and Assurances (page 3 of 3)

22. The applicant will comply with the reporting requirements and submit any required report forms by the due dates specified.

I hereby certify that the agency identified below will comply with all sub-grant conditions and assurances described in items 1 through 22 above.

SIG Form 8–Waivers Requested

Waivers Requested

The LEA must check each waiver that the LEA will implement (see page 28 for additional information). If the LEA does not intend to implement a waiver with respect to each applicable school, the LEA must indicate for which school(s) it will implement the waiver on:

- Extending the period of availability of school improvement funds.

Waive section 421(b) of the General Education Provisions Act (20 U.S.C. § 1225(b)) to extend the period of availability of school improvement funds for the LEA to September 30, 2013.

Note: If the SEA has requested and received a waiver of the period of availability of school improvement funds, that waiver automatically applies to all LEAs receiving SIG funds.

- “Starting over” in the school improvement timeline for Tier I and Tier II schools implementing a turnaround or restart model.

Waive section 1116(b)(12) of the ESEA to permit the LEA to allow its Tier I and Tier II schools that will implement a turnaround or restart model to “start over” in the school improvement timeline. (**Note:** This waiver applies to Tier I and Tier II schools only)

- Implementing a schoolwide program in a Tier I or Tier II school that does not meet the 40 percent poverty eligibility threshold.

Waive the 40 percent poverty eligibility threshold in section 1114(a)(1) of the ESEA to permit the LEA to implement a schoolwide program in a Tier I or Tier II school that does not meet the poverty threshold. (**Note:** This waiver applies to Tier I and Tier II schools only)

SIG Form 9—Schools to Be Served

Schools to be Served

Indicate which schools the LEA commits to serve, their Tier, and the intervention model the LEA will use in each Tier I and Tier II school. For each school, indicate which waiver(s) will be implemented at each school. **Note:** An LEA that has nine or more Tier I and Tier II schools can only use the transformation model in 50 percent or less of those schools. (Attach as many sheets as necessary.)

SCHOOL NAME	CDS Code	NCES Code	TIER I	TIER II	TIER III	INTERVENTION (TIER I AND II ONLY)				WAIVER(S) TO BE IMPLEMENTED		PROJECTED COST
						Turnaround	Restart	Closure	Transformation	Start Over	Implement SWP	

SIG Form 10–Implementation Chart for a Tier I or Tier II School

Implementation Chart for a Tier I or Tier II School

Complete this form for each identified Tier I and Tier II school the LEA intends to serve. List the intervention model to be implemented. Include the required component acronym, actions and activities required to implement the model, a timeline with specific dates of implementation, the projected cost of the identified activity, the personnel and material federal, local, private and other district resources necessary, and the position (and person, if known) responsible for oversight.

Appendix A: SIG Rubric

School Improvement Sub-grants Application Section 1003(g) of the Elementary and Secondary Education Act (ESEA)

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>i. Needs Analysis LEA describes the process and findings of the needs assessment conducted on each school it commits to serve and the evidence used to select the intervention model to be implemented at each school. The description includes:</p> <ul style="list-style-type: none"> • assessment instruments used • LEA and school personnel involved • process for analyzing findings and selecting the intervention model • findings on use of state-adopted standards-aligned materials and interventions 	<p>The narrative includes a thorough and complete overview of the process used to assess schools, including specific instruments used, and multiple data elements cited.</p> <p>The narrative identifies a variety of qualified LEA, school, parents, and community stakeholders providing a range of perspectives involved in collecting and analyzing school data.</p> <p>The narrative describes a specific and effective process for analyzing assessment findings, including meetings of appropriate LEA and school personnel and school advisory groups to review the findings and provide input on the needs analysis.</p>	<p>The narrative includes a general overview of the process used to assess schools, including specific instruments used, and multiple data elements cited.</p> <p>The narrative identifies LEA, school, and community stakeholders involved in collecting and analyzing school data, with a description of their level of involvement.</p> <p>The narrative describes a process for analyzing assessment findings, including a basic description of how LEA and school personnel and school advisory groups reviewed the findings and provided input.</p>	<p>The narrative includes limited information on the process used to assess schools, including specific instruments used, and multiple sources cited.</p> <p>The narrative does not identify appropriate LEA, school, and community stakeholders involved in collecting and analyzing school data.</p> <p>The narrative does not sufficiently describe a process for analyzing assessment findings.</p>

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<ul style="list-style-type: none"> ○ curriculum pacing and instructional time ○ Amount and types of staff PD, collaboration, and instructional support ○ use of student data, alignment of resources, and staff effectiveness 	<p>The narrative includes discrete and specific findings concerning all of the areas listed in the RFA that led to the selection of the intervention.</p>	<p>The narrative includes basic findings concerning all of the areas listed in the RFA that led to the selection of the intervention</p>	<p>The narrative does not include findings concerning all of the areas listed in the RFA that led to the selection of the intervention.</p>
<p>ii. Selection of Intervention Model</p> <p>The LEA’s rationale for its selection of the intervention model for each school is stated clearly and is correlated to the needs analysis for that school.</p>	<p>The narrative reflects a logical and well organized process for selecting the intervention model. The rationale for the selection demonstrates a solid connection between assessment results, findings of current practice, and staff effectiveness in the selection the intervention model.</p> <p>All areas of the needs analysis are discussed and linked coherently to the selected intervention, providing clear evidence that the selection is appropriate for the school.</p> <p>The narrative provides specific data from a variety of sources that explicitly supports the selection of the intervention model.</p>	<p>The narrative describes a basic process for selecting the intervention model. The rationale demonstrates a connection between assessment results, findings of current practice, and staff effectiveness in the selection the intervention model.</p> <p>All areas of the needs analysis are discussed and linked to the selected intervention.</p> <p>The narrative provides data points from several sources to support the selection of the intervention model.</p>	<p>The rationale reflects some sense of organization, but omits significant links to the needs analysis.</p> <p>Few of the needs analysis areas are discussed and/or there is little apparent correlation with the selected intervention.</p> <p>The rationale is supported by a small number of data areas and from few sources with limited specificity.</p>

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>iii. Demonstration of capacity to implement selected intervention models</p> <p>a. The LEA demonstrates its capacity to use school improvement funds to provide adequate resources and related support to each Tier I and Tier II school identified in the LEA’s application in order to implement, fully and effectively, the required activities of the school intervention model(s) it has selected.</p> <p>b. Although not required, when an LEA is not applying to serve each Tier I school, it must explain why it lacks capacity to serve each Tier I school. If the limitation is at the LEA level then the LEA must identify the specific barriers that preclude serving all of its Tier I schools. If the limitation is based on conditions at a specific school or schools, then the LEA must describe those conditions. If there are additional limiting factors, please describe them.</p>	<p>a. The LEA fully describes how it will use SIG funding and all other available resources required to implement the intervention model selected. The narrative includes extensive information on the specific use of each resource to support implementation of the planned school improvement activities.</p> <p>The description demonstrates that the LEA has fully identified the resource needs of each school and appropriately planned how resources will be used to achieve successful implementation of all activities planned for each school.</p> <p>b. The LEA identifies the specific barriers that preclude serving all of its Tier I schools, and provides clear and substantial evidence of the existence of those barriers</p>	<p>a. The LEA describes how it will use SIG funding to implement the intervention model selected. The narrative includes general information on how resources will be used to support implementation of the planned school improvement activities.</p> <p>The description demonstrates that the LEA has considered the differing resource needs of each school in determining how SIG funding and other LEA resources will be used to address the specific needs of each school and lead to successful implementation.</p> <p>b. The LEA identifies the specific barriers that preclude serving all of its Tier I schools, and provides evidence of the existence of those barriers.</p>	<p>a. The LEA provides a limited description of how it will use SIG funding to implement the intervention model selected. The narrative includes little or no information on how other resources will be used to support implementation of the planned school improvement activities.</p> <p>The description does not adequately demonstrate that the LEA has considered the differing resource needs at each school in determining how SIG funding and other LEA resources will be used to address the specific needs of each school and lead to successful implementation.</p> <p>b. The LEA marginally identifies barriers that preclude serving all of its Tier I schools, and provides limited or no evidence of the existence of those barriers.</p>

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>iv. Recruitment, screening, and selection of external providers (if applicable)</p> <p>Although not required, when the LEA intends to use external entities to provide technical assistance in selecting, developing, and implementing one of the four models, it must describe its process for ensuring their quality. The LEA describes the process that will be undertaken to recruit, screen, and select external providers including specific criteria such as experience, qualifications, and record of effectiveness in providing support for school improvement.</p>	<p>An LEA intending to use an external entity to provide technical assistance describes specific, appropriate qualifications (including experience, qualifications, and record of effectiveness in providing support for school improvement) that the LEA will require prospective providers to meet.</p> <p>The narrative describes a coherent, rigorous process that the LEA will conduct in reviewing prospective providers to ensure that they meet the LEA’s qualifications.</p> <p>The LEA also describes, in detail, the specific process that it will use in the selection of its external support providers from all prospective providers that meet the LEA’s qualification criteria, including the specific actions and personnel involved in the selection process.</p>	<p>An LEA intending to use an external entity to provide technical assistance describes specific qualifications (including experience, qualifications, and record of effectiveness in providing support for school improvement) that the LEA will require prospective providers to meet.</p> <p>The narrative describes a process for reviewing prospective providers to ensure that they meet the LEA’s qualifications.</p> <p>The LEA also describes, in general, the process that it will use to select its external support providers from all prospective providers that meet the LEA’s qualification criteria, including specific actions involved in the selection process.</p>	<p>An LEA intending to use an external entity to provide technical assistance does not adequately describe specific qualifications that the LEA will require prospective providers to meet.</p> <p>The narrative does not adequately describe the process to be used in reviewing prospective providers to ensure that they meet those qualifications.</p> <p>The LEA does not adequately describe the process that it will use to select its external support providers from all prospective providers that meet the LEA’s qualification criteria.</p>

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>v. Align other resources with the interventions</p> <p>The LEA identifies all resources that are currently available to the school(s) that will be used to support implementation of the selected intervention model.</p> <p>The LEA identifies other federal, state, LEA and/or private funding sources including other district resources the LEA will use to support SIG implementation. Examples of funds the LEA should consider include, but are not limited to: Title II, Part A funds used for recruiting high-quality teachers; or Title III, Part A funds which could be used to improve English proficiency of English learner students, and categorical block grant funds used for instructional materials and professional development.</p>	<p>The LEA explicitly identifies a number of other resources planned for use in implementing the selected school intervention models, and fully describes how these resources will support SIG implementation.</p> <p>The other resources identified clearly align with the LEA's needs analysis for each school and logically and appropriately support the implementation plan for each school.</p>	<p>The LEA identifies other resources planned for use in implementing selected school intervention models and describes how these resources will support SIG implementation.</p> <p>The other resources identified align with the LEA's needs analysis for each school and clearly support the implementation plan for each school.</p>	<p>The LEA has identified few, if any, resources planned for use in implementing selected school intervention models.</p> <p>The other resources identified minimally align with the LEA's needs analysis and lack specificity and coherence with the implementation plan for each school.</p>

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>vi. Align Proposed SIG Activities with Current DAIT Process (if applicable)</p> <p>For LEAs currently participating in the District Assistance and Intervention Team (DAIT) process, the LEA must describe how it will coordinate its DAIT work and its SIG work around the lowest-achieving schools. The description must identify the major LEA improvement actions adopted from the DAIT recommendations and describe how the LEA has aligned its proposed SIG activities with of those major LEA improvement actions.</p>	<p>The LEA provides a thorough and comprehensive description of how it will coordinate DAIT recommendations and activities identified in the LEA plan with the planned SIG implementation activities for each school.</p> <p>The narrative provides information developed through the DAIT process to inform the selection of the intervention model(s) selected for each school.</p>	<p>The LEA provides a general description of how it will coordinate DAIT recommendations and activities identified in the LEA plan with the planned SIG implementation activities for each school.</p>	<p>The LEA provides little or no description of how it will coordinate DAIT recommendations and activities identified in the LEA plan with the planned SIG implementation activities for each school.</p>

Rubric – LEA SIG Application

SIG Narrative Element	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>vii. Modify LEA Practices or Policies Depending on the intervention model selected, the LEA may need to revise some of its current policies and practices to enable its schools to implement the interventions fully and effectively. These may include, but are not limited to, collective bargaining agreements, the distribution of resources among schools, parental involvement policies, school attendance areas and enrollment policies, and agreements with charter organizations.</p> <p>If the LEA anticipates the need to modify any of its current practices or policies in order to fully implement the selected intervention model(s), identify and describe which policies and practices need to be revised, the process for revision, and a description of the proposed revision.</p>	<p>The LEA has fully developed and described in detail a comprehensive plan to modify any and all current practices or policies in order to fully and effectively implement the selected intervention model(s).</p> <p>The plan fully and clearly describes:</p> <ol style="list-style-type: none"> 1) Which policies or practices will be revised 2) The rationale for their selection 3) The process for revision (that includes input from key stakeholders, including parents and collective bargaining units) 4) A description of the proposed revision and expected outcome 	<p>The LEA has developed and generally described a plan to modify practices or policies in order to fully implement the selected intervention model(s).</p> <p>The plan includes a description of:</p> <ol style="list-style-type: none"> 1) Which policies or practices will be revised 2) The process for revision that includes input from stakeholders 3) A description of the proposed revision and expected outcome 	<p>The LEA has not sufficiently developed or described a plan to modify current practices or policies in order to fully implement the selected intervention model(s).</p> <p>The plan does not sufficiently describe:</p> <ol style="list-style-type: none"> 1) Which policies or practices will be revised 2) The process for revision 3) A description of the intended revision and expected outcome

<p>Budgets</p> <p>The LEA projected budget is complete.</p> <p>The LEA budget narrative is complete.</p> <p>The school projected budget(s) are complete.</p>	<p>The LEA projected budget is complete, expenditures are accurately classified by object code, the full term of the grant is covered, and totals by year are provided.</p> <p>The LEA budget narrative includes detailed information to describe LEA activities and costs associated with each object code. Budget items accurately reflect the actual cost of implementing the selected intervention models and other LEA activities described for each participating school are included.</p> <p>The school projected budget(s) are complete, expenditures are accurately classified by object code, the full term of the grant is covered, and totals by year are provided.</p>	<p>The LEA projected budget is complete; expenditures are appropriately listed for the full term of the grant and totals by year are provided.</p> <p>The LEA budget narrative includes general information to describe LEA activities and costs associated with each object code. Budget items generally reflect the actual cost of implementing the selected intervention models and other LEA activities described for each participating school are included.</p> <p>The school projected budget(s) are complete; expenditures are appropriately listed for the full term of the grant, and totals by year are provided.</p>	<p>The LEA projected budget is incomplete, expenditures are not accurately classified by object code, or the full term of the grant is not covered.</p> <p>The LEA budget narrative includes little information to describe LEA activities and costs associated with each object code. Budget items do not reflect the actual cost of implementing the selected intervention models and/or other LEA activities described for each participating school are not included.</p> <p>The school projected budget(s) are incomplete, expenditures are not accurately classified by object code, the full term of the grant is not covered, and/or totals by year are not provided.</p>

Other SIG Application Components	Strong (2 points)	Adequate (1 point)	Inadequate (0 points)
<p>Budgets (cont.)</p> <p>The school budget narrative(s) are complete.</p> <p>The school and LEA budget(s) are aligned.</p>	<p>The school budget narrative(s) include detailed information to describe activities and costs associated with each object code. Budget items accurately reflect the actual cost of implementing the selected intervention models and other activities described for each participating school are included.</p> <p>The LEA and school budgets are clearly aligned and, taken together, fully describe appropriate expenditures of funds in all categories that are clearly sufficient to support the design, implementation and ongoing maintenance of the proposed SIG activities. The proposed expenditures reflect research-based strategies likely to increase student achievement.</p>	<p>The school budget narrative(s) include general information to describe activities and costs associated with each object code. Budget items generally reflect the actual cost of implementing the selected intervention models and other activities described for each participating school are included.</p> <p>The LEA and school budgets are aligned and, taken together, adequately describe expenditures of funds in all categories of the proposed SIG activities. The proposed expenditures reflect strategies likely to increase student achievement.</p>	<p>The school budget narrative(s) include little information to describe activities and costs associated with each object code. Budget items do not reflect the actual cost of implementing the selected intervention models and/or other activities described for each participating school are not included</p> <p>The LEA and school budgets are not clearly aligned, the LEA has not sufficiently described expenditures of funds in categories necessary to support proposed SIG activities, and/or proposed expenditures reflect strategies unlikely to increase student achievement</p>
<p>Collaborative signatures</p>	<p>The information on collaborative partners clearly indicates support of the SIG plan by the LEA and each participating school, parents, school advisory groups, the local bargaining unit, and other stakeholders.</p>	<p>The information on collaborative partners indicates support of the SIG plan by the LEA and participating stakeholder groups.</p>	<p>The information on collaborative partners indicates little, if any, support of the SIG plan by the LEA and participating stakeholder groups.</p>

Appendix B: School Improvement Grant Model Component Acronyms

Use the following acronyms to correlate your responses in the implementation charts with the model components.

Turnaround model:

Replace the principal and grant the new principal sufficient operational flexibility. (RP)

Screen all existing staff and rehire no more than 50 percent, and select new staff. (SS)

Implement strategies that are designed to recruit, place, and retain staff. (RPR)

Provide staff ongoing job-embedded professional development. (PD)

Adopt a new governance structure. (GS)

Use data to identify and implement a new instructional program. (IP)

Promote the continuous use of student data. (SD)

Provide increased learning time. (ILT)

Provide appropriate social-emotional and community-oriented services. (SCO)

Transformation model:

Replace the principal who led the school prior to commencement of the transformed model. (RP)

Use rigorous, transparent, and equitable evaluation systems for teachers and principals. (ES)

Identify and reward school leaders, teachers, and other staff and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so. (IRR)

Provide staff ongoing job-embedded professional development. (PD)

Implement strategies that are designed to recruit, place, and retain staff. (RPR)

Use data to identify and implement a new instructional program. (IP)

Promote the continuous use of student data. (SD)

Provide increased learning time. (ILT)

Provide ongoing mechanisms for family and community engagement. (FCE)

Give the school sufficient operational flexibility. (OF)

Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization. (TA)

Restart model

Select a charter management organization (CMO), or an education management organization (EMO) that has been selected through a locally-determined rigorous review process. (SO)

Submit charter application to CDE (if applicable). (SCA)

Plan for or enter into contract with EMO. (CEMO)

Enroll any former student who wishes to attend the school. (ES)

Closure model

Decision reached to close school. (CS)

Enroll the students who attended the closed school in other schools in the LEA that are higher achieving. (OSE)

Ensure other schools are within proximity to the closed school. (CP)

Appendix C: School Improvement Grant Information Resources

LETTERS

Letter to Chief State School Officers – January 15, 2010

This letter announces the interim final requirements and the updated state application package for the School Improvement Grants program [PDF](#)

Letter to Chief State School Officers – December 2, 2009

This [letter](#) announces the final requirements and the state application package for the School Improvement Grants program.

NOTICES

Interim Final Requirements – January 15, 2010 [MS Word](#)

This document contains the interim final requirements governing the process that a State educational agency (SEA) uses to award school improvement funds authorized under section 1003 (g) of the Elementary and Secondary Education Act To local educational agencies (LEAs) in order to transform school culture and substantially raise the achievement of students attending the State's persistently lowest-achieving schools, including secondary schools. The official version will be posted in the U.S. Federal Register.

Center on Instruction

<http://www.centeroninstruction.org/>

A collection of scientifically based research and information on K-12 instruction in reading, math, science, special education, and English language learning. Part of the Comprehensive Center network, the Center on Instruction is one of five content centers serving as resources for the 16 regional U.S. Department of Education Comprehensive Centers. This resource provides links for topic-based materials, syntheses of recent research, and exemplars of best practices.

What Works Clearinghouse

<http://ies.ed.gov/ncee/wwc/>

Established in 2002, the What Works Clearinghouse (WWC) is a central and trusted source of scientific evidence for what works in education.

An initiative of the U.S. Department of Education's Institute of Education Sciences, the WWC:

- Produces user-friendly [practice guides](#) for educators that address instructional challenges with research-based recommendations for schools and classrooms;
- Assesses the rigor of research evidence on the effectiveness of [interventions](#) (programs, products, practices, and policies), giving educators the tools to make informed decisions;
- Develops and implements [standards](#) for reviewing and synthesizing education research; and
 - Provides a public and easily accessible [registry of education evaluation researchers](#) to assist schools, school districts, and program developers with designing and carrying out rigorous evaluations.
